3 Macau Leverages CSG Singleview for New 4G LTE Services

Comprehensive Revenue and Customer Management Solution Deployed

ENGLEWOOD, Colo.--(BUSINESS WIRE)-- [CSG International \(NASDAQ: CSGS\)](#), a global provider of interactive transaction-driven solutions and services, today announced that 3 Macau now uses [CSG Singleview](#)[®] to provide comprehensive integrated revenue and customer management system for its advanced 4G LTE services.

To coincide with the network launch in December 2015, CSG used its proven Accelerate methodology to deploy a comprehensive revenue and customer management solution. The deployment included CSG's Singleview Convergent Billing and Customer Management, as well as CSG Interactivate[®] with its flow-through service activation capabilities. In addition, 3 Macau upgraded its existing CSG Intermediate[™] deployment to the latest version. The comprehensive solution enabled the operator to take advantage of the high bandwidth capabilities of its new 4G LTE network by providing a wide range of innovative offerings to the Macau market.

"Our goal is to offer our customers the most exciting range of new services that 4G LTE brings," said Wai-ming Ho, CEO at 3 Macau. "To achieve this, we selected CSG for its proven ability to deliver scalable solutions that will help us bring innovative products and services to market quickly."

CSG is a trusted provider of revenue management solutions for operators around the globe. "CSG is honored to be the solution partner of choice for integrated revenue and customer management for 3 Macau's LTE network," said Ian Watterson, managing director of Asia-Pacific for CSG. "As our customers deploy the latest network technology, it drives transformation across their business. CSG is committed to delivering solutions that enable our customers to meet the challenges of the digital economy."
