☐ **TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

For the transition period from _____ to _____

Commission file number 0-27512

CSG SYSTEMS INTERNATIONAL, INC.

(Exact name of registrant as specified in its charter)

Delaware
(State or other jurisdiction
of incorporation or organization)

47-0783182
(I.R.S. Employer
Identification No.)

**6175 S. Willow Drive, 10th Floor
Greenwood Village, Colorado 80111**
(Address of principal executive offices, including zip code)

(303) 200-2000
(Registrant's telephone number, including area code)

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common Stock, Par Value \$0.01 Per Share	CSGS	NASDAQ Stock Market LLC

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes ☒ No ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer	☒	Accelerated filer	☐
Non-accelerated filer	☐	Smaller reporting company	☐
Emerging growth company	☐		

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes ☐ No ☒

As of August 1, 2022, there were 32,082,835 shares of the registrant's common stock outstanding.

CSG SYSTEMS INTERNATIONAL, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

1. GENERAL

We have prepared the accompanying unaudited condensed consolidated financial statements as of June 30, 2022 and December 31, 2021, and for the quarters and six months ended June 30, 2022 and 2021, in accordance with accounting principles generally accepted in the United States of America (“U.S.”) (“GAAP”) for interim financial information, and pursuant to the instructions to Form 10-Q and the rules and regulations of the Securities and Exchange Commission (the “SEC”). Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of our management, all adjustments (consisting only of normal recurring adjustments) considered necessary for a fair presentation of our financial position and operating results have been included. The unaudited Condensed Consolidated Financial Statements (the “Financial Statements”) should be read in conjunction with the Consolidated Financial Statements and notes thereto, together with Management’s Discussion and Analysis of Financial Condition and Results of Operations (“MD&A”), contained in our Annual Report on Form 10-K for the year ended December 31, 2021 (our “2021 10-K”), filed with the SEC. The results of operations for the quarter and six months ended June 30, 2022 are not necessarily indicative of the expected results for the entire year ending December 31, 2022.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates in Preparation of Financial Statements. The preparation of the accompanying Financial Statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of our Financial Statements, and the reported amounts of revenue and expenses during the reporting periods. Actual results could differ from those estimates.

Revenue. The majority of our future revenue is related to our revenue management solution customer contracts that include variable consideration dependent upon a series of monthly volumes and/or daily usage of services and have contractual terms ending from 2022 through 2028. Our customer contracts may include guaranteed minimums and fixed monthly or annual fees. As of June 30, 2022, our aggregate amount of the transaction price allocated to the remaining performance obligations is approximately \$2 billion, which is made up of fixed fee consideration and guaranteed minimums expected to be recognized in the future related to performance obligations that are unsatisfied (or partially unsatisfied). We expect to recognize approximately 65% of this amount by the end of 2024, with the remaining amount recognized by the end of 2028. We have excluded from this amount variable consideration expected to be recognized in the future related to performance obligations that are unsatisfied.

The nature, amount, timing, and uncertainty of our revenue and how revenue and cash flows are affected by economic factors is most appropriately depicted by revenue type, geographic region, and customer vertical.

Revenue by type for the quarters and six months ended June 30, 2022 and 2021 were as follows (in thousands):

	Quarter Ended June 30,		Six Months Ended June 30,	
	2022	2021	2022	2021
SaaS and related solutions	\$ 230,712	\$ 228,248	\$ 465,689	\$ 455,267
Software and services	20,068	15,033	38,504	29,812
Maintenance	11,388	11,853	22,375	23,174
Total revenue	<u>\$ 262,168</u>	<u>\$ 255,134</u>	<u>\$ 526,568</u>	<u>\$ 508,253</u>

We use the location of the customer as the basis of attributing revenue to geographic regions. Revenue by geographic region for the quarters and six months ended June 30, 2022 and 2021, as a percentage of our total revenue, were as follows:

	Quarter Ended June 30,		Six Months Ended June 30,	
	2022	2021	2022	2021
Americas (principally the U.S.)	85 %	85 %	85 %	86 %
Europe, Middle East, and Africa	11 %	11 %	11 %	10 %
Asia Pacific	4 %	4 %	4 %	4 %
Total revenue	<u>100 %</u>	<u>100 %</u>	<u>100 %</u>	<u>100 %</u>

We generate our revenue primarily from the global communications markets; however, we serve an expanding group of customers in other industry markets including retail, healthcare, financial services, insurance, and government entities. Revenue by customer vertical for the quarters and six months ended June 30, 2022 and 2021, as a percentage of our total revenue, were as follows:

	Quarter Ended June 30,		Six Months Ended June 30,	
	2022	2021	2022	2021
Broadband/Cable/Satellite	55 %	58 %	54 %	58 %
Telecommunications	19 %	18 %	20 %	18 %
Other	26 %	24 %	26 %	24 %
Total revenue	100 %	100 %	100 %	100 %

Deferred revenue recognized during the quarters ended June 30, 2022 and 2021 was \$12.3 million and \$11.9 million, respectively and during the six months ended June 30, 2022 and 2021 was \$40.3 million and \$32.0 million, respectively.

Cash and Cash Equivalents. We consider all highly liquid investments with original maturities of three months or less at the date of the purchase to be cash equivalents. As of June 30, 2022 and December 31, 2021, our cash equivalents consist primarily of institutional money market funds, commercial paper, and time deposits held at major banks. For the cash and cash equivalents denominated in foreign currencies and/or located outside the U.S., we do not anticipate any material amounts being unavailable for use in running our business, but may face limitations on moving cash out of certain foreign jurisdictions due to currency controls and potential negative economic consequences.

Restricted Cash. Restricted cash includes cash that is legally or contractually restricted, as well as our settlement and merchant reserve assets. As of June 30, 2022 and December 31, 2021, we had \$2.0 million and \$1.4 million, respectively, of restricted cash that serves to collateralize outstanding letters of credit included in cash and cash equivalents in our unaudited Condensed Consolidated Balance Sheets (“Balance Sheets” or “Balance Sheet”).

Settlement and Merchant Reserve Assets and Liabilities. Settlement assets and liabilities represent cash collected on behalf of customers via payment processing services which is held for an established holding period until settlement with the customer. The holding period is generally one to four business days depending on the payment model, risk profile, and contractual terms with the customer. During the holding period, cash is held in trust with various major financial institutions and a corresponding liability is recorded for the amounts owed to the merchant. At any given time, there may be differences between the cash held in trust and the corresponding liability due to the timing of operating-related cash transfers.

Merchant reserves represent deposits collected from customers to mitigate our risk of loss due to nonperformance of settlement obligations initiated by our customers using our payment processing services, or non-payment by customers for services rendered by us. We perform a credit risk evaluation on each customer based on multiple criteria, which provide the basis for the deposit amount required for each customer. For the duration of our relationship with each customer, we hold their reserve deposits with major financial institutions. We hold these funds in separate accounts and are fully offset by corresponding liabilities.

The following table summarizes our settlement and merchant reserve assets and liabilities as of the indicated periods (in thousands):

	June 30, 2022		December 31, 2021	
	Assets	Liabilities	Assets	Liabilities
Settlement assets/liabilities	\$ 195,307	\$ 193,883	\$ 171,505	\$ 170,514
Merchant reserve assets/liabilities	18,153	18,153	14,762	14,762
Total	\$ 213,460	\$ 212,036	\$ 186,267	\$ 185,276

Financial Instruments. Our financial instruments as of June 30, 2022 and December 31, 2021 include cash and cash equivalents, short-term investments, settlement and merchant reserve assets and liabilities, accounts receivable, accounts payable, and debt. Due to their short maturities, the carrying amounts of cash equivalents, settlement and merchant reserve assets and liabilities, accounts receivable, and accounts payable approximate their fair value.

Our short-term investments and certain of our cash equivalents are considered “available-for-sale” and are reported at fair value in our Balance Sheets, with unrealized gains and losses, net of the related income tax effect, excluded from earnings and reported in a separate component of stockholders’ equity. Realized and unrealized gains and losses were not material in any period presented.

Primarily all short-term investments held by us as of June 30, 2022 and December 31, 2021 have contractual maturities of less than two years from the time of acquisition. Our short-term investments as of June 30, 2022 and December 31, 2021 consisted almost entirely of fixed income securities. Proceeds from the sale/maturity of short-term investments for the six months ended June 30, 2022 and 2021 were \$26.8 million and \$49.4 million, respectively, and purchases of short-term investments for the six months ended June 30, 2022 and 2021 were zero and \$46.2 million, respectively.

Our short-term investments as of June 30, 2022 and December 31, 2021 were \$1.3 million and \$28.0 million, respectively.

The following table represents the fair value hierarchy based upon three levels of inputs, of which Levels 1 and 2 are considered observable and Level 3 is unobservable, for our financial assets measured at fair value (in thousands):

	June 30, 2022			December 31, 2021		
	Level 1	Level 2	Total	Level 1	Level 2	Total
Cash equivalents:						
Money market funds	\$ 12,091	\$ —	\$ 12,091	\$ 29,305	\$ —	\$ 29,305
Commercial paper	—	—	—	—	1,000	1,000
Short-term investments:						
Corporate debt securities	—	90	90	—	24,352	24,352
Asset-backed securities	—	1,175	1,175	—	3,685	3,685
Total	\$ 12,091	\$ 1,265	\$ 13,356	\$ 29,305	\$ 29,037	\$ 58,342

Valuation inputs used to measure the fair values of our money market funds were derived from quoted market prices. The fair values of all other financial instruments are based upon pricing provided by third-party pricing services. These prices were derived from observable market inputs.

