Financial Results for the Fiscal 2024 Third Quarter:

- Total cash and cash equivalents on hand as of March 31, 2024, was \$9.40 million, an increase from \$1.1 million on December 31, 2023.
- Shareholders equity as of March 31, 2024, was \$11 million.
- Total revenues for the fiscal third quarter were \$0.82 million, an increase of 80% compared to the same period the year prior.

Revenue from sales of goods increased by \$366,742 from \$457,058 to \$823,800 for the quarter ended March 31, 2024, compared to the same period in 2023, representing an 80% increase. Revenue from sales of goods increased by \$1.57 million from \$813,737 to \$2.38 million for the nine months ended March 31, 2024, compared to the same period in 2023, representing a 193% increase. Increases in revenue are due to the organic growth of the business and expansion into new regions and customer segments following the acquisition of Intelligent Fingerprinting Ltd ("IFP") in October 2022.

Net loss attributable to INBS decreased by \$600,287 from \$7.97 million to \$7.37 million for the nine months ended March 31, 2024, compared to the same period the year prior. This decrease is primarily driven by goodwill impairment charges of \$4.10 million and combined results of operations after the acquisition of IFP, offset by a recognition of fair value gain on revaluation of convertible notes and holdback Series C Preferred Stock of \$2.06 million during the same period in 2023. During the quarter, the Company raised approximately \$10.76 million after deducting closing costs, placement agent fees, and other estimated expenses payable by the Company via warrant inducement transaction and a private placement of the Company's securities. The Company ended the quarter with cash and cash equivalents of approximately \$9.40 million.
