

NEWS RELEASE

Intelligent Bio Solutions Inc. Selects HASTA Laboratory as Drug Testing Specialist in Australia

2023-03-13

NEW YORK, March 13, 2023 (GLOBE NEWSWIRE) -- **Intelligent Bio Solutions Inc.** ("Intelligent Bio Solutions" or the "Company") (Nasdaq: INBS), a life sciences company developing and delivering intelligent, non-invasive, real-time testing solutions, today announced that the Company has selected Human and Supplement Testing Australia ("HASTA"), Australia's largest independent sports drug testing laboratory, as its preferred drug testing specialist in Australia to complete lab-based confirmation testing for its Intelligent Fingerprinting System, which analyzes sweat to screen for recent drug use.

The Intelligent Fingerprinting Drug Screening System quickly detects the presence of four drugs and/or their metabolites from fingerprint sweat. The non-invasive system features a small, tamper-evident drug screening cartridge onto which ten fingerprint sweat samples are collected in a process that takes less than a minute and a portable reader that analyzes the cartridge. The rapid test detects combinations of opiates, methamphetamine, cocaine, and the active ingredient in cannabis: delta-9-tetrahydrocannabinol (THC), in under ten minutes.

"Selecting a drug testing laboratory for back-to-lab testing is an integral step for us as we scale our laboratory testing program in Australia," said Harry Simeonidis, Chief Executive Officer at Intelligent Bio Solutions. "With our revolutionary drug screening system and back-to-lab solution, we can provide the Australian market with a comprehensive drug-testing solution that supports workplace safety and well-being."

About HASTA

HASTA, a division of Racing Analytical Services Limited ("RASL"), is Australia's largest independent sports drug testing laboratory. HASTA employs a highly skilled workforce, expert in all aspects of drug detection and analysis. The HASTA laboratory is NATA accredited to ISO/IEC 17025 to deliver services that meet the world's best practice

and quality standards.

About Intelligent Bio Solutions Inc.

Intelligent Bio Solutions Inc. is a life sciences company developing and delivering intelligent, non-invasive, real-time testing solutions to customers globally. With its world-first biosensor platform, Intelligent Bio Solutions is developing and launching diagnostic tests urgently needed to help people living with chronic disease. In addition, through its recent acquisition of Intelligent Fingerprinting Limited, the Company is the world leader in the advancement of portable drugs of abuse testing through the analysis of fingerprint sweat. The system is a platform technology with potential applications in many areas of diagnostics, and its advantages include being non-invasive, hygienic, fast, and cost-effective. The top-selling product screens for recent use of the most commonly taken drugs in workplace settings; opioids, cocaine, methamphetamine, and marijuana. Sample collection takes just seconds, with results in ten minutes. Customers include employers in safety-critical industries such as construction, transport and logistics firms, drug treatment organizations, and UK coroners. A laboratory confirmation service is also available.