We have chosen not to record our debt at fair value, with changes recognized in earnings each reporting period. The following table indicates the carrying value (par value for convertible notes) and estimated fair value of our debt as of the indicated periods (in thousands):

	June 30, 2022		December 31, 2021	
	Carrying Value	Fair Value	Carrying Value	Fair Value
2021 Credit Agreement:				
Term Loan (carrying value including current maturities)	\$ 144,375	\$ 144,375	\$ 148,125	\$ 148,125
Revolver	245,000	245,000	—	—
2016 Convertible Notes (par value)	—	—	230,000	244,950

The fair value for our credit agreement was estimated using a discounted cash flow methodology, while the fair value for our convertible notes was estimated based upon quoted market prices or recent sales activity, both of which are considered Level 2 inputs.

Accounting Pronouncement Adopted. In August 2020, the FASB issued ASU No. 2020-06, *Accounting for Convertible Instruments and Contracts in an Entity's Own Equity* ("ASU 2020-06"), which simplifies the accounting for certain financial instruments with characteristics of liabilities and equity, including convertible instruments and contracts in an entity's own equity. ASU 2020-06 also amends the related Earnings Per Share guidance. ASU 2020-06 is effective for fiscal years beginning after December 15, 2021, and can be adopted on either a fully retrospective or modified retrospective basis. On January 1, 2022, we adopted this ASU using the modified retrospective transition method and recorded an approximately \$10 million cumulative-effect adjustment to our beginning retained earnings balance.

3. GOODWILL AND INTANGIBLE ASSETS

Goodwill. The changes in the carrying amount of goodwill for the six months ended June 30, 2022 were as follows (in thousands):

January 1, 2022 balance	\$	321,330
Adjustments related to prior acquisitions		(2,299)
Impairment charge related to MobileCard Holdings, LLC		(7,211)
Effects of changes in foreign currency exchange rates		(10,598)
June 30, 2022 balance	\$	301,222

The adjustments related to prior acquisitions are primarily a result of the finalization of the purchase accounting for MobileCard Holdings, LLC. See Notes 5 and 6 for further discussion to include management's decision to shut-down this business resulting in the impairment charge recorded above.

Other Intangible Assets. Our other intangible assets subject to ongoing amortization consist primarily of acquired customer contracts and software. As of June 30, 2022 and December 31, 2021, the carrying values of these assets were as follows (in thousands):

	June 30, 2022			December 31, 2021		
	Gross Carrying Amount	Accumulated Amortization	Net Amount	Gross Carrying Amount	Accumulated Amortization	Net Amount
Acquired customer contracts	\$ 165,963	\$ (114,995)	\$ 50,968	\$ 171,373	\$ (114,166)	\$ 57,207
Software	185,734	(159,879)	25,855	182,040	(152,283)	29,757
Total intangible assets	\$ 351,697	\$ (274,874)	\$ 76,823	\$ 353,413	\$ (266,449)	\$ 86,964

The total amortization expense related to other intangible assets for the second quarters of 2022 and 2021 were \$7.7 million and \$5.9 million, respectively, and for the six months ended June 30, 2022 and 2021 were \$14.8 million and \$11.5 million, respectively. Based on the June 30, 2022 net carrying value of our intangible assets, the estimated total amortization expense for each of the five succeeding fiscal years ending December 31 are: 2022 - \$27.5 million; 2023 - \$19.4 million; 2024 - \$13.0 million; 2025 - \$10.6 million; and 2026 - \$7.5 million.

Customer Contract Costs. As of June 30, 2022 and December 31, 2021, the carrying values of our customer contract cost assets, related to those contracts with a contractual term greater than one year, were as follows (in thousands):

	June 30, 2022			December 31, 2021		
	Gross Carrying Amount	Accumulated Amortization	Net Amount	Gross Carrying Amount	Accumulated Amortization	Net Amount
Customer contract costs	\$ 79,108	\$ (30,578)	\$ 48,530	\$ 79,028	\$ (32,410)	\$ 46,618

The total amortization expense related to customer contract costs for the second quarters of 2022 and 2021 were \$3.8 million and \$5.0 million, respectively, and for the six months ended June 30, 2022 and 2021 were \$10.3 million and \$9.7 million, respectively.

4. DEBT

Our long-term debt, as of June 30, 2022 and December 31, 2021, was as follows (in thousands):

	June 30, 2022	December 31, 2021
<i>2021 Credit Agreement:</i>		
2021 Term Loan, due September 2026, interest at adjusted LIBOR plus 1.375% (combined rate of 3.625% at June 30, 2022)	\$ 144,375	\$ 148,125
Less – deferred financing costs	(3,030)	(3,406)
2021 Term Loan, net of unamortized discounts	141,345	144,719
\$450 million revolving loan facility, due September 2026, interest at adjusted LIBOR plus applicable margin (combined rate of 3.625% at June 30, 2022)	245,000	-
<i>2016 Convertible Notes:</i>		
2016 Convertible Notes – Senior convertible notes; due March 15, 2036; cash interest at 4.25%	-	230,000
Total debt, net of unamortized discounts	386,345	374,719
Current portion of long-term debt, net of unamortized discounts	(252,500)	(237,500)
Long-term debt, net of unamortized discounts	<u>\$ 133,845</u>	<u>\$ 137,219</u>

2021 Credit Agreement. During the six months ended June 30, 2022, we made \$3.8 million of principal repayments on our \$150 million aggregate principal five-year term loan (the “2021 Term Loan”). Additionally, in March 2022 we borrowed \$245.0 million from our \$450 million aggregate principal five-year revolving loan facility (“2021 Revolver”). These funds were used to settle our 2016 Convertible Notes (see below).

As of June 30, 2022, our interest rate on the 2021 Term Loan and 2021 Revolver is 3.625% (adjusted LIBOR plus 1.375% per annum), and our commitment fee on the unused \$205.0 million 2021 Revolver is 0.15%. In July 2022, we borrowed an additional \$15.0 million on our revolver, leaving us currently with \$190.0 million available.

The interest rates under the 2021 Credit Agreement are based upon our choice of an adjusted LIBOR rate plus an applicable margin of 1.375% - 2.125%, or an alternate base rate (“ABR”) plus an applicable margin of 0.375% - 1.125%, with the applicable margin, depending on our then-net secured total leverage ratio. We will pay a commitment fee of 0.150% - 0.325% of the average daily unused amount of the 2021 Revolver, with the commitment fee rate also dependent upon our then-net secured total leverage ratio. The 2021 Credit Agreement includes LIBOR transition language in which we can elect an ABR, a Eurodollar rate, an alternate currency term rate, or an alternate currency daily rate.

2016 Convertible Notes. During the period from, and including, December 15, 2021 to the close of business on the business day immediately preceding March 15, 2022 (the “Conversion Period”), the 2016 Convertible Note holders were able to convert all or any portion of their 2016 Convertible Notes at the conversion rate then in effect (17.7621 shares of our common stock per \$1,000 principal amount of the 2016 Convertible Notes). For the 2016 Convertible Notes presented during this Conversion Period, the settlement amount was equal to the sum of the daily settlement amounts for each of the following 40 consecutive trading days during the period of January 12, 2022 to March 10, 2022 (the “Observation Period”).

During the Conversion Period, \$229.1 million principal amount of the 2016 Convertible Notes were converted. On March 15, 2022, we paid each converting holder that exercised their conversion right, cash in an amount equal to \$1,053.68 per each \$1,000 principal amount of 2016 Convertible Notes being converted, for a total cash payment of \$241.4 million. The remaining principal amount of \$0.9 million that was not converted by the holders was redeemed and paid for on March 15, 2022 at a redemption price of 100% of the principal amount. Total settlement of the 2016 Convertible Notes was \$242.3 million.

As a result of our irrevocable election made in December 2021 to settle all conversions during the Conversion Period (discussed above) in cash, a derivative liability was created and required to be separated from the debt upon conversion by the holders. There were no conversions as of December 31, 2021. At the close of the Observation Period, as a result of the conversions in March 2022, we recognized a \$7.5 million loss on derivative liability upon debt conversion due to the related change in our stock price over the Observation Period. The loss was recorded to other income (expense) in our unaudited Condensed Consolidated Statements of Income (the “Income Statements”) with the remaining amount paid above par recorded to additional paid-in capital.

5. ACQUISITIONS

Tekzenit, Inc. In 2020, we acquired Tekzenit, Inc. (“Tekzenit”) for a purchase price of approximately \$10 million. The purchase agreement includes provisions for additional purchase price (“Provisional Purchase Price”) payments in the form of earn-out and qualified sales payments for up to \$10 million over a three-year measurement period upon meeting certain financial and sales criteria. Of the Provisional Purchase Price amount, \$6 million is considered contingent purchase price payments, of which \$1.5 million was accrued upon acquisition. The remaining \$4 million is tied to certain financial and sales criteria over a defined service period by the eligible recipients and is therefore accounted for as post-acquisition compensation. As of June 30, 2022, we have \$0.6 million accrued related to the contingent purchase price payments and have not accrued any amounts related to the post-acquisition compensation payments due to the uncertainty of payment.

MobileCard Holdings, LLC. In 2018, we invested in MobileCard Holdings, LLC (“MobileCard”), a mobile money fintech payment company that enables omni-channel digital payments and financial inclusion in Latin America. In July 2021, we obtained a 64% controlling interest in the company, and beginning in the third quarter of 2021, the results of MobileCard were consolidated in our results of operations. As of June 30, 2022, the purchase accounting for the MobileCard transaction was complete. We recorded goodwill of \$7.2 million, acquired client contracts of \$2.6 million, and technology of \$0.9 million. The non-controlling interest of \$3.6 million was recorded in total stockholders' equity. In June 2022, our management team, with the support of our Board of Directors (the “Board”), decided to shut-down the MobileCard business. See Note 6 for additional discussion.

