Notice of Annual Meeting of Unitholders

NOTICE OF ANNUAL MEETING OF UNITHOLDERS

NOTICE IS HEREBY GIVEN that an annual meeting (the “**Meeting**”) of holders (the “**Unitholders**”) of Series A units (the “**Units**”) of Primaris Real Estate Investment Trust (“**Primaris**” or the “**REIT**”) will be held in hybrid format on Thursday, April 30, 2026 at 10:00 a.m. (EDT) at Blake, Cassels, & Graydon LLP, 199 Bay Street, 40th Floor, Suite 4000, Commerce Court West, Toronto, Ontario M5L 1A9 and via live audio webcast at <https://meetings.lumiconnect.com/400-948-882-455> (password: Primaris2026), where Unitholders may attend and participate in the Meeting for the following purposes:

- to receive the annual audited financial statements of the REIT and accompanying notes for the years ended December 31, 2025 and December 31, 2024, together with the auditor’s report thereon;
- to elect the trustees of the REIT;
- to re-appoint KPMG LLP as auditor of the REIT for the ensuing year and to authorize the trustees of the REIT to fix their remuneration;
- to vote on the non-binding say-on-pay resolution on the approach to executive compensation; and
- to transact such other business as may properly be brought before the Meeting or any postponement or adjournment thereof.

The Trustees have fixed March 5, 2026 as the record date (the “**Record Date**”) for determination of Unitholders entitled to notice of, and to vote at, the Meeting and at any adjournment or postponement thereof. Each registered Unitholder at the close of business on the Record Date is entitled to such notice and to vote at the Meeting in the circumstances set out in the management information circular dated March 31, 2026 (the “**Circular**”) prepared by management in connection with the Meeting.

Primaris is holding the Meeting in a hybrid format that will be conducted in person and via live webcast, where all Unitholders, regardless of geographic location, will have an opportunity to participate at the Meeting. Only registered Unitholders and duly appointed proxyholders (including any non-registered, beneficial Unitholder who has appointed themselves as proxyholder or representative) will be able to attend, participate and vote at the Meeting, either in person at Blake, Cassels, & Graydon LLP, 199 Bay Street, 40th Floor, Suite 4000, Commerce Court West, Toronto, Ontario M5L 1A9 or online at <https://meetings.lumiconnect.com/400-948-882-455> (password: Primaris2026), provided that they are connected to the internet (for those attending online) and have carefully followed the instructions set out in the Circular and the related proxy materials. Non-registered, beneficial Unitholders, being Unitholders who hold their Units through a broker, investment dealer, bank, trust company, custodian, nominee or other intermediary, who have not duly appointed themselves as proxyholder or as a representative will be able to observe the Meeting online as a guest, but will not be able to ask questions or vote. Further information regarding the voting process can be found in the accompanying Circular.

PRIMARIS REAL ESTATE INVESTMENT TRUST

Notice of Annual Meeting of Unitholders

Notice-and-Access

The REIT is using the “notice-and-access” system adopted by the Canadian Securities Administrators for the delivery of the Circular and the REIT’s annual report in respect of fiscal 2025, which comprises management’s discussion and analysis for the period ending December 31, 2025 and the annual audited financial statements and accompanying notes for the years ended December 31, 2025 and December 31, 2024, together with the auditor’s report thereon (collectively, the “**Meeting Materials**”). Under notice-and-access, you will still receive a proxy or voting instruction form enabling you to vote at the Meeting. However, instead of a paper copy of the Meeting Material (including the Circular), beneficial and registered Unitholders receive this notice which contains information about how to access the Meeting Materials (including the Circular) electronically. The principal benefit of the notice-and-access system is that it reduces the environmental impact of producing and distributing paper copies of documents in large quantities. The Circular and form of proxy (or voting instruction form) provide additional information concerning the matters to be dealt with at the Meeting. You should access and review all information contained in the Circular before voting.

Unitholders with questions about notice-and-access can contact Primaris' transfer agent, Odyssey Trust Company, at 1-888-290-1175 (toll-free within North America) or 1-587-885-0960 (direct from outside North America) or via www.odysseycontact.com/ca-en/help/.

Websites Where Meeting Materials are Posted

Meeting Materials can be viewed online under the REIT’s SEDAR+ profile at www.sedarplus.com or at www.primarisreit.com.

How to Obtain Paper Copies of the Meeting Materials

Beneficial and registered Unitholders may request that paper copies of the Meeting Materials be mailed to them at no cost by following the instructions set out in the notice-and-access notice that has been mailed to them. Specifically, requests may be made up to one year from the date that the Circular is filed on SEDAR+ by contacting the REIT’s transfer agent, Odyssey Trust Company at 1-888-290-1175 (toll-free within North America) or 1-587-885-0960 (direct from outside North America) or via www.odysseycontact.com/ca-en/help/. Requests should be received by April 20, 2026 (i.e., at least ten calendar days in advance of the date and time of the Meeting) if you would like to receive the Meeting Materials in advance of the voting deadline and Meeting date.

Beneficial and Registered Unitholders

You are a beneficial Unitholder (also known as a non-registered Unitholder) if you own Units indirectly and your Units are registered in the name of a bank, trust company, broker or other intermediary. For example, you are a beneficial Unitholder if your Units are held in a brokerage account of any type.

You are a registered Unitholder if you hold a paper unit certificate, certificates or direct registration statement advice (“DRS Advice”) and your name appears directly on your Unit certificate(s) or DRS Advice(s).

Voting

If you are a Unitholder and you are not able to attend the Meeting either in person or online, please carefully follow the instructions on the form of proxy or voting instruction form. Beneficial Unitholders that hold their Units with a financial intermediary will receive a voting instruction form in order to instruct their intermediary how to vote on their behalf. These Unitholders may also vote at the Meeting as detailed in the Circular. Only Unitholders of record as at the close of business on the Record Date will be entitled to vote at the Meeting or any adjournment or postponement thereof. You may exercise your right to vote by signing and returning the enclosed form of proxy or voting instruction form using the enclosed return envelope or following the instructions contained in the Circular to vote online or by telephone. The form

PRIMARIS REAL ESTATE INVESTMENT TRUST

Notice of Annual Meeting of Unitholders

of proxy should arrive not less than 48 hours before the time set for the holding of the Meeting or any adjournment or postponement thereof (excluding Saturdays, Sundays and holidays).

Unitholders are encouraged to vote in advance of the Meeting online, by telephone or by completing, dating, signing and delivering the enclosed form of proxy or voting instruction form in accordance with the instructions contained in the Circular and on the form of proxy or voting instruction form, which must be received by Odyssey Trust Company no later than 10:00 a.m. (EDT) on April 28, 2026, or at least 48 hours (excluding Saturdays, Sundays and holidays) prior to any adjourned or postponed meeting. Non-registered or beneficial Unitholders (for example, if you hold your Units in an account with a broker, dealer or other intermediary) should follow the instructions in the voting instruction form or other document provided by their broker, dealer or other intermediary for additional information on how you can vote your Units.

DATED March 31, 2026 at Toronto, Ontario.

General Proxy Information

GENERAL PROXY INFORMATION

Solicitation of Proxies

This management information circular (the “**Circular**”) is furnished in connection with the solicitation of proxies by the management of Primaris Real Estate Investment Trust (“**Primaris**”, the “**REIT**” or the “**Trust**”) for use at the annual meeting (the “**Meeting**”) of the holders (the “**Unitholders**”) of Series A units of the REIT (the “**Units**”) to be held at the time and in the manner and for the purposes set forth in the accompanying notice of Meeting (the “**Notice**”).

The information contained herein is given as of March 5, 2026, except where otherwise indicated. No person is authorized to give any information or make any representation other than those contained herein and, if given or made, such information or representation should not be relied upon as having been authorized by the REIT.

Unitholders of record at the close of business on March 5, 2026, the record date established for determining Unitholders entitled to receive Notice and vote at the Meeting (the “**Record Date**”), will be entitled to vote at the Meeting or any adjournment or postponement thereof.

Quorum

A quorum for any meeting of Unitholders shall be individuals present not being less than two in number and being Unitholders, or representing by proxy Unitholders, who hold in the aggregate not less than 25% of the votes attached to all outstanding Units as at the record date for such meeting. If a Unitholder submits a properly executed form of proxy or votes by the internet, such Unitholder will be considered part of the quorum.

Questions and Answers on the Voting Process

Q: What items of business am I voting on?

A: You will be voting on:

- the election of trustees of the REIT (“**Trustees**”);
- the appointment of the external auditors and authorization of the Trustees to fix the external auditors’ remuneration; and
- the non-binding say-on-pay (“**Say-on-Pay**”) resolution on the approach to executive compensation.

Q: Who is entitled to vote?

A: Unitholders as of the close of business on the Record Date (being March 5, 2026) are entitled to vote.

Q. Am I a registered Unitholder?

A: You are a registered Unitholder if you hold Units in your own name and you hold a unit certificate or direct registration statement advice (“**DRS Advice**”). As a registered Unitholder, you are identified on the unit register maintained by the REIT’s registrar and transfer agent, Odyssey Trust Company. Registered Unitholders will receive a form of proxy for voting purposes.

Q: Am I a beneficial or non-registered Unitholder?

A: Most Unitholders are beneficial Unitholders. You are a beneficial Unitholder if your Units are held in an account in the name of an intermediary, such as a bank, broker or trust company. As a beneficial Unitholder, you do not have a unit certificate or DRS Advice registered in your name, but your ownership interest in Units is recorded in an electronic system. As such, you are not identified on the unit register maintained by Odyssey Trust Company as being a Unitholder.

PRIMARIS REAL ESTATE INVESTMENT TRUST

General Proxy Information

Instead, the REIT's unit registers show the holder of your Units as being the intermediary or depository through which you own your Units.

The REIT distributes copies of the proxy-related materials in connection with the Meeting to intermediaries so that they may distribute the materials to the beneficial Unitholders. Beneficial Unitholders will receive a voting instruction form for voting purposes. Intermediaries often forward the materials to beneficial Unitholders through a service company (such as Broadridge Investor Communications Corporation). Beneficial Unitholders who have not objected to their intermediary disclosing certain ownership information about them to the REIT are referred to as "NOBOs", whereas beneficial Unitholders who have objected to their intermediary disclosing ownership information about them to the REIT are referred to as "OBOs". The REIT pays for an intermediary to deliver the proxy-related materials to NOBOs and OBOs.

Q. How will my Units be voted?

A: On the form of proxy or voting instruction form, you can indicate how you want your proxyholder to vote your Units or you can let your proxyholder decide for you. If you have specified on the form of proxy or voting instruction form how you want your Units to be voted on a particular issue (by marking FOR or WITHHOLD or AGAINST, as applicable), then your proxyholder must vote your Units accordingly. If you have not specified on the form of proxy or voting instruction form how you want your Units to be voted on a particular issue, then your proxyholder can vote your Units as he or she sees fit.

