Jacobs Earns High Rankings in Building Design + Construction 2016 Giants List

2016-08-02

PASADENA, Calif.--(BUSINESS WIRE)-- **Jacobs Engineering Group Inc.** (NYSE:JEC) announced today it earned top three rankings in multiple categories in Building Design + Construction (BD+C)'s recent 2016 Giants 300 issue, which ranks the world's top architecture, engineering and construction firms by revenue.

In the main categories, Jacobs is ranked number two in both the Giants 300 of Engineering/Architecture Firms and the Giants 300 of CM Agent + PM Firms. Jacobs also ranked number 25 in the Giants 300 of Contractors.

Jacobs is listed as the number one engineering firm in the top 25 of the following sectors: airport terminal, green building, military, office, reconstruction, retail and science and technology.

In addition, BD+C names Jacobs as the number two engineering firm in the healthcare, data center and K-12 sectors, and one of the top 10 engineering firms in the university, federal, multifamily and sports sectors. For the complete report, visit **BD+C Magazine**.

Upon making the announcement, Jacobs Chairman & CEO Steve Demetriou stated, "The BD+C report illustrates Jacobs' ability to offer fully integrated services for a broad range of clients and project types worldwide, and it confirms the position we've earned as one of world's leading technical, professional and construction service providers.

"We are proud to have achieved high rankings in more than 15 categories this year, which reflects the diversity and strength of our business, and our commitment to working closely with our clients to deliver exceptional value.

"I would like to thank all of our talented people for their contribution to this important industry recognition and our ongoing success."

Jacobs is one of the world's largest and most diverse providers of full-spectrum technical, professional and construction services for industrial, commercial and government organizations globally. The company employs 60,000 people and operates in more than 30 countries around the world. For more information, visit www.jacobs.com.

Statements made in this release that are not based on historical fact are forward-looking statements. We base these forward-looking statements on management's current estimates and expectations as well as currently available competitive, financial and economic data. Forward-looking statements, however, are inherently uncertain. There are a variety of factors that could cause business results to differ materially from our forward-looking statements. For a description of some of the factors which may occur that could cause actual results to differ from our forward-looking statements please refer to our 2015 Form 10-K, and in particular the discussions contained under Items 1 - Business, 1A - Risk Factors, 3 - Legal Proceedings, and 7 - Management's Discussion and Analysis of Financial Condition and Results of Operations. We do not undertake to update any forward-looking statements made herein.