Keydok, LLC. On September 14, 2021, we acquired Keydok LLC (“Keydok”), a digital identity and document management platform provider, headquartered in Mexico. We acquired 100% of the equity of Keydok for a purchase price of \$1.0 million, which includes provisions for up to \$18.0 million of potential future earn-out payments. The earn-out payments are tied to performance-based goals and a defined service period by the eligible recipients and are accounted for as post-acquisition compensation. The earn-out period is through September 30, 2025. As of June 30, 2022, we have not accrued any amounts related to the potential earn-out payments due to the uncertainty of payment. As of June 30, 2022, the purchase accounting for the Keydok acquisition was complete. We recorded goodwill of \$1.0 million.

DGIT Systems Pty Ltd. On October 4, 2021, we acquired DGIT Systems Pty Ltd (“DGIT”), a provider of configure, price and quote (CPQ) and order management solutions for the telecommunications industry. We acquired 100% of the equity of DGIT for a purchase price of approximately \$16 million, approximately \$14 million paid upon close and the remaining escrowed funds of approximately \$2 million to be paid over the next four years, subject to certain reductions, as applicable. This acquisition includes provisions for up to approximately \$13 million of potential future earn-out payments. The earn-out payments are tied to performance-based goals and a defined service period by the eligible recipients and are accounted for as post-acquisition compensation, as applicable. The earn-out period is through September 30, 2025. As of June 30, 2022, we have accrued \$0.1 million related to the potential earn-out payments.

The preliminary estimated fair values of assets acquired primarily include goodwill of \$7.6 million, acquired customer contracts of \$5.1 million, and acquired software of \$3.6 million. The estimated fair values are considered provisional as we are completing our analysis for unbilled and deferred revenue, and income taxes. Thus, the provisional measurements of fair value are subject to change, however, such changes are not expected to be significant. We expect to complete the purchase price allocation as soon as practicable, but not later than one year from the acquisition date.

6. RESTRUCTURING AND REORGANIZATION CHARGES

During the second quarters of 2022 and 2021, we recorded restructuring and reorganization charges of \$19.0 million and \$1.8 million, respectively, and for the six months ended June 30, 2022 and 2021, we recorded restructuring and reorganization charges of \$32.1 million and \$2.8 million, respectively.

During the six months ended June 30, 2022 we implemented the following restructuring and reorganizational activities:

- In connection with our workplace of the future philosophy, we consolidated space at seven of our leased real estate locations in the United States and India, resulting in restructuring charges of \$17.3 million related to the impairments of operating lease right-of-use assets, furniture and fixtures, and leasehold improvements and \$2.4 million of accelerated depreciation.
- In June 2022, our management team, with the support of our Board, decided to shut-down the MobileCard business, in which we had acquired a controlling interest in July of 2021 (see Note 5). MobileCard was not meeting its projected targets. As a result, we recorded net impairment charges of \$7.0 million, to include the write-offs of the remaining acquired intangible assets, goodwill, and the noncontrolling interest. We also terminated approximately 40 employees, which resulted in restructuring charges related to involuntary terminations of \$0.6 million.
- We reduced our workforce by approximately 20 employees, mainly in North America, as a result of organizational changes and efficiencies. As a result, we incurred restructuring charges related to involuntary terminations of \$2.9 million.

The activity in the business restructuring and reorganization reserves during the six months ended June 30, 2022 was as follows (in thousands):

	Termination Benefits	Other	Total
January 1, 2022, balance	\$ 675	\$ -	\$ 675
Charged to expense during period	3,460	28,651	32,111
Cash payments	(1,929)	(1,935)	(3,864)
Adjustment for asset impairment	-	(24,296)	(24,296)
Adjustment for accelerated depreciation	-	(2,420)	(2,420)
Other	327	-	327
June 30, 2022, balance	\$ 2,533	\$ -	\$ 2,533

As of June 30, 2022, the entire business restructuring and reorganization reserves were included in current liabilities.

7. COMMITMENTS, GUARANTEES AND CONTINGENCIES

Guarantees. In the ordinary course of business, we may provide guarantees in the form of bid bonds, performance bonds, or standby letters of credit. At June 30, 2022, we had \$2.9 million of restricted assets used to collateralize these guarantees, with \$2.0 million included in cash and cash equivalents and \$0.9 million included in other non-current assets. We have bid bonds and performance guarantees in the form of surety bonds issued through a third-party of \$4.4 million that were not required to be recorded on our Balance Sheet. We are ultimately liable for claims that may occur against these guarantees. We have no history of material claims or are aware of circumstances that would require us to pay under any of these arrangements. We also believe that the resolution of any claim that may arise in the future, either individually or in the aggregate, would not be material to our Financial Statements.

Additionally, we have money transmitter bonds issued through a third-party for the benefit of various states to comply with the states' financial requirements and industry regulations for money transmitter licenses. At June 30, 2022, we had total aggregate money transmitter bonds of approximately \$17 million outstanding.

Warranties. We generally warrant that our solutions and related offerings will conform to published specifications, or to specifications provided in an individual customer arrangement, as applicable. The typical warranty period is 90 days from the date of acceptance of the solution or offering. For certain service offerings we provide a warranty for the duration of the services provided. We generally warrant that those services will be performed in a professional and workmanlike manner. The typical remedy for breach of warranty is to correct or replace any defective deliverable, and if not possible or practical, we will accept the return of the defective deliverable and refund the amount paid under the customer arrangement that is allocable to the defective deliverable. Our contracts also generally contain limitation of damages provisions in an effort to reduce our exposure to monetary damages arising from breach of warranty claims. Historically, we have incurred minimal warranty costs, and as a result, do not maintain a warranty reserve.

Solution and Services Indemnifications. Our arrangements with our customers generally include an indemnification provision that will indemnify and defend a customer in actions brought against the customer that claim our products and/or services infringe upon a copyright, trade secret, or valid patent. Historically, we have not incurred any significant costs related to such indemnification claims, and as a result, do not maintain a reserve for such exposure.

Claims for Company Non-performance. Our arrangements with our customers typically limit our liability for breach to a specified amount of the direct damages incurred by the customer resulting from the breach. From time-to-time, these arrangements may also include provisions for possible liquidated damages or other financial remedies for our non-performance, or in the case of certain of our revenue management platforms, provisions for damages related to service level performance requirements. The service level performance requirements typically relate to system availability and timeliness of service delivery. As of June 30, 2022, we believe we have adequate reserves, based on our historical experience, to cover any reasonably anticipated exposure as a result of our nonperformance for any past or current arrangements with our customers.

Indemnifications Related to Officers and the Board of Directors. We have agreed to indemnify members of our Board and certain of our officers if they are named or threatened to be named as a party to any proceeding by reason of the fact that they acted in such capacity. We maintain directors' and officers' (D&O) insurance coverage to protect against such losses. We have not historically incurred any losses related to these types of indemnifications, and are not aware of any pending or threatened actions or claims against any officer or member of our Board. As a result, we have not recorded any liabilities related to such indemnifications as of June 30, 2022. In addition, as a result of the insurance policy coverage, we believe these indemnification agreements are not significant to our results of operations.

Legal Proceedings. From time-to-time, we are involved in litigation relating to claims arising out of our operations in the normal course of business.

8. EARNINGS PER COMMON SHARE

Basic and diluted earnings per common share ("EPS") amounts are presented on the face of the accompanying Income Statements.

The reconciliation of the basic and diluted EPS denominators related to the common shares is included in the following table (in thousands):

	Quarter Ended June 30,		Six Months Ended June 30,	
	2022	2021	2022	2021
Basic weighted-average common shares	31,301	31,875	31,358	31,859
Dilutive effect of restricted common stock	191	118	293	211
Diluted weighted-average common shares	31,492	31,993	31,651	32,070

The stock warrants have a dilutive effect only in those quarterly periods in which our average stock price exceeds the exercise price of \$26.68 per warrant (under the treasury stock method), and are not subject to performance vesting conditions (see Note 9). Potentially dilutive common shares related to non-participating unvested restricted stock excluded from the computation of diluted EPS, as the effect was antidilutive, were not material in any period presented.

9. STOCKHOLDERS' EQUITY AND EQUITY COMPENSATION PLANS

Stock Repurchase Program. We currently have a stock repurchase program, approved by our Board, authorizing us to repurchase shares of our common stock from time-to-time as market and business conditions warrant (the "Stock Repurchase Program"). During the second quarters of 2022 and 2021 we repurchased approximately 360,000 shares of our common stock for \$21.6 million (weighted-average price of \$59.88 per share) and approximately 153,000 shares of our common stock for \$7.0 million (weighted-average price of \$45.56 per share), respectively, and during the six months ended June 30, 2022 and 2021 we repurchased approximately 626,000 shares of our common stock for \$37.6 million (weighted-average price of \$59.99 per share), and approximately 295,000 shares of our common stock for \$13.5 million (weighted-average price of \$45.74 per share), respectively, under a SEC Rule 10b5-1 Plan.

As of June 30, 2022, the total remaining number of shares available for repurchase under the Stock Repurchase Program totaled 3.0 million shares.

Stock Repurchases for Tax Withholdings. In addition to the above-mentioned stock repurchases, during the second quarters of 2022 and 2021, we repurchased and then cancelled approximately 2,000 shares of common stock for \$0.1 million and approximately 3,000 shares of common stock for \$0.1 million, respectively, and during the six months ended June 30, 2022 and 2021 we repurchased and then cancelled approximately 125,000 shares of common stock for \$7.9 million and approximately 113,000 shares of common stock for \$5.3 million, respectively, in connection with minimum tax withholding requirements resulting from the vesting of restricted common stock under our stock incentive plans.