Unless contrary instructions are provided, Units represented by proxies appointing the REIT's representative provided as the proxyholder will be voted:

- i) FOR the election of the Trustees;**
- ii) FOR the re-appointment of KPMG LLP as the external auditors of the REIT and the authorization of the Trustees to fix the external auditors' remuneration; and**
- iii) FOR the advisory resolution on the approach to executive compensation.**

Q. What is an advisory Say-on-Pay resolution?

A: The non-binding Say-on-Pay resolution is being provided to allow Unitholders to show their approval or disapproval of the REIT's executive compensation policies which are described in detail in this Circular. The Say-on-Pay resolution is non-binding on the REIT and it remains the duty of the Board and Compensation, Governance and Nominating Committee (the "CG&N Committee") to develop and implement appropriate executive compensation policies for the REIT. The Board will take the results of the vote on the Say-on-Pay resolution into account, as appropriate, including if the resolution is not approved by at least a majority of votes cast at the Meeting, when considering future compensation policies, procedures and decisions in determining whether there is a need to increase their engagement with Unitholders on compensation and related matters. The Board will disclose the results of the vote on the Say-on-Pay resolution as part of its report on voting results for the Meeting, and will take such further steps as more particularly described in this Circular.

Q. What if there are amendments or if other matters are brought before the Meeting?

A: Your proxyholder has discretionary authority to vote in respect of amendments that are made to matters identified in the Notice and other matters that may properly come before the Meeting. As of the date of this Circular, management of the REIT is not aware of any such amendments or other matters to be presented at the Meeting; however, if any such matter is presented, your Units will be voted in accordance with the best judgment of the proxyholder named in the form. Unless you are a registered Unitholder attending the Meeting, if you have not

PRIMARIS REAL ESTATE INVESTMENT TRUST

General Proxy Information

specifically appointed a person as proxyholder, a REIT representative named in the enclosed proxy form will be your proxyholder, and your Units will be voted in accordance with the best judgment of the REIT representative.

How do I vote?

Registered Unitholders may vote at the Meeting by completing a ballot online during the Meeting, as further described below. See "How do I attend and participate at the Meeting?".

Beneficial Unitholders who have not duly appointed themselves as proxyholder will not be able to attend, participate or vote at the Meeting. This is because the REIT and its transfer agent do not have a record of the beneficial unitholder of the REIT, and, as a result, will have no knowledge of your unitholdings or entitlement to vote, unless you appoint yourself as proxyholder. If you are a beneficial Unitholder and wish to vote at the Meeting, you have to appoint yourself as proxyholder, by inserting your own name in the space provided on the voting instruction form sent to you and must follow all of the applicable instructions provided by your intermediary. See "Appointment of a Third Party as Proxy" and "How do I attend and participate at the Meeting?".

Appointment of a Third Party as Proxy

The form of proxy or voting instructions form appoints Timothy Pire, Trustee or Alex Avery, CEO of the REIT, as your proxyholder which gives them the authority to vote your Units at the Meeting or any adjournment or postponement thereof. **You have the right to appoint yourself or another person or company, including a person who is not a Unitholder, as your proxyholder to vote your Units during the Meeting.**

The following applies to Unitholders who wish to appoint a person (a "third party proxyholder") other than the management nominees set forth in the form of proxy or voting instruction form as proxyholder, including beneficial Unitholders who wish to appoint themselves as proxyholder to attend, participate or vote at the Meeting.

Unitholders who wish to appoint a third party proxyholder to attend, participate or vote at the Meeting as their proxy MUST submit their proxy or voting instruction form (as applicable) appointing such third party proxyholder AND register the third party proxyholder, as described below. Registering your proxyholder is an additional step to be completed AFTER you have submitted your proxy or voting instruction form. Failure to register the proxyholder will result in the proxyholder not receiving a username to attend, participate or vote at the Meeting.

- **Step 1:** Submit your proxy or voting instruction form: To appoint a third party proxyholder, insert such person's name in the blank space provided in the form of proxy or voting instruction form (if permitted) and follow the instructions for submitting such form of proxy or voting instruction form. This must be completed prior to registering such proxyholder, which is an additional step to be completed once you have submitted your form of proxy or voting instruction form. If you are a beneficial Unitholder located in the United States, you must also provide Odyssey with a duly completed legal proxy if you wish to attend, participate or vote at the Meeting or, if permitted, appoint a third party as your proxyholder. See below under this section for additional details.
- **Step 2:** Register your proxyholder: To register a proxyholder, Unitholders MUST send an email to appointee@odysseytrust.com by 10:00 a.m. (EDT) on April 28, 2026, that is 48 hours prior to the Meeting date and provide Odyssey with the required proxyholder contact information, amount of Units appointed, name in which the Units are registered if they are a registered Unitholder, or name of broker where the Units are held if a beneficial Unitholder, so that Odyssey may provide the proxyholder with a username via email. Without a username, proxyholders will not be able to attend, participate or vote at the Meeting.

If you are a beneficial Unitholder and wish to attend, participate or vote at the Meeting, you have to insert your own name in the space provided on the voting instruction form sent to you by your intermediary, follow all of the applicable instructions provided by your intermediary AND register yourself as your proxyholder, as described above. By doing so,

PRIMARIS REAL ESTATE INVESTMENT TRUST

General Proxy Information

you are instructing your intermediary to appoint you as proxyholder. It is important that you comply with the signature and return instructions provided by your intermediary. Please also see further instructions below under the heading "How do I attend and participate at the Meeting?".

Legal Proxy – US Beneficial Unitholders

If you are a beneficial Unitholder located in the United States and wish to attend, participate or vote at the Meeting or, if permitted, appoint a third party as your proxyholder, in addition to the steps described above and below under "How do I attend and participate at the Meeting?", you must obtain a valid legal proxy from your intermediary. Follow the instructions from your intermediary included with the legal proxy form and the voting information form sent to you, or contact your intermediary to request a legal proxy form or a legal proxy if you have not received one. After obtaining a valid legal proxy from your intermediary, you must then submit such legal proxy to Odyssey. Requests for registration from beneficial Unitholders located in the United States that wish to attend, participate or vote at the Meeting or, if permitted, appoint a third party as their proxyholder must be sent by e-mail to appointee@odysseytrust.com and received by 10:00 a.m. (EDT) on April 28, 2026 that is 48 hours prior to the Meeting date.

Patrick Sullivan (President and Chief Operating Officer of the REIT), currently a Trustee, is not standing for re-election at the Meeting.

3. Appointment of Auditors

KPMG LLP, Chartered Professional Accountants, was first appointed auditor of the REIT on December 31, 2021. Upon the recommendation of the Audit Committee, the Board unanimously recommends that KPMG LLP be reappointed as the REIT's auditors to hold office until the close of the next annual meeting and that the Trustees be authorized to fix their remuneration.

The reappointment of KPMG LLP as auditors must be approved by a simple majority of votes properly cast by Unitholders at the Meeting.

The following table sets forth the fees billed by the REIT's external auditor, KPMG LLP, for each category of service for the financial years ended December 31, 2025 and December 31, 2024.

Category of fees	December 31, 2025		December 31, 2024	
Audit Services	\$	998,841	\$	871,943
Audit-Related Services		620,485		628,418
Tax Services		256,209		420,287
All Other Services		—		—
Total	\$	1,875,535	\$	1,920,648

4. Non-Binding Say-on-Pay Resolution

The Board, on the recommendation of the CG&N Committee, has determined that it is appropriate for Unitholders to have the opportunity to vote on the REIT's approach to executive compensation. Detailed disclosure of the REIT's executive compensation program can be found in this Circular under the heading "Report on Executive Compensation". Although this is an advisory vote and will not be binding on the Board, the Board and the CG&N Committee will consider the outcome of the vote as part of their ongoing review of executive compensation policies, principles and practices and in determining whether there is a need to increase engagement with Unitholders on compensation matters.

At the Meeting, Unitholders will be asked to consider and, if thought advisable, to approve the following resolution:

"BE IT RESOLVED that on a non-binding advisory basis, and not to diminish the role and responsibilities of the Board of Trustees of the REIT, the Unitholders accept the approach to executive compensation as disclosed in the REIT's management information circular dated March 31, 2026 under the heading "Report on Executive Compensation"."

Approval of the resolution will require that it be passed by a majority of the votes properly cast by Unitholders. The REIT will disclose the results of the Unitholder non-binding vote as a part of its report on voting results for the Meeting. In the event that a significant number of Unitholders oppose the resolution, the Board will oversee a consultation process with the Unitholders, particularly those who are known to have voted against it, in order to better understand their concerns. The CG&N Committee will review the REIT's approach to compensation in the context of those concerns. Unitholders who have voted against the resolution are encouraged to contact the CG&N Committee to discuss their specific concerns.

At the 2025 AGM, 71,508,890 Units (representing 98.46% of the votes cast) voted for the approval of the non-binding advisory Say-on-Pay resolution, while 1,115,625 Units (representing 1.54% of the votes cast) voted against the approval of the non-binding advisory Say-on-Pay resolution.

The Board unanimously recommends that Unitholders vote FOR the approval of the non-binding advisory Say-on-Pay resolution, and the management representatives designated in the form of proxy or voting instruction form intend to vote FOR the acceptance of the REIT's approach to executive compensation as disclosed in this Circular, unless the Unitholder has specified to vote AGAINST this matter in the Unitholder's proxy or voting instruction form.

Financial Literacy

All Trustees meet the standard for financial literacy, which is defined by the Canadian Securities Administrators in National Instrument 52-110 – Audit Committees as the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the REIT's financial statements.

Position Descriptions for the Chair of the Board and Committee Chairs

A written position description is in place for the Chair of the Board, which sets out the responsibilities of the Chair, including, as applicable, duties relating to setting meeting agendas of the Board, chairing meetings of Unitholders, Trustee development and communicating with Unitholders and regulators. The Board has also adopted a written position description for each of the committee chairs which sets out each of the committee chair's key responsibilities, including duties relating to setting committee meeting agendas, chairing committee meetings and working with the respective committee and management to ensure, to the greatest extent possible, the effective functioning of each committee. The written position descriptions for the Chair of the Board and the committee chairs are available in the governance section of the REIT's website.

Board Leadership

Mr. Pire, an independent Trustee, is the Chair of the Board. The Board maintains a position description for the Chair that is reviewed annually and approved by the CG&N Committee and the Board.

The Chair directs the operations of the Board, chairs each meeting of the Board, is responsible for the management and effective functioning of the Board and provides leadership to the Board in all matters. More specifically, the Chair works in consultation with the members of executive management to, among other things, set the agenda for each Board meeting, ensure that the Board has all the information it needs to discuss the matters brought before it and ensure that all of the Board's responsibilities, as set out in the Board mandate, are being fulfilled.

The Chair monitors the reports from the committees of the Board to ensure the committees are fulfilling the responsibilities delegated to them by the Board. The Chair also chairs meetings of the Unitholders, facilitates the response by management to Unitholder concerns and engages directly with Unitholders on behalf of the Board. The Chair ensures that strategic plans are communicated to the Board and that such plans are evaluated as to their success.

Relationship of the Board of Trustees and Management

The Board has in place appropriate structures to ensure that it can function independently of management.

Management's responsibilities are determined by the Board. The day-to-day role and responsibilities of the Chief Executive Officer and President and Chief Operating Officer are determined by the Board. The Chief Executive Officer and President and Chief Operating Officer each have a position description that is reviewed annually and approved by the CG&N Committee and the Board. All major policy decisions relating to the REIT's business are made by the Board or a committee of the Board.

