# Dear Shareholders,

## Strong 2024 year end positions Isabella Bank for success in 2025 and beyond

Momentum and optimism marked the close of 2024, as Isabella Bank—and the industry as a whole—emerged from challenging headwinds over the past several years. Interest rate changes helped some of the Bank’s key growth metrics, including deposits, loans, and market share.

Investors showed increased interest in Isabella Bank, thanks to optimism in the banking sector, combined with our financial results, strength as a community bank, and history of superior shareholder returns. New shareholders invested in Isabella Bank Corporation, and we saw larger trades of ISBA stock, increasing our liquidity and helping to create a steady upswing in our share price as we ended the year and began 2025.

Our customer base also expanded. Businesses, municipalities, and school districts across our footprint were among new customers who moved to Isabella Bank, drawn by our strong customer relationships and century-long commitment to community engagement. We ended the second half of 2024 with solid loan growth, while maintaining the outstanding credit quality that is a hallmark of the Bank.

In 2024, the Bank launched a new three-year strategic plan designed to drive growth, ensure long-term sustainability, and reinforce Isabella Bank’s financial strength. This plan focuses on evaluating emerging

trends and opportunities, and implementing actions that position the Bank for continued success. The strategic plan is grounded in the Bank’s strong culture, reflecting who we are, how we do business, and our unwavering dedication to employees, customers, shareholders, and communities.

Fraud and cybersecurity attacks are targeting so many industries, including banking, and we are highly focused on protecting the Bank and our customers. Our systems are strong, constantly monitored and regularly upgraded. We also have dedicated staff helping customers if they experience fraud and, just as importantly, educating customers to protect themselves.

The year’s strategic initiatives and positive results were led by an executive team new in their roles, but not new to banking. CEO Jerome Schwind, Bank President Neil McDonnell, and CFO William Schaefer have 85 years of collective banking expertise, including three decades of leadership at Isabella Bank.

The year also included transitions on your Board, with the retirement of longtime Directors Tom Kleinhardt and Greg Varner. In addition, Rick McGuirk completed a term on the Board. All three have contributed greatly to the Board, and we thank them for their wise counsel and leadership.

The Board also has appointed three new directors—Neil McDonnell, Brian Sackett, and David Behen. Prior to being named Bank President in January 2024, Neil served six years as our CFO, advancing our strategic plan and improving key metrics, including shareholder value. Brian, a fifth-generation partner in Sackett Potatoes, has served more than 12 years on our West Region Advisory Board and brings agricultural and business expertise to the Board. David is co-founder

The integration of technology with the sales team—along with the expansion of the Treasury team—has enabled Isabella Bank to deliver faster and more proactive service. But while tools and processes are essential, Mapes emphasized that it's our people behind the services who truly make the difference.

"Our competitors offer wire transfers and other tools, just like we do. And we all work with the same currency," Mapes said. "The difference lies in how Isabella Bank

# Financial report

Isabella Bank Corporation's performance in 2024 demonstrates our drive and commitment as our key metrics from operations improved throughout the year.

The second quarter was pivotal for earnings, where our yield growth from earning assets exceeded the growth in our cost of funds. Our net interest margin (NIM) is on an upward trajectory and is expected to further expand in 2025 as loans continue to reprice and excess cash is reinvested in higher yielding assets. While we continue to see a shift into higher yielding deposit accounts, our team is managing interest rates with customers, which has stabilized our deposit base. We also added some major accounts with municipalities and townships in mid-Michigan, and while the higher balances can create volatility depending on the season, those balances supported loan growth during the year.

Core loans, which exclude loans to mortgage brokers, grew at a modest 2%, mostly in commercial and industrial loans and residential loans. We saw demand pause in the fourth quarter due to the election season, but are seeing a pickup and larger pipeline in the first quarter 2025. Loans to mortgage brokers are sensitive to residential lending trends throughout the United States and can vary from period to period. However, the average balance of loans to mortgage brokers was up in 2024 and led to significant contributions to net interest income during the year. While we charged off a large deposit overdraft in the third quarter, credit quality on originated loans remains solid. Our disciplined approach to credit quality and strong customer relationships has been the foundation of our business. We have a long history of low charge-offs and non-accrual loans, as well as a proven ability to collect after loans are charged off.