Cash Dividends. During the second quarter of 2022, our Board approved a quarterly cash dividend of \$0.265 per share of common stock, totaling \$8.5 million. During the second quarter of 2021, our Board approved a quarterly cash dividend of \$0.25 per share of common stock, totaling \$8.2 million. Dividends declared for the six months ended June 30, 2022 and 2021 totaled \$17.1 million and \$16.4 million, respectively.

Warrants. In 2014, in conjunction with the execution of an amendment to our agreement with Comcast Corporation ("Comcast"), we issued stock warrants (the "Warrant Agreement") for the right to purchase up to 2.9 million shares of our common stock (the "Stock Warrants") as an additional incentive for Comcast to convert customer accounts onto our Advanced Convergent Platform ("ACP") based on various milestones. The Stock Warrants have a ten-year term and an exercise price of \$26.68 per warrant.

As of June 30, 2022, 1.0 million Stock Warrants remain issued, none of which were vested. The remaining unvested Stock Warrants will be accounted for as a customer contract cost asset once the performance conditions necessary for vesting are considered probable.

Stock-Based Awards. A summary of our unvested restricted common stock activity during the quarter and six months ended June 30, 2022 is as follows (shares in thousands):

	Quarter Ended June 30, 2022		Six Months Ended June 30, 2022	
	Shares	Weighted-Average Grant Date Fair Value	Shares	Weighted-Average Grant Date Fair Value
Unvested awards, beginning	1,328	\$ 52.94	1,206	\$ 45.22
Awards granted	42	58.12	536	63.85
Awards forfeited/cancelled	(61)	50.00	(94)	48.51
Awards vested	(44)	46.93	(383)	43.72
Unvested awards, ending	1,265	\$ 53.27	1,265	\$ 53.27

Included in the awards granted during the six months ended June 30, 2022 are awards issued to members of executive management and certain key employees in the form of: (i) performance-based awards of approximately 121,000 restricted common stock shares, which vest in the first quarter of 2024 upon meeting certain pre-established financial performance objectives over a two-year performance period; and (ii) market-based awards of approximately 40,000 restricted common stock shares, which vest in the first quarter of 2025 upon meeting a relative total shareholder return performance achievement tier. Certain of these awards become fully vested upon a change in control, as defined, and the subsequent involuntary termination of employment.

The other restricted common stock shares granted during the six months ended June 30, 2022 are primarily time-based awards, which vest annually over three years with no restrictions other than the passage of time. Certain shares of the restricted common stock become fully vested upon a change in control, as defined, and the subsequent involuntary termination of employment, or death.

We recorded stock-based compensation expense for the second quarters of 2022 and 2021 of \$6.5 million and \$5.0 million, respectively, and for the six months ended June 30, 2022 and 2021 of \$12.1 million and \$10.4 million, respectively.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The information contained in this MD&A should be read in conjunction with the Financial Statements and Notes thereto included in this Form 10-Q and the audited consolidated financial statements and notes thereto in our 2021 10-K.

Forward-Looking Statements

This report contains a number of forward-looking statements relative to our future plans and our expectations concerning our business and the industries we serve. These forward-looking statements are based on assumptions about a number of important factors, and involve risks and uncertainties that could cause actual results to differ materially from estimates contained in the forward-looking statements. Some of the risks that are foreseen by management are outlined within Part I Item 1A. Risk Factors of our 2021 10-K. Readers are strongly encouraged to review that section closely in conjunction with MD&A.

Company Overview

We are a purpose-driven SaaS platform company that enables large enterprise customers in a wide variety of industry verticals to tackle the ever-growing complexity of business in the digital age. Our industry leading revenue management and digital monetization, customer engagement, and payments solutions make ordinary customer experiences extraordinary. Our cloud-first architecture and customer-centric approach help companies around the world acquire, monetize, engage, and retain the B2B (business-to-business) and B2C (business-to-consumer) customers. As brands reimagine their engagement strategies in an increasingly connected world, we sit at the center of a complex, multi-sided business model ensuring monetization and customer engagement is handled at all levels of the ecosystem.

We leverage 40 years of experience to deliver innovative customer engagement solutions for every stage of the customer lifecycle so our customers can deliver an outstanding customer experience that adapts to their customers' rapidly changing demands. Our diverse, worldwide workforce draws from real-world knowledge and extensive expertise to design and implement business solutions that make our customers' hardest decisions simpler so that they can focus on delivering differentiated and real-time experiences to their customers. As a global technology leader, we aspire to envision, invent, and shape a better, more future-ready world.

We focus our research and development ("R&D") and acquisition investments on expanding our offerings in a timely and efficient manner to address the complex, transformative needs of our customers. Our scalable, modular, and flexible solutions combined with our domain expertise and our ability to effectively migrate customers to our solutions, provide the industry with proven solutions to improve their profitability and consumers' experiences. We have specifically architected our solutions to offer a phased, incremental approach to transforming our customers' businesses, thereby reducing the business interruption risk associated with this evolution.

As discussed in Note 2 to our Financial Statements, we generate a majority of our revenue from the global communications markets; however, we serve an expanding group of customers in other markets including retail, healthcare, financial services, insurance, and government entities.

We are a member of the S&P Small Cap 600 and Russell 2000 indices.

Acquisition Activity

During 2021, we completed the following acquisitions: (i) Tango Telecom Limited ("Tango") in May; (ii) Kitewheel, LLC ("Kitewheel") in July; (iii) Keydok in September; and (iv) DGIT in October. Additionally, in July 2021, we obtained a controlling interest in MobileCard. The results of these businesses are included in our 2021 results of operations from the acquisition date forward. As a result, our year-over-year results of operations may not be comparable between periods due to the timing of the transactions. The comparable differences have been described below where relevant or significant.

The 2021 acquired businesses have been operating at a lower operating margin than our organic business operations as time is required to realize the expected synergies, thus, having a dilutive impact on our operating results. In June 2022, our management team, with the support of our Board, decided to shut-down the MobileCard business as it was not meeting its projected targets. See Note 6 to our Financial Statements for further details of the dissolution of MobileCard.

Management Overview of Quarterly Results

Second Quarter Highlights. A summary of our results of operations for the second quarter of 2022, when compared to the second quarter of 2021, is as follows (in thousands, except per share amounts and percentages):

	Quarter Ended	
	June 30, 2022	June 30, 2021
Revenue	\$ 262,168	\$ 255,134
Transaction fees (1)	18,713	16,655
Operating Results:		
Operating income	\$ 7,283	\$ 32,166
Operating income margin	2.8 %	12.6 %
Diluted EPS	\$ 0.17	\$ 0.60
Supplemental Data:		
Restructuring and reorganization charges (2)	\$ 19,005	\$ 1,760
Executive transition costs	-	5
Acquisition-related costs:		
Amortization of acquired intangible assets	3,956	2,618
Earn-out compensation	-	(2,521)
Transaction-related costs	(39)	623
Stock-based compensation (2)	6,535	5,138
Amortization of OID	-	784

- (1) Transaction fees are primarily comprised of interchange and other payment-related fees that we pay, in conjunction with the delivery of service to customers under our payment services contracts, to third-party payment processors and financial institutions. Because we control the integrated service provided under our payment services customer contracts, these transaction fees are presented gross, and not netted against revenue.
- (2) Restructuring and reorganization charges includes stock-based compensation, which is not included in the stock-based compensation line in the table above, and depreciation, which has not been recorded to the depreciation line on our Income Statement.

Revenue. Revenue for the second quarter of 2022 was \$262.2 million, a 2.8% increase when compared to revenue of \$255.1 million for the second quarter of 2021. Over half of this year-over-year increase is due to the revenue generated from the 2021 acquired businesses, with the remaining amount attributed to the continued organic growth of our revenue management solutions.

Operating Results. Operating income for the second quarter of 2022 was \$7.3 million, or a 2.8% operating margin percentage, compared to \$32.2 million, or a 12.6% operating margin percentage for the second quarter of 2021. The decrease in operating income can be mainly attributed to the \$17.2 million increase in restructuring and reorganization charges, discussed below.

Diluted EPS. Diluted EPS for the second quarter of 2022 was \$0.17 compared to \$0.60 for the second quarter of 2021, with the decrease primarily attributed to the lower operating results, discussed above.

Cash and Cash Flows. As of June 30, 2022, we had cash, cash equivalents and short-term investments of \$135.0 million, as compared to \$187.6 million as of March 31, 2022, and \$233.7 million as of December 31, 2021. Our cash flows used in operating activities for the quarter ended June 30, 2022 were (\$7.7) million and were negatively impacted by unfavorable changes in working capital. See the Liquidity section below for further discussion of our cash flows.

Significant Customer Relationships

Customer Concentration. A large percentage of our historical revenue has been generated from our two largest customers, which are Charter Corporation Inc. (“Charter”) and Comcast.

Revenue from these customers for the indicated periods was as follows (in thousands, except percentages):

	Quarter Ended					
	June 30, 2022		March 31, 2022		June 30, 2021	
	Amount	% of Revenue	Amount	% of Revenue	Amount	% of Revenue
Charter	\$ 53,173	20 %	\$ 52,069	20 %	\$ 55,102	22 %
Comcast	52,919	20 %	52,524	20 %	53,789	21 %

The percentages of net billed accounts receivable balances attributable to our largest customers as of the indicated dates were as follows:

	As of		
	June 30, 2022	March 31, 2022	December 31, 2021
Charter	23 %	20 %	23 %
Comcast	20 %	20 %	20 %

See our 2021 10-K for additional discussion of our business relationships and contractual terms with Comcast and Charter.