Independent Advice

The committee is ultimately responsible for its own decisions, and may take into consideration more than the information and recommendations provided by its consultants. Nomination of Trustees

The CG&N Committee co-ordinates and manages the process of recruiting, interviewing, and recommending candidates to the Board. This committee has a formal written charter which outlines the committee’s responsibilities with respect to compensation matters, corporate governance matters and nomination matters and the committee’s reporting obligations to the Board. The committee has identified the key skills required on the Board and reviews these annually to identify potential skill gaps on the Board. Identifying opportunities and taking initiative to enhance diversity on the Board is also the responsibility of this committee. The assessment process for incumbent trustees, described below under the heading “Board Evaluation”, is an important component of the consideration of nominees.

Mr. Sullivan, currently a Trustee, is not standing for re-election at the Meeting. As part of the REIT's efforts to increase the share of independent members of the Board, reduce the number of management representatives on the Board, and enhance the diversity profile of the Board, Board composition is limited to only one non-independent Trustee. Mr. Avery, will stand for nomination at the Meeting and if elected, will be the only non-independent Trustee on the Board.

Skills

The CG&N Committee believes that the Board should be comprised of trustees with a broad range of experience and expertise and utilizes a skills matrix to identify those areas which are necessary for the Board to carry out its mandate effectively. The information is used to assess the Board’s overall strengths and to assist in the Board’s ongoing renewal process, which balances the need for experience and knowledge of the REIT’s business with the benefit of Board renewal and diversity. In 2023, Mr. Forbes, Mr. Pire and Ms. Weinswig were each designated as a Financial Expert (as

PRIMARIS REAL ESTATE INVESTMENT TRUST

defined in the table below) by the Board, and in 2024, Ms. Fitzgerald was designated as a Climate Expert (as defined in the table below). The Trustees' biographies highlight each Trustee's relevant experience, qualifications and skills.

Board Evaluation

The CG&N Committee is responsible for assessing the effectiveness of the Board, each of its committees and individual Trustees. The annual Trustee assessment includes an anonymous questionnaire which solicits quantitative ratings and narrative comments in key areas of business operations, strategy, Unitholder value, risk management, use of time, board structure, size and process. The Audit Committee, CG&N Committee and Investment Committee are similarly assessed against the responsibilities and duties of their mandates.

The Chair of the CG&N Committee reviews the findings of the evaluations at in-camera sessions of the Board so that the Board may review the recommendations of the CG&N Committee and if advisable, approve any such recommendations.

All Trustees also complete an annual evaluation of their individual peers through an additional anonymous questionnaire process that is designed to help evaluate Trustees on a number of behavioural competencies evidenced at Board and committee meetings. The findings are submitted in a confidential report by the Director, Governance and Corporate Secretariat of the REIT to the Chair of the CG&N Committee.

PRIMARIS REAL ESTATE INVESTMENT TRUST

Management Information Circular

In addition, the Chair of the Board meets with each Trustee, yearly to discuss annual evaluation matters, including any issues that may have been raised in the peer review questionnaire process.

In all these ways, each Trustee receives feedback on their individual contribution to Board effectiveness. The results of the individual trustee performance assessments are one of the factors taken into account when considering the Trustee nominees to be recommended to Unitholders and in determining the membership of the REIT's committees.

In 2025, the evaluation revealed that the Board and its committees were fulfilling their roles effectively.

Trustee Orientation

The CG&N Committee has put in place a comprehensive orientation program for new Trustees during which a new Trustee will, among other things, meet with the Chair of the Board and members of the executive management team of the REIT and participate in information sessions covering a broad range of topics including the assets and operations of the REIT, finance, strategy, risk, sustainability, organizational structure, the role of the Board and its committees, integration with other Trustees and expectations for Trustees.

Board and Committee Education

The CG&N Committee is also responsible for overseeing an ongoing Trustee development and education program which focuses on providing the Trustees with in-depth information about key aspects of the REIT's business, including the material risks and opportunities facing the REIT. Trustees are solicited for input into the agenda for the education program and management schedules presentations and seminars covering these areas, some of which are presented by management and others by external consultants or experts.

The REIT also encourages Trustees to attend other appropriate continuing education programs and the REIT contributes to the cost of attending such programs. Furthermore, a number of the Trustees serve on other corporate and not-for-profit boards, which the REIT believes is a valuable source of ongoing education.

In 2025, the Trustees participated in a property tour of the REIT's properties in Montreal, Quebec and Oshawa, Ontario. Trustees were also encouraged to visit the REIT's properties independently throughout the year. In addition, education sessions were provided during scheduled quarterly meetings on topics including sustainability reporting, the REITs' investor base and sentiment, IFRS 18 "Presentation and Disclosure in Financial Statements", and developments in artificial intelligence.

Board Tenure, Term Limits, Trustee Retirement and Other Mechanisms of Board Renewal

The Board has established a term limit and retirement age policy that provides that Non-Executive Trustees (as defined herein) may serve until the earlier of: (i) the trustee reaching age 80; or (ii) the Trustee serving for 12 years since his/her initial election, subject to the Board's ability to waive such limit if it is in the best interests of the REIT. Trustees are also subject to performance assessments every year, annual re-election by Unitholders and the other requirements set out in the Declaration of Trust and the REIT's governance policies.

The Board believes that its board term and retirement age policy provides the appropriate balance of adding new perspectives to the Board and limiting the risk of excluding experienced and knowledgeable Board members as a result of an arbitrary determination.

The CG&N Committee may recommend waiver of the retirement age and term limit in circumstances that would support continuation of the Trustee for a period not to exceed one year. If a waiver of the policy is approved by the Board, Primaris will disclose the Board's decision in the next annual management proxy circular or statement of governance practices, fully disclosing the reasons for the waiver and the plan by the CG&N Committee to identify a successor Trustee without delay.

TRUSTEE COMPENSATION

Trustee Compensation Policy

It is the responsibility of the CG&N Committee to review and recommend for Board approval, the remuneration to be paid to members of the Board. The CG&N Committee has established benchmarking for Trustee compensation in accordance to the REIT's peer group, relative to its position in the selection criteria for the peer group. The Trustees' compensation program is designed to attract and retain qualified individuals to serve on the Board. Trustees are expected to attend all meetings and, if they attend fewer than 75% of the meetings, are expected to resign unless the absence(s) occurred due to exceptional circumstances.

Trustees who are employees of and who receive salary from the REIT or its affiliates are not entitled to receive any remuneration for their services as Trustees but are entitled to reimbursement from the REIT of their out-of-pocket expenses incurred in acting as a Trustee.

Trustees who are not employees of and who do not receive salary from the REIT or its affiliates are entitled to receive for their services as Trustees such reasonable compensation as the Trustees may determine from time to time, as well as reimbursement of their out-of-pocket expenses incurred in acting as a Trustee. Such Trustees are also entitled to receive remuneration for services rendered to the REIT in any other capacity.

Equity Awards

The Board may fix, from time to time, a minimum amount or proportion of the amount payable by the REIT to Trustees who are not employees or officers of the REIT or any related entity of the REIT ("**Non-Executive Trustees**") in respect of a calendar year for service on the Board, that is to be payable to the Non-Executive Trustees in the form of Deferred Trust Units ("**Deferred Trust Units**" or "**DTUs**") in lieu of cash, which amount was set at \$80,000 for the 2025 compensation year (the "**Minimum Amount**")(\$65,000 for 2024).

In addition, each Non-Executive Trustee may elect to receive a percentage of amounts payable in respect of a calendar year for service on the Board as designated by the Board, from time to time, with such percentage resulting in an amount exceeding the Minimum Amount, to be received in the form of further DTUs in lieu of cash (the "**Elected Amount DTUs**"). For 2024, such election was permitted in respect of the Board annual retainer and, for 2025, such election has been permitted in respect of all amounts payable for service on the Board.

The Board may also fix, from time to time, a percentage of additional DTUs (the "Gross-Up DTUs") to be awarded to a Non-Executive Trustee who has elected to receive Elected Amount DTUs, which amount has been set at 25% of the Elected Amount DTUs.

DTUs are granted pursuant to the REIT's Incentive Unit Plan (the "Incentive Unit Plan") and represent the right to receive, either Units (including accrued distribution equivalents) or a cash payment having an equivalent market value to the Units subject to the award. DTUs granted in respect of the Minimum Amount vest one year following their grant, while DTUs granted as Elected Amount DTUs and Gross-up DTUs are granted on a vested basis. DTUs may only be redeemed following a Trustee's departure from the Board.

A description of the Incentive Unit Plan, including certain of its provisions concerning DTUs, can be found under the heading "Equity Plans - Incentive Unit Plan" in this Circular.

Trustee Minimum Unit Ownership Guidelines

Minimum Unit Ownership Guidelines have been established for Non-Executive Trustees to set out Unit ownership guidance which will enhance alignment of the interests of Trustees with Unitholders.

Non-Executive Trustees are required to own Units of the REIT having a value equal to three times the gross amount of their annual cash Trustee retainer (3 x \$50,000). Non-Executive Trustees have until three years following their election or appointment to the Board to achieve this level of Unit ownership.

If a Trustee becomes subject to a greater ownership amount, due to an increase in annual Trustee's fees, the Trustee is expected to meet the higher ownership threshold within two years.

Unit ownership for the purpose of these guidelines includes the following (i) Units owned directly, including Units deliverable upon settlement of Restricted, Deferred or Performance Trust Units or other similar full value awards; and (ii)

PRIMARIS REAL ESTATE INVESTMENT TRUST

Management Information Circular

Units owned indirectly, if the Trustee has an economic interest in the Units, such as Units held in trust for the benefit of the Trustee.

Unit ownership does not include Units underlying options or otherwise subject to a right to acquire, except to the extent expressly provided above.

Unit prices are subject to market volatility. The Board believes that it would be unfair to require a Trustee to buy more Units simply because the Unit price drops temporarily. Once a Trustee has attained the level of Unit ownership prescribed by these guidelines, the Trustee is not required to increase their holdings to reflect subsequent fluctuations in the market price of the Units which may have caused a decrease in the value of such holdings.

In the event there is a significant decline in the Unit price that causes a Trustee's holdings to fall below the applicable threshold, the Trustee may not sell or transfer any Units until the threshold has again been achieved.

Compliance with these guidelines is evaluated by the CG&N Committee on an annual basis.

GOVERNANCE POLICIES

Ethical Business Conduct

The Board has adopted a written code of business conduct and ethics (the “**Code of Conduct**”) that applies to all Trustees, officers, and management of the REIT and its subsidiaries. The objective of the Code of Conduct is to provide guidelines for maintaining the integrity, reputation, honesty, objectivity and impartiality of the REIT and its subsidiaries. The Code of Conduct addresses conflicts of interest, the protection of REIT assets, confidentiality, fair dealing with securityholders, competitors and employees, compliance with laws and the reporting of any illegal or unethical behaviour. As part of the Code of Conduct, any person subject to the Code of Conduct is required to avoid or fully disclose interests or relationships that are harmful or detrimental to the REIT’s best interests or that may give rise to real, potential or the appearance of conflicts of interest. The Board is responsible for overseeing compliance with the Code of Conduct and ensuring that the Trust maintains high standards of integrity and ethical business practices.

Oversight responsibility is primarily exercised through the Audit Committee, which receives regular reports from management regarding the effectiveness of the compliance program, reported concerns, investigations, and remediation measures. The Board reviews material compliance matters and significant breaches of the Code of Conduct.

The Trust maintains confidential reporting mechanisms, including a whistleblower process, that allow employees and other stakeholders to report concerns without fear of retaliation. The Audit Committee oversees the administration of these procedures.

