

# ROCCAT's Iconic Kone XP Mouse Meets Stellar Wireless Tech in the All-New Kone XP Air Wireless Customizable RGB Gaming Mouse

2022-07-26

WHITE PLAINS, N.Y.-(BUSINESS WIRE)-Jul. 26, 2022- **ROCCAT**, Turtle Beach Corporation's (Nasdaq: HEAR) award-winning PC gaming peripherals brand, today revealed the all-new **Kone XP Air Wireless RGB Customizable Gaming Mouse with Rapid Charge Dock**. The Kone XP Air is the Stellar Wireless version of the recently released **Kone XP** - the culmination of 15 years of research and development to produce an industry-leading multi-purpose gaming mouse. With strong reviews and multiple Editor's Choice awards from key gaming and tech publications, including a **4.5/5 from Tom's Hardware** and being named **Best Premium Gaming Mouse with a 4.5/5 by PCMag.com**, the wired Kone XP features meticulously perfected ergonomics, multiple buttons, and 29 assignable functions to make it one of the most customizable wireless PC gaming mice on the market. Adding a stylish **AIMO**-enabled RGB Rapid Charge Dock, ROCCAT's **Stellar Wireless** technology, and Bluetooth® connectivity make the wireless Kone XP Air even more versatile. The Kone XP Air comes in Black or Arctic White, and gamers can pre-order today for a \$169.99 MSRP at [www.roccat.com](http://www.roccat.com) and participating retailers worldwide. The Kone XP Air launches August 22, 2022.

"The Kone XP Air strikes the perfect mix of style, performance, and utility," said

René Korte, ROCCAT Founder and General Manager for PC Peripherals at Turtle Beach. "The reception to the wired Kone XP has been amazing, with fans immediately asking for a wireless version, so we're excited to let everyone

know the Kone XP Air is on its way and will be available less than a month from now.”

Like its wired predecessor, the Kone XP Air is the perfect blend of design and technology. Coming from a long line of iconic gaming mice, the Kone XP Air offers stunning 3D RGB lighting, as well as ROCCAT’s precise Owl-Eye 19K DPI optical sensor and ridiculously fast **Titan Optical Switches**. Expertly crafted ergonomics deliver supreme comfort for extended hours of play, while multiple buttons plus the Kone XP Air’s 4D Wheel expand the mouse’s capabilities to 29 programmable functions thanks to ROCCAT’s Easy-Shift [+] technology. The Kone XP Air’s translucent shell not only offers a view of its vibrant RGB lighting zones, but also allows the wireless mouse to achieve a weight of just 99g.

In addition to the reimagined AIMO RGB lighting, the Kone XP Air boasts ROCCAT’s incredibly reliable 2.4GHz Stellar Wireless technology, as well as Bluetooth connectivity allowing the mouse to be paired with multiple devices. At the heart of the Kone XP Air is ROCCAT’s smooth and precise Owl-Eye 19K DPI optical sensor that perfectly tracks every movement, and at all speeds, for gamers who always want to have the upper hand over their competitors. Additionally, outstanding heat-treated PTFE feet make for a smooth glide across desktops. Inside the Kone XP Air PC gamers will find none other than some of the fastest switches available – ROCCAT’s Titan Optical Switches. The ridiculously fast Titan Optical Switches deliver unprecedented response speed and incredible durability, with a 100 million click life cycle.

The Kone XP Air comes complete with a stylish AIMO-enabled RGB charging dock. The Kone XP Air is part of the AIMO eco-system allowing the mouse and its charging dock to display up to 16.8 million colors and to communicate with other AIMO-enabled products, such as the **Vulcan TKL** mechanical RGB gaming keyboard to guarantee a unique lighting experience across gamers’ set-ups. The Kone XP Air’s Rapid Charge Dock provides up to five hours of playtime with just 10 minutes of charge. Fully charged, the Kone XP Air provides up to 100 hours of gameplay. As a backup for gamers who might have forgotten to recharge their mouse, the Kone XP Air also comes with ROCCAT’s PhantomFlex™ USB-C cable.

## About Turtle Beach Corporation

Turtle Beach Corporation ([corp.turtlebeach.com](http://corp.turtlebeach.com)) is one of the world’s leading gaming accessory providers. The Company’s namesake Turtle Beach brand ([www.turtlebeach.com](http://www.turtlebeach.com)) is known for designing high-quality, comfort-driven headsets for all gamers. Innovation, first-to-market features, a broad range of products, and top-rated customer support have made Turtle Beach a fan-favorite brand and the market leader in console gaming audio for

over a decade. In 2021, Turtle Beach expanded the best-selling brand beyond headsets and successfully launched the first of its groundbreaking game controllers and gaming simulation accessories. Turtle Beach's ROCCAT brand ([www.roccat.com](http://www.roccat.com)) combines detail-loving German innovation with a genuine passion for designing the best PC gaming products, including award-winning keyboards, mice, headsets, mousepads, and other PC accessories. Turtle Beach's Neat Microphones brand ([www.neatmic.com](http://www.neatmic.com)) creates high-quality USB and analog microphones for gamers, streamers, professionals and students that embrace cutting-edge technology and design. Turtle Beach's shares are traded on the Nasdaq Exchange under the symbol: **HEAR**.

#### Cautionary Note on Forward-Looking Statements

This press release includes forward-looking information and statements within the meaning of the federal securities laws. Except for historical information contained in this release, statements in this release may constitute forward-looking statements regarding assumptions, projections, expectations, targets, intentions or beliefs about future events. Statements containing the words "may", "could", "would", "should", "believe", "expect", "anticipate", "plan", "estimate", "target", "goal", "project", "intend" and similar expressions, or the negatives thereof, constitute forward-looking statements. Forward-looking statements involve known and unknown risks and uncertainties, which could cause actual results to differ materially from those contained in any forward-looking statement. Forward-looking statements are based on management's current beliefs and expectations, as well as assumptions made by, and information currently available to, management.

While the Company believes that its expectations are based upon reasonable assumptions, there can be no assurances that its goals and strategy will be realized. Numerous factors, including risks and uncertainties, may affect actual results and may cause results to differ materially from those expressed in forward-looking statements made by the Company or on its behalf. Some of these factors include, but are not limited to, risks related to logistic and supply chain challenges, the substantial uncertainties inherent in the acceptance of existing and future products, the difficulty of commercializing and protecting new technology, the impact of competitive products and pricing, general business and economic conditions, risks associated with the expansion of our business including the integration of any businesses we acquire and the integration of such businesses within our internal control over financial reporting and operations, our indebtedness and liquidity, and other factors discussed in our public filings, including the risk factors included in the Company's most recent Annual Report on Form 10-K, Quarterly Report on Form 10-Q, and the Company's other periodic reports filed with the Securities and Exchange Commission. Except as required by applicable law, including the securities laws of the United States and the rules and regulations of the Securities and Exchange Commission, the Company is under no obligation to publicly update or revise any forward-looking statement after the date of this release whether as a result of new information, future developments or otherwise.
