CAUTION REGARDING FORWARD-LOOKING STATEMENTS AND NON-GAAP MEASURES

Forward-Looking Statements and Future Orientated Financial Information Disclaimer: Certain statements included in this presentation constitute ‘‘forward-looking information’’ or “forward-looking statements” within the meaning of applicable securities laws. The words “will”, “expects”, “plans”, "estimates", “intends” and similar expressions are often intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. Specific forward-looking statements made or implied in this presentation include but are not limited to statements regarding: growth opportunities, estimated growth of Same Properties Cash NOI**, expected future distributions, the Trust’s development activities, expected benefits from the Trust's normal course issuer bid activity, occupancy improvement, increasing rental rates, future acquisitions, reinvestment in select shopping centres, internal NOI** growth opportunity, refinancing risk, the Trust’s targets for managing its financial condition, the recovery of tenant sales, and the movement of tenants back to traditional lease structures. Forward-looking statements are provided for the purpose of presenting information about management’s current expectations and plans relating to the future and readers are cautioned that such statements may not be appropriate for other purposes. These statements are not guarantees of future performance and are based on estimates and assumptions that are inherently subject to risks and uncertainties, Primaris cautions that although it is believed that the assumptions are reasonable in the circumstances, actual results, performance or achievements of Primaris may differ materially from the expectations set out in the forward-looking statements. Material risk factors and assumptions include those set out in the MD&A which are available on SEDAR, and in Primaris’ other materials filed with the Canadian securities regulatory authorities from time to time. Given these risks, undue reliance should not be placed on these forward-looking statements, which apply only as of their dates. Other than as specifically required by law, Primaris undertakes no obligation to update any forward-looking statements to reflect new information, subsequent or otherwise. Readers are cautioned that there is a significant risk that actual results for the year ending December 31, 2024 will vary from the financial outlook statements provided in this presentation and MD&A and that such variations may be material. Certain forward-looking information included in this presentation may also be considered “future-oriented financial information” or “financial outlook” for purposes of applicable securities laws (collectively, “FOFI”). FOFI about the Trust’s prospective results of operations including, without limitation, anticipated funds from operations** per unit, anticipated NOI** growth, impact on rental revenue of contractual rent-steps, anticipated general and administrative expense levels, and anticipated capital spending, is subject to the same assumptions, risk factors, limitations and qualifications set out in the MD&A which will be available on SEDAR, and in Primaris’ other materials filed with the Canadian securities regulatory authorities from time to time. The Trust and management believe that such FOFI have been prepared on a reasonable basis, reflecting management’s best estimates and judgments. However, because this information is subjective and subject to numerous risks, it should not be relied on as necessarily indicative of future results. FOFI contained in this presentation was made as of the date of this presentation and was provided for the purpose of providing further information about the Trust’s prospective results of operations. Readers are cautioned that the FOFI contained herein should not be used for purposes other than for which it is disclosed herein. Readers are also urged to examine the Trust’s materials filed with the Canadian securities regulatory authorities from time to time as they may contain discussions on risks and uncertainties which could cause the actual results and performance of Primaris to differ materially from the forward-looking statements contained in this news release. All forward-looking statements in this presentation are qualified by these cautionary statements. These forward-looking statements are made as of July 31, 2024 and Primaris, except as required by applicable securities laws, assumes no obligation to update or revise them to reflect new information or the occurrence of future events or circumstances.

Non-GAAP Financial Measures: Primaris' unaudited interim condensed consolidated financial statements and the accompanying notes for the six months ended June 30, 2024 (together the “Financial Statements”) were prepared in accordance with International Financial Reporting Standards (“IFRS”), however, in this presentation, a number of measures are presented which do not have a standardized meaning prescribed under generally accepted accounting principles (“GAAP”) in accordance with IFRS. These non-GAAP measures include non-GAAP financial measures and non-GAAP ratios, each as defined in National Instrument 52-112 - *Non-GAAP and Other Financial Measures Disclosure*. Non-GAAP measures in this presentation are denoted by the suffix “**”. Management believes these non-GAAP measures are useful measures to assessing Primaris’ performance period over period and its ability to meet its financial obligations. However, none of the non-GAAP measures should be construed as an alternative to financial measures calculated in accordance with GAAP. Furthermore, these non-GAAP measures may not be comparable to similar measures presented by other real estate entities and should not be construed as an alternative to financial measures determined in accordance with IFRS. Additional information regarding these non-GAAP measures including definitions, management's reasons as to why it believes the measures are useful to investors. and reconciliations, and use of operating metrics to the most directly comparable GAAP figure, where applicable, can be found in the MD&A for the for the six months ended June 30, 2024.

Use of Operating Metrics: Primaris uses certain operating metrics to monitor and measure the operational performance of its portfolio. Operating metrics in this news release include, among others, investment property count, gross leasable area (“GLA”), in-place occupancy, committed occupancy, long-term occupancy, weighted average net rent per occupied square foot, same stores sales volume, and normalized average operating capital cost per square foot. Certain of these operating metrics, including weighted average net rent per occupied square foot and normalized average operating capital cost per square foot, may constitute supplementary financial measures as defined in NI 52-112. These supplementary measures are not derived from directly comparable measures contained in the Financial Statements but may be used by management and disclosed on a periodic basis to depict the historical or future expected financial performance, financial position or cash flow of the Trust. For an explanation of the composition of weighted average net rent per occupied square foot and normalized average operating capital cost per square foot, see Section 8.2, "Weighted Average Net Rent" and Section 8.7, "Operating Capital Expenditures" in the MD&A, respectively.

