Jacobs to Manage Infrastructure Development Program to Support Regional Growth in El Paso, Texas

2025-11-25

Advancing water systems to support economic growth and resiliency

DALLAS, Nov. 25, 2025 /PRNewswire/ -- **Jacobs** (NYSE: J) has been selected by **El Paso Water** to provide program management and owner's representative services for its Utility Infrastructure Development Program near El Paso International Airport and Fort Bliss, one of the largest military installations in the U.S.

Jacobs will lead program planning and delivery of water, wastewater and stormwater infrastructure improvements to serve new development on approximately 4500 acres of land to meet growing demand in the City of El Paso. The multi-phase initiative will upgrade water, wastewater, and stormwater systems and is projected to cost approximately \$200 million.

Jacobs Executive Vice President Eva Wood said: "This program is a catalyst for regional growth. Together with El Paso Water, we're powering the city's future, creating jobs, expanding critical infrastructure and building resilient and sustainable systems that will serve the community for generations."

El Paso Water Vice President of Operations and Technical Services Gilbert Trejo said: "We have confidence Jacobs can help us deliver the needed infrastructure to expand and improve water and wastewater services. Their expertise and proven track record make them a trusted partner in achieving our community's long-term sustainability goals."

While supporting regional growth, the upgrades will also enhance water reliability and wastewater capacity and support local workforce development.

Ranked No. 1 in Sewer & Waste and No. 2 in Program Management by Engineering News-Record, Jacobs delivers today's most complex, challenging and iconic infrastructure and transformation programs. Jacobs has supported programs like southern California's **Pure Water Project Las Virgenes-Triunfo**, which is securing a more resilient drinking water supply in the region, the **Thames Tideway Tunnel**, one of the largest water infrastructure projects ever undertaken in the U.K., and **Central Interceptor**, New Zealand's largest-ever wastewater project.

At Jacobs, we're challenging today to reinvent tomorrow – delivering outcomes and solutions for the world's most complex challenges. With approximately \$12 billion in annual revenue and a team of almost 45,000, we provide end-to-end services in advanced manufacturing, cities & places, energy, environmental, life sciences, transportation and water. From advisory and consulting, feasibility, planning, design, program and lifecycle management, we're creating a more connected and sustainable world. Certain statements contained in this press release constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements are statements that do not directly relate to any historical or current fact. When used herein, words such as "expects," "anticipates," "believes," "seeks," "estimates," "plans," "intends," "future," "will," "would," "could," "can," "may," and similar words are intended to identify forward-looking statements. We base these forward-looking statements on management's current estimates and expectations, as well as currently available competitive, financial and economic data. Forward-looking statements, however, are inherently uncertain. There are a variety of factors that could cause business results to differ materially from our forward-looking statements including, but not limited to, uncertainties as to, the timing of the award of projects and funding and potential changes to the amounts provided for under the Infrastructure Investment and Jobs Act and other legislation and executive orders related to governmental spending, including any directive to federal agencies to reduce federal spending or the size of the federal workforce, and changes in U.S. or foreign tax laws, including the new tax legislation enacted in the U.S. in July 2025, statutes, rules, regulations or ordinances, including the impact of, and changes to tariffs and retaliatory tariffs or trade policies, that may adversely impact our future financial positions or results of operations, as well as general economic conditions, including inflation and the actions taken by monetary authorities in response to inflation, changes in interest rates and foreign currency exchange rates, changes in capital markets, the possibility of a recession or economic downturn, and increased uncertainty and risks, including policy risks and potential civil unrest, relating to the outcome of elections across our key markets and elevated geopolitical tension and conflicts, among others. For a description of these and additional factors that may occur that could cause actual results to differ from our forward-looking statements, see our filings with the U.S. Securities and Exchange Commission. The

company is not under any duty to update any of the forward-looking statements after the date of this press release to conform to actual results, except as required by applicable law.
