

3rd Quarter 2022 Results

November 7, 2022

Safe Harbor Statement

This presentation and the accompanying oral presentation contain forward-looking statements and information that are based on our management's beliefs and assumptions and on information currently available to our management. The statements and information contained in this presentation that are not purely historical are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements, including statements about: Q2's sales execution and the demand environment for its solutions; declines in discretionary spending from some customers; increased focus on profitability; continued sales execution and acceleration in our subscription revenue growth going forward; the current uncertain and challenging economic conditions and the impact such conditions may have on our revenue streams and our focus on driving profitable growth; and, Q2's quarterly and annual financial guidance.

Forward-looking statements include all statements that are not historical facts and can be identified by terms such as "anticipates," "believes," "could," "seeks," "estimates," "expects," "intends," "may," "plans," "potential," "predicts," "projects," "should," "will," "would, " "strategy," "future," "likely" or similar expressions and the negatives of those terms. Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Forward-looking statements represent our management's beliefs and assumptions only as of the date of this presentation. These statements are not guarantees of future performance or development and involve known and unknown risks, uncertainties and other factors that are in some cases beyond our control. Factors that may cause such differences include, but are not limited to, the risks described in our earnings press release for the quarter ending September 30, 2022 and under "Risk Factors" in our Annual Report on Form 10-K and those discussed in other documents we file and furnish with the SEC. Except as required by law, we assume no obligation to update these forward-looking statements publicly, or to update the reasons actual results could differ materially from those anticipated in the forward-looking statements, even if new information becomes available in the future.

This presentation includes references to adjusted EBITDA, which is a non-GAAP financial measure under SEC rules. We define adjusted EBITDA as net loss before, as applicable for the period discussed, interest, taxes, depreciation and amortization, stock-based compensation, acquisition-related costs, lease and other restructuring charges, loss on extinguishment of debt, deferred revenue reduction from purchase accounting. This presentation also references non-GAAP revenue, which excludes the impact of purchase accounting. This presentation also references non-GAAP gross margin, which adjusts GAAP gross margin to exclude the effects of stock-based compensation, amortization of acquired technology acquisition related costs and deferred revenue reduction from purchase accounting. Management believes that these non-GAAP measures are useful measures of operating performance because they exclude items that we do not consider indicative of our core performance. However, these non-GAAP financial measures should be considered in addition to, not as a substitute for or superior to, the most directly comparable GAAP measure, or other financial measures prepared in accordance with GAAP. Our management uses these non-GAAP financial measures as a measure of operating performance; to prepare our annual operating budget; to allocate resources to enhance the financial performance of our business; to evaluate the effectiveness of our business strategies; to provide consistency and comparability with past financial performance; to facilitate a comparison of our results with those of other companies, many of which use similar non-GAAP financial measures to supplement their GAAP results; and in communication with our board of directors concerning our financial performance. A reconciliation to the closest GAAP measures of these non-GAAP measures is contained in tabular form at the end of this presentation. A reconciliation of forward-looking adjusted EBITDA guidance used in this presentation to GAAP net loss is not available without unreasonable effort due to the uncertainty regarding, and the potential variability of, certain of the adjustments required to calculate adjusted EBITDA that may be incurred in the future.

Unless otherwise indicated, all financial measures discussed in this presentation are presented on a non-GAAP basis.

3rd Quarter 2022 Results

		3Q'22		3Q'21
		Totals	Y/Y Change	Totals
GAAP	Revenue	$144,751	14%	$126,736
	Gross Profit	$66,856	17%	$57,010
	Net Loss	($27,791)	(12%)	($31,583)
Non-GAAP	Revenue	$144,855	14%	$127,290
	Gross Profit	$75,461	14%	$66,001
	Adj EBITDA	$10,820	48%	$7,304

$ in thousands

"The third quarter represented our strongest bookings performance of the year. Our sales success came from a mix of key wins across digital banking, lending and Helix, with one Enterprise and five Tier 1 deals in total. I am encouraged by the quarter; and believe that our sales results indicate that the demand environment remains positive.

Given the economic backdrop, we will manage the business with an increased focus on profitability, and we believe our continued sales execution will drive acceleration in our subscription revenue growth for the remainder of this year and in 2023."

