Raise Your Rank With Turtle Beach –New Gaming Headsets, Keyboards, & Mice – Now Available (Photo: Business Wire)

The new products include a completely redesigned **Stealth™ 600** – Turtle Beach's

long-running top-selling \$99.99 MSRP wireless multiplatform headset that's now packed with even more features, including Bluetooth. Plus, the new **Stealth™ 500** model delivers Turtle Beach's renowned wireless gaming audio and comfort plus Bluetooth at an even more affordable \$79.99 MSRP.

For PC gamers, Turtle Beach's groundbreaking **Atlas™ Air** is the first wireless open back PC gaming headset featuring high-fidelity 24-bit audio. The new Turtle Beach **Vulcan II TKL Pro** keyboard joins the highly awarded Vulcan family, debuting new hyper-responsive magnetic Hall Effect switches with variable actuation points, and the new **Burst™ II Air** wireless mouse is so light at just 47 grams it must be felt to be believed. The Vulcan II TKL Pro keyboard and Burst II Air mouse headline a broader lineup of new Turtle Beach PC gaming peripherals also available today.

"We're delighted by the overwhelmingly positive response to our latest lineup of groundbreaking console and PC gaming accessories," said Cris Keirn, CEO, Turtle Beach Corporation. "Our redesigned \$99.99 MSRP Stealth 600 wireless multiplatform headsets are on track to continue winning over gamers with the addition of an even more robust feature set for the same price that's made it a top-performing model for years. We're also expanding the reach of our successful Stealth family of wireless headsets to the \$79.99 MSRP price point with the introduction of our new Stealth 500 model."

Keirn continued, "For PC gamers, the Atlas Air headset is another industry first for Turtle Beach, being the first and only wireless open back PC gaming headset supporting high-quality 24-bit audio. Coupling this incredible natural sound with unmatched comfort, a wealth of features, and the right price point adds up to the Atlas Air being a PC audio category game-changer. Our innovation in PC continues with the introduction of magnetic Hall Effect sensors and keys delivering new levels of responsiveness and customization in the Vulcan II TKL Pro keyboard. And, when paired with the ultra-lightweight Burst II Air wireless mouse which is a lightning-fast featherweight at just 47 grams, these fantastic new PC products make Turtle Beach PC gaming peripherals the ones to help players raise their rank."

The Turtle Beach gaming accessories below are all available now from www.turtlebeach.com and participating retailers worldwide.

Turtle Beach® **Stealth™ 600** Wireless Gaming Headset

Available now is the newly redesigned version of Turtle Beach's best-selling Stealth 600 wireless multiplatform headset series, now entering its third generation. This newest Stealth 600 offers low-latency 2.4GHz wireless and Bluetooth connectivity and now features the brand's powerful signature 50mm Nanoclear™ drivers. It also has an astounding 80-hour battery life, AI-driven microphone noise reduction and much more for the same

\$99.99/£99.99/€109.99 MSRP that's made it the industry's leading wireless gaming headset. The Designed for Xbox version is available in Black or White, as is the PlayStation® version. The PC version is available in Black.

Turtle Beach® **Stealth™ 500** Wireless Gaming Headset

Turtle Beach expanded its best-selling wireless multiplatform Stealth headset series with the introduction of the new Stealth 500, providing gamers with the brand's signature high-quality gaming audio, plus low-latency 2.4GHz wireless and Bluetooth connectivity. It also features an adjustable floating headband and best-in-class 40-hour battery life for \$79.99/£79.99/€89.99 MSRP. The Designed for Xbox Stealth 500 comes in Black, as does its PlayStation and PC counterparts.

Turtle Beach® **Atlas™ Air** Wireless Open Back PC Gaming Headset

For groundbreaking PC gaming audio, the Turtle Beach now has the Atlas Air – the first wireless open back PC gaming headset supporting high-fidelity 24-bit audio. The Atlas Air's precision 40mm drivers pair with its revolutionary open back earcup design to produce ultra-clear natural audio quality for total immersion on PC. The Atlas Air is extremely comfortable and lightweight at just 301 grams – one of the lightest gaming headsets in its class. It comes equipped with low-latency 2.4GHz wireless plus Bluetooth to connect with Windows PCs, PS5® & PS4®, and mobile devices, and is also able to connect in wired mode via its 3.5mm jack and included cable. The Atlas Air also features immersive Waves 3D audio, a high-bandwidth 16kHz microphone, plus up to 50-hours of battery life for \$179.99/£159.99/€179.99 MSRP. Additionally, PC gamers will be able to further customize their Atlas Air with the mod pack featuring a separate headband strap and ear cushions available in Pink, Purple, or Blue for \$24.99/£29.99/€19.99 MSRP.