One of our strengths is the diversity in capabilities surrounding fee income. Isabella Wealth is a significant contributor to fee income, as well as a keystone for deepening customer relationships with \$658 million in assets under management. While we diligently manage non-interest expenses, we recognize that our efficiency ratio is elevated over prior years. We expect the ratio

to improve in 2025 as total revenue grows and non-interest expenses are maintained at reasonable levels despite inflationary pressures.

## Other key drivers for Isabella Bank in 2025

First, Isabella Bank during the COVID years invested a very large amount of excess cash in short-term U.S. Treasury bonds, earning 1% interest. Banks across the nation made similar investments, sometimes wagering that long-term investments were a better choice given slightly higher rates. Our strategic decision to invest in short-term bonds will pay off in 2025, when over \$70 million of securities amortize and mature. Reinvestment of these funds in higher-yielding loans and other earning assets will stand to boost our NIM and other key metrics.

Second, a large portion of our commercial and residential loans have adjustable interest rates, which started at lower fixed rates, but continue to adjust to higher variable rates in line with the prevailing market.

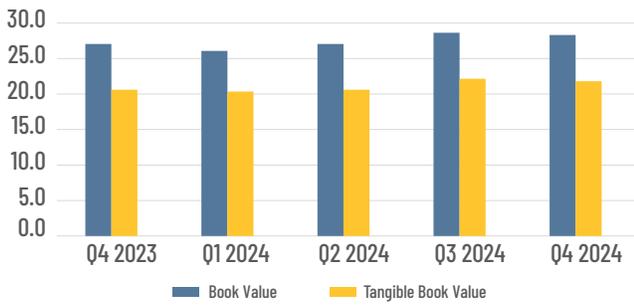

Finally, we are pursuing initiatives to enhance non-interest income, specifically in the areas of bank-owned life insurance and customer service income.

I look forward to seeing many of you during our May 6 shareholder meeting in Mt. Pleasant.

# Fighting fraud

**Isabella Bank strengthens customer protection with a new fraud prevention team.**

Fraud is on the rise—and so is Isabella Bank's commitment to keeping its customers safe.

Cybercriminals are constantly evolving their tactics, targeting both individuals and businesses with increasingly sophisticated schemes. In response, Isabella Bank launched a dedicated fraud prevention team in August 2024 to proactively combat these threats and empower customers to protect their finances.

"Every day, our fraud prevention team works diligently to protect our customers," said Jenn Brick, Vice President, Customer Service Operations. "They monitor for suspicious activity, assisting victims in recovering losses, and implementing measures to stay ahead of fraudsters."

"Everything we do prioritizes keeping customer information secure."

**JENN A. BRICK, VICE PRESIDENT,  
CUSTOMER SERVICE OPERATIONS**

## Fraud typically occurs in two primary ways:

- **Check Fraud:** Scammers engage in forgery, altering, counterfeiting, and other illegal practices to steal funds.
- **Digital Fraud:** This includes account takeovers, email scams, phishing attacks, electronic transfer schemes, and other online attempts to compromise information or money.

To address these threats, Isabella Bank continuously enhances the tools and features within its online banking platform. Beyond technology, the fraud team actively participates in community outreach events, educating customers on emerging scams and sharing strategies to stay safe.

"Protecting our customers' information is at the core of everything we do," Brick said. "While fraudsters will always find new ways to exploit vulnerabilities, we are relentless in adopting advanced security measures to stop them."