Matt Flake
President and CEO

Q2

3rd Quarter 2022 Review

[1] Total Annualized Recurring Revenue as of September 30, 2022. See "Annualized Recurring Revenue" in the Appendix to this presentation. [2] Number of contracts signed with customers above $5 billion in assets (Tier 1) and above $50 billion in assets (Enterprise) to utilize our digital banking or lending platform, collectively, in the third quarter of 2022. [3] Results for the quarter ending September 30, 2022.

3rd Quarter Highlights

Continued Sales Success, Leading the Industry in Delivering "The Digital Bank"

1 Enterprise & 3 Tier 1

Digital Banking Platform

- **Enterprise, Top 50 U.S. bank to utilize our commercial and small business digital banking solutions.**
- **Tier 1, Top 50 U.S. credit union to utilize our commercial digital banking solutions.**
- **Tier 1 bank to utilize our retail and commercial digital banking solutions.**
- **Tier 1 credit union to utilize our retail digital banking solutions.**

2 Tier 1

Digital Lending Platform

- **Tier 1 Agricultural Lender to utilize our loan pricing solutions.**
- **Tier 1, Top 100 U.S. Bank to expand the use of our loan pricing solutions.**

Facilitating the Convergence of Financial Services

helix

- **Signed a contract with a digital-first insurance company to offer a unique savings account product utilizing our Helix platform.**
- **Launched a strategic program with Mana, an online gaming company looking to offer personalized debit cards and checking accounts utilizing our Helix Platform.**

