

NEWS RELEASE

TURTLE BEACH'S ELITE PRO™ 2 + SUPERAMP™ PRO PERFORMANCE GAMING AUDIO SYSTEM NOW AVAILABLE AT RETAIL

2018-09-17

Designed in Collaboration with Leading Esports Teams, the Elite Pro 2 + SuperAmp Delivers Professional-Grade Gaming Audio on Xbox One and PlayStation 4, Combining Powerful Game & Chat Sound with Innovative Mobile App-Based Controls

San Diego, CA – September 17, 2018 – Get ready to propel yourself to higher levels of competitive play and more podium wins as leading gaming audio brand **Turtle Beach** (NASDAQ: HEAR), today announced its flagship **Elite Pro™ 2 + SuperAmp™ Pro Performance Gaming Audio Systems** for Xbox One and PlayStation®4 have started hitting retail stores. Developed in collaboration with top pro esports teams, including OpTic Gaming, Splyce, and the Houston Outlaws, the Elite Pro 2 + SuperAmp delivers a perfect balance of powerful amplified professional-grade sound, unmatched build quality and comfort, and groundbreaking mobile app-based controls. The Elite Pro 2 + SuperAmp is available at www.turtlebeach.com and participating retailers across North America for a MSRP of \$249.95, and will be available in the UK and across Europe starting on Oct. 12, 2018. Read below for full details on the Elite Pro 2 + SuperAmp Gaming Audio System. #WeAreElite

“The Elite Pro 2 + SuperAmp is the perfect successor to the original Elite Pro, once again offering gamers our signature professional-grade audio performance and unmatched comfort, now paired with a revolutionary new way to connect, amplify and control their audio,” said Juergen Stark, CEO, Turtle Beach. “We designed the Elite Pro 2 +

SuperAmp in collaboration with some of the world's best pro gamers, so if you're a serious player looking to get an edge on the competition, you owe it to yourself to check it out because this headset is built to help you win."

Nick "Ashes" Ridgeway, Assistant General Manager of OpTic Gaming added, "Working closely with the teams as well as being a coach on the front line myself, there are crucial features we need in a headset to be at the top of our game. The Turtle Beach Elite Pro 2 + SuperAmp checks all of those boxes for us: crisp voice communication, detailed sounds, and our own customized EQ so we always have the audio advantage over our competition."

The Elite Pro 2 headset's audio performance is driven by Turtle Beach's signature esports-tuned 50mm Nanoclear™ speakers paired with a removable high-sensitivity noise-cancelling mic with TruSpeak™ technology for crystal-clear communication with teammates. The Elite Pro 2 headset also sports a sleek and durable metal headband with a suspended pad, Turtle Beach's patented ProSpecs™ glasses friendly design, and magnetic AeroFit™ cooling gel-infused memory foam ear cushions featuring athletic sport fabric and synthetic leather working together to block out external noise while keeping players cool and comfortable under fire. Additionally, easily swappable magnetic deco plates allow players to customize their Elite Pro 2, with an assortment of deco plate designs planned to be available for purchase this holiday season.

In parallel, the Elite SuperAmp offers an entirely new way for players to control their game audio. This one-dial gaming audio controller provides powerful amplified Windows Sonic for Headphones surround sound on Xbox One and compatible Windows 10 PCs, and DTS® Headphone:X® 7.1 channel surround sound on PS4™ and PC, and connects via Bluetooth® to the **Turtle Beach Audio Hub** mobile app on Android or iOS devices where gamers can adjust a variety of settings. When connected to the Audio Hub app on their mobile device, players will be able to instantly control features like Game and Chat Audio Mix, Variable Mic Monitoring, Dynamic Chat Boost™, Superhuman Hearing™ and other audio EQ presets, including Bass Boost. There are also controls for the SuperAmp's LED color and lighting mode, and streaming-specific audio settings as well.

Turtle Beach's Elite Pro 2 + SuperAmp Gaming Audio Systems for Xbox One and PS4 define the future of esports gaming audio equipment, delivering best-in-class audio performance for game sound and team chat, plus innovative comfort-driven technologies. Elite esports performance, elite comfort, and the elite esports audio setup

designed to help you dominate the competition...this is Elite Pro!

Cautionary Note on Forward-Looking Statements

This press release includes forward-looking information and statements within the meaning of the federal securities laws. Except for historical information contained in this release, statements in this release may constitute forward-looking statements regarding assumptions, projections, expectations, targets, intentions or beliefs about future events. Statements containing the words "may", "could", "would", "should", "believe", "expect", "anticipate", "plan", "estimate", "target", "project", "intend" and similar expressions constitute forward-looking statements. Forward-looking statements involve known and unknown risks and uncertainties, which could cause actual results to differ materially from those contained in any forward-looking statement. Forward-looking statements are based on management's current belief, as well as assumptions made by, and information currently available to, management.

While the Company believes that its expectations are based upon reasonable assumptions, there can be no

assurances that its goals and strategy will be realized. Numerous factors, including risks and uncertainties, may affect actual results and may cause results to differ materially from those expressed in forward-looking statements made by the Company or on its behalf. Some of these factors include, but are not limited to, risks related to the Company's liquidity, the substantial uncertainties inherent in the acceptance of existing and future products, the difficulty of commercializing and protecting new technology, the impact of competitive products and pricing, general business and economic conditions, risks associated with the expansion of our business including the implementation of any businesses we acquire, our indebtedness, and other factors discussed in our public filings, including the risk factors included in the Company's most recent Quarterly Report on Form 10-Q and the Company's other periodic reports. Except as required by applicable law, including the securities laws of the United States and the rules and regulations of the Securities and Exchange Commission, the Company is under no obligation to publicly update or revise any forward-looking statement after the date of this release whether as a result of new information, future developments or otherwise.