The Board reviews the Code of Conduct periodically to ensure it remains consistent with applicable Canadian securities laws, Toronto Stock Exchange requirements, and evolving governance best practices.

The Code of Conduct is available under the REIT’s SEDAR+ profile at www.sedarplus.com and in the governance section of the REIT’s website at www.primarisreit.com.

Diversity Policy

The Code of Conduct underscores a commitment to diversity and recognizes it as an important asset. The Code of Conduct explicitly states that the REIT and its subsidiaries are firmly committed to providing equal opportunity in all aspects of employment. The REIT endorses the principle that the Board should have a balance of skills, experience and diversity of perspectives appropriate to the business.

As described in the REIT’s Diversity Policy that has been adopted by the Board, the REIT is committed to cultivating a diverse, open and inclusive culture and selecting the best individuals to fill Board and senior management roles within the REIT, free of conscious or unconscious bias and discrimination.

Application of the Diversity Policy to the Board

In accordance with the Diversity Policy, when identifying and considering the selection of candidates for appointment or nomination for election to the Board, the CG&N Committee will: (i) assess the Board by considering the balance of skills, experience, independence and knowledge on the Board, the Board’s cohesiveness and other factors relevant to its effectiveness; (ii) consider only candidates who are highly qualified based on their experience, education, expertise, personal skills and qualities, and general and industry-specific knowledge, having regard to the REIT’s current and future plans and objectives; and (iii) select individuals based on merit, against objective criteria, in order to enable the Board to discharge its duties and responsibilities effectively.

In this context, diversity (which is defined in the Diversity Policy as any dimension that can be used to differentiate groups and people from one another and includes gender, age, race, nationality, culture, faith and other ethnic distinctions, persons with disabilities, regional, industry and business experience and expertise) is taken into

PRIMARIS REAL ESTATE INVESTMENT TRUST

consideration by the CG&N Committee, consistent with the REIT's recognition that it is beneficial that a diversity of backgrounds, views and experiences be present at the Board and management levels.

In furtherance of the REIT's goals regarding gender diversity on the Board and in recognition that gender diversity is a significant aspect of diversity, the REIT has adopted and maintains a target of achieving a board composition in which women comprise at least 30% of the members. Currently, two of the six Trustees are women, representing 33% of the Board.

The CG&N Committee and the Board have approved a target of having at least one trustee represented by any of the Black, Indigenous peoples, People of Colour, persons with disabilities and members of the 2SLGBTQIA+ communities, which has been achieved and maintained. To promote the specific objectives of gender and non-gender diversity of the Board, the CG&N Committee will, on an annual basis: (i) assess the effectiveness of the Board appointment/nomination process at achieving the REIT's diversity objectives; and (ii) consider and, if determined advisable, recommend to the Board for adoption, measurable objectives for achieving diversity on the Board. At any given time, the Board may seek to adjust one or more objectives concerning its diversity and measure progress accordingly.

Application of the Diversity Policy to Senior Management

The REIT has not established targets regarding the representation of women, or other diverse groups, in executive officer positions. Rather, the identification and selection process is made based on a variety of criteria, including the diversity of viewpoints, backgrounds, experiences and other demographics, but also expertise, skills, character, business experience and other relevant factors.

The CG&N Committee will, on an annual basis: (i) assess the effectiveness of the appointment process at achieving the REIT's diversity objectives and (ii) consider and, if determined advisable, recommend to the Board for adoption, measurable objectives for achieving diversity. At any given time, the Board may seek to adjust one or more objectives concerning diversity and measure progress accordingly.

The following table shows the REIT's performance with respect to the representation of women in various roles.

Women's roles distribution	2025 Target	2025 Actual	As of the record date - March 5, 2026
Board of Trustees	30 %	33% (2 of 6)	33% (2 of 6) ⁽¹⁾

A copy of the REIT's Diversity Policy is available in the governance section of the REIT's website at www.primarisreit.com.

Majority Voting Policy

The Board has adopted a Majority Voting Policy to the effect that a nominee for election as a Trustee who does not receive a greater number of votes "for" than votes "withheld" with respect to his or her election at a meeting of Unitholders will be expected to offer to tender their resignation to the Chair of the Board promptly following the applicable meeting. The CG&N Committee will consider such offer and make a recommendation to the Board whether or not to accept it. The CG&N Committee will promptly accept the resignation unless it determines that there are exceptional circumstances that would warrant the applicable Trustee to continue to serve on the Board. The Board will make its decision and announce it in a press release within 90 days following the applicable meeting of Unitholders. A Trustee who tenders a resignation pursuant to the Majority Voting Policy will not participate in any meeting of the Board

or the CG&N Committee at which such resignation is considered. The full text of the Majority Voting Policy is available in the governance section of the REIT's website at www.primarisreit.com.

Director / Trustee Interlocks

The REIT's Board Interlock Policy is that no more than two Trustees may serve on the same public company board without the prior consent of the CG&N Committee.

In considering whether or not to permit more than two Trustees to serve on the same board, the CG&N Committee must take into account all relevant considerations including the total number of Board interlocks at one time.

Trustees and executive officers may not serve together on any public company board other than that of the REIT.

Stakeholder Engagement

The REIT has processes to effectively engage with stakeholders, including Unitholders, employees, tenants and their customers, communities in which the REIT's shopping centres are located, and the general public, with the objective of ensuring an open, accessible and timely exchange of information concerning the business and performance of the REIT.

These engagements may include discussions on the REIT's financial performance and business strategy, the REIT's approach to, and policies on, corporate governance and executive compensation, employee relations, the REIT's statements, strategies, and commitments related to sustainability impacts, and other areas of interest to stakeholders – all in compliance with the REIT's disclosure policy.

The REIT's stakeholder engagement approach is based on a philosophy of continuous improvement and on actively listening to stakeholders with a view towards alignment with best practices. The Board has developed practices to facilitate regular, ongoing engagement with its stakeholders. Such engagement is a constructive way for the Board to hear stakeholder views on the REIT's practices, strategy and disclosure so that there is a shared understanding on how the REIT is creating long-term value for Unitholders and to address other stakeholder concerns. All feedback is considered with the goal of enhancing the REIT's practices and disclosures following engagement sessions with stakeholders.

PRIMARIS REAL ESTATE INVESTMENT TRUST

Management Information Circular

The REIT's annual meeting also provides Unitholders and other stakeholders with the opportunity to engage with the Board and the REIT's management. The Board recognizes the evolving nature of stakeholder engagement and continually assesses and implements new practices as appropriate for the REIT.

Board - Unitholder Engagement

In 2025, the REIT continued its Board - Unitholder Engagement program. The purpose of the program is to establish open communication between the owners of the REIT and the Board that is charged with overseeing management. This is an important initiative that over time, ensures clear investor input and feedback to be incorporated into the Board's oversight of the REIT. The Chair of the Board, the Chair of the CG&N Committee, and the Chair of the Audit Committee met with Unitholders during the year to solicit investor feedback and comments relating to the Board's oversight of management. Feedback received is reviewed and implemented where appropriate. The majority of Unitholders with whom the Board met expressed an interest in continued engagement.

Management - Unitholder Engagement

In 2025, management had over 86 engagements with retail and institutional Unitholders, debenture holders, and rating agencies in Canada, the United States, and Europe. Management had constructive discussions and received feedback from Unitholders on various matters including strategy, financial results, compensation, capital structure, the macroeconomic environment, tenant performance and financial health, transparency, disclosure, sustainability initiatives, performance metrics and targets, risk management, employee relations, Board composition and refreshment, the culture of the Board and the REIT, and how Trustees oversee management's execution of strategy.

Employee Engagement and Culture

Primaris believes that one of its core strengths are the people of Primaris and the culture they help cultivate. Operating an enclosed shopping centre management platform requires a specialized operational skill set, very specific industry experience and relationships with tenants to leverage economies of scale. Aligned to the REIT's Code of Conduct and consistent with Primaris' values, the REIT promotes a diverse, open and inclusive workplace environment and culture, with equal opportunity in all aspects of employment. To ensure the attraction, engagement, retention, development, health, safety, wellness and diversity of employees, management regularly engages with employees. The REIT conducts annual formal performance reviews for all permanent employees aligned with career development and mentorship programs. The performance review also measures and incorporates employee actions that align with Primaris' sustainability commitment. The REIT conducts quarterly town halls and educational webinars hosted by senior leaders and promotes an open feedback culture.

Primaris has a variety of mental, physical and social health and wellbeing programs and resources including increased financial support for mental health, a flexible benefit plan, paid parental leave benefits, and quarterly health and wellness educational webinars. Primaris publishes "People@Primaris", a recurring newsletter to ensure optimal communication throughout the organization. The outcomes of these programs are tracked through program performance.

Primaris is committed to ensuring pay equity within our organization. As part of our ongoing efforts, we conduct an annual pay equity review to assess compensation structures and practices. This process is rigorously reviewed by senior management to ensure fairness, consistency, and alignment with our compensation philosophy.

Tenant Engagement

Tenant engagement and satisfaction is fundamental to the long-term success of Primaris. Primaris engages with tenants through an internal tenant satisfaction survey and through regular tenant feedback sessions. The survey measures satisfaction with communication, property management, responsiveness, and overall tenant satisfaction.

Resources such as tenant fit-out guides and refurbishment programs are provided to tenants which include minimum standards for construction waste and material use. Primaris communicates regularly with tenants providing guidelines,

Sustainability Issues

In 2025, Primaris updated its Board-led three-year sustainability strategic plan that aligns to the Trust's vision, mission, core values, and strategy, and supports long-term value creation. The updated 2026-2028 Sustainability strategic plan (the "Sustainability Plan") maps out key sustainability priorities, goals, actions, and performance measures. The sustainability Plan has evolved over time as Primaris progresses and adapts to the changing needs of operating and investing environments.

The Sustainability Plan aligns to current investor focused Environmental, Social and Governance ("ESG") standards and frameworks:

- Sustainability Accounting Standards Board Real Estate Standard (IF-RE);
- recommendations of the Task Force on Climate-Related Financial Disclosures ("TCFD");
- Canadian Sustainability Disclosure Standards ("CSDS") S1 and S2 standards; and
- Global Real Estate Sustainability Benchmark ("GRESB"), the global ESG benchmark for real assets.

Primaris is on track to achieve its stated objective to conform all elements of the Sustainability Plan to industry standards by December 2028, with a longer-term ambition of selectively developing a leading-edge position in a number of areas. The Trust follows a detailed three-year implementation roadmap, alongside the Sustainability Plan to achieve the objectives.

Sustainability Commitment

In addition to adhering to environmental laws and regulations, Primaris is committed to achieving its business objectives, while acting in a manner consistent with its core values and commitment to best practices. This includes consideration of the impacts that its assets have on the environment and the communities where they operate, as well as fostering strong relationships with employees, tenants, transaction counterparties and investors.

Material Sustainability-Related Risks and Opportunities

The sustainability materiality assessment, conducted in 2022 and reviewed in 2025, identified the inherent sustainability-related risks and opportunities that need to be managed by Primaris. In the sustainability materiality assessment, the definition of material is based on whether or not the information would affect financial decisions by capital market participants if the information was omitted or misstated. Material sustainability factors that are currently impacting, or have the potential to impact, company value, performance or access to capital within the short term and are likely to remain financially material over longer timeframes are considered core to the Sustainability Plan.