+100 Partners

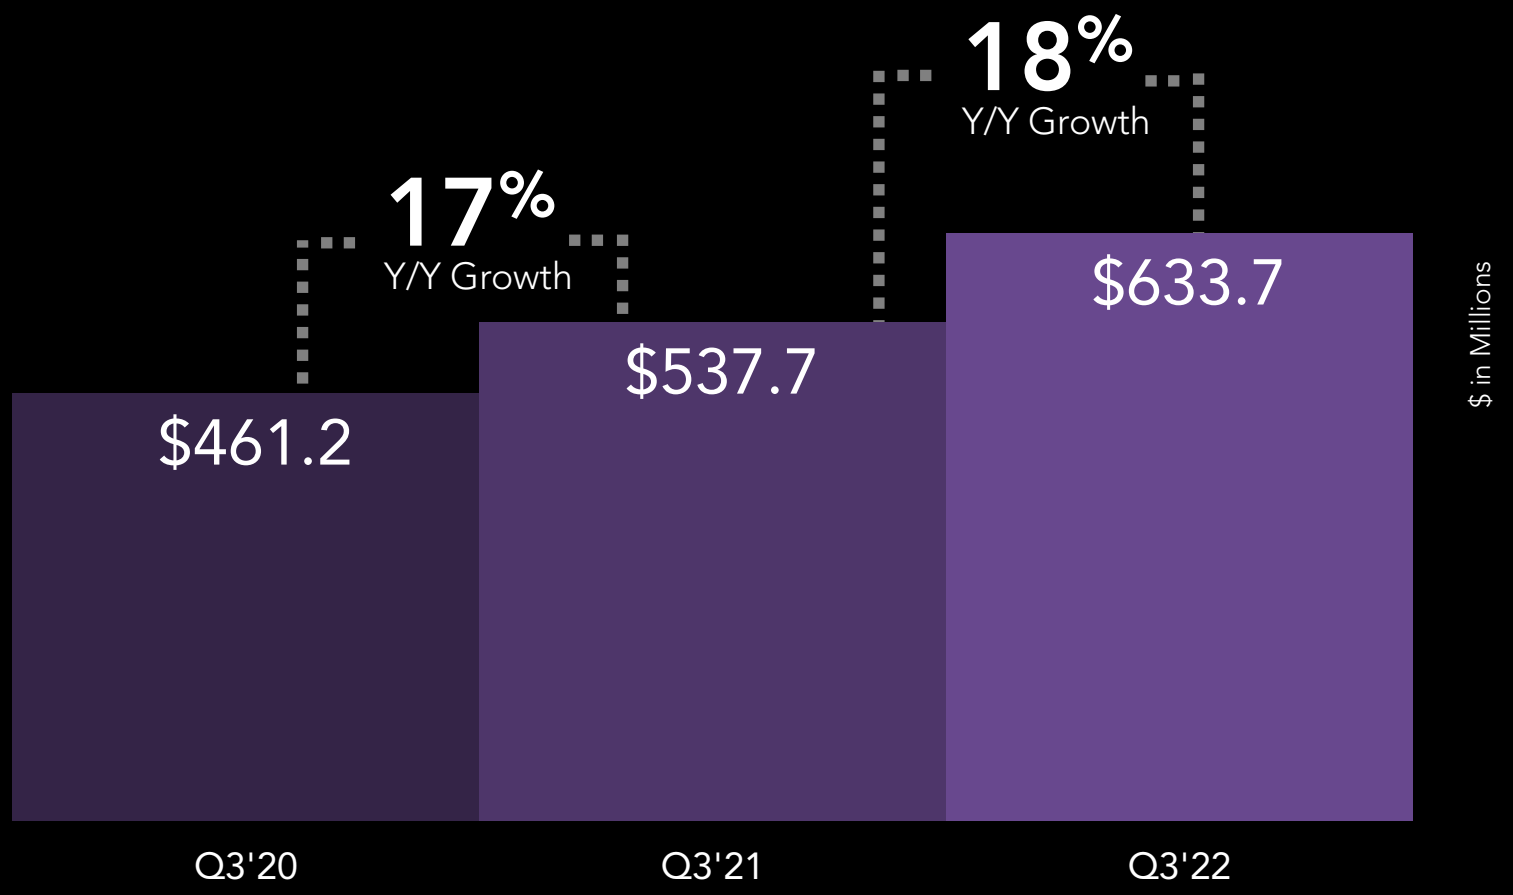

Q2 Innovation Studio

- **As of November 7th, over 100 partners have signed with Innovation Studio, highlighting the ecosystem's value for innovative companies looking to amplify their go-to-market strategies.**

See the "Customer Tiering" in the Appendix to this presentation for further information on how we define Enterprise and the various Tiers of our customers.

Annualized Recurring Revenue

Year-over-year growth primarily driven from bookings performance with Enterprise and Tier 1 wins

Annualized Recurring Revenue (ARR) is defined in the appendix of this presentation.