Risk of Customer Concentration. We expect to continue to generate a significant percentage of our future revenue from our largest customers mentioned above. There are inherent risks whenever a large percentage of total revenue are concentrated with a limited number of customers. Should a significant customer: (i) terminate or fail to renew their contracts with us, in whole or in part, for any reason; (ii) significantly reduce the number of customer accounts processed on our solutions, the price paid for our services, or the scope of services that we provide; or (iii) experience significant financial or operating difficulties, it could have a material adverse effect on our financial condition and results of operations.

Critical Accounting Policies

The preparation of our Financial Statements in conformity with U.S. GAAP requires us to select appropriate accounting policies, and to make judgments and estimates affecting the application of those accounting policies. In applying our accounting policies, different business conditions or the use of different assumptions may result in materially different amounts reported in our Financial Statements.

We have identified the most critical accounting policies that affect our financial position and the results of our operations. Those critical accounting policies were determined by considering the accounting policies that involve the most complex or subjective decisions or assessments. The most critical accounting policies identified relate to the following items: (i) revenue recognition; (ii) impairment assessments of long-lived assets; (iii) income taxes; and (iv) loss contingencies. These critical accounting policies, as well as our other significant accounting policies, are discussed in our 2021 10-K.

Results of Operations

Revenue. Total revenue for the: (i) second quarter of 2022 was \$262.2 million, a 2.8% increase when compared to \$255.1 million for the second quarter of 2021; and (ii) six months ended June 30, 2022 was \$526.6 million, a 3.6% increase when compared to \$508.3 million for the six months ended June 30, 2021. These year-over-year increases in revenue can be almost evenly attributed to the revenue generated from the businesses acquired in 2021 along with the continued growth of our revenue management solutions resulting mainly from increased professional services revenue related to implementation projects, increased payments volume, and conversions of customer accounts onto our solutions. In June 2022, we successfully converted approximately six million Charter customer accounts onto ACP.

We use the location of the customer as the basis of attributing revenue to individual countries. Revenue by geographic regions for the second quarters and six months ended June 30, 2022 and 2021 was as follows (in thousands):

	Quarter Ended June 30,		Six Months Ended June 30,	
	2022	2021	2022	2021
Americas (principally the U.S.)	\$ 222,309	\$ 217,355	\$ 445,269	\$ 435,007
Europe, Middle East, and Africa	28,981	27,458	60,542	52,225
Asia Pacific	10,878	10,321	20,757	21,021
Total revenue	<u>\$ 262,168</u>	<u>\$ 255,134</u>	<u>\$ 526,568</u>	<u>\$ 508,253</u>

Total Operating Expenses. Total operating expenses for the: (i) second quarter of 2022 were \$254.9 million, a 14.3% increase when compared to \$223.0 million for the second quarter of 2021; and (ii) six months ended June 30, 2022 were \$502.9 million, a 13.1% increase when compared to \$444.7 million for the six months ended June 30, 2021. These increases can be mainly attributed to increased restructuring and reorganization costs, discussed below, the additional expenses incurred by the 2021 acquired businesses, inflationary and supply-chain pressures, increased staffing related to recently closed large deals and future projects, and increased travel expenses.

The components of total expenses are discussed in more detail below.

Cost of Revenue (Exclusive of Depreciation). The cost of revenue for the: (i) second quarter of 2022 was \$138.1 million, a 3.9% increase when compared to \$132.9 million for the second quarter of 2021; and (ii) six months ended June 30, 2022 was \$276.6 million, a 3.8% increase when compared to \$266.5 million for the six months ended June 30, 2021. These increases in cost of revenue between periods are reflective of the increase in revenue year-over-year, and can be mainly attributed to higher employee-related costs, including increased staffing from the 2021 acquired businesses. Total cost of revenue as a percentage of revenue for the: (i) second quarters of 2022 and 2021 was 52.7% and 52.1%, respectively, and (ii) six months ended June 30, 2022 and 2021 was 52.5% and 52.4%, respectively.

R&D Expense (Exclusive of Depreciation). R&D expense for the second quarter of 2022 was \$34.6 million, a 5.7% increase when compared to \$32.8 million for the second quarter of 2021; and (ii) six months ended June 30, 2022 was \$67.6 million, a 4.1% increase when compared to \$65.0 million for the six months ended June 30, 2021, with the increases mainly attributed to the development activities of the acquired businesses. As a percentage of total revenue, R&D expense for the: (i) second quarters of 2022 and 2021 was 13.2% and 12.8%, respectively, and (ii) six months ended June 30, 2022 and 2021 was 12.8%, for both periods.

Our R&D efforts are focused on the continued evolution of our solutions that enable our customers worldwide to provide a more personalized experience while introducing new digital products and services. This includes the continued investment in our products and integration of the recently acquired assets into our solutions.

SG&A Expense (Exclusive of Depreciation). SG&A expense for the: (i) second quarter of 2022 was \$57.5 million, a 16.7% increase when compared to \$49.3 million for the second quarter of 2021; and (ii) six months ended June 30, 2022 was \$114.8 million, a 17.1% increase when compared to \$98.1 million for the six months ended June 30, 2021. These increases in SG&A expense are primarily attributed to increases in employee-related costs, to include the SG&A expense associated with the 2021 acquired businesses, wage inflation, increased travel expense, and increased investments in items such as cyber-security, ESG, and DE&I initiatives. Additionally, SG&A for the six months ended June 30, 2022 includes \$1.3 million of executive transition costs. Our SG&A costs as a percentage of total revenue for the: (i) second quarters of 2022 and 2021 were 21.9% and 19.3%, respectively; and (ii) six months ended June 30, 2022 and 2021 was 21.8% and 19.3%, respectively.

Restructuring and Reorganization Charges. Restructuring and reorganization charges for the: (i) second quarter of 2022 were \$19.0 million, a \$17.2 million increase when compared to \$1.8 million for the second quarter of 2021; and (ii) six months ended June 30, 2022 was \$32.1 million, a \$29.3 million increase when compared to \$2.8 million for the six months ended June 30, 2021. The restructuring and reorganization charges for the second quarter and six months ended June 30, 2022 relate mainly to the following:

- real estate restructuring charges to include impairment charges of \$6.2 million and \$17.3 million, respectively, and accelerated depreciation of \$1.9 million and \$2.4 million, respectively, as we continue to rationalize our real estate footprint to reflect our flexible work approach;
- net impairment charges of \$7.0 million recorded in the second quarter of 2022 related to the dissolution of CSG’s controlling interest in MobileCard, discussed above; and
- reduction in workforce resulting in restructuring charges related to involuntary terminations of \$2.2 million and \$3.7 million, respectively, to include severance for the MobileCard employees.

See Note 6 to our Financial Statements for additional discussion.

Operating Income. Operating income for the: (i) second quarter of 2022 was \$7.3 million, or 2.8% of total revenue, compared to \$32.2 million, or 12.6% of total revenue for the second quarter of 2021, and (ii) six months ended June 30, 2022 was \$23.7 million or 4.5% of total revenue, compared to \$63.5 million or 12.5% of total revenue for the six months ended June 30, 2021. The decreases in operating income and operating income margin can be primarily attributed to the increased restructuring and reorganization charges. Additionally, we are also seeing margin pressure from the dilutive impact of the 2021 acquired businesses, as well as general inflationary and supply-chain pressures, increased staffing related to recently closed large deals and future projects, and increased travel expenses.

Loss on Derivative Liability Upon Debt Conversion. In March 2022, we settled our 2016 Convertible Notes for approximately \$242 million in cash. As a result of the conversion of the 2016 Convertible Notes, we recognized a \$7.5 million loss on a derivative liability related to the change in our stock price over the Observation Period prior to settlement. See Note 4 to our Financial Statements for further discussion.

Income Tax Provision. The effective income tax rates for the second quarters and six months ended June 30, 2022 and 2021 were as follows:

Quarter Ended June 30,		Six Months Ended June 30,	
2022	2021	2022	2021
26 %	30 %	17 %	28 %

The effective income tax rate for the six months ended June 30, 2022 was impacted by the combination of lower net income for the period and a discrete tax benefit related to the vesting of restricted common stock during the first quarter of 2022. Our estimated full year 2022 effective income tax rate is approximately 27%.

Liquidity

Cash and Liquidity. As of June 30, 2022, our principal sources of liquidity included cash, cash equivalents and short-term investments of \$135.0 million, compared to \$187.6 million as of March 31, 2022, and \$233.7 million as of December 31, 2021. We generally invest our excess cash balances in low-risk, short-term investments to limit our exposure to market and credit risks.

As part of our 2021 Credit Agreement, we have a \$450 million senior secured revolving loan facility with a syndicate of financial institutions that expires in September 2026. As of June 30, 2022, we had \$245.0 million outstanding on our 2021 Revolver. In July 2022 we borrowed an additional \$15.0 million and currently have \$190.0 million available to us. The 2021 Credit Agreement contains customary affirmative covenants and financial covenants. As of June 30, 2022, and the date of this filing, we believe that we are in compliance with the provisions of the 2021 Credit Agreement.

