Jacobs Wins National Geospatial-Intelligence Agency Contract

2021-09-14

Focused on cyber, digital services and modern software engineering in support of national security DALLAS, Sept. 14, 2021 /PRNewswire/ -- **Jacobs** (NYSE:J) was awarded a contract by the National Geospatial-Intelligence Agency (NGA) to provide mission-driven and data-centric solutions in support of Geospatial-intelligence Enterprise OpenDataStore (GEODS) services. The single-award indefinite delivery/indefinite quantity (IDIQ) contract value is estimated at \$302 million across a seven-year ordering period.

"Jacobs will provide wide-ranging cyber, digital services and modern software engineering that support geospatial intelligence (**GEOINT**) for accessing and delivering digital intelligence and collection automation," said Jacobs Critical Mission Solutions Senior Vice President of Cyber & Intelligence Caesar Nieves. "This contract represents how we are helping our clients meet the demands of the digital evolution and revolution by ensuring data continues to be a strategic asset for GEOINT dominance and modernizing NGA from the current on-premise software baseline data center architecture to a hybrid cloud-based set of data services with OpenDataStore (ODS)."

NGA delivers world-class geospatial intelligence for the Department of Defense, with the primary mission of collecting, analyzing and distributing geospatial intelligence in support of national security.

At Jacobs, we're challenging today to reinvent tomorrow by solving the world's most critical problems for thriving cities, resilient environments, mission-critical outcomes, operational advancement, scientific discovery and cutting-edge manufacturing, turning abstract ideas into realities that transform the world for good. With \$14 billion in revenue and a talent force of approximately 55,000, Jacobs provides a full spectrum of professional services including consulting, technical, scientific and project delivery for the government and private sector.