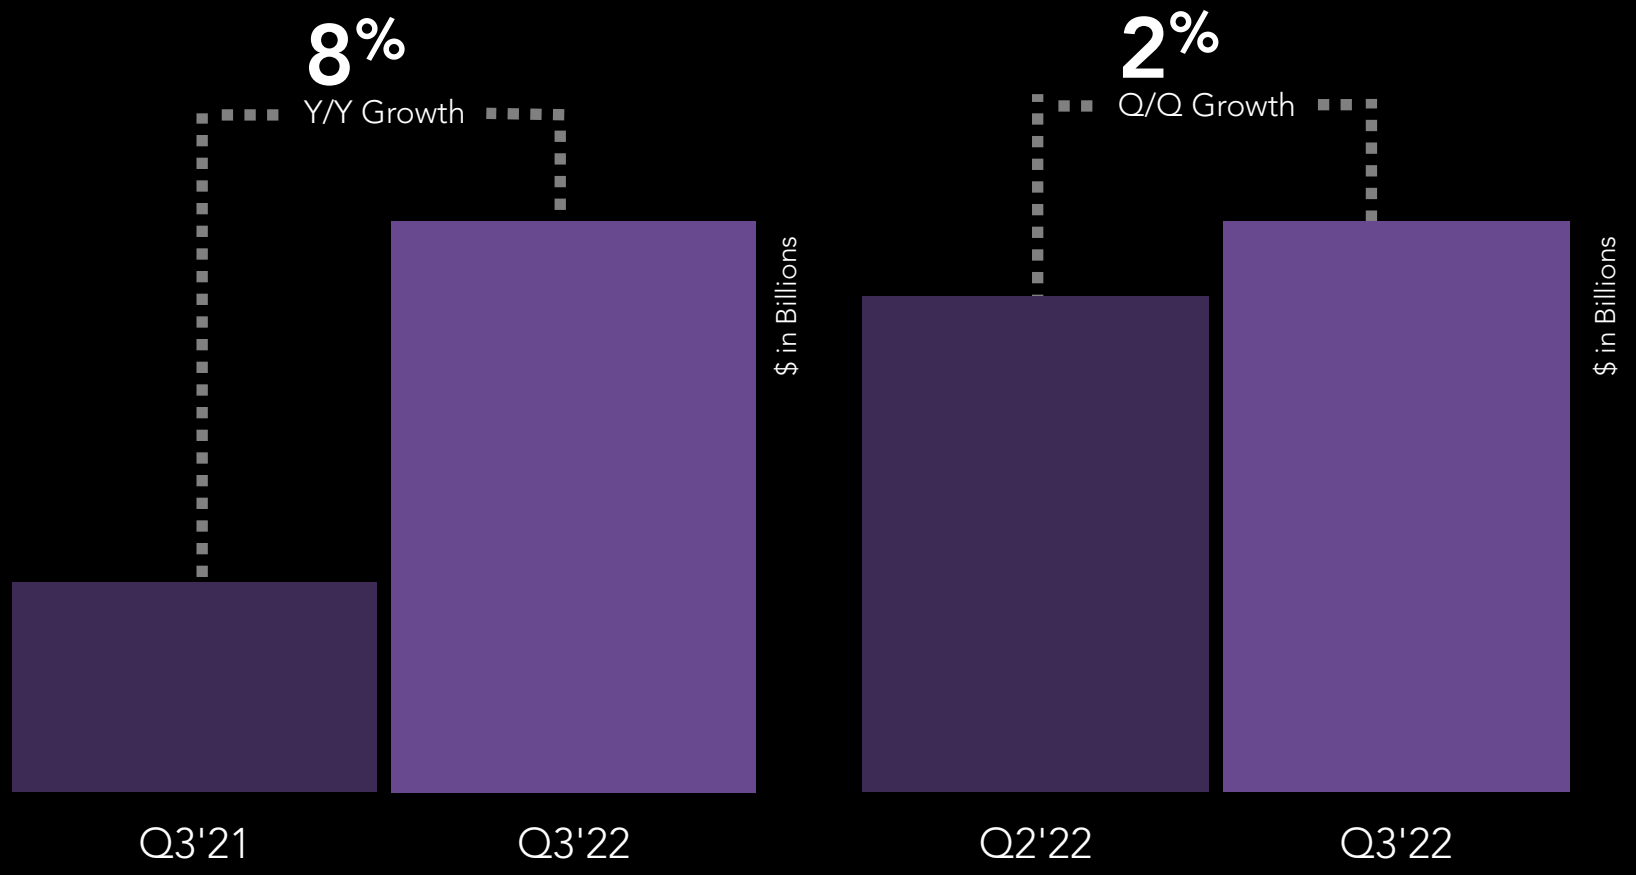

Remaining Performance Obligation (Backlog)

Year-over-year and sequential growth driven primarily by net new & renewal bookings; sequential growth also driven from increased renewal activity in the quarter

