## Next Stop for Modine Innovation Tour: Islandia, New York

### Cutting-edge HVAC manufacturer to host hands-on event with the latest in HVAC technology and continuing education courses in Islandia on September 13

RACINE, Wis., Aug. 31, 2016 /PRNewswire/ -- [Modine Manufacturing Company](#) (NYSE: MOD), a leader in technology in the HVAC industry, is going to be in Islandia, New York, on Tuesday, September 13 at the Wales-Darby New York Office, from 8 a.m. to 6 p.m., for their latest stop in the [Modine Innovation Tour 2016](#).

The Modine Innovation Tour 2016, traveling across North America, showcases the latest products in the HVAC industry, including solutions in geothermal and rooftop HVAC, plus ultra-efficient unit heaters and some of the quietest classroom HVAC products on the market.

"This will be our 42nd stop on the tour and our second time in New York," said Kimberly Raduenz, marketing communications manager for Modine. "We're excited to reach out to everyone on Long Island and hope we have a great turnout of engineers and contractors looking to see and learn about the latest in HVAC technology."

In addition to the product showcase, continuing education will be provided at the event for CEU credits with the following courses:

- | New Hydronics, New Hydronics Components
- | Dedicated outdoor Air System Basics
- | Active Chilled Beams
- | Fin Tube, Convectors, Cabinet Heaters and Fan Coils
- | Geothermal Heat Pumps

"Education is at the center of the Innovation Tour," said Raduenz. "We're offering a full day of classes for those who are interested, and we hope that everyone who attends will learn something new that they can take back to their company and ultimately turn that knowledge into better solutions for their customers."

The Wales-Darby New York Office, where the event will take place, is located at 2910 Express Drive South, Islandia, NY 11749.
