

# Jacobs Secures New Development & Regeneration Technical Services Framework for Homes England

2023-05-31

Multidisciplinary technical consulting to help deliver new homes in England

DALLAS, May 31, 2023 /PRNewswire/ -- **Jacobs** (NYSE: J) has been appointed to **Homes England**'s new Development and Regeneration Technical Services (DaRTS) Framework to support the U.K. government's housing acceleration in England – helping to improve neighborhoods and grow communities.

As part of this framework, Jacobs will provide full multidisciplinary built environment, professional and technical services to Homes England as well as the country's other public sector bodies through to 2027. Jacobs' planning, design and project delivery expertise will focus on delivering inclusive and sustainable neighborhoods with long term positive and enduring social impact across both existing urban regeneration and new greenfield developments.

"To achieve sustainable housing growth and thriving communities, we must respond in ways that prioritize thoughtful legacy outcomes, create social value and address decarbonization needs," said Jacobs People & Places Solutions Senior Vice President Europe Kate Kenny. "By harnessing our data, technology and social value experience we will continue supporting Homes England in shaping the future of vital housing."

"We want to work with ambitious partners who can help us drive regeneration and housing delivery to create high-quality homes and thriving places across the country," said Homes England Chief Development Officer Barry Cummins. "Suppliers appointed to the new framework bring with them a wealth of knowledge and housing expertise that will enhance the work of Homes England."

Responsible for accelerating housing delivery in England, Homes England is an executive non-departmental public body, sponsored by the U.K. Government's Department for Levelling Up, Housing and Communities.

Jacobs leads a unique group of collaborators (including Mae Architects, Omega Architects, Publica, Savills, Soundings, Urban Delivery and Waugh Thistleton Architects) with decades of experience in all aspects of unlocking land for regeneration and development.

Jacobs is helping clients globally to create smart and connected spaces and places – supporting diverse regeneration and development projects such as a feasibility study for **Rikers Island** in the U.S. and **The Ellinikon** development in Greece .

At Jacobs, we're challenging today to reinvent tomorrow by solving the world's most critical problems for thriving cities, resilient environments, mission-critical outcomes, operational advancement, scientific discovery and cutting-edge manufacturing, turning abstract ideas into realities that transform the world for good. With approximately \$15 billion in annual revenue and a talent force of more than 60,000, Jacobs provides a full spectrum of professional services including consulting, technical, scientific and project delivery for the government and private sector. Certain statements contained in this press release constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements are statements that do not directly relate to any historical or current fact. When used herein, words such as "expects," "anticipates," "believes," "seeks," "estimates," "plans," "intends," "future," "will," "would," "could," "can," "may," and similar words are intended to identify forward-looking statements. We base these forward-looking statements on management's current estimates and expectations, as well as currently available competitive, financial and economic data. Forward-looking statements, however, are inherently uncertain. There are a variety of factors that could cause business results to differ materially from our forward-looking statements including, but not limited to, the timing of the award of projects and funding and potential changes to the amounts provided for under the Infrastructure Investment and Jobs Act, as well as general economic conditions, including inflation and the actions taken by monetary authorities in response to inflation, changes in interest rates and foreign currency exchange rates, changes in capital markets, the possibility of a recession or economic downturn, geopolitical events and conflicts, and the impact of the COVID-19 pandemic, including the related reaction of governments on global and regional market conditions, among others. For a description of some additional factors that may occur that could cause actual results to differ from our forward-looking statements, see the discussions contained under Item 1 - Business; Item 1A - Risk Factors; Item 3 - Legal Proceedings; and Item 7 - Management's Discussion and Analysis of Financial Condition and Results of Operations in our most recently filed Annual Report on Form 10-K, and Item 2 - Management's Discussion and Analysis of Financial Condition and Results of Operations; Item 1 - Legal Proceedings;

and Item 1A - Risk Factors in our most recently filed Quarterly Report on Form 10-Q, as well as the company's other filings with the Securities and Exchange Commission. The company is not under any duty to update any of the forward-looking statements after the date of this press release to conform to actual results, except as required by applicable law.