## 5 tips to protect yourself from fraud

- 1 Stay calm:** Scammers often use urgent language or scare tactics to trick you into acting quickly. Pause and think before responding.
- 2 Watch for typos:** Emails or texts with misspellings or awkward grammar—no matter how official they seem—are often red flags for fraud.
- 3 Don't trust caller ID:** Fraudsters can spoof phone numbers to appear as though they're from your bank. If something seems off, hang up and call Isabella Bank directly at 800-651-9111.
- 4 Avoid unexpected links or attachments:** Banks rarely send unrequested attachments or links. Clicking on them can expose your devices and personal information.
- 5 Trust your instincts:** If something feels suspicious, it probably is. When in doubt, call us at the number above for guidance.

## PROXY STATEMENT

### General Information

This Proxy Statement is furnished in connection with the solicitation of proxies, to be voted at our Annual Meeting of Shareholders (the “Annual Meeting”) which is to be held on Tuesday, May 6, 2025 at 5:00 p.m. at the Courtyard by Marriott, 2400 East Campus Drive, Mt. Pleasant, Michigan, or at any adjournment or adjournments thereof, for the purposes set forth in the accompanying Notice of the Annual Meeting of Shareholders and in this Proxy Statement.

This Proxy Statement has been mailed on March 25, 2025 to all holders of record of common stock as of the record date. If a shareholder’s shares are held in the name of a broker, bank, or other nominee, then that party should give the shareholder instructions for voting the shareholder’s shares.

### Voting at the Meeting

We have fixed the close of business on March 14, 2025 as the record date for the determination of shareholders entitled to notice of, and to vote at, the Annual Meeting and any adjournment or adjournments thereof. We have only one class of common stock and no preferred stock. As of March 14, 2025, there were 7,414,569 shares of stock outstanding. Each outstanding share entitles the holder thereof to one vote on each separate matter presented for vote at the meeting. You may vote on matters that are properly presented at the Annual Meeting by attending the meeting and casting a vote, signing and returning the enclosed proxy, voting on the internet, or voting by phone. You may change your vote or revoke your proxy at any time before it is voted at the Annual Meeting by filing with Isabella Bank Corporation (the “Corporation”) an instrument revoking it, filing a duly executed proxy bearing a later date (including a proxy given over the internet or by phone) or by attending the meeting and electing to vote in person. You are encouraged to vote by mail, internet, or phone.

A quorum must be present in order to hold the Annual Meeting. A quorum is present if a majority of the shares of common stock entitled to vote are represented in person or by proxy. If you execute and return a proxy, those shares will be counted to determine if there is a quorum, even if you abstain or fail to vote on any of the proposals. We will count abstentions and broker non-votes, which are described below, in determining whether a quorum exists.

Once a quorum is achieved, a plurality of votes cast is necessary for the election of directors (Proposal 1). As to all other matters, the affirmative vote of a majority of votes cast is necessary for the approval of such matters.

Some of our shareholders hold their shares through a stockbroker, bank, or other nominee rather than directly in their own name. Those shareholders are considered the beneficial owner of shares held in street name, and these materials are being forwarded to you by your broker, bank or nominee, which is considered the shareholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker, bank or nominee how to vote and are also invited to attend the Annual Meeting. However, because you are not the shareholder of record, you may not vote these shares in person at the Annual Meeting unless you obtain a signed proxy from the shareholder of record giving you the right to vote the shares. Your broker, bank or nominee has enclosed or provided voting instructions for you to use to direct your broker, bank or nominee in voting these shares.

Brokers who hold shares for the accounts of their clients may vote these shares either as directed by their clients or in their own discretion if permitted by the exchange or other organization of which they are members. A broker non-vote occurs when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner. Your broker has discretionary authority to vote your shares with respect to ratification of the appointment of Plante & Moran, PLLC (“Plante”) as our independent registered public accounting firm (Proposal 2). However, in the absence of specific instructions from you, your broker *does not* have discretionary authority to vote your shares with respect to the election of directors to the Board of Directors (Proposal 1). A broker non-vote does not count as a vote in favor of or against a particular proposal for which the broker has no discretionary voting authority.

