

NEWS RELEASE

TURTLE BEACH CELEBRATES PARTNERSHIP WITH EA SPORTS AS FIFA 18 GLOBAL SERIES PLAYOFFS ARRIVE IN AMSTERDAM

2018-05-29

The Road to the eWorld Cup Final Continues in Amsterdam as EA SPORTS

Exclusively Use Turtle Beach Products for FIFA 18 Competitive Gaming

San Diego, CA – May 29, 2018 – Leading gaming headset and audio accessory brand **Turtle Beach** (NASDAQ: HEAR) further reinforces its position of leadership in gaming audio and esports through its partnership with EA SPORTS™. This partnership with EA SPORTS sees Turtle Beach as the official headset brand of the EA SPORTS FIFA 18 Global Series, and further roots Turtle Beach's continued growth in the competitive gaming space.

The EA SPORTS FIFA 18 Global Series is a global ecosystem featuring more competitors and more tournaments than ever before, and will culminate with the first ever FIFA eWorld Cup 2018 Grand Final – the pinnacle of the EA SPORTS FIFA 18 Global Series.

The competition has already seen its fair share of incredible scenes with 16-year-old British sensation Donovan "F2TekKz" Hunt rising from obscurity to defeat the odds and lift the coveted FUT Champions Cup Trophy in Barcelona. And in Manchester when, so close to Old Trafford where so many historic scenes have been witnessed

on the pitch, Saudi Arabia's Falcon MSDosary celebrated another victory by claiming the FUT Champions Cup.

However, all eyes are on the next stop of the Global Series, the storied footballing city of Amsterdam, where the best FIFA 18 competitors will compete to see who will qualify for the FIFA eWorld Cup Grand Final. A total of 128 players, 64 each on PlayStation®4 and Xbox One, will enter the Playoffs, but only 16 from each console will progress to the Grand Final. The competitors at qualifying events will exclusively use Turtle Beach **Elite Pro** products to ensure the best possible gaming audio experience.

"I can't think of a better way to strengthen and expand our presence in competitive gaming than by joining forces with EA SPORTS and arming them with the best gaming headsets available," said Juergen Stark, CEO, Turtle Beach Corporation. "With this being a World Cup year, soccer will be ever-present and there's no better digital representation of the game than FIFA 18."

"Working with brands like Turtle Beach is very additive to the FIFA competitive gaming ecosystem," said Dave Madden, SVP Global Brand Partnerships at EA. "These endemic partners provide a great layer of authenticity to the competition through activations like in-broadcast social engagements, partnerships at retail, and co-branded content that all add to the experience of our players and viewers."

Turtle Beach's Elite Pro line defines the future of esports gaming audio equipment, delivering best-in-class audio performance for game sound and team chat, plus innovative comfort-driven technologies to ensure players stay comfortable and cool under pressure.

Cautionary Note on Forward-Looking Statements

This press release includes forward-looking information and statements within the meaning of the federal securities laws. Except for historical information contained in this release, statements in this release may constitute forward-looking statements regarding assumptions, projections, expectations, targets, intentions or beliefs about future events. Statements containing the words "may", "could", "would", "should", "believe", "expect", "anticipate", "plan", "estimate", "target", "project", "intend" and similar expressions constitute forward-looking statements. Forward-looking statements involve known and unknown risks and uncertainties, which could cause actual results to differ materially from those contained in any forward-looking statement. Forward-looking statements are based on management's current belief, as well as assumptions made by, and information currently available to, management.

While the Company believes that its expectations are based upon reasonable assumptions, there can be no assurances that its goals and strategy will be realized. Numerous factors, including risks and uncertainties, may affect actual results and may cause results to differ materially from those expressed in forward-looking statements made by the Company or on its behalf. Some of these factors include, but are not limited to, risks related to the Company's liquidity, the substantial uncertainties inherent in the acceptance of existing and future products, the difficulty of commercializing and protecting new technology, the impact of competitive products and pricing, general business and economic conditions, risks associated with the expansion of our business including the implementation of any businesses we acquire, our indebtedness, the outcome of our HyperSound strategic review process and other factors discussed in our public filings, including the risk factors included in the Company's most recent Annual Report on Form 10-K and the Company's other periodic reports. Except as required by applicable law, including the securities laws of the United States and the rules and regulations of the Securities and Exchange

Commission, the Company is under no obligation to publicly update or revise any forward-looking statement after the date of this release whether as a result of new information, future developments or otherwise.