$1.39B

RPO Balance as of September 30, 2022

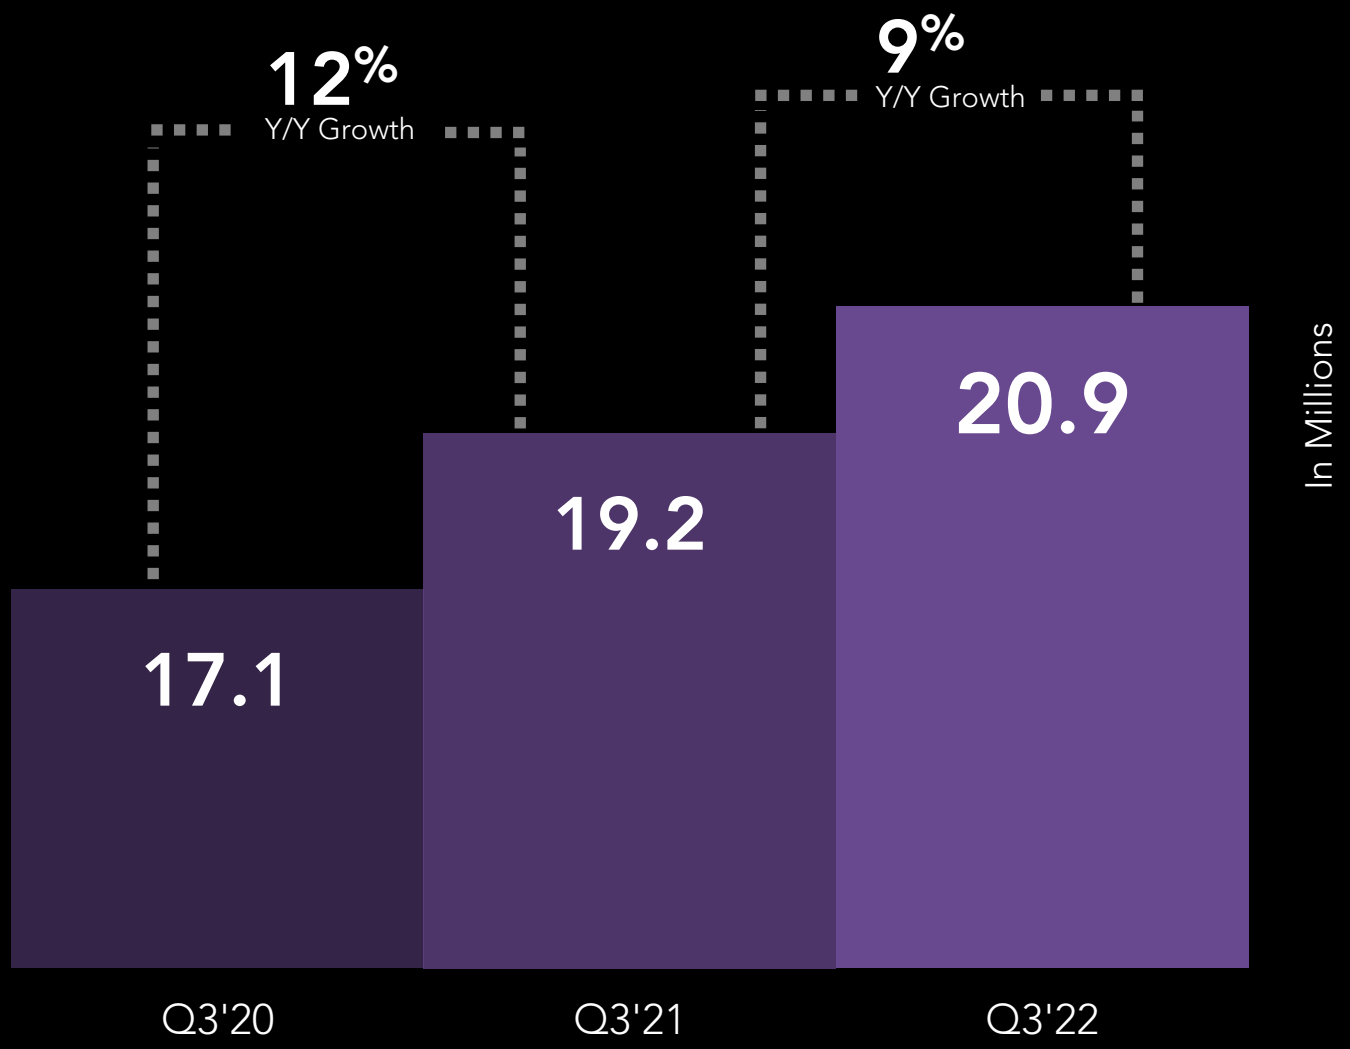

RPO Expected to be Recognized in the Next:	% of Total RPO Amount
24 months	**48%**
25-48 months	**40%**

Remaining Performance Obligation, or "Backlog", represents contracted revenue minimums that have not yet been recognized, including amounts that will be invoiced and recognized as revenue in future periods.

Digital Banking Registered User Growth

Driven primarily from organic user growth and new go-lives during the quarter

Added over
1.7M Users
Year-over-year

[1] Registered Users as defined in the appendix of this presentation.

