This press release includes statements that may constitute "forward-looking" statements, usually containing the words "believe", "estimate", "project", "intend", "expect" or similar expressions. These statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Forward-looking statements inherently involve risks and uncertainties that could cause actual results to differ materially from the forward-looking statements. Factors that would cause or contribute to such differences include, but are not limited to, continued acceptance of the Company's products and services in the marketplace, changes in its relationship with the Governments of the jurisdictions in which it operates, the ability to successfully secure contracts for water projects in other countries, the ability to develop and operate such projects profitably, the Company's ability to manage growth and other risks detailed in the Company's periodic report filings with the Securities and Exchange Commission. In addition, the unsuccessful bidder for the Blue Hills contract in Nassau is seeking an order from the Supreme Court of the Commonwealth of The Bahamas rescinding the Water and Sewerage Corporation of The Bahamas ("WSC") award to the Company of the Blue Hills project and an order awarding the project to the unsuccessful bidder. Accordingly, there can be no assurances that the contract between the Company and WSC will remain in effect. WSC has agreed to indemnify the Company and Waterfields Company Limited ("Waterfields"), a subsidiary of the Company, against all expenses and losses, including loss of profits, which they may incur if the court awards the Blue Hills project to the unsuccessful bidder. By making these forward-looking statements, the Company undertakes no obligation to update these statements for revisions or changes after the date of this release.
