

NEWS RELEASE

Jacobs Wins Contract for Alcoa of Australia Sustaining Capital Projects

2015-11-10

PASADENA, Calif.--(BUSINESS WIRE)-- **Jacobs Engineering Group Inc.** (NYSE:JEC) announced today its appointment as engineering service provider for Alcoa of Australia's baseload sustaining capital projects at the Kwinana and Pinjarra alumina refineries in Western Australia.

Under the multi-year contract, Jacobs is providing engineering and project management services to these refineries. The program of work aims to leverage Jacobs' High Value Engineering Center in India, providing cost effective design services.

In making the announcement, Jacobs Industrial President Andrew F. Kremer stated, "We are excited to be able to utilize our global engineering and program management experience with Alcoa of Australia. This contract award significantly solidifies our sustaining capital business in this region and further diversifies the clients we serve in Western Australia. It also provides a platform from which to tender for larger sustaining capital projects."

Jacobs is one of the world's largest and most diverse providers of technical professional and construction services.

Statements made in this release that are not based on historical fact are forward-looking statements. We base these forward-looking statements on management's current estimates and expectations as well as currently available competitive, financial and economic data. Forward-looking statements, however, are inherently uncertain. There are a variety of factors that could cause business results to differ materially from our forward-looking statements. For a description of some of the factors which may occur that could cause actual results to differ from our forward-looking statements please refer to our 2014 Form 10-K, and in particular the discussions contained under Items 1 - Business, 1A - Risk Factors, 3 - Legal Proceedings, and 7 - Management's Discussion and Analysis of

Financial Condition and Results of Operations. We do not undertake to update any forward-looking statements made herein.