The Trust's material sustainability risk and opportunity factors are organized under the key elements, Environmental, Social and Governance as follows:

Environment	Social	Governance
Reduce the environmental footprint and use resources efficiently	Be an inclusive employer and landlord of choice, and provide community gathering places	Integrate sustainability into strong governance and disclosure practices
Energy management ^c	Tenant relations ^c	Business ethics and transparency ^c
GHG ¹ emissions and climate change ^c	Employee relations ^c	Supply chain
Water and waste management	Community relations	
Tenant sustainability impacts		
Green buildings		

^c Core sustainability factors

¹ Greenhouse gas ("GHG")

The Sustainability Plan is aligned with Primaris' business objectives and supports long-term value creation. The table below illustrates the alignment between the Trust's sustainability-related risks and opportunity factors with the three key pillars which underlay its strategy.

Sustainability Governance Structure and Systems

The success of the Sustainability Plan relies on commitment and oversight from the Board. The CG&N Committee oversees and monitors Primaris' performance against the Sustainability Plan.

The CG&N Committee is responsible for overseeing management's identification and assessment of social and sustainability matters as well as climate-related issues, including, but not limited to, monitoring the Trust's progress on integrating its material sustainability risk and opportunity factors and climate-related factors into business strategy and decision making, and adopting sustainability and climate-related policies. Two members of the Board attend management's regularly scheduled sustainability management committee meetings to gain insight into implementation

of sustainability initiatives under the Sustainability Plan and assess the potential for the advancement of the strategy, policies and practices. The Chair of the CG&N Committee and the Chief Financial Officer lead the sustainability management committee which is comprised of senior leaders across the organization. The Board's ability to provide effective oversight is supported by the Trust's governance structure and processes.

Sustainability Plan Targets

In 2024, as part of Primaris' Sustainability Plan, the Trust developed targets informed by the material sustainability factors and their link to key performance indicators. These targets represent a further demonstration of Primaris' sustainability commitment. The table below illustrates the Trust's sustainability targets and progress to date.

Next Steps

In 2026, Primaris will be focused on:

- Developing decarbonization plans, aligned to TCFD, to achieve the Trust's GHG emissions reduction target;
- Developing an operational plan and budget for reducing climate exposure;

Sustainability is an essential component in Primaris' overall strategy from both risk mitigation and opportunity optimization standpoints. For more information on the Trust's Sustainability Plan, see the 2025 Sustainability Report, published in December 2025, available on the sustainability section on Primaris' website found [here](#). This section of this Circular, titled "Sustainability Issues", may contain forward-looking information within the meaning of applicable securities legislation which reflects the Trust's current expectations regarding future events. Although the REIT believes that the expectations reflected in such forward-looking information are reasonable, assessing forward-looking sustainability metrics and risks, in particular climate metrics and risks, is more complex and longer-term in nature than traditional business metrics and risks. The information in this section reflects what the REIT believes is the best available data. The Trust's ability to achieve its sustainability goals is based on a number of assumptions and is subject to a number of risks and uncertainties, many of which are beyond the Trust's control, that could cause actual results and events to differ materially from those that are disclosed in or implied by such forward-looking information and may require the Trust to adjust its sustainability initiatives, activities or plans to reflect a changing landscape.

The REIT uses certain operating metrics to monitor and measure the operational performance of its portfolio. Operating metrics in this Circular include, among others, liquidity, gross leasable area ("GLA"), in-place occupancy, weighted average net rent per occupied square foot and commercial retail unit ("CRU") annual sales volume. Certain of these operating metrics, including weighted average net rent per occupied square foot and CRU annual sales volume, may constitute supplementary financial measures as defined in NI 52-112. For an explanation of the composition of liquidity, see Section 10.2, "Liquidity and Unencumbered Assets" of the MD&A. (D) any reason which would be considered to be constructive dismissal except any change resulting directly and primarily from the REIT ceasing to be a publicly traded REIT.

“LTIP” or **“Long-Term Incentive Program”** means a performance-based discretionary annual grant of equity that vests over a period of years with the intention of aligning the NEO’s longer term interests with those of the REIT’s Unitholders.

“NEOs” or **“Named Executive Officers”** means each of the following individuals: (a) CEO; (b) CFO; (c) each of the three most highly compensated executive officers of the REIT, including any of its subsidiaries, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000, for that financial year; and (d) each individual who would be a NEO under paragraph (c) but for the fact that the individual was neither an executive officer of the company or its subsidiaries, nor acting in a similar capacity, at the end of that financial year.

“STIP” or **“Short-Term Incentive Program”** means a performance-based discretionary annual cash bonus.

“Termination Date” means the date of termination of a NEO's active employment with the REIT or a related entity of the REIT, being the earlier of the date on which the NEO ceases to render services to the REIT or related entity of the REIT, as applicable, and the date on which the REIT or a related entity of the REIT, as applicable, delivers notice of the termination of the NEO's employment to him or her, whether such termination is lawful or otherwise, without giving effect to any period of notice or compensation in lieu of notice, but not including a NEO's absence from active work during a period throughout which he or she remains employed, provided that in the case of a NEO who does not return to active employment with the REIT or a related entity of the REIT immediately following such period, such cessation shall be deemed to occur on the last day of such period.

Summary of Executive Compensation Program:

The REIT's executive compensation program is summarized below:

- The executive compensation program is determined by the Board of Trustees based on the advice and recommendations of the CG&N Committee. The CG&N Committee is responsible for the design and evaluation of the REIT's executive compensation program which is designed to drive strategic goals in the short and long-term, align management interests with the interest of Unitholders and attract, retain, motivate and reward top talent on the basis of individual and business performance. In other words, the program links executive compensation with the REIT's performance as a whole;
- A performance-based approach is followed that is composed of base salary, short-term awards, long-term incentives and pension contributions;
- A large portion of Named Executive Officer's compensation was "at risk" in 2025 and linked to a combination of individual and corporate performance based goals relating to the REIT;
- All Named Executive Officers are subject to minimum equity ownership requirements;
- The REIT periodically engages an independent consulting firm, Hugessen Consulting Inc. ("**Hugessen**"), to provide competitive compensation data to the REIT and the REIT considers this data in making compensation decisions;
- The REIT evaluates its executive compensation program and market reference groups on an annual basis to ensure that they align with its business strategy and the long-term interests of Unitholders;
- While the REIT has a Unit Option Plan (the "Unit Option Plan"), the REIT has decided to forego issuing options as a form of executive compensation. Instead, the REIT issues Incentive Units to Named Executive Officers pursuant to the Incentive Unit Plan; and
- The REIT has a compensation Clawback Policy for senior management.

Compensation Discussion And Analysis

Compensation Philosophy

The Board believes that the CG&N Committee has the knowledge, experience and background required to fulfill its mandate for the design and evaluation of the REIT's executive compensation program. The committee members are knowledgeable in areas such as human resources, talent management, governance, risk, public company leadership and board experience. Additional information relating to composition, qualifications and mandate of the CG&N is included under "Committees of the Board - Compensation, Governance and Nominating Committee". The CG&N Committee annually reviews and approves the compensation strategy and policies for executive officers, including the apportionment of pay between fixed compensation and performance-based compensation.

The Compensation Discussion and Analysis describes the approach taken by the CG&N Committee with respect to compensation in 2025.

Compensation Program

The following provides an overview of the REIT's compensation program in place for 2025 as it relates to officers and employees of the REIT:

1. The REIT's compensation is aimed at attracting and retaining top talent, motivating and rewarding excellent performance and promoting our values (respect, empowerment, integrity, teamwork, accountability - the REIT's "REITA values").
2. The components of compensation under our approach include: base salary, short-term incentives, long-term incentives and pension contributions.
3. Compensation is based on performance, with a large portion of compensation "at risk" and linked to a combination of individual and corporate goals.
4. Long-term incentives are used to align management's performance with retention and creation of positive Unitholder value.
5. Our compensation program aims to provide compensation rewards that are competitive within the relevant market for talent; actual payouts may be above or below the average of the REIT's comparator group based on individual performance and overall performance of the REIT.
6. Performance incentives are linked directly to measurable goals and consistent with the REIT's "pay for performance" philosophy.
7. The REIT promotes and protects Unitholder interests by requiring all Named Executive Officers and Senior Vice Presidents to abide by the REIT's Minimum Unit Ownership Guidelines.
8. The REIT will continue to evaluate its compensation program design and peer groups on an ongoing basis to ensure it continues to reflect the REIT's business, competitive environment and Unitholder interests.

PRIMARIS REAL ESTATE INVESTMENT TRUST

Management Information Circular

Principal Elements of Compensation

In determining the mix and relative weighting of base salary and short-term incentives versus long-term incentives, the REIT considers the appropriate proportion of compensation that should be “at risk” based on the individual’s ability to affect and influence the REIT’s short and long-term results and advance the REIT’s strategy. In general, the proportion of total pay delivered through “at risk” compensation increases directly with the individual’s level of seniority with the REIT. The CG&N Committee believes that this mix and weighting aligns the interests of management with those of Unitholders, providing significant incentives for superior performance while attracting and retaining top talent to manage the REIT.

The 2025 compensation of the REIT’s management reflects a balanced approach which includes immediate, short-term and long-term incentives. Compensation consists of four key elements:

1. Base Salary

Base salaries have been established at levels that are competitive with the peer companies, with due consideration of differences in the total compensation packages offered by such other entities, including option entitlements, bonus entitlements and pension entitlements. Base salaries have been determined by the CG&N Committee for all NEOs based on an assessment of various factors, which include the executive officer’s past performance, experience, level of responsibility, internal equity, market competitiveness and the importance of the position to the REIT and taking into consideration terms of the NEO’s previous employment. Base salaries will typically be reviewed by the CG&N Committee on an annual basis, with changes being at the sole discretion of the CG&N Committee.

The following table sets out the base salary for 2025 and the increase in base salary from 2024 for each NEO:

NEO	2025 Base Salary	Increase from 2024
Alex Avery	\$772,500	—%
Patrick Sullivan	\$772,500	—%
Raghunath Davloor	\$386,250	—%
Mordecai Bobrowsky	\$390,827	5.0%
Leslie Buist	\$383,383	3.0%

2. Short-Term Incentives

The CG&N Committee aligned the 2025 STIP for executive officers with the objective performance measures formalized in 2022. The payout range of the formalized STIP is 0% at a minimum and 175% at maximum, as a percentage of target. The maximum of the payout range of the formalized STIP was increased in 2025 to add additional risk. There are four categories of target performance measures as depicted below. The weightings for each category vary among the executive officers.

3. Long-Term Incentives

Long-term incentives are provided through the grant of Performance Trust Units (“PTUs”), Restricted Trust Units (“RTUs”) and DTUs under the Incentive Unit Plan. The CG&N Committee considers the LTIP mix for executive officers at the time of each grant. LTIP grants are made on a discretionary basis by the Board based on a recommendation from the CG&N Committee. This program is intended to retain executives, within the parameters set out in their employment contracts, and to induce and reward behaviour that creates long-term value for Unitholders by aligning the interests of executives with those of Unitholders.

A description of the terms of the Incentive Unit Plan and Restricted Unit Plan can be found under the heading “Equity Plans - Incentive Unit Plan and Restricted Unit Plan” in this Circular.

While the determination of LTIP award amounts is at the discretion of the Board, management and the Board believes compensation should be variable and reflect the execution and performance of management.

