Turtle Beach's Neat Microphones Brand Reveals the Skyline – An Elegant, Easy-to-Use USB Microphone

2021-09-21

Neat Confirms Fall 2021 Launch Timing for the Eagerly Anticipated King Bee II Analog XLR Mic, with Pre-Order Availability Coming Early October

WHITE PLAINS, N.Y.–(BUSINESS WIRE)–Sep. 21, 2021– **Neat Microphones**, the innovative brand of high-quality digital USB and analog microphones from **Turtle Beach Corporation** (Nasdaq: HEAR), today unveiled the all-new Neat **Skyline™** desktop USB microphone. In today's world people are entrenched in daily video conferences, virtual meetups with co-workers, friends and family, online education, podcasts, content creation, and more. No matter the need, it's vitally important to be heard clearly. Neat's all-new Skyline desktop USB condenser microphone will far outperform a computer's built-in mic, making you sound better and clearer whether being used at home, in the office, or in the classroom. Developed by the renowned team that founded Blue Microphones, Neat's Skyline microphone lets you command the room with high-quality, crystal clear 24 bit/96 kHz digital audio in an elegant and clean design that can work well on any desktop. Skyline is the perfect mic addition for laptops, desktops, tablets, and any other compatible devices with a USB input. Neat Microphones' Skyline launches at participating retailers worldwide this October, and with its MSRP of just \$69.99, the Skyline will quickly become one of the most important pieces of tech for your daily work and play. Pre-order your Skyline today by going to www.neatmic.com/skyline.

Neat Microphones' all-new Neat Skyline USB mic is the perfect desktop addition to significantly improve how you sound when conferencing with co-workers, family, and friends. Pre-order today so you can command the room with Skyline when it launches in October.

"It's abundantly clear that high-quality voice capture is critical in our lives today and will be just as

MSRP \$69.99 (Graphic: Business Wire)

important in the future,” said
Skipper Wise, Neat Microphones

Founder and Vice President at Turtle Beach. “As the founder of the team that championed better microphones for the masses, it is great to have our first product with Turtle Beach be a mic designed to help the most people with their daily conferencing needs. Our team has worked tirelessly to make Skyline the right mic for a variety of everyday uses, and we’re proud to add it as the newest microphone to our list of renowned products that have come before it.”

Uptown, downtown — anywhere you want to be heard — the Skyline takes your audio to new heights by offering outstanding versatility and incredible sound quality. Skyline’s high-resolution 24 bit/96 kHz audio starts by simply plugging it into the USB port on your PC or Mac. Skyline includes a USB-C to USB-A cable for easy connection to your computer. Once connected, colleagues, friends, and family will quickly note your improved voice clarity when you talk, and for those times you don’t want to be heard, Skyline features a large mute button for quick, easy silence.

Additionally, in June Neat revealed the **King Bee® II** analog XLR microphone – the eagerly anticipated successor to Neat Microphones’ original award-winning King Bee. For musicians, podcasters, or streamers, the King Bee II offers outstanding versatility and incredible sound quality. Vocals, drums, electric guitar, piano, and acoustic instruments shine with the King Bee II, while spoken word applications, from voiceovers to podcasting to streaming content, can be captured with crystal-clear clarity and depth. Neat Microphones’ King Bee II launches at participating retailers in North America and Europe this fall, with pre-order availability starting in early October. With its irresistible MSRP of \$169.99, the King Bee II will quickly become one of the most useful and commanding mics in your hive.

Neat is creating the next generation of microphones, with products that embrace cutting-edge audio technology and innovative design. Whether you record in a professional studio or your home, whether it’s music, podcasts, gaming, voiceovers, or conferencing/chatting with colleagues, classmates, friends and family, Neat captures it all with exceptional audio clarity and looks.