Financial Outlook

Reflects 13%-14% full year revenue growth and full year EBITDA margins of 7-8%

	Q4 2022	
	Low	High
Non-GAAP Revenue	$148.4	$150.4
Adj EBITDA	$10.5	$12.5

$ In Millions

	Full Year 2022	
	Low	High
Non-GAAP Revenue	$568.0	$570.0
Adj EBITDA	$39.0	$41.0

$ In Millions

As of November 7, 2022, Q2 Holdings is providing guidance for its fourth quarter of 2022 and full-year 2022, which represents Q2 Holdings' current estimates on Q2 Holdings' operations and financial results. The financial information above represents forward-looking, non-GAAP financial information, including estimates of non-GAAP revenue and adjusted EBITDA. GAAP net loss is the most comparable GAAP measure to adjusted EBITDA. Adjusted EBITDA differs from GAAP net loss in that it excludes items such as depreciation and amortization, stock-based compensation, acquisition related costs, interest and other (income) expense, income taxes, lease and other restructuring charges, loss on extinguishment of debt and the impact to deferred revenue from purchase accounting. Q2 Holdings is unable to predict with reasonable certainty the ultimate outcome of these exclusions without unreasonable effort. Therefore, Q2 Holdings has not provided guidance for GAAP net loss or a reconciliation of the foregoing forward-looking adjusted EBITDA guidance to GAAP net loss. However, it is important to note that these excluded items could be material to our results computed in accordance with GAAP in future periods.

Appendix

Strong Visibility, High Retention, Expanding Opportunity

Long Runway to sustain High Growth and Margin Expansion

+1,400 Total Customers[1]	**30%** Revenue CAGR since IPO[2]	**+5 Years** Avg. Contract Length[3]	**70%** Avg. Customer Gross Margin at Renewal[4]
448 Digital Banking Platform Customers[5]	**120%** Avg. Annual Net Revenue Retention Rate[6]	**~20.9M** Registered End Users[7]	**48%** Avg. Customer Contracted Revenue Growth at 36 months[8]

$13B Total Addressable Market[9]

[1] Total numbers of customers signed as of September 30th, 2022. [2] Calculated using full year 2014 to full year 2021, based on historical full year non-GAAP revenue totals. [3] For digital Banking platform customers as of December 31, 2021. [4] Average gross margin of Digital Banking Platform customers that renewed in the first 9 months of 2021. [5] Installed Digital Banking customers as of December 31, 2021. [6] Average Net Revenue Retention for full years 2019 , 2020 and 2021. [7] Registered end users on our digital banking platform, as of September 30, 2022 . [8] Based on digital banking platform customers that went live from 2010-2021. Growth of contracted recurring revenue by Q2 platform customers 36 months after implementation. [9] We believe our expanded solution offerings and the continued growth of our customer base and market opportunity have increased the addressable market for our solutions to greater than $13.0 billion as discussed in our 10-K filed on February 16th, 2022.

Reconciliation of GAAP to Non-GAAP Revenue Guidance

Q2 Holdings, Inc.
Reconciliation of GAAP to Non-GAAP Revenue Outlook
(in thousands)

	Q4 2022 Outlook		Full Year 2022 Outlook	
	Low	High	Low	High
GAAP revenue	$ 148,271	$ 150,271	$ 567,356	$ 569,356
Deferred revenue reduction from purchase accounting	129	129	644	644
Non-GAAP revenue	$ 148,400	$ 150,400	$ 568,000	$ 570,000

This table reflects the reconciliation provided by Q2 in its earnings release on November 7, 2022 for the quarter ending September 30, 2022 and should be interpreted in this presentation as having been made as of that date. Q2 is not updating such prior guidance as of the date of this presentation.

Definitions

Adjusted EBITDA: We define adjusted EBITDA as net loss before depreciation, amortization, stock-based compensation, certain costs related to our recent acquisitions, (benefit from) provision for income taxes, interest and other (income) expense, net, deferred revenue reduction from purchase accounting, loss on extinguishment of debt, and lease and other restructuring charges. We believe that adjusted EBITDA provides useful information to investors and others in understanding and evaluating our operating results for the following reasons:

- adjusted EBITDA is widely used by investors and securities analysts to measure a company's operating performance without regard to items that can vary substantially from company to company depending upon their financing, capital structures and the method by which assets were acquired;
- our management uses adjusted EBITDA in conjunction with GAAP financial measures for planning purposes, in the preparation of our annual operating budget, as a measure of our operating performance, to assess the effectiveness of our business strategies and to communicate with our board of directors concerning our financial performance;
- adjusted EBITDA provides more consistency and comparability with our past financial performance, facilitates period-to-period comparisons of our operations and also facilitates comparisons with other companies, many of which use similar non-GAAP financial measures to supplement their GAAP results; and
- our investor and analyst presentations may include adjusted EBITDA as a supplemental measure of our overall operating performance.