Our cash, cash equivalents and short-term investment balances as of the end of the indicated periods were located in the following geographical regions (in thousands):

	June 30, 2022	December 31, 2021
Americas (principally the U.S.)	\$ 73,869	\$ 164,561
Europe, Middle East and Africa	52,182	56,368
Asia Pacific	8,984	12,743
Total cash, equivalents and short-term investments	<u>\$ 135,035</u>	<u>\$ 233,672</u>

We generally have ready access to substantially all of our cash, cash equivalents and short-term investment balances, but may face limitations on moving cash out of certain foreign jurisdictions due to currency controls and potential negative economic consequences. As of June 30, 2022, we had \$2.0 million of cash restricted as to use primarily to collateralize outstanding letters of credit included in our total cash, cash equivalents and short-term investments balance.

Additionally, as of June 30, 2022 and December 31, 2021, we have \$213.5 million and \$186.3 million, respectively, of settlement and merchant reserve assets. These funds are held with major financial institutions and while not legally or contractually restricted, we do hold these funds in separate accounts, and classify them as restricted cash in our Statements of Cash Flows.

Cash Flows from Operating Activities. We calculate our cash flows from operating activities beginning with net income, adding back the impact of non-cash items or non-operating activity (e.g., depreciation, amortization, amortization of OID, impairments, gain/loss from debt extinguishments, gains/losses from derivative liabilities upon debt conversion, deferred income taxes, stock-based compensation, etc.), and then factoring in the impact of changes in operating assets and liabilities. See our 2021 10-K for a description of the primary uses and sources of our cash flows from operating activities.

Our second quarters of 2022 and 2021 net cash flows from operating activities, broken out between operations and changes in operating assets and liabilities, for the indicated quarterly periods are as follows (in thousands):

	<u>Operations</u>	<u>Changes in Operating Assets and Liabilities</u>	<u>Net Cash Provided by (Used In) Operating Activities – Totals</u>
Cash Flows from Operating Activities:			
2022:			
March 31 (1)(2)	\$ 49,823	\$ (55,372)	\$ (5,549)
June 30 (2)(4)	37,550	(45,266)	(7,716)
Total	<u>\$ 87,373</u>	<u>\$ (100,638)</u>	<u>\$ (13,265)</u>
2021:			
March 31 (1)(3)	\$ 49,273	\$ (51,497)	\$ (2,224)
June 30	42,930	1,523	44,453
Total	<u>\$ 92,203</u>	<u>\$ (49,974)</u>	<u>\$ 42,229</u>

- (1) Cash flows from operating activities for the first quarters of 2022 and 2021 reflect the impact of the payment of the 2021 and 2020 year-end accrued employee incentive compensation in the first quarter subsequent to the year-end accrual for these items.
- (2) Cash flows from operating activities were negatively impacted by the capitalization of certain R&D expenses for tax purposes, as required by the 2017 Tax Cuts and Jobs Act beginning in 2022. The negative impact of this change for the first and second quarters of 2022 resulted in a net use of cash for our deferred income taxes of approximately \$8 million and \$7 million, respectively.
- (3) Cash flows from operating activities for the first quarter of 2021 were negatively impacted by the timing of a certain recurring key customer payment that was delayed and received subsequent to quarter-end, of approximately \$26 million.
- (4) Cash flows from operating activities for the second quarter of 2022 were negatively impacted by unfavorable changes in working capital, which can mainly be attributed to timing.

Variations in our net cash provided by/used in operating activities are generally related to the changes in our operating assets and liabilities (related mostly to fluctuations in timing at quarter-end of customer payments and changes in accrued employee-related expenses), and generally over longer periods of time, do not significantly impact our cash flows from operations.

Significant fluctuations in key operating assets and liabilities between 2022 and 2021 that impacted our cash flows from operating activities are as follows:

Billed Trade Accounts Receivable

Management of our billed accounts receivable is one of the primary factors in maintaining strong cash flows from operating activities. Our billed trade accounts receivable balance includes significant billings for several non-revenue items (primarily postage, sales tax, and deferred revenue items). As a result, we evaluate our performance in collecting our accounts receivable through our calculation of days billings outstanding (“DBO”) rather than a typical days sales outstanding (“DSO”) calculation.

Our gross and net billed trade accounts receivable and related allowance for doubtful accounts receivable (“Allowance”) as of the end of the indicated quarterly periods, and the related DBOs for the quarters then ended, are as follows (in thousands, except DBOs):

Quarter Ended	Gross	Allowance	Net Billed	DBOs
2022:				
March 31	\$ 243,292	\$ (4,924)	\$ 238,368	70
June 30	241,682	(5,105)	236,577	66
2021:				
March 31	\$ 250,743	\$ (3,718)	\$ 247,025	70
June 30	226,774	(3,546)	223,228	68

As of June 30, 2022 and 2021, approximately 94% and 96%, respectively, of our billed accounts receivable balance were less than 60 days past due.

We may experience adverse impacts to our DBOs if and when customer payment delays occur. However, these recurring monthly payments that cross a reporting period-end do not raise any collectability concerns, as payment is generally received subsequent to quarter-end. All other changes in our gross and net billed accounts receivable reflect the normal fluctuations in the timing of customer payments at quarter-end, as evidenced by our relatively consistent DBO metric.

As a global provider of solutions and services, a portion of our accounts receivable balance relates to international customers. This diversity in the geographic composition of our customer base may adversely impact our DBOs as longer billing cycles (i.e., billing terms and cash collection cycles) are an inherent characteristic of international transactions. For example, our ability to invoice and collect arrangement fees may be dependent upon, among other things: (i) the completion of various customer administrative matters, local country billing protocols and processes (including local cultural differences), and non-customer administrative matters; (ii) meeting certain contractual invoicing milestones; (iii) the overall project status in certain situations in which we act as a subcontractor to another vendor on a project; or (iv) due to currency controls in certain foreign jurisdictions.

Accrued Employee Compensation

Accrued employee compensation decreased \$38.6 million to \$52.5 million as of June 30, 2022, from \$91.1 million as of December 31, 2021, due primarily to the payment of the 2021 employee incentive compensation during the first quarter of 2022 that was fully accrued at December 31, 2021.

Income Taxes Payable/Receivable

Net income taxes payable/receivable (current and non-current) at June 30, 2022 was a net income taxes receivable balance of \$14.9 million, compared to \$2.0 million at December 31, 2020. This net of \$12.9 million change is primarily due to the timing of our estimated Federal and state income tax payments.

Cash Flows from Investing Activities. Our typical investing activities consist of purchases/sales of short-term investments and purchases of software, property and equipment, which are discussed below.

Purchases/Sales of Short-Term Investments

During the six months ended June 30, 2022 and 2021, we purchased zero and \$46.2 million, respectively, and sold (or had mature) \$26.8 million and \$49.4 million, respectively, of short-term investments. We continually evaluate the appropriate mix of our investment of excess cash balances between cash equivalents and short-term investments in order to maximize our investment returns and liquidity.

Purchases of Software, Property and Equipment

Our capital expenditures for the six months ended June 30, 2022 and 2021 for software, property and equipment were \$19.6 million and \$15.2 million, respectively, and consisted principally of investments in: (i) facilities and internal infrastructure items at our statement production and mailing facilities; (ii) computer hardware, software, and related equipment; and (iii) statement production equipment.

Cash Flows from Financing Activities. Our financing activities typically consist of activities associated with our common stock, long-term debt, and settlement and merchant reserve activity.

Cash Dividends Paid on Common Stock

During the six months ended June 30, 2022 and 2021, the Board approved dividends totaling \$17.1 million and \$16.4 million, respectively, and made dividend payments of \$17.2 million and \$16.7 million, respectively, through June 30, 2022 and 2021, with the differences attributed to dividends on unvested incentive shares that are paid upon vesting of those shares.

Repurchase of Common Stock

During the six months ended June 30, 2022 and 2021, we repurchased approximately 626,000 and 295,000 shares of our common stock, respectively, under the guidelines of our Stock Repurchase Program for \$37.6 million and \$13.5 million, respectively.

Outside of our Stock Repurchase Program, during the six months ended June 30, 2022 and 2021, we repurchased from our employees and then cancelled approximately 125,000 and 113,000 shares of our common stock, respectively, for \$7.9 million and \$5.3 million, respectively, in connection with minimum tax withholding requirements resulting from the vesting of restricted common stock under our stock incentive plans.

During the six months ended June 30, 2022 and 2021, we have paid \$45.1 million and \$18.8 million, respectively, for our total repurchases of common stock, with the differences when compared to the amounts accrued attributed to the timing of the settlement.

Long-term Debt

During the six months ended June 30, 2022 and 2021, we made principal repayments of \$3.8 million and \$6.6 million, respectively. Additionally, we borrowed \$245.0 million from our 2021 Revolver to settle our 2016 Convertible Notes for \$242.3 million.

See Note 4 to our Financial Statements for additional discussion of our long-term debt.

Settlement and Merchant Reserve Activity

During the six months ended June 30, 2022 and 2021, we had net settlement and merchant reserve activity of \$26.8 million and \$24.0 million, respectively, related to the cash collected, held on behalf, and paid to our customers related to our payment processing services and the net change in deposits held on behalf of our merchants.

Off-Balance Sheet Arrangements

Our off-balance sheet arrangements are mainly limited to money transmitter bonds, bid bonds, and performance bonds. These arrangements do not have a material impact and are not reasonably likely to have a material future impact to our financial condition, results of operation, liquidity, capital expenditures, or capital resources. See Note 7 to our Financial Statements for additional information on these guarantees.

