

NEWS RELEASE

TURTLE BEACH CORPORATION'S NEW PC GAMING ACCESSORIES NOW AVAILABLE AT RETAIL

2015-04-10

San Diego, CA – Apr. 10, 2015 – Turtle Beach Corporation (NASDAQ: HEAR) announced today that its new lineup of PC gaming accessories, including gaming keyboards, mice and mousepads, is available at select North American retail outlets. Turtle Beach, the 40-year strong staple of the gaming industry best known for its amazing range of console and PC headsets, including the first fully wireless headsets for Xbox One, opens a new chapter with its entrance into the PC gaming accessories market with its first round of gaming keyboards, gaming mice and gaming mousepads, each with their own unique features that cater to an audience ranging from casual players to hardcore professional gamers.

In true Turtle Beach form, the company has created a variety of accessories from which gamers can choose to suit their desires and budgets, and each one is crafted with high-quality, durable construction and features, including Cherry switches* and steel reinforced chassis for the keyboards, Avago sensors and Omron switches for the mice, and an assortment of different textured and sized mousepads.

Below is a brief breakdown of all Turtle Beach's new PC gaming accessories, and be sure to see full details at www.turtlebeach.com/products/accessories/pc-accessories:

Forward-Looking Statements

This press release includes forward-looking information and statements within the meaning of the federal securities laws. Except for historical information contained in this release, statements in this release may constitute forward-looking statements regarding assumptions, projections, expectations, targets, intentions or beliefs about future events. Forward looking statements are based on management's statements containing the words "may", "could", "would", "should", "believe", "expect", "anticipate", "plan", "estimate", "target", "project", "intend" and similar expressions constitute forward-looking statements. Forward-looking statements involve known and unknown risks and uncertainties, which could cause actual results to differ materially from those contained in any forward-looking statement. Forward-looking statements are based on management's current belief, as well as assumptions made by, and information currently available to, management.

While the Company believes that its expectations are based upon reasonable assumptions, there can be no assurances that its goals and strategy will be realized. Numerous factors, including risks and uncertainties, may affect actual results and may cause results to differ materially from those expressed in forward-looking statements made by the Company or on its behalf. Some of these factors include, but are not limited to, the substantial uncertainties inherent in acceptance of existing and future products, the difficulty of commercializing and protecting new technology, the impact of competitive products and pricing, general business and economic conditions, risks associated with the expansion of our business including the implementation of any businesses we acquire, our indebtedness, and other factors discussed in our public filings, including the risk factors included in the Company's most recent Annual Report on Form 10-K and the Company's other periodic reports. Except as required by applicable law, including the securities laws of the United States and the rules and regulations of the Securities and Exchange Commission, the Company any is under no obligation to publicly update or revise any forward-looking statement after the date of this release whether as a result of new information, future developments or otherwise.