In addition, if a shareholder abstains from voting on a particular proposal presented for approval at the Annual Meeting, the abstention does not count as a vote in favor of or against the proposal.

At this year’s Annual Meeting, you will elect four (4) directors to serve for a term of three years commencing on the date of the Annual Meeting and continuing until the 2028 annual meeting of shareholders of the Company or until their respective

successor or successors are duly elected and qualified, or until such director's earlier death, resignation or removal from office. You may vote in favor or withhold your vote with respect to any or all nominees. Directors are elected by a plurality of the votes cast at the Annual Meeting. If you "withhold" authority to vote with respect to one or more director nominees, your vote will have no effect on the election of such nominees. "Withhold" votes, abstentions and shares not voted, including broker non-votes, are not considered votes cast for the foregoing purpose, and will have no effect on the election of the nominees.

Ratification of the appointment of Plante requires that the number of votes cast "FOR" the proposal exceed the number of votes cast "AGAINST" such proposal. In counting votes on the ratification of the appointment of Plante as our independent registered public accounting firm, abstentions and broker non-votes will have no effect on the outcome of the vote.

### **Proposal 1 - Election of Directors**

The Board of Directors (the "Board") currently consists of eleven (11) members divided into three (3) classes, with the directors in each class being elected for a term of three years. The Board decreased from eleven (11) to nine (9) members in August of 2024 when Thomas L. Kleinhardt and Gregory V. Varner retired from the Board. Subsequently, the Board increased from nine (9) to ten (10) members with the Board's appointment of Brian R. Sackett, effective September 15, 2024. The Board then increased from ten (10) to eleven (11) members with the Board's appointment of David B. Behen, effective March 3, 2025.

Pursuant to our governing documents, our Board is divided into three (3) classes, which results in a "staggered" board. Directors stand for election for a term expiring at the third annual meeting of shareholders following the annual meeting of shareholders at which such director was elected, or until each person's successor is duly elected and qualified, or until such director's earlier death, resignation or removal from office.

The terms of Neil M. McDonnell, Sarah R. Opperman, Chad R. Payton, and Brian R. Sackett will expire at the Annual Meeting. At the Annual Meeting, each of Neil M. McDonnell, Sarah R. Opperman, Chad R. Payton, and Brian R. Sackett are being nominated for election to serve as directors of the Company for a term commencing on the date of the Annual Meeting and continuing until the 2028 annual meeting of shareholders of the Company or until their respective successor or successors are duly elected and qualified, or until such director's earlier death, resignation or removal from office. Each of the above-listed nominees for election at the Annual Meeting is currently serving as a director of the Company.

### **Election Procedures**

Assuming the presence of a quorum at the Annual Meeting, the election of directors will require a plurality of the votes cast at the Annual Meeting.

This means that the four (4) nominees receiving the highest number of votes will be elected. If you "withhold" authority to vote with respect to one or more director nominees, your vote will have no effect on the election of such nominees. "Withhold" votes and broker non-votes are not considered votes cast for the foregoing purpose, and will have no effect of the election of the nominees. In accordance with the Michigan Business Corporation Act, shareholders are not entitled to cumulate their votes in the election of directors (or for any other decision).

Except as otherwise specified, proxies will be voted for the election of the four (4) nominees. If a nominee becomes unable or unwilling to serve, proxies will be voted for such other person, if any, as shall be designated. However, we know of no reason to anticipate that this will occur. Each of the nominees has agreed to serve as a director if elected.

If a nominee becomes unavailable to serve as a director for any reason before the election, the shares represented by proxy will be voted for such other person, if any, as may be designated by the Company's Board of Directors. Alternatively, in lieu of designating a substitute, the Company's Board of Directors may reduce the number of directors of the Company. The Board has no reason to believe that any of the Class II nominees listed above will be unavailable to serve as a director. All of the Class II nominees listed above have consented to being named herein and to serve if elected.

Biographical information for each of the above-listed nominees, as well as the other current directors of the Company not up for reelection at the Annual Meeting, including their principal occupation for the last five or more years, age and length of service as a director, follows.