LTIP Results Achieved

The 2025 LTIP grant, awarded in February 2025, was granted at target. The grant price of the 2025 LTIP award was \$15.431 per unit. The CG&N Committee recommended these awards to reflect the significant effort that management expended to execute on its strategic priorities. In 2024, the REIT's third year of operations, notable accomplishments included completing the acquisition of Les Galeries de la Capitale and substantially completing the acquisition of two more properties, progressing the disposition strategy for non-core assets, issuance of \$500 million unsecured debentures, extending the term of the unsecured syndicated revolving credit facility, completion of the GRESB submission, publication of the second annual ESG report and strong financial and operating results that supported an increase to the REIT's distribution per unit in December 2024.

Restricted Trust Unit Awards

The CG&N Committee grants RTUs under the Incentive Unit Plan, which represent the right to receive, at the discretion of the Board, either Units (including accrued distribution equivalents) or a cash payment having an equivalent market value to the Units subject to the award when the RTUs vest. RTUs vest 1/3 on each of the first three annual anniversaries. Grants after January 1, 2025, to the Chief Executive Officer, the President and Chief Operating Officer, and the Chief Financial Officer, vest on the third calendar year anniversary of the grant date.

Deferred Trust Unit Awards

The CG&N Committee grants DTUs under the Incentive Unit Plan, which represent the right to receive, at the discretion of the Board, either Units (including accrued distribution equivalents) or a cash payment having an equivalent market value to the Units subject to the award. DTUs granted to executives vest immediately and may only be redeemed following a Termination Date.

Performance Trust Unit Awards

The CG&N Committee grants PTUs under the Incentive Unit Plan, which represent the right to receive, at the discretion of the Board, either Units (including accrued distribution equivalents) or a cash payment having an equivalent market value to the Units subject to the award when such PTUs vest (after taking into account the applicable performance multiplier) at the end of the third calendar year following the grant date.

Certain New Compensation Matters for 2026

In February 2026, the REIT adopted an Escrow Trust Unit Plan (the “**ETU Plan**”) which provides for the grant of escrow trust units (“**Escrow Trust Units**” or “**ETUs**”) to employees of the REIT. Employees authorized to receive RTUs pursuant

PRIMARIS REAL ESTATE INVESTMENT TRUST

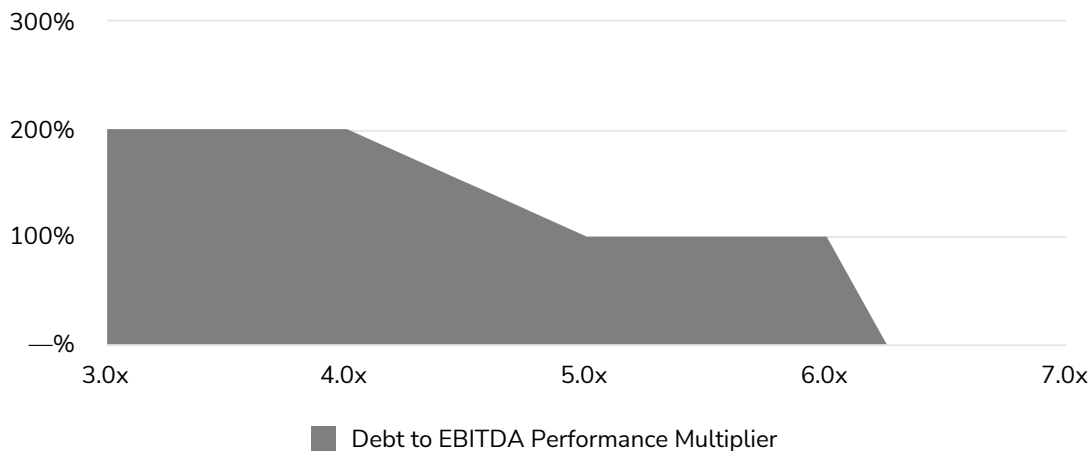

Management Information Circular

to the Incentive Unit Plan will have the ability to receive ETUs in lieu of such RTUs. A description of the terms of the ETU Plan can be found under the heading "Equity Plans - "Escrow Trust Unit Plan" in this Circular.

The CG&N Committee has established criteria for performance-related LTIP awards beginning in 2023 and revised and reviewed the criteria in 2024. The performance measures underlying the PTUs are based on the following two metrics:

1. The PTU award is 75% performance-weighted to the achievement of total Unitholder return ("TUR") relative to the median total unitholder return of a performance peer group; and
2. The PTU award is 25% performance-weighted to the ratio of Average Net Debt** to Adjusted EBITDA**⁸.

Average Net Debt to Adjusted EBITDA
Performance Multiplier**

Performance Peer Group:

The REIT's comparator group ("Performance Peer Group") was selected due to the similarity in nature of the REIT in respect of business and investor bases. The Performance Peer Group was revised in 2024, following an extensive review of the REIT's executive compensation plan. The Performance Peer Group is comprised of the following real estate investment trusts and funds:

Performance Peer Group	
Choice Properties REIT	Crombie REIT
CT REIT	First Capital REIT
RioCan REIT	Plaza REIT
iShares S&P/TSX Capped REIT Index ETF	SmartCentres REIT

A performance multiplier of 0% to 200% of target is applied to determine the final number of vested PTUs interpolated based on a performance range from -10% to +10% of the median total Unitholder return. The 200% multiplier would be applied if the REIT's total Unitholder return is 10% or more, above the median total Unitholder return of the Performance Peer Group. A 0% multiplier would be applied if the REIT's total return is 10% or more below the median total Unitholder return of the Performance Peer Group. PTUs vest on the third anniversary of the grant date.

4. Pensions

Employees of the REIT, including NEOs, have a defined contribution pension plan as part of their compensation package. Contributions to the defined contribution pension plan are vested and locked-in based on either the completion of one year of continuous membership in the plan, or the minimum time required by the applicable legislation of the member's jurisdiction. The normal retirement age is 65; however, the pension can be deferred up until age 71 or such other age according to applicable legislation. Early retirement may occur up to ten years preceding the normal retirement date. Employment must cease prior to electing early retirement. If a member dies prior to terminating employment or retirement, a death benefit may be paid to the survivor or designated beneficiary.

The REIT contributes 6.0% of a NEO's base salary to their pension plan and matches any NEO contributions up to a maximum of 2.0%.

Supplemental Employee Retirement Plan

Contributions to a Registered Pension Plan are limited to 18.0% of earned income in the previous year up to a prescribed annual dollar limit under the *Income Tax Act* (Canada), which limits pension plan contributions for senior management who earn over a certain income level. To overcome the prescribed annual dollar limit and to provide senior management with eligibility for maximum pension plan contributions of up to 18.0% of their earned income in the previous year, the REIT has established a Supplemental Employee Retirement Plan ("SERP"). If a participant reaches the prescribed annual dollar limit for the REIT's defined contribution pension plan, any excess may be notionally allocated to their SERP account.

PRIMARIS REAL ESTATE INVESTMENT TRUST

Management Information Circular

When a member leaves or retires from the REIT, they will have the option of receiving their SERP account balance, if vested, in one of the following ways:

1. 100% of the account balance paid out immediately in a lump sum; or
2. 100% of the account balance paid out in a lump sum in the second or third year after termination or retirement; or
3. equal payments over 3 years.

These funds will be subject to income tax upon payment.

A participant who becomes disabled and qualifies for benefits under the Long Term Disability Plan of the REIT will continue to participate in the SERP, on the same terms as the defined contribution pension plan, as long as they continue to receive disability benefits, or until they reach age 65, whichever comes first.

SERP contributions are vested in the same manner as contributions to the defined contribution pension plan.

In the event of the death of a member, vested value of the member's SERP shall be distributed to their spouse. If the member does not have a spouse, it will be distributed to their designated beneficiary of the defined contribution pension plan, or to the member's estate if they have neither a spouse nor a designated beneficiary.

Clawback Policy

The Board may, at the recommendation of the CG&N Committee, seek reimbursement of STIP or LTIP, upon the occurrence of the following events:

1. Restatement of Financial Statements: (a) the consolidated interim or annual financial statements of the REIT are required to be restated and such restatement discloses materially poorer financial results than the original statements; or (b) the STIP or LTIP payment received, as applicable, would have been lower had the financial results been properly reported; or
2. Material impact: (a) in the opinion of the CG&N Committee, acting reasonably, there has been material injury to the REIT's reputation or business relationships; and (b) the participant engaged in gross negligence, intentional misconduct or fraud that caused or partially caused such material injury (either event as stated in (1) or (2) being an "Adverse Event").

Notwithstanding the foregoing, any amount recovered, cancelled or recouped pursuant to the policy will not exceed, in the case of (i) a restatement of the financial statements of the REIT, the amount by which the compensation paid based on the inaccurate financial results exceeds the compensation that would have been payable under the accurate financial results, and (ii) a material injury to the REIT's reputation or business relationships, the amount by which the compensation paid exceeds the compensation that would have been payable at such time had the material injury to the REIT's reputation or business relationships been known at such time. Only STIP and LTIP compensation awarded in the 24 months prior to the Adverse Event may be recovered, cancelled or recouped pursuant to the policy.

Minimum Unit Ownership Guidelines for Executive Officers

Minimum Unit Ownership Guidelines have been established for executive officers to set out unit ownership guidance, which will enhance the alignment of the interests of executive officers of the REIT with Unitholders.

Executive officers of the REIT are required to own Units having minimum values as follows:

- Chief Executive Officer: Value equal to five times the gross amount of their annual base salary.
- President & Chief Operating Officer: Value equal to three times the gross amount of their annual base salary.
- Chief Financial Officer: Value equal to two times the gross amount of their annual base salary.
- Senior Vice President, Legal and Senior Vice President, Finance: Value equal to one and a half times the gross amount of their annual base salary.

PRIMARIS REAL ESTATE INVESTMENT TRUST

Management Information Circular

Executive officers have until three years following their date of hire to achieve this level of Unit ownership.

If an executive officer becomes subject to a greater ownership amount, due to promotion or an increase in base salary, the executive officer is expected to meet the higher ownership threshold within two years.

Unit ownership for the purpose of these guidelines includes the following (i) Units owned directly, including Units deliverable upon settlement of RTUs, PTUs or other similar full value awards; and (ii) Units owned indirectly, if the executive officer has an economic interest in the Units, such as Units held in trust for the benefit of the executive officer.

Unit ownership does not include Units underlying options or otherwise subject to a right to acquire, except to the extent expressly provided above.

Unit prices are subject to market volatility. The Board believes that it would be unfair to require an executive officer to buy more Units simply because the Unit price drops temporarily. Once an executive officer has attained the level of unit ownership prescribed by these guidelines, the executive officer is not required to increase their holdings to reflect subsequent fluctuations in the market price of the Units which may have caused a decrease in the value of such holdings.

In the event there is a significant decline in the Unit price that causes an executive officer's holdings to fall below the applicable threshold, the executive officer may not sell or transfer any Units until the threshold has again been achieved.

Compliance with these guidelines is evaluated on an annual basis.

