

Forward-looking statements

In this presentation and during the course of Cognizant's Investor Day meeting, we may provide projections or make statements that constitute forward-looking statements made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, the accuracy of which is necessarily subject to risks, uncertainties and assumptions as to future events that may not prove to be accurate. These statements include, but are not limited to, express or implied forward-looking statements relating to our strategy, strategic partnerships and collaborations, competitive position and opportunities in the marketplace, including projected growth in markets, investment in and growth of our business and our capital allocation strategies, the pace and magnitude of change and client needs related to generative AI, the nature and magnitude of our clients' information technology expenditures, the effectiveness of our recruiting and talent efforts and related costs, labor market trends, the anticipated amount of capital to be returned to shareholders and our anticipated financial performance, matters related to our recent acquisitions and other statements regarding matters that are not historical facts. These statements are neither promises nor guarantees, but are subject to a variety of risks and uncertainties, many of which are beyond our control, which could cause actual results to differ materially from those contemplated in these forward-looking statements. Existing and prospective investors are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date thereof. Factors that could cause actual results to differ materially from those expressed or implied include general economic conditions, the competitive and rapidly changing nature of the markets we compete in, our ability to successfully use AI-based technologies, the competitive marketplace for talent and its impact on employee recruitment and retention, the ultimate benefits of our NextGen program, legal, reputational and financial risks resulting from cyberattacks, changes in governmental policy or the regulatory environment, including with respect to immigration, trade, competition, labor, technology, and taxes or otherwise, and the other factors discussed in our most recent Annual Report on Form 10-K and other filings with the Securities and Exchange Commission. Cognizant undertakes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise, except as may be required under applicable securities law.