**We recommend that you vote FOR the election of each of the above-listed nominees for election to the Board.**

## **Proposal 2 - Ratification of Independent Registered Public Accounting Firm**

The Audit Committee is directly responsible for the appointment, compensation, retention, and oversight of our independent registered public accounting firm. The Audit Committee engages in an annual evaluation of the independent registered public accounting firm's qualifications, assessing a wide variety of factors.

Rehmann Robson LLC ("Rehmann") served as our independent registered public accounting firm for the fiscal year ended December 31, 2024. On January 27, 2025, the Audit Committee appointed Plante & Moran, PLLC as our independent registered public accounting firm for the fiscal year ending December 31, 2025. For information related to the Audit Committee's process, including fees paid to our independent registered public accounting firm, refer to the "Independent Registered Public Accounting Firm" section of this report.

The Board is seeking shareholder ratification of the Audit Committee's appointment of Plante & Moran, PLLC for the year ending December 31, 2025. Shareholder ratification of the selection of Plante as our independent registered public accounting firm for the 2025 fiscal year is not required by our governing documents, state law or otherwise. However, the Board is submitting the selection of Plante to our shareholders for ratification as a matter of good corporate governance. If the shareholders fail to ratify the selection, the Audit Committee may consider this information when determining whether to retain Plante for future services. Even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time if it is determined that such a change would be in the best interests of the Company.

Assuming a quorum is present, the ratification of the appointment of Plante as the independent registered public accounting firm for the year ending December 31, 2025 will require the affirmative vote of the majority of the shares entitled to vote and represented in person or by proxy. Shares represented by proxy will be voted in accordance with the instructions provided in the proxy. In the absence of instructions to the contrary, completed proxy cards that do not specify how shares should be voted with respect to the ratification of the appointment of Plante will be voted "FOR" the ratification.

Representatives from Rehmann and Plante are expected to be present at the Annual Meeting to respond to appropriate questions from shareholders and to make any comments they believe are appropriate.

**We recommend that you vote FOR this proposal to ratify the appointment of Plante & Moran, PLLC as our independent registered public accounting firm for the year ending December 31, 2025.**

## **Corporate Governance**

Coffin, Sarah R. Opperman, Chad R. Payton, Vicki L. Rupp, and Brian R. Sackett are independent directors. Jae A. Evans is not independent as he retired as President and CEO of Isabella Bank Corporation and CEO of Isabella Bank on January 4, 2024. Jerome E. Schwind is not independent as he is employed as President and CEO of Isabella Bank Corporation and CEO of Isabella Bank. Neil M. McDonnell is not independent as he is employed as President of Isabella Bank.

## **Family Relationships**

There are no immediate family relationships between any of our directors, director nominees, or executive officers.

## **Board Leadership Structure and the Board's Role in Risk Oversight**

Sarah R. Opperman serves as the Chairperson of the Board and Jerome E. Schwind serves as the Chief Executive Officer of the Company. Recognizing the individual roles and responsibilities of the Chairperson of the Board and the Chief Executive Officer, the Board of Directors has implemented this structure to enhance strategic oversight and insight, board leadership, and to further align the Board of Directors and management.

Our Governance Policy provides that only directors who are deemed to be independent as set forth by the Nasdaq listing requirements and SEC rules are eligible to hold the office of chairperson. Additionally, the chairpersons of Board's committees must also be independent directors. It is our belief that having a separate chairperson and CEO best serves the interest of the shareholders. The Board elects its chairperson at the first Board meeting following the Annual Meeting. Independent members of the Board meet without inside directors at least twice per year.

Regular meetings of the Board and its committees are held to review strategy, policy and results of operations, including discussions of risk. The frequency of meetings is determined by, among other things, strategy, operations and the number and significance of risk matters that are discussed at either the Board or committee meetings. Each committee chairperson is provided an opportunity to present a report to the full Board at each regularly scheduled Board meeting and is required to provide a full report of past accomplishments and future strategies to the full Board on an annual basis.