Turtle Beach® **Vulcan II TKL Pro** Magnetic Mechanical RGB Gaming Keyboard

The Turtle Beach Vulcan II TKL Pro Magnetic Mechanical RGB PC Gaming Keyboard delivers pro-level performance in a compact TenKeyLess (TKL) footprint. Equipped with magnetic Hall Effect switches for reliable, silky smooth key presses rated at a 150M click lifecycle, the Vulcan II TKL Pro's keys feature a fully adjustable actuation point from 0.1mm to 4mm. Plus, with the Rapid Trigger setting, PC gamers have faster, more precise movement control with less downtime between key presses. Per-key RGB, AIMO™ intelligent lighting, five on-board profiles, and analog features including controller emulation and up to three multiple inputs per key can be customized using Turtle Beach's new Swarm™ II desktop software. The Vulcan II TKL Pro comes in Black or White and is available now for \$149.99/£149.99/€159.99 MSRP.

Turtle Beach® **Burst™ II Air** Ultra-Lightweight Wireless PC Gaming Mouse

Turtle Beach's Burst II Air Ultra-Lightweight Wireless Gaming Mouse satisfies PC gamers' need for speed with an incredible, best-in-class 47g weight. The Burst II Air is designed for quick flick shots and the fastest players with Turtle Beach's smooth yet precise Owl-Eye 26K DPI optical sensor with 650 IPS (16.5m/s) tracking speed. Blazing fast TITAN Optical Switches with adjustable debounce provides a long-lasting 100 million click life cycle, while click tensioning and lightspeed actuation deliver unprecedented speed and precision. Dual wireless connectivity offers low-latency 2.4GHz wireless for gaming (up to 40-hours of continuous use) and Bluetooth (up to 120-hours) all in a right-handed symmetrical, solid top shell design. Included grip tape and extra PTFE skates allow players to further customize their feel. The Burst II Air comes in Black or White and is available for \$99.99 / £99.99/€109.99 MSRP.

Additional new and newly relaunched Turtle Beach PC gaming peripherals include the Turtle Beach **Pure™ Air** and **Pure SEL** ultra-lightweight wireless and wired mice; the Turtle Beach **Kone™ XP Air** premium wireless mouse; the Turtle Beach **Vulcan II** and **Vulcan II MAX** full-size keyboards; the Turtle Beach **Vulcan TKL** and **Vulcan II Mini Air** smaller format keyboards; and the Turtle Beach **Sense™ AIMO XXL** mousepad. Turtle Beach's Burst II Air, Pure Air, and Kone XP Air mice are each NVIDIA® **Reflex** compatible for the ultimate competitive advantage.

Turtle Beach Corporation acquired Performance Designed Products (www.pdp.com) in 2024. Turtle Beach's shares are traded on the Nasdaq Exchange under the symbol: HEAR.

Cautionary Note on Forward-Looking Statements

This press release includes forward-looking information and statements within the meaning of the federal securities laws. Except for historical information contained in this release, statements in this release may constitute forward-looking statements regarding assumptions, projections, expectations, targets, intentions or beliefs about

future events. Statements containing the words “may,” “could,” “would,” “should,” “believe,” “expect,” “anticipate,” “plan,” “estimate,” “target,” “goal,” “project,” “intend” and similar expressions, or the negatives thereof, constitute forward-looking statements. Forward-looking statements are only predictions and are not guarantees of performance. Forward-looking statements involve known and unknown risks and uncertainties, which could cause actual results to differ materially from those contained in any forward-looking statement. The inclusion of such information should not be regarded as a representation by the Company, or any person, that the objectives of the Company will be achieved. Forward-looking statements are based on management’s current beliefs and expectations, as well as assumptions made by, and information currently available to, management.

While the Company believes that its expectations are based upon reasonable assumptions, there can be no assurances that its goals and strategy will be realized. Numerous factors, including risks and uncertainties, may affect actual results and may cause results to differ materially from those expressed in forward-looking statements made by the Company or on its behalf. Some of these factors include, but are not limited to, risks related to inflationary pressures, optimizing our product portfolio, reducing our cost of goods and operating expenses, reductions in logistic and supply chain challenges and costs, the substantial uncertainties inherent in the acceptance of existing and future products, the difficulty of commercializing and protecting new technology, the impact of competitive products and pricing, including promotional credits and discounts, general business and economic conditions, risks associated with the future direction or governance of the Company, risks associated with the expansion of our business, including the integration of any businesses we acquire and the integration of such businesses within our internal control over financial reporting and operations, our indebtedness, liquidity, and other factors discussed in our public filings, including the risk factors included in the Company’s most recent Annual Report on Form 10-K, Quarterly Report on Form 10-Q, and the Company’s other periodic reports filed with the Securities and Exchange Commission. Except as required by applicable law, including the securities laws of the United States and the rules and regulations of the Securities and Exchange Commission, the Company is under no obligation to publicly update or revise any forward-looking statement after the date of this release whether as a result of new information, future developments or otherwise.