Capital Resources

The following are the key items to consider in assessing our sources and uses of capital resources:

Current Sources of Capital Resources. Below are the key items to consider in assessing our current sources of capital resources:

- Cash, Cash Equivalents and Short-term Investments. As of June 30, 2022, we had cash, cash equivalents, and short-term investments of \$135.0 million, of which approximately 48% is in U.S. dollars and held in the U.S. Included in cash and cash equivalents is \$2.0 million of restricted cash, used primarily to collateralize outstanding letters of credit. For the remainder of the monies denominated in foreign currencies and/or located outside the U.S., we do not anticipate any material amounts being unavailable for use in funding our business, but may face limitations on moving cash out of certain foreign jurisdictions due to currency controls and potential negative economic consequences.
- Operating Cash Flows. As described in the Liquidity section above, we believe we have the ability to generate strong cash flows to fund our operating activities and act as a source of funds for our capital resource needs, although we may experience quarterly variations in our cash flows from operations related to the changes in our operating assets and liabilities.
- Revolving Credit Facility. As part of our 2021 Credit Agreement, we have a \$450 million revolving loan facility, our 2021 Revolver. As of June 30, 2022, we had \$245 million outstanding on our 2021 Revolver. In July 2022 we borrowed an additional \$15.0 million and currently have \$190.0 million available to us. Our long-term debt obligations are discussed in more detail in Note 4 to our Financial Statements.

Uses/Potential Uses of Capital Resources. Below are the key items to consider in assessing our uses/potential uses of capital resources:

- Common Stock Repurchases. We have made repurchases of our common stock in the past under our Stock Repurchase Program. As of June 30, 2022, we had 3.0 million shares authorized for repurchase remaining under our Stock Repurchase Program. Our 2021 Credit Agreement places certain limitations on our ability to repurchase our common stock.

Under our Stock Repurchase Program, we may repurchase shares in the open market or in privately negotiated transactions, including through an accelerated stock repurchase plan or under a SEC Rule 10b5-1 plan. The actual timing and amount of share repurchases are dependent on the current market conditions and other business-related factors. Our common stock repurchases are discussed in more detail in Note 9 to our Financial Statements.

During the six months ended June 30, 2022, we repurchased approximately 626,000 shares of our common stock for \$37.6 million (weighted-average price of \$59.99 per share).

Outside of our Stock Repurchase Program, during the six months ended June 30, 2022, we repurchased from our employees and then cancelled approximately 125,000 shares of our common stock for \$7.9 million in connection with minimum tax withholding requirements resulting from the vesting of restricted common stock under our stock incentive plans.

- Executive Transition. In 2020, we entered into a Separation Agreement with our former President and CEO which includes a commitment to pay additional compensation of approximately \$7 million, for which approximately \$5 million was paid in 2021 and approximately \$2 million was paid in the first quarter of 2022.
- Cash Dividends. During the six months ended June 30, 2022, the Board declared dividends totaling \$17.1 million. Going forward, we expect to pay cash dividends each year in March, June, September, and December, with the amount and timing subject to the Board's approval.

- Acquisitions. As a result of our recent acquisition activity, we have the following potential future obligations:
 - o The 2020 acquisition of Tekzenit includes provisions for additional purchase price payments in the form of earn-out and qualified sales payments for up to \$10.0 million over a measurement period through March 31, 2023. As of June 30, 2022, we have \$0.6 million accrued related to the contingent purchase price payments and have not accrued any amounts related to the post-acquisition compensation payments due to the uncertainty of payment.
 - o The 2021 Kitewheel purchase acquisition agreement includes deferred purchase price payments of \$6.0 million to be paid in equal annual amounts on July 1 of 2022, 2023, and 2024.
 - o The 2021 Keydok acquisition purchase agreement includes provisions for up to \$18.0 million of potential future earn-out payments. As of June 30, 2022 we have not accrued any amounts related to the potential earn-out payments.
 - o The 2021 DGIT acquisition purchase price includes escrowed funds of approximately \$2 million to be paid over the next four years, subject to certain reductions, as applicable. During the second quarter of 2022, \$0.4 million was paid out. Additionally, there are provisions for up to approximately \$13 million of potential future earn-out payments. The earn-out period is through September 30, 2025. As of June 30, 2022 we accrued \$0.1 million related to potential earn out payments.

Our acquisitions are discussed in more detail in Note 5 to our Financial Statements. As part of our growth strategy, we are continually evaluating potential business and/or asset acquisitions and investments in market share expansion with our existing and potential new customers and expansion into verticals outside the global communications market.

- Capital Expenditures. During the six months ended June 30, 2022, we spent \$19.6 million on capital expenditures.
- Stock Warrants. We have issued Stock Warrants with an exercise price of \$26.68 per warrant to Comcast as an incentive for Comcast to convert new customer accounts to ACP. Once vested, Comcast may exercise the Stock Warrants and elect either physical delivery of common shares or net share settlement (cashless exercise). Alternatively, the exercise of the Stock Warrants may be settled with cash based solely on our approval, or if Comcast were to beneficially own or control in excess of 19.99% of the common stock or voting of the Company. As of June 30, 2022, approximately 1.0 million Stock Warrants remain issued, none of which are vested.

The Stock Warrants are discussed in more detail in Note 9 to our Financial Statements.

- Long-Term Debt. As of June 30, 2022, our long-term debt consisted of our 2021 Credit Agreement which includes: (i) outstanding 2021 Term Loan borrowings of \$144.4 million; and (ii) outstanding 2021 Revolver borrowings of \$245.0 million. During the six months ended June 30, 2022, we borrowed \$245.0 million from our 2021 Revolver to settle our 2016 Convertible Notes for \$242.3 million. As of June 30, 2022, there were no remaining 2016 Convertible Notes outstanding.

Our 2021 Credit Agreement mandatory repayments for the next twelve months are \$7.5 million and the cash interest expense (based upon then current interest rates) for the 2021 Term Loan and 2021 Revolver (to include the additional \$15.0 million that was borrowed in July 2022, assuming no further amounts are borrowed, and the amount is not paid down) are \$5.2 million and \$9.6 million, respectively. We have the ability to make prepayments without penalties on our 2021 Credit Agreement.

Our long-term debt obligations are discussed in more detail in Note 4 to our Financial Statements.

In summary, we expect to continue to have material needs for capital resources going forward, as noted above. We believe that our current cash, cash equivalents and short-term investments balances and our 2021 Revolver, together with cash expected to be generated in the future from our current operating activities, will be sufficient to meet our anticipated capital resource requirements for at least the next twelve months. We also believe we could obtain additional capital through other debt sources which may be available to us if deemed appropriate.

Item 3. *Quantitative and Qualitative Disclosures About Market Risk*

Market risk is the potential loss arising from adverse changes in market rates and prices. As of June 30, 2022, we are exposed to various market risks, including changes in interest rates, fluctuations and changes in the market value of our cash equivalents and short-term investments, and changes in foreign currency exchange rates. We have not historically entered into derivatives or other financial instruments for trading or speculative purposes.

Interest Rate Risk

Long-Term Debt. The interest rates on our 2021 Credit Agreement are based upon an adjusted LIBOR rate plus an applicable margin, or an ABR plus an applicable margin. See Note 4 to our Financial Statements for further details related to our long-term debt.

A hypothetical adverse change of 10% in the June 30, 2022 adjusted LIBOR rate would not have had a material impact upon our results of operations.

Market Risk

Cash Equivalents and Short-term Investments. Our cash and cash equivalents as of June 30, 2022 and December 31, 2021 were \$133.8 million and \$205.6 million, respectively. Certain of our cash balances are swept into overnight money market accounts on a daily basis, and at times, any excess funds are invested in low-risk, somewhat longer term, cash equivalent instruments and short-term investments. Our cash equivalents are invested primarily in institutional money market funds, commercial paper, and time deposits held at major banks. We have minimal market risk for our cash and cash equivalents due to the relatively short maturities of the instruments.

Our short-term investments as of June 30, 2022 and December 31, 2021 were \$1.3 million and \$28.0 million, respectively. Currently, we utilize short-term investments as a means to invest our excess cash only in the U.S. The day-to-day management of our short-term investments is performed by a large financial institution in the U.S., using strict and formal investment guidelines approved by our Board. Under these guidelines, short-term investments are limited to certain acceptable investments with: (i) a maximum maturity; (ii) a maximum concentration and diversification; and (iii) a minimum acceptable credit quality. At this time, we believe we have minimal liquidity risk associated with the short-term investments included in our portfolio.

Settlement and Merchant Reserve Assets. We are exposed to market risk associated with cash held on behalf of our merchants related to our payment processing services. As of June 30, 2022 and December 31, 2021, we had \$213.5 million and \$186.3 million, respectively, of cash collected on behalf of our merchants. The cash is held in accounts with various major financial institutions in the U.S. and Canada in an amount equal to at least 100% of the aggregate amount owed to our merchants. These balances can significantly fluctuate between periods due to activity at the end of the period and the day in which the period ends.

Foreign Currency Exchange Rate Risk

Due to foreign operations around the world, our balance sheet and income statement are exposed to foreign currency exchange risk due to the fluctuations in the value of currencies in which we conduct business. While we attempt to maximize natural hedges by incurring expenses in the same currency in which we contract revenue, the related expenses for that revenue could be in one or more differing currencies than the revenue stream.

During the six months ended June 30, 2022, we generated approximately 87% of our revenue in U.S. dollars. We expect that, in the foreseeable future, we will continue to generate a very large percentage of our revenue in U.S. dollars.

As of June 30, 2022 and December 31, 2021, the carrying amounts of our monetary assets and monetary liabilities on the books of our non-U.S. subsidiaries in currencies denominated in a currency other than the functional currency of those non-U.S. subsidiaries are as follows (in thousands, in U.S. dollar equivalents):

	June 30, 2022		December 31, 2021	
	Monetary Liabilities	Monetary Assets	Monetary Liabilities	Monetary Assets
Pounds sterling	\$ (89)	\$ 508	\$ (4)	\$ 1,829
Euro	(231)	3,146	(297)	2,702
U.S. Dollar	(356)	29,934	(541)	30,212
South African Rand	-	1,374	(95)	3,631
Other	(3)	590	(10)	976
Totals	<u>\$ (679)</u>	<u>\$ 35,552</u>	<u>\$ (947)</u>	<u>\$ 39,350</u>

A hypothetical adverse change of 10% in the June 30, 2022 exchange rates would not have had a material impact upon our results of operations.