The Board has overall responsibility for enterprise risk management. The Board's role is to engage in informed oversight of the Company's risk management and management is responsible for our day-to-day risk management. The Board utilizes committees to oversee risks associated with compensation and governance. The Isabella Bank Board of Directors is responsible for overseeing credit, investment, information technology, interest rate, and trust risks.

## **Board and Committee Meeting Attendance**

The Board met fourteen (14) times during 2024. During the 2024 fiscal year, each director participated in at least 75% or more of the aggregate of (i) the total number of meetings of the Board (held during the period for which he or she was a director) and (ii) the total number of meetings of all committees of the Board on which he or she served (during the period that he or she served).

## **Director Attendance at Annual Meeting**

While the Company does not have a formal policy requiring the directors' attendance, the Board encourages all directors to attend the annual meeting of shareholders. All of our directors attended the 2024 annual meeting of shareholders, with the exception of Ms. Coffin.

## **Committees of the Board of Directors**

Please see "*Shareholder Proposals - 2026 Annual Meeting*," below, for more information on when director nominee proposals must be submitted to the Corporation. The Nominating and Corporate Governance Committee evaluates all potential director nominees in the same manner, whether the nominations are received from a shareholder, or otherwise.

The Company has a separately designated standing Compensation and Human Resource Committee. The Compensation and Human Resource Committee is governed by a written charter approved by the Board, which is available on the Bank's website: [www.isabellabank.com](http://www.isabellabank.com) under the "Governance" tab. The Compensation and Human Resource Committee is responsible for reviewing and recommending to the Board the compensation of directors and the compensation of the President and CEO, Bank President, and CFO. The Compensation and Human Resource Committee is also responsible for overseeing the administration of the Company's employee benefit, incentive and compensation programs, determining the effectiveness of the Company's compensation-related risk management practices, and reviewing and approving the Chief Executive Officer succession plan, and recommending such plan to the Board for approval.

### **Nasdaq Listing Application**

We have applied to list the shares of our common stock on The Nasdaq Stock Market, LLC ("Nasdaq") under our current symbol "ISBA." Such listing is not guaranteed. Even if such listing is approved, there can be no assurance that an active, liquid trading market in our common stock will develop. Our common stock is currently quoted on the OTCQX Market under the trading symbol "ISBA." If we are approved to list the shares of our common stock on Nasdaq, we will continue to serve as our own transfer agent.

### **Audit Committee Report**

The Audit Committee oversees the financial reporting process on behalf of the Board. The 2024 Audit Committee consisted of directors Bourland, Coffin, Payton, and Opperman (ex-officio).\*

The Audit Committee is responsible for pre-approving all auditing services and permitted non-audit services by our independent auditors, or any other auditing or accounting firm, if those fees are reasonably expected to exceed 5.0% of the current year agreed upon fee for independent audit services. The Audit Committee has established general guidelines for the permissible scope and nature of any permitted non-audit services in connection with its annual review of the audit plan and reviews the guidelines with the Board.

Management has the primary responsibility for the consolidated financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited consolidated financial statements in the Annual Report with management including a discussion of the acceptability of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the consolidated financial statements. The Audit Committee also reviewed with management and the independent auditors, management's assertion on the design and effectiveness of our internal control over financial reporting as of December 31, 2024.

The Audit Committee reviewed with our independent auditors, who are responsible for expressing an opinion on the conformity of those audited consolidated financial statements with accounting principles generally accepted in the United States of America, their judgments as to the acceptability of our accounting principles and such other matters as are required to be discussed with the Audit Committee by the standards of the Public Company Accounting Oversight Board (United States) ("PCAOB"), including those described in Auditing Standard No. 1301, "Communications with Audit Committees", as may be modified or supplemented. In addition, the Audit Committee has received the written disclosures and the letter from the independent auditors required by PCAOB Rule 3526, "Communication with Audit Committees Concerning Independence", as may be modified or supplemented, and has discussed this issue with the independent auditors.

