## Modine Innovation Tour Headed Back to Pittsburgh

### Cutting-edge HVAC manufacturer to showcase latest HVAC technology and provide professional development seminars in Pittsburgh May 4

PITTSBURGH, April 27, 2017 /PRNewswire/ -- [Modine Manufacturing Company](#) (NYSE: MOD), a technology leader in the HVAC industry, will be in Pittsburgh on Thursday, May 4 from 9 a.m. to 5 p.m., at Crowne Plaza Pittsburgh West-Green Tree, for their latest stop on the [2017 Innovation Tour](#).

Traveling across North America, Modine's 2017 Innovation Tour will feature professional development seminars and showcase the latest products in the HVAC industry such as the new high efficiency residential geothermal unit, commercial rooftop HVAC units, and some of the quietest classroom HVAC products on the market. Also featured are Modine's unit heater and infrared heater lines.

"We had a great turnout last year when we came to the Steel City, and we're hoping for an even bigger turnout this time around," said Kimberly Raduenz, marketing communications manager for Modine. "This is a great opportunity for contractors and specifying engineers to come out and see the latest in HVAC technology. We hope to see some familiar faces and new attendees as well."

In addition to the product showcase, continuing education will be provided with the following CEU course: Sound Principles of HVAC Equipment.

"Professional development is a big part of the tour," Raduenz said. "Contractors and specifying engineers who are wanting to learn more about HVAC requirements and best practices for system design are encouraged to attend. Not only is it free, but they can walk away with continuing education credits and a better understanding of how to help their clients."

Crowne Plaza Pittsburgh West-Green Tree is located at 401 Holiday Drive, Pittsburgh, PA 15220. To see the complete agenda and register for the Pittsburgh event May 4, visit <https://modineinnovationtour.com/tour-detail/pa/pittsburgh>.