Item 4. Controls and Procedures

(a) Disclosure Controls and Procedures

As required by Rule 13a-15(b), our management, including the Chief Executive Officer (“CEO”) and Chief Financial Officer (“CFO”), conducted an evaluation as of the end of the period covered by this report of the effectiveness of our disclosure controls and procedures as defined in Rule 13a-15(e). Based on that evaluation, the CEO and CFO concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report.

(b) Internal Control Over Financial Reporting

As required by Rule 13a-15(d), our management, including the CEO and CFO, also conducted an evaluation of our internal control over financial reporting, as defined by Rule 13a-15(f), to determine whether any changes occurred during the quarter covered by this report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting. Based on that evaluation, the CEO and CFO concluded that there has been no such change during the quarter covered by this report.

CSG SYSTEMS INTERNATIONAL, INC.
PART II. OTHER INFORMATION

Item 1. Legal Proceedings

From time-to-time, we are involved in litigation relating to claims arising out of our operations in the normal course of business. We are not presently a party to any material pending or threatened legal proceedings.

Item 1A. Risk Factors

A discussion of our risk factors can be found in Item 1A. Risk Factors in our 2021 Form 10-K. There were no material changes to the risk factors disclosed in our 2021 Form 10-K during the second quarter of 2022.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

The following table presents information with respect to purchases of our common stock made during the second quarter of 2022 by CSG Systems International, Inc. or any “affiliated purchaser” of CSG Systems International, Inc., as defined in Rule 10b-18(a)(3) under the Exchange Act.

Period	Total Number of Shares Purchased (1) (2)	Average Price Paid Per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs (2)	Maximum Number (or Approximate Dollar Value) of Shares that May Yet Be Purchased Under the Plan or Programs (2)
April 1 - April 30	81,159	\$ 64.00	80,000	3,258,717
May 1 - May 31	140,543	58.93	140,000	3,118,717
June 1 - June 30	140,190	58.46	140,000	2,978,717
Total	361,892	\$ 59.89	360,000	

(1) The total number of shares purchased that are not part of the Stock Repurchase Program represents shares purchased and cancelled in connection with stock incentive plans.

(2) See Note 9 to our Financial Statements for additional information regarding our share repurchases.

Item 3. Defaults Upon Senior Securities

None

Item 4. Mine Safety Disclosures

None

Item 5. Other Information

None

Item 6. Exhibits

**SIXTY-FIFTH AMENDMENT
TO
CONSOLIDATED
CSG MASTER SUBSCRIBER MANAGEMENT SYSTEM AGREEMENT
BETWEEN
CSG SYSTEMS, INC.
AND
CHARTER COMMUNICATIONS OPERATING, LLC**

SCHEDULE AMENDMENT

This **Sixty-fifth Amendment** (the “Amendment”) is made by and between **CSG Systems, Inc.**, a Delaware corporation (“CSG”), and **Charter Communications Operating, LLC**, a Delaware limited liability company (“Customer”). CSG and Customer entered into that certain Consolidated CSG Master Subscriber Management System Agreement effective as of August 1, 2017 (CSG document no. 4114281), as amended (the “Agreement”), and now desire to further amend the Agreement in accordance with the terms and conditions set forth in this Amendment. If the terms and conditions set forth in this Amendment shall be in conflict with the Agreement, the terms and conditions of this Amendment shall control. Any terms in initial capital letters or all capital letters used as a defined term but not defined in this Amendment shall have the meaning set forth in the Agreement. Upon execution of this Amendment by the parties, any subsequent reference to the Agreement between the parties shall mean the Agreement as amended by this Amendment. Except as amended by this Amendment, the terms and conditions set forth in the Agreement shall continue in full force and effect according to their terms.

WHEREAS, CSG provides and Customer consumes [***** in Customer’s *****], as more particularly described in that certain Sixty-first Amendment to the Agreement (CSG document no. 37937); and

WHEREAS, Customer has requested and CSG has agreed to provide [***** in certain of Customer’s *****] regions; and

WHEREAS, CSG and Customer acknowledge and agree CSG will provide [***** in certain of Customer’s *****] regions under the Agreement.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, CSG and Customer agree to the following as of the Amendment Effective Date (defined below).

1. **Customer has requested and CSG has agreed to add [***** to ***** regions of **** commonly known as ****, **** and ****]. Therefore, upon execution of this Amendment, [*****], entitled “*****”, of the Agreement shall be deleted in its entirety and replaced as follows:**

“[*****]. CSG will generate and make available, via delivery to a CSG secure [*** (****) site, a per “*****” (each a “*****”) that will include the *** amount and ***** number on a per ***** account basis in **** (*) ***** feeds, as follows: *** (*) such ***** feed will be available to ***** and *** (*) such ***** feed will be available to each of Customer’s ***** (*) ***** regions of **** commonly known as ****, **** and ****]. The [*****] Extract feeds will be delivered by CSG to a CSG

secure [*** (“****”)] site and made available to Customer for pick up from the [****] site. Each Per [*****] feeds delivered by CSG to the [****] site will be available to Customer for a period of [***** (**) ****] from the date of delivery of such [*****] feeds to the ****.”

2. As a result, upon execution of this Amendment and pursuant to the terms and conditions of the Agreement, Schedule *, “[****,” Section *,, “*****,” subsection **, “*****,” subsection *, “***** (*****),” subsection *, “*****,” subsection “g,” “*****],” shall be deleted in its entirety and replaced as follows:

Description	Frequency	Fee
9. [*****] Fees		
g. [*****]		
i.[***** and *****] (Note 46) (Note 50)	[*****]	[*****]
ii.[***** and ***** Services; *****] (Note 47) (Note 48) (Note 49)	[*****]	[*****]
iii.[***** and ***** Services, ****, **** and **** **** regions of ****] (Note 47) (Note 48) (Note 51)	[*****]	[*****]

Note 46: [***** and set up of the **** ***** to Customer’s ***** has been mutually agreed upon and documented in that certain Statement of Work, “***** [*****],” (CSG document no. *****) (“***** SOW”) executed by CSG and Customer *****].

Note 47: [***** and *****] Fees will include up to [*** (**) *****] of support, monthly, for the purposes of (i) answering functional questions and resolving reported concerns and (ii) operations support regarding production issues. Any hours requested by Customer in excess of such [*** (**) ***** per *****] shall be billed to Customer on a [**** and *****] basis at the then current [*****] (or as otherwise mutually agreed by the parties) in a separate Statement of Work. For purposes of clarification, [***** and *****] Fees will not include [*****] or ***** by *****].

Note 48: [***** and *****] Fees for ***** will be invoiced ***** commencing in the *****following CSG’s ***** ***** as defined in the ***** SOW, at the rate of *****per ***** ***** and ***** Fees for the ***** regions of **** will be invoiced ***** commencing in the ***** following CSG’s ***** as defined in the ***** SOW, at the rate of ***** per *****]. Customer may discontinue [***** and ***** Services for either or both ***** and/or *****] at any time; provided, however, Customer shall provide no less than [***** (**) *****] written notice (email is sufficient) prior to discontinuing the [***** and *****] Services, and Customer shall [***** discontinue use of the *****]. The [***** and *****] Services fees for the [***** of the ***** and *****] Services will be pro-rated through the date on which the [***** and *****] Services provided to Customer shall cease and no longer be available.

Note 49: The Monthly Maintenance and Support Services fees, referenced above, will be subject to the [*****] adjustment to fees, pursuant to Section 5.3 of the Agreement.

Note 50: [*****and set up of the CSG ***** feed to Customer’s ****, **** and **** ***** regions of ****] shall be mutually agreed upon and documented in that certain Change Order No. [*****]SOW (CSG document no. 39999) to be executed by CSG and Customer.

Note 51: Commencing the ***** following CSG’s delivery of the [*****] feed to Customer’s [****, **** and **** *****regions of ****] pursuant to Change Order No. [*] to SOW identified in **Note 50** above, CSG shall invoice Customer and Customer shall pay CSG the [*****and *****Services for Customer’s ****, **** and **** ***** regions of ****].

THIS AMENDMENT is executed on the days and year last signed below to be effective as of the date last signed below (the "Amendment Effective Date").

**CERTIFICATION PURSUANT TO
SECTION 302
OF THE SARBANES-OXLEY ACT OF 2002**

I, Brian A. Shepherd, certify that:

1. I have reviewed this report on Form 10-Q of CSG Systems International, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**CERTIFICATION PURSUANT TO
18 U.S.C. SECTION 1350,
AS ADOPTED PURSUANT TO
SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002**

The certification set forth below is being submitted in connection with the Quarterly Report on Form 10-Q (the "Report") for the purpose of complying with Rule 13a-14(b) or Rule 15d-14(b) of the Securities Exchange Act of 1934 (the "Exchange Act") and Section 1350 of Chapter 63 of Title 18 of the United States Code.

Brian A. Shepherd, the Chief Executive Officer and Hai Tran, the Chief Financial Officer of CSG Systems International Inc., each certifies that, to the best of his knowledge:

- (1) the Report fully complies with the requirements of Section 13(a) or 15(d) of the Exchange Act; and
- (2) the information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of CSG Systems International, Inc.
