

Tüpraş Selects Jacobs EUROCLAUS® Technology for Three Refineries

2017-08-10

Expanding sulfur processing capacity and enhancing environmental sustainability

DALLAS--(BUSINESS WIRE)-- **Jacobs Engineering Group Inc.'s** (NYSE:JEC) proprietary **EUROCLAUS® sulfur recovery technology** was selected by **Tüpraş** for its new sulfur recovery units that will be installed in the company's Izmit, Izmir and Kirikkale refineries in Turkey.

Jacobs' EUROCLAUS sulfur recovery technology will expand Tüpraş' crude slate by processing more sour crudes while reducing its environmental footprint, delivering industry leading SO₂ emissions abatement. Under the contract terms, Jacobs will provide technology licensing, basic engineering and start-up services.

"This award builds on the successful delivery of similar plants in Tüpraş' refineries and fortifies our reputation as a global leader of sulfur recovery technologies," said Jacobs Mining & Minerals and Specialty Chemicals Senior Vice President and General Manager Andrew Berryman. "Supporting our clients in their efforts to reduce their environmental footprint is fully aligned with Jacobs' vision to provide solutions for a more sustainable world."

Jacobs is one of the world's largest and most diverse providers of full-spectrum technical, professional and construction services for industrial, commercial and government organizations globally. The company employs over 54,000 people and operates in more than 25 countries around the world. For more information, visit www.jacobs.com.

Statements made in this release that are not based on historical fact are forward-looking statements. We base these forward-looking statements on management's current estimates and expectations as well as currently

available competitive, financial and economic data. Forward-looking statements, however, are inherently uncertain. There are a variety of factors that could cause business results to differ materially from our forward-looking statements. For a description of some of the factors which may occur that could cause actual results to differ from our forward-looking statements please refer to our Form 10-K for the year ended September 30, 2016, and in particular the discussions contained under Items 1 - Business, 1A - Risk Factors, 3 - Legal Proceedings, and 7 - Management's Discussion and Analysis of Financial Condition and Results of Operations. We do not undertake to update any forward-looking statements made herein.
