Turtle Beach & ROCCAT Deliver The High-Quality Console & PC Accessories Gamers Want This Holiday Season

2020-11-23

Turtle Beach's Holiday 2020 Lineup Delivers Next-Gen Audio for the Next-Gen Consoles with the Top-selling Stealth 600 & Stealth 700 Gen 2 Wireless Console Gaming Headsets

ROCCAT's Award-Winning PC Gear Redefines PC Gaming with the All-New Elo Series PC Headsets, New Optical & Compact Vulcan Keyboards, Lightweight Burst Mice & More

SAN DIEGO, Nov. 23, 2020 /PRNewswire/ — Leading gaming accessory brand **Turtle Beach** (Nasdaq: HEAR) and its Hamburg, Germany-based PC peripheral brand, **ROCCAT**, charge into the 2020 holiday season with their strongest offering of high-quality gaming accessories ever. Highlights from Turtle Beach's 2020 lineup include the all-new and already best-selling **Stealth 600 & 700 Gen 2** wireless console gaming headsets for MSRPs of \$99.95 and \$149.95. These headsets are designed to unleash immersive next-gen audio on the new Xbox Series X|S and PlayStation®5 and also work great with Xbox One and PS4™. Gamers seeking a great, affordable wired headset need look no further than the best-selling **Recon 70** series, which come in a variety of colors and deliver powerful game sound, crystal-clear chat, and lightweight comfort for a MSRP of \$39.95. Finally, Turtle Beach's flagship **Elite Pro 2** headset delivers unwavering console gaming audio performance for serious, hardcore, and competitive players, starting at a MSRP of \$129.95.

"Our 2020 lineup is the strongest in our history and I couldn't be prouder of what Turtle Beach and ROCCAT have achieved this year in delivering award-winning, top-selling console and PC gaming accessories," said Juergen Stark,

CEO, Turtle Beach. “Updating legendary headsets like the original Stealth 600 & 700 to meet the next-gen performance of new consoles was no small task, and the new Gen 2s are already exceeding gamers expectations and performing as top-sellers. On PC, we continue expanding ROCCAT’s impressive portfolio to offer an even wider variety PC headsets, mice, keyboards, and more, and not only do the new **Elo**, **Vulcan**, and **Burst** products look and feel absolutely amazing; they’ve set records as our most pre-ordered PC products. We’re collectively over-delivering on performance, precision, comfort, and value, and Turtle Beach and ROCCAT’s latest offerings are the best way gamers can experience immersive gameplay this holiday season.”

ROCCAT’s 2020 lineup elevates PC gaming to new heights with the iconic brand’s impressive assortment of precision PC gear, starting with the all-new ELO series PC headsets. The ELO headsets combine ROCCAT’s award-winning German design and innovation with Turtle Beach’s gaming audio expertise and exclusive technologies. The **Elo X Stereo** delivers premium stereo sound and multiplatform connectivity for a MSRP of \$49.99. PC gamers can step-up to the **Elo 7.1 USB** which adds a powered USB connection, immersive surround sound, and **AIMO** intelligent lighting for a MSRP of \$69.99. Finally, the **Elo 7.1 Air** adds wireless connectivity and Superhuman Hearing® for a \$99.99 MSRP. The **Vulcan Pro** and compact **Vulcan TKL Pro** are the latest additions to the ever-popular Vulcan keyboard series, available for \$199.99 and \$159.99 MSRPs, respectively. The PRO keyboards feature ROCCAT’s ridiculously fast Titan Optical Switch technology that registers keystrokes up to 100 times faster than standard mechanical switches. Additionally, the **Vulcan TKL** was introduced as the compact version of the brand’s fan-favorite keyboard design featuring Titan Linear (Speed) or Titan Tactile mechanical switches for a MSRP of \$129.99. Lastly, the **Burst Pro** and **Burst Core** mice also feature Titan Optical Switch tech to register mouse clicks faster than the competition. The Burst mice offer PC gamers an all-new symmetrical, ergonomic shape and extremely lightweight feel at just 68g – available for MSRPs of \$59.99 and \$29.99, respectively.

“Our philosophy is focused on achieving the highest levels of design and performance, and our ELO headsets, Vulcan keyboards, and BURST mice outperform the competition in every respect of speed and style,” said René Korte, ROCCAT Founder and General Manager for PC Products at Turtle Beach. “Our Titan Optical Switch technology is the result of three years of painstakingly intricate design to take full advantage of the speed, precision, and durability benefits of optical, while retaining that familiar ‘click’ feeling our fans love in our keyboards and mice. And now we also have the power of Turtle Beach’s decades-long expertise in gaming audio in our ELO headsets; all of which combine to make a sleek-looking, beautifully RGB-lit PC gaming battle station that will give gamers a competitive advantage as they play through the holidays.”
