Turtle Beach Introduces Specialized Bundles To Improve Everyone's Work From Home And Online Learning Experiences

2020-08-10

Make Video Conferences, Calls, and Online Learning More Comfortable and Clearer with Turtle Beach's Award-Winning and Top-Ranked Headsets and Audio Gear

SAN DIEGO, Aug. 10, 2020 /PRNewswire/ — Leading gaming audio and accessory brand **Turtle Beach** (Nasdaq: HEAR) today announced it has launched a customized selection of high-quality, affordable audio headsets, accessories, and bundles that can elevate any work- from-home or virtual learning setup to the next level. The key to Turtle Beach's **Work and School from Home PC Headset** bundles is the Atlas Edge – a powerful USB audio enhancer for Windows PCs¹ that delivers amplified and customizable sound, Mic Monitoring to help keep loud talking to a minimum, plus immersive Waves Nx[®] 3D Audio, and over 60 inches of extra cable length. Connect the Atlas Edge with other award-winning Turtle Beach headsets like the Elite Atlas, Atlas One, or Battle Buds, and voice chat will become crystal-clear, background noises are reduced, mobility is improved, and all-day comfort can make the work and learn from home situations more productive.

“Turtle Beach gaming headsets have absolutely helped people stay entertained and socialize with friends since March, they're also perfect accessories for working and learning from home,” said Juergen Stark, CEO, Turtle Beach. “In addition to staying connected with friends and family, we also understand the importance of staying connected at work and at school, and this selection of great products for affordable prices will certainly help keep up with peers, coworkers, teachers, and classmates.”

Turtle Beach's **Work and School from Home PC Headset** bundles are available now exclusively on

turtlebeach.com, and include the following:

Just the Edge, Please and Thank You

Love your current headset but just want better sound and more mobility? The \$29.95 MSRP Atlas Edge USB sound enhancer for PC brings Mic Monitoring – so you can hear the volume of your own voice inside your headset to avoid shouting, plus customizable sound with Turtle Beach's Control Studio™ software suite, immersive Waves Nx 3D Audio that transforms sound into a full panoramic 3D audio experience, and a cable over 60 inches long to extend your range of movement.

Think About Adding the Atlas One

For those who want memory foam cushioning and over-ear noise-isolation with the convenience of a flip-to-mute microphone, Turtle Beach's The Thinker bundle adds the Atlas One headset to the Atlas Edge and is an easy choice with an MSRP of \$69.95.

Something a Bit More Elite

If you want to step-up to the top, The Pro bundle combines Turtle Beach's award-winning Elite Atlas headset and Atlas Edge to deliver premium build quality with ProSpecs™ glasses friendly design, AeroFit™ memory foam ear cushions, and pro audio performance with large 50mm Nanoclear™ speakers and our best microphone with Truspeak™ technology, all at an affordable \$114.95 MSRP.

Best (Battle) Buds

If you need to get out of the house (socially distanced and masked-up of course), or if you're looking for something that simply won't mess up your hair, then the On-The-Go bundle with Turtle Beach's Battle Buds and Atlas Edge gives you the convenience of earbud headset versatility with a removable high-sensitivity boom mic for on-the-go mobile usage for just \$49.95.

Cautionary Note on Forward-Looking Statements

This press release includes forward-looking information and statements within the meaning of the federal securities laws. Except for historical information contained in this release, statements in this release may constitute forward-looking statements regarding assumptions, projections, expectations, targets, intentions or beliefs about future events. Statements containing the words “may”, “could”, “would”, “should”, “believe”, “expect”, “anticipate”, “plan”, “estimate”, “target”, “project”, “intend” and similar expressions constitute forward-looking statements. Forward-looking statements involve known and unknown risks and uncertainties, which could cause actual results to differ materially from those contained in any forward-looking statement. Forward-looking statements are based on management’s current belief, as well as assumptions made by, and information currently available to, management.

While the Company believes that its expectations are based upon reasonable assumptions, there can be no assurances that its goals and strategy will be realized. Numerous factors, including risks and uncertainties, may affect actual results and may cause results to differ materially from those expressed in forward-looking statements made by the Company or on its behalf. Some of these factors include, but are not limited to, risks related to the Company’s liquidity, the substantial uncertainties inherent in the acceptance of existing and future products, the difficulty of commercializing and protecting new technology, the impact of competitive products and pricing, general business and economic conditions, risks associated with the expansion of our business including the implementation of any businesses we acquire, our indebtedness, the outcome of our HyperSound strategic review process and other factors discussed in our public filings, including the risk factors included in the Company’s most recent Quarterly Report on Form 10-Q, the Company’s most recent Annual Report on Form 10-K, and the Company’s other periodic reports. Except as required by applicable law, including the securities laws of the United States, the Company does not intend to publicly update or revise any forward-looking statement after the date of this release whether as a result of new information, future developments or otherwise.

All trademarks are the property of their respective owners.

¹The Turtle Beach Atlas Edge is compatible with PCs running Windows 10 or Windows 8.1. Not compatible with Chromebook or Mac.