Annualized Recurring Revenue: We believe Annualized Recurring Revenue, or ARR, provides important information about our future revenue potential, our ability to acquire new clients, and our ability to maintain and expand our relationship with existing clients. We calculate ARR as the annualized value of all recurring revenue recognized in the last month of the reporting period, with the exception of variable revenue in excess of contracted amounts for which we instead take the average monthly run rate of the trailing three months within that reporting period. Our ARR also includes the contracted minimums associated with all contracts in place at the end of the quarter that have not yet commenced, and revenue generated from Premier Services. Premier Services revenue is generated from select established customer relationships where we have engaged with the customer for more tailored, premium professional services resulting in a deeper and ongoing level of engagement with them, which we deem to be recurring in nature. ARR does not include revenue from professional services or other sources of revenue that are not deemed to be recurring in nature. ARR is not a forecast of future revenue, which can be impacted by contract start and end dates and renewal rates. ARR should be viewed independently of revenue and deferred revenue as ARR is an operating metric and is not intended to be combined with or replace these items. Our use of ARR has limitations as an analytical tool, and investors should not consider it in isolation. Other companies in our industry may calculate ARR differently, which reduces its usefulness as a comparative measure. Variable revenue considerations are described in detail in our Form 10-Q to be filed this week.

Definitions

Cloud Lending Platform: Our Q2 Cloud Lending, or CL, digital lending platform is a cloud-based, end-to-end lending solution that allows financial institutions, FinTechs and Alt-FIs to automate and digitize their lending activities, supporting digital lending applications, scoring, underwriting, servicing and collections for multiple assets classes.

Contracted Revenue: We refer to contracted recurring revenue as being inclusive of all revenue recognized relating to contracted minimums in addition to variable revenue in excess of contracted amounts. Contracted recurring revenue does not include revenue from professional services or other sources of revenue that are not deemed to be recurring in nature.

Customers: We define customers as individuals or entities that have purchased one or more of our products under a unique customer identification number since our inception and individuals or entities that are contracted for at least one of our products. Each unique customer identification number constitutes a separate customer regardless of the amount purchased.

Customer Tiering: For our financial institution customers, we may refer to their designated tiering, which we use to group customers based upon the total assets they report. We define "Enterprise" customers as having total assets equal to or greater than $50 billion. We define "Tier 1" customers as having total assets equal to or greater than $5 billion but less than $50 billion. We define "Tier 2" customers as having total assets equal to or greater than $1 billion but less than $5 billion. We define "Tier 3" customers as having total assets less than $1 billion. Total assets are reported by financial institutions to the FDIC or NCUA, as applicable, and are disclosed on a quarterly basis.

Digital Banking Platform: Our digital banking platform allows financial institutions to offer a comprehensive and unified suite of digital banking services to their End Users. Our open platform architecture, deep integration with other systems and the multi-tenant aspects of our infrastructure, enable us to develop digital banking solutions that allow our customers to harness the power of the information within their other systems to gain greater insights and to improve the overall security of their End Users and themselves.

Digital Lending Platform: Refers to both our PrecisionLender platform, and our Q2 Cloud Lending, or CL, platforms.

Installed Customers: We define Installed Customers as the number of customers on live implementations (or installations) of our digital banking platforms.

Net Revenue Retention Rate: the total revenues in a calendar year, excluding any revenues from solutions of businesses acquired during such year, from customers who were implemented on any of our solutions as of December 31 of the prior year, expressed as a percentage of the total revenues during the prior year from the same group of customers.

Definitions

Non-GAAP Revenue: We define non-GAAP revenue as total revenue excluding the impact of purchase accounting. We monitor these measures to assess our performance because we believe our revenue growth rates would be understated without these adjustments. We believe presenting non-GAAP revenue aids in the comparability between periods and in assessing our overall operating performance.

Prior to the fourth quarter of 2019, there was no impact of purchase accounting on revenue, so our non-GAAP total revenue was equivalent to our GAAP total revenue prior to that point.

PrecisionLender Platform: Our PrecisionLender platform is a cloud-based, data-driven sales enablement, pricing and portfolio management solution that allows financial institutions globally to structure and negotiate commercial lending, deposits and fee-based business transactions more effectively.

Registered Users: We define a registered user as an individual related to an account holder of an Installed Customer on our Digital Banking Platform who has registered to use one or more of our solutions and has current access to use those solutions as of the last day of the reporting period presented.