Trading in Securities

The REIT's Insider Trading Policy prohibits the Trustees, officers and employees of the REIT or its subsidiaries and certain entities over which any of the above-mentioned individuals exercise control or direction (the "REIT Personnel") from trading in securities of the REIT if they have knowledge of (i) a change in the business, operations or capital of the REIT that would reasonably be expected to have a significant effect on the market price or value of the securities of the REIT, (ii) a fact that significantly affects, or would reasonably be expected to have a significant effect on, the market price or value of the securities of the REIT, or (iii) any information that could affect the decision of a reasonable investor to buy, sell or hold securities of the REIT, in each case, which has not been generally disclosed to the public (collectively, "Inside Information"). The REIT Personnel are also prohibited from communicating Inside Information to any person unless such disclosure is in the necessary course of the REIT's business, compelled by law, or otherwise made in accordance with the REIT's Insider Trading Policy.

REIT Personnel are also prohibited from speculating in securities of the REIT, buying the REIT's securities on margin, short selling a security of the REIT or entering into any other arrangement that results in a gain only if the value of the REIT's securities declines in the future, selling a "call option" or buying a "put option", and purchasing financial instruments, including prepaid variable forward contracts, equity swaps, collars, or units of exchange funds that are designed to hedge or offset a decrease in market value of securities of the REIT held, directly or indirectly, by REIT Personnel, including equity securities granted as compensation.

Compensation Consultant

In 2025 and 2024, at the direction of the CG&N Committee the REIT engaged Hugessen as a compensation consultant. Hugessen was first retained by the REIT in 2021.

Compensation Governance and Risk Management

The Board believes that the executive compensation program does not raise the REIT's risk profile. The Board is committed to good compensation governance that promotes the long-term interests of Unitholders and have delegated governance of the REIT's executive compensation policies and practices to the CG&N Committee.

The Board annually reviews the major risks faced by the REIT, as defined and provided in the REIT's most recent Annual Information Form and MD&A. The annual risk review also considers the REIT's compensation philosophy, pay mix, incentive plans and performance measures and the Minimum Unit Ownership Guidelines. The mix of these items and their overall balance form the basis of the risk review.

Management Information Circular

The following section sets out the policies and practices that support risk mitigation and effective oversight of management and the REIT.

	What We Do		What We Don't Do
✓	Incorporate risk management principles into all decision-making processes and ensure the compensation programs do not encourage inappropriate or excessive risk-taking.	✗	Grant incentive awards when performance does not meet REIT's goals.
✓	Expenditure authority limits are established for REIT management.	✗	Guarantee increases in compensation in executive employment agreements.
✓	Enforce anti-hedging policy that prohibits insiders from speculating on, short-selling, buying "put options" on or selling "call options" on, securities of the REIT. Also prohibited is the purchase of financial instruments, including prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in the market value of securities of the REIT including equity securities granted as compensation.	✗	Gross up executive compensation, including perquisites or incentive awards, to account for withholding of tax.
✓	Enforce insider trading policy and reporting guidelines, which restrict insiders and others who have a special relationship with the REIT from trading in REIT securities on material undisclosed information or during blackout periods. Insiders must pre-clear transactions before carrying out a trade in REIT securities.	✗	Make loans to Trustees or executives.
✓	Appoint a CG&N Committee of independent Trustees that have the necessary skills, knowledge and experience to carry out its responsibilities effectively.		
✓	Retain independent experts to advise on compensation matters.		
✓	Annually review the executive compensation program to ensure continued regulatory compliance and alignment with Unitholder interests and sound risk management and governance principles.		
✓	Targets for the STIP and LTIP are set within the REIT's risk profile and provide sufficient incentive for NEOs to achieve the REIT's goals and objectives.		
✓	Benchmark executive compensation and incentive plans against peer companies similar to the REITs.		
✓	Review related party transactions using a written protocol with oversight by independent Trustees.		
✓	Enforce compliance by all employees and Trustees with the Code of Conduct that sets out standards of business conduct to deter wrongdoing, protect the REIT's assets and confidentiality, avoid conflicts of interest and promote responsible behaviour and a positive work culture.		
✓	Set minimum unit ownership guidelines to ensure alignment between executive officers and the Unitholders (minimum unit ownership guidelines are not just applicable for NEOs).		
✓	Clawback Policy mitigates risk taking related to fraud or misstatement of financial results.

The graph below compares the REIT's cumulative total Unitholder return on a \$100 investment in Units on January 4, 2022 (the date the Units began trading on the TSX), with the cumulative total returns of the S&P/TSX Composite Index and the S&P/TSX Capped REIT Index. The graph assumes all dividends/distributions are reinvested.

4-year Cumulative Unitholder Total Return

The REIT's executive compensation plan is designed to include a substantial component of deferred compensation in the form of RTUs and PTUs to align executive compensation with Unitholder returns over multi-year periods. Realized compensation is a function of both total Unitholder return and relative total Unitholder return as compared to the REIT's Performance Peer Group. The REIT's compensation plan evaluates total Unitholder returns on a calendar year basis, while granting and vesting dates lag calendar years and are tied to the Board's review and financial reporting dates. This compensation plan evaluates executive compensation which causes a partial lag for unitholder returns.

EQUITY PLANS

Incentive Unit Plan

Under the Incentive Unit Plan, any Trustee, consultant or officer or employee of the REIT or any related entity of the REIT (or any permitted assign thereof) may be granted (a “**Grant**”) at the discretion of the Board, the right to receive incentive units (“**Incentive Units**”), with each Incentive Unit consisting of either a PTU, a RTU or a DTU, each representing the right to receive one Unit or the market value thereof. Incentive Units vest either; (i) in the case of PTUs, after the attainment of certain performance conditions, (ii) in the case of RTUs, after a continuous period of employment, or (iii) in the case of DTUs granted in respect of the Minimum Amount on year following their grant, while DTUs granted as Elected Amount DTUs and Gross-Up DTUs are granted on a vested basis. The specific vesting conditions for each Incentive Unit will be determined by the Board.

The maximum number of Units which may be issued in connection with the Incentive Unit Plan is 2,500,000. No one participant (a “**Participant**”) may receive any Grant which, together with all Grants then held by such Participant, would permit such Participant to be issued a number of Units which is greater than 1% of the total outstanding voting Units. In addition; (i) the number of Units issuable to insiders of the REIT at any time, under all security-based compensation arrangements of the REIT, shall not exceed 10% of the total outstanding voting Units, (ii) the number of Units issued to insiders of the REIT, within any one-year period, under all security-based compensation arrangements of the REIT shall not exceed 10% of the total outstanding voting Units, and (iii) the aggregate grant date fair value of grants to each Non-Executive Trustee under the Incentive Unit Plan and all other security based compensation arrangements of the REIT, within each calendar year, in each case made other than in lieu of cash fees, shall not exceed \$150,000.

The number of PTUs, RTUs or DTUs granted is determined by the LTIP award amount divided by the market price of a Unit. The “**Market Price**” in respect of Units generally means the average of the daily average of the high and low board lot trading prices of Units on the TSX for the five consecutive trading days immediately preceding such date.

Subject to the terms of the Incentive Unit Plan, RTUs and PTUs shall be settled upon or as soon as reasonably practicable following the vesting thereof. The settlement will be in cash, Units issued by the REIT, or any combination thereof, as determined by the Board, unless otherwise specified in the applicable grant agreement. In the case of DTUs, subject to the terms of the Incentive Unit Plan and the grant agreement, if any, DTUs shall settle following the Trustee's termination of employment with the REIT and all related entities of the REIT. Vested DTUs shall be settled in newly issued Units or, at the election of the Participant, through a cash payment equal to the market price at the applicable entitlement date multiplied by the number of vested DTUs being settled. Settlement of Incentive Units in Units shall be made by delivery of one Unit issued by the REIT for each such whole Incentive Unit then being settled. Settlement of Incentive Units in cash shall generally be made by payment to the Participant of an aggregate amount equal to the product of the Market Price of a Unit on the applicable settlement date specified by the Board multiplied by the number of Incentive Units then being settled. Fractional Incentive Units shall be settled by way of a cash payment determined on the basis set out above.

Vesting conditions in respect of a Grant are determined by the Board and, in the case of PTUs, may result in the vesting of more or less than 100% of the number of Incentive Units included in a Grant at the time the Grant is made. A grant agreement relating to a Grant of Incentive Units may, but need not, provide for the accrual of distribution equivalent amounts for the account of the Participant or the payment of cash distribution equivalents to a Participant with respect to cash distributions paid in the ordinary course to Unitholders in respect of outstanding units. In the event of a “Change in Control” (as defined below) prior to the end of the vesting period relating to a Grant, and subject to the terms of a Participant's written employment agreement with the REIT or any related entity of the REIT and the grant agreement in respect of the Grant, the Board may determine, in their sole discretion, that all Incentive Units that have not previously

PRIMARIS REAL ESTATE INVESTMENT TRUST

vested shall become vested Incentive Units on the effective date of the Change in Control, as provided in the Incentive Unit Plan.

A “Change of Control” for the purposes of the Incentive Unit Plan means: (a) the issuance to, or acquisition by any person, or group of persons acting in concert, directly or indirectly, including through an arrangement or other form of reorganization, of voting Units which in the aggregate carry 50.1% or more of the total voting rights under all of the then issued and outstanding voting Units; (b) the sale of all or substantially all of the assets of REIT or (c) an event that the Board determines to be a Change in Control for the purposes of the Incentive Unit Plan.

The Board has the authority to determine the terms and conditions of grant agreements entered into in connection with Grants granted to any Participant, including, without limitation: (a) the type of Incentive Unit, (b) the number of DTUs, RTUs, or PTUs subject to a Grant, (c) the vesting period(s) applicable to a Grant, (d) the conditions to the vesting of any Incentive Units, any multiplier that may apply to Incentive Units subject to a Grant in connection with the achievement of vesting conditions, the performance period for PTUs and the conditions, if any, upon which vesting of any Incentive Unit will be waived or accelerated without any further action by the Board, (e) the circumstances upon which an Incentive Unit shall be forfeited, cancelled or expire, (f) the consequences of termination with respect to an Incentive Unit, (g) the manner and time of exercise or settlement of vested Incentive Units, (h) whether and the terms upon which any Units delivered upon exercise or settlement of an Incentive Unit must continue to be held by a Participant for any specified period, (i) and whether and the extent to which any performance conditions or other criteria applicable to the vesting of an Incentive Unit have been satisfied or shall be waived or modified. The number of Incentive Units to be covered by each Grant shall be determined by dividing the dollar amount allocated to a Participant for such Grant by the market price of a Unit as at the specified valuation date for such Grant, rounded up to the next whole number.

Subject to the “Change in Control” provisions under the Incentive Unit Plan, the terms of the relevant Participant’s employment agreement, and the grant agreement in respect of the Grant, in the event that a Participant’s employment is terminated without cause or the Participant dies or experiences a disability prior to the end of a vesting period relating to a Grant, such Participant’s RTUs or PTUs will thereupon become vested in an amount equal to:

- (a) in the case of RTUs, the product of: (i) total number of RTUs relating to such Grant that have not previously vested and distribution equivalent RTUs in respect of such RTUs, multiplied by (ii) a fraction, the numerator of which is the total number of months between (A) the first day of the vesting period relating to such Grant, or if the RTUs are subject to more than one vesting date during the vesting period, the most recent vesting date of RTUs included in such Grant that precedes the Participant’s date of termination, date of death or date of disability, as the case may be, and (B) the Participant’s date of termination, date of death or date of disability, as the case may be (rounded up to the nearest whole number of months), and the denominator of which is the total number of months in the relevant vesting period (rounded up to the nearest whole number of months);
- (b) in the case of PTUs, the product of: (i) the total number of PTUs relating to such Grant that have not previously vested and distribution equivalent PTUs in respect of such PTUs that would have vested assuming the Participant was employed by the REIT or any related entity of the REIT until the end of the applicable vesting period (and, for greater certainty, taking into account the extent to which the performance conditions applicable to such Grant of PTUs were achieved), multiplied by (ii) a fraction, the numerator of which is the total number of months between (A) the first day of the vesting period relating to such Grant, or if the PTUs are subject to more than one vesting date during the vesting period, the most recent vesting date of PTUs included in such Grant that precedes the Participant’s date of termination, date of death or date of disability, as the case may be, and (B) the Participant’s date of termination, date of death or date of disability, as the case may be (rounded up to the nearest whole number of months), and the denominator of which is the total number of months in the relevant vesting period (rounded up to the nearest whole number of months).