Retailer Affordability

Primaris

Retailer Affordability Core Focus

Core focus is **providing affordable space** for retail partners enabling profitability

Efficient cost structure

- Operate with a lower cost structure
  - Target GROC[1] ratio of <15%
  - Actual GROC ratio of 11%[2]
  - Prudent total operating costs inflation of 3%
- Use economies of scale to tender contracts portfolio wide
- Aggressively manage tax appeals to lower tax burden on tenants
- Use fixed rate utility contracts to reduce utility pricing risk, where available
- Benchmark major recoverable operating cost categories across the portfolio to identify outliers
- Prudently manage 15-year property capital plans to ensure additional rent charges are reasonable and predictable for tenants and the properties are well maintained.

Profitable retailer locations

- Profitable tenant stores vs stores in super-regional malls operating at razor thin margins or a loss

Adaptive lease structure

- Capture percentage rents
- Annual rent steps on all new leases

Park Place Mall, Lethbridge, AB

1. GROC = Gross Rent Occupancy Cost.

Capital Expenditure Programs Enable Prudent Cost Management

Properties maintained to a high standard while keeping focus on **controlling costs and adherence to our long-term capital plan**

Prudent 15-Year Capital Plans

- All properties have a 15-year capital plan
- Allows Primaris to properly manage Common Area Maintenance (CAM) and avoid cost volatility from year to year
- Ensures additional rent charge is reasonable and predictable
- Includes useful life of capital projects including roof, major parking lot replacement, electrical upgrades, flooring, food court, and common area furniture
- Majority of expenditures are recoverable from tenants

Devonshire Mall, Windsor, ON

Devonshire Mall completed an $80M upgrade in 2022.

Orchard Park Shopping Centre
Kelowna, BC

Orchard Park Shopping Centre undergoing a $6M floor replacement to be completed in 2024.

Park Place Mall, Lethbridge, AB

Park Place Mall completed a $4M food court renovation in 2022. The mall has received BOMA Best Platinum for 10 consecutive years.

Unique Lease Structure Captures Growth

Property operating costs are **recovered from tenants** who **absorb the impact of rising inflation**

Lease Structure

+	Net Rent	• Long-term contractual net rents • Incremental rent escalation
+	Operating Expense Recovery	• Flow-through operating expense recovery • Tenant bears inflationary costs
+	Tenant Sales Capture	• Participation rent when tenant sales exceed specific threshold
=	Total Gross Rent	• Contractual downside protection and inflationary upside participation • Continuous monitoring of tenant performance through tenants sales reporting and analysis • Proactive management of tenant mix

Primaris unique lease structure provides the opportunity to grow revenues in an inflationary environment.

Percentage rent enables us to earn more revenue from tenants as their sales rise.

Rising tenant sales are driven by strong market conditions, inflation on the cost of goods, and/or tenant out performance.

ESG Linked to Business Strategy

In early 2023, management and the Board approved our **ESG Strategic Plan and 3-year Implementation Roadmap**

CG&N Committee oversees and monitors Primaris' performance against the ESG Strategy

- Strategic Plan and Roadmap based on the ESG Materiality Assessment, aligning to investor focused ESG standards and frameworks; SASB, TCFD and GRESB.
- Materiality Assessment identifies and prioritizes ESG-related risks and opportunities based on their **potential impact to financial performance or the long term value of Primaris**, and their importance to stakeholders.
- Linked the material ESG factors to Primaris' strategic pillars, creating alignment and integration of ESG into the business.
- Published Inaugural Annual ESG Report
- 2024 Goals include:
  - integration of ESG performance objectives into compensation scorecards;
  - develop climate strategy aligned to IFRS S1 and S2 standards;
  - build out robust tenant engagement program;
  - continue to support communities; and
  - develop targets.

The Canadian Advantage

Canadian retail property landscape **differs substantially** from the United States

	Canada	US	The Canadian Advantage
Retail Space per Capita	17 sf per person[1]	23 sf per person[1]	**35% less space drives higher sales productivity**
Immigration	Record high immigration targets for 2023-2025	Limiting immigration policy	**Drives demand for goods and services**
Lending Security	Recourse	Non-Recourse	**Limited CMBS, mostly balance sheet lenders**
Population Concentration	80% of population lives within 100 miles of the U.S. border	Population dispersed with concentrations along coasts and sunbelt	**High consumer share of population lives in concentrated cities**
	Top 10 Census Metropolitan Areas = 54% of population	Top 10 Metropolitan Statistical Areas = 26% of population	
Like-kind Exchange	Non-existent	Encourages speculative development for deferral of capital gains	**Reduces speculative development**
Retail Market Characteristics	Market of oligopolies	Competitive market	**Less competition, wider retail margins**
Consumer Profile	Value-oriented	Consumption-oriented	**Less discretionary spending**
Tenant Base	Predominately non-discretionary	Predominantly discretionary	**Essential spending dominant**
Mall productivity	~$450 sales per sf	~$300 sales per sf	**Significantly more productive**
Conventional Department Stores	HUDSON'S BAY	JCPenney, bloomingdale's, macy's, ROSS DRESS FOR LESS, belk, target, KOHL'S, DICK'S SPORTING GOODS, Neiman Marcus, Bealls	**Substantially through department store closure phase**