PRIMARIS REAL ESTATE INVESTMENT TRUST

Management Information Circular

Subject to the terms of a Participant's written employment agreement and the grant agreement in respect of a Grant, in the event a Participant's employment is terminated for cause or if the Participant resigns, no Incentive Units which have not vested and settled prior to the date of the Participant's termination or resignation, as the case may be, including distribution equivalent Incentive Units in respect of such Incentive Units, shall vest, and all such unvested Incentive Units shall be forfeited immediately.

In keeping with good governance practices and to facilitate the orderly retirement of Trustees, a Trustee's unvested Incentive Units, together with any distribution equivalent Incentive Units in respect thereof, shall become vested in the circumstance where such Trustee ceases to be a Trustee prior to the end of a vesting period relating to a Grant, as it would facilitate the orderly retirement of Trustees, who will no longer have to consider giving up unvested compensation in order to retire.

A Participant may assign their Incentive Units to specified permitted assigns, including, but not limited to, a trustee, custodian, or administrator acting on behalf of, or for the benefit of the Participant, a holding entity of the Participant, an RRSP or a RRIF of the person and a spouse of the Participant. Subject to the requirements of applicable law, a Participant may designate a beneficiary, in writing, to receive any benefits that are payable under the Incentive Unit Plan upon the death of such Participant. The Participant may, subject to applicable law, change such designation from time to time.

The Incentive Unit Plan and any Grants made pursuant thereto may be amended, modified or terminated by the Board without approval of Unitholders. Notwithstanding the foregoing, the Incentive Unit Plan or any Grant may not be amended without Unitholder approval to: (a) increase the number of Units issuable on settlement of outstanding Incentive Units at any time; (b) permit a Participant to transfer or assign Incentive Units to a new beneficial holder other than as set forth in certain specified circumstances; (c) increase the number of Units that may be issued or issuable to insiders above the restrictions previously outlined; (d) extend the term of an Incentive Unit or any rights pursuant thereto held by an insider beyond its original vesting date; (e) increase the value of Incentive Units or other units or options granted to any one Non-Executive Trustee within each calendar year, above certain restrictions specified in the Incentive Unit Plan; (f) add additional categories of Participants; or (g) amend the amendment provisions of the Incentive Unit Plan. The Board may, without approval of holders of units but subject to receipt of requisite approval as required by the TSX, make all other amendments to the Incentive Unit Plan that are not of the type contemplated above including, without limitation, amendments of a housekeeping nature or a change to the vesting provisions of an Incentive Unit or the Incentive Unit Plan, provided that no amendment to the Incentive Unit Plan or Grants pursuant thereto may be made without the consent of a Participant, if it adversely alters or impairs the rights of the Participant in respect of any Grant previously granted to such Participant under the Incentive Unit Plan, except that Participant consent shall not be required where the amendment is required for purposes of compliance with applicable law.

In addition, all Grants of Incentive Units are subject to the REIT's Clawback Policy. See "Clawback Policy" above.

In February 2025, the Board, on the recommendation of the CG&N Committee, amended the Incentive Unit Plan (the "Incentive Unit Plan Amendments") to: (i) increase the overall maximum number of Units issuable under the Incentive Unit Plan from 1,250,000 to 2,500,000; (ii) (A) clarify and provide that the aggregate grant date fair value of grants to each Non-Executive Trustee under the Incentive Unit Plan and all other security based compensation arrangements of the REIT, within each calendar year, in each case made other than in lieu of cash fees, shall not exceed \$150,000, and (B) remove the restriction on the total number of Units issuable to Non-Executive Trustees, under all security based compensation arrangements of the REIT, from exceeding 1% of the total outstanding voting units of the REIT; (iii) make revisions to the amendment provision in the Incentive Unit Plan corresponding to the changes in (ii); and (iv) confirm that Units covered by grants settled or surrendered for cash, or terminated, forfeited or cancelled be available for issuance pursuant to the settlement of subsequent grants under the Incentive Unit Plan. At the 2025 AGM the Unitholders approved the Incentive Unit Plan Amendments.

Escrow Trust Unit Plan

On February 23, 2026, the Trustees, on recommendation of the CG&N Committee, resolved to establish the ETU Plan. The ETU Plan provides for the award of ETUs to certain employees selected by the Trustees. Units underlying ETU Plan will be purchased in the open market and held by an independent custodian on behalf of the applicable employee until vesting and the expire of the applicable disposition restrictions. Therefore, the employee has the rights of a holder of Units with respect to ETUs in their personal account, including the right to vote the Units and receive all distributions paid thereon.

ETUs have multi-year disposition restriction periods encouraging employees to think and act with a clear focus on long-term value creation. Disposition includes any sale, pledge or disposition of the ETUs, except as otherwise permitted in the ETU Plan and corresponding instruments of grant.

ETUs vest in equal one-third installments on each of the first, second and third anniversaries of the grant date. Once the ETUs have vested, they are no longer subject to forfeiture, but remain subject to a disposition restriction until six years following the grant date.

ETUs require an out-of-pocket investment at the time of grant as employees are required to pay income tax on the value of the ETUs at the time of grant. Employees authorized to receive RTUs pursuant to the Incentive Unit Plan will have the ability to receive ETUs in lieu of such RTUs.

The ETU Plan contains provisions for various termination events as outlined in the following chart:

The Unit Option Plan

On February 28, 2023, the Trustees, on recommendation of the CG&N Committee, resolved that no further options will be granted under the Unit Option Plan as these securities are not aligned with the REIT's compensation philosophy. No options have been granted under the Unit Option Plan since the December 31, 2021 spin-out of the REIT. A description of the Unit Option Plan is disclosed below. There are outstanding options issued under the Unit Option Plan.

Participation in the Unit Option Plan is restricted to eligible persons (an **"Eligible Person"**), being the independent trustees, officers and employees of the REIT or any related entity of the REIT (an **"Eligible Participant"**) or any permitted assign of an Eligible Participant. The options issued pursuant to the Unit Option Plan have a maximum term of 10 years and are non-assignable, except by an Eligible Participant and a permitted assign of such Eligible Participant, or between permitted assigns of an Eligible Participant, provided the relevant Eligible Participant delivers notice to the REIT prior to any such transfer or assignment and the Board approves such transfer or assignment.

Notwithstanding any other provision of the Unit Option Plan, if the term of an option held by an Eligible Person would otherwise expire during, or within ten business days of the expiration of, a blackout period applicable to such an Eligible Person, then the term of such option or the unexercised portion thereof, as applicable, shall be extended to the close of business on the tenth business day following the expiration of the blackout period.

Subject to any adjustments pursuant to the provisions of the Unit Option Plan, the price of any option shall in no circumstances be lower than the market price of the Units on the date on which the grant of the option is approved by the Board. The market price at any date in respect of Units means the average of the daily average of the high and low board lot trading prices of the Units on the TSX for the five consecutive trading days immediately preceding such date. If no specific determination is made by the Board for an option with respect to its expiry, vesting, and price, each option shall (a) be exercisable for a period of ten years from the date the option is granted, (b) become exercisable in respect of 33 1/3% of the Units subject to such option after each anniversary of the granting of such option, and (c) the option price shall be the market price on the date of such grant.

The aggregate number of Units reserved for issuance upon the exercise of all options granted under the Unit Option Plan shall not exceed 3,000,000 Units.

The total number of Units reserved for issuance to the Non-Executive Trustees pursuant to options, together with any Units reserved for issuance under any other unit compensation arrangement, shall not exceed 1% of the then issued and outstanding voting Units. The value of options granted to any one Non-Executive Trustee, together with any Units reserved for issuance to such Non-Executive Trustee under any other unit compensation arrangement, within each calendar year shall not exceed \$150,000 and the value of options granted to any one Non-Executive Trustee within each calendar year shall not exceed \$100,000.

The number of Units issuable pursuant to all options granted to any one optionee under the Unit Option Plan, together with any Units reserved for issuance to such optionee under any other unit compensation arrangement, cannot exceed 5% of the voting Units outstanding at the date of the grant of the option. Further, except with the approval of the Unitholders, no options can be granted under the Unit Option Plan to an optionee if such grant could result, at any time, in: (i) the number of Units reserved for issuance to insiders pursuant to options and any other unit compensation arrangements exceeding 10% of the issued and outstanding voting Units; (ii) the issuance of Units to insiders under all security based compensation arrangements, within a one-year period, of a number of Units exceeding 10% of the issued and outstanding voting Units; or (iii) the issuance to any one insider and such insider's associates, within a one-year period, of a number of Units exceeding 5% of the issued and outstanding voting Units.

Subject to certain provisions in the Unit Option Plan and to any express resolution passed by the Board with respect to an option, an option and all rights to purchase Units pursuant thereto shall expire immediately upon such optionee

ceasing to be an Eligible Person. In the event of an optionee's death, the optionee's legal representative may exercise the unexercised balance of the options at any time prior to the period of time specified in the applicable option agreement, but only to the same extent to which the deceased could have exercised the option immediately before the date of such death.

The approval of the Board and the requisite approval from the TSX and the holders of units shall be required for any of the following amendments to be made to the Unit Option Plan: (a) increasing the number of Units issuable pursuant to the Unit Option Plan; (b) making any amendment that would reduce the option price of an outstanding option (including the cancellation and re-issuance of an option at a reduced option price); (c) extending the original term of any outstanding option; (d) amending the Unit Option Plan to provide for other types of security-based compensation involving the issue of equity; (e) increasing or deleting the percentage limits or annual dollar participation limit relating to Units issuable or issued to insiders or the Non-Executive Trustees; (f) increasing or deleting the percentage limit on Units reserved for issuance to any one person; (g) any amendment which would permit options granted to be transferable or assignable other than for normal estate settlement purposes; (h) adding to the categories of Eligible Persons who may participate in the Unit Option Plan; (i) adding of a cashless exercise feature, payable in cash or securities, which does not provide for a full deduction of the number of underlying securities from the Unit Option Plan's reserve; and (j) amending the amendment requirements. The amendment provisions further provide that the Board may, without the approval of Unitholders, but subject to any requisite approval of the TSX, make all other amendments to the Unit Option Plan that are not contemplated above including, without limitation: (w) amendments of a housekeeping nature; (x) a change to the vesting provisions of an option or the Unit Option Plan; (y) a change to the termination provisions of an option or the Unit Option Plan which does not entail an extension beyond the original expiry date (as may be extended as result of any blackout period); and (z) the addition of a cashless exercise feature, payable in cash or securities, which provides for a full deduction of the number of underlying securities from the Unit Option Plan's reserve.