The Audit Committee discussed with our internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with the internal and external independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting process. The Audit Committee held six meetings during 2024.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2024 for filing with the Securities and Exchange Commission. The Audit Committee has appointed Plante & Moran, PLLC as the independent auditors for the 2025 audit.

Respectfully submitted,

Jill Bourland, Audit Committee Chairperson  
Melinda M. Coffin  
Chad R. Payton  
Sarah R. Opperman (ex-officio)

### Pension Benefits

*Defined Benefit Pension Plan.* We sponsor the Isabella Bank Corporation Pension Plan (“Defined Benefit Pension Plan”), a frozen defined benefit pension plan. The curtailment, which was effective March 1, 2007, froze the current participant’s accrued benefits as of that date and limited participation in the plan to eligible employees as of December 31, 2006. Due to the curtailment of the plan, the number of years of credited service was frozen. As such, the years of credited service for the plan may differ from the participant’s actual years of service.

Annual contributions are made to the plan as required by accepted actuarial principles, applicable federal tax laws, and to pay expenses related to operating and maintaining the plan. The amount of contributions on behalf of any one participant cannot be separately or individually computed.

Pension plan benefits are based on years of service and the employees’ five highest consecutive years of compensation out of the last ten years of service, through December 31, 2006.

A participant may earn a benefit for up to 35 years of accredited service. Earned benefits are 100% vested after five years of service. Benefit payments normally start when a participant reaches age 65. A participant with more than five years of service may elect to take early retirement benefits anytime after reaching age 55. Benefits payable under early retirement are reduced actuarially for each month prior to age 65 in which benefits begin.

Under the provisions of the plan, participants are eligible for early retirement after reaching the age of 55 with at least five years of service. The early retirement benefit amount is the accrued benefit payable at normal retirement date reduced by 5/9% for each of the first 60 months and 5/18% for each of the next 60 months that the benefit commencement date precedes the normal retirement date.

*Retirement Bonus Plan.* We sponsor the Isabella Bank Corporation Retirement Bonus Plan (“Retirement Bonus Plan”). This nonqualified plan is intended to provide eligible employees with additional retirement benefits. To be eligible, the employee needed to be an employee on January 1, 2007, and be a participant in our frozen Executive Supplemental Income Agreement. Participants were also required to be an officer with at least 10 years of service as of December 31, 2006. We have sole and exclusive discretion to add new participants to the Retirement Bonus Plan by authorizing such participation pursuant to action of the Board.

An initial amount was credited for each eligible employee as of January 1, 2007. Subsequent amounts have been credited on each allocation date thereafter as defined in the Retirement Bonus Plan. The amount of the initial allocation and the annual allocation shall be determined pursuant to the payment schedule adopted at our sole and exclusive discretion, as set forth in the Retirement Bonus Plan.

Under the provisions of the Retirement Bonus Plan, participants are eligible for early retirement upon attaining 55 years of age. There is no difference between the calculation of benefits payable upon early retirement and normal retirement; however, the participant would not receive their full benefit under early retirement.

### **Nonqualified Deferred Compensation**

*Directors Plan.* Under the Isabella Bank Corporation and Related Companies Deferred Compensation Plan for Directors (“Directors Plan”), directors, including named executive officers who serve as directors, are required to invest at least 25% of their board fees in our common stock and may invest up to 100% of their earned fees based on their annual election. These amounts are reflected in footnote 1 to the Summary Compensation Table. These stock investments can be made either through deferred fees or through the purchase of shares through the Isabella Bank Corporation Stockholder Dividend Reinvestment and Employee Stock Purchase Plan (“DRIP Plan”). Deferred fees, under the Directors Plan, are converted on a quarterly basis into stock units of our common stock based on the fair value of a share of our common stock as of the relevant valuation date. Stock units credited to a participant’s account are eligible for stock and cash dividends as paid. DRIP Plan shares are purchased pursuant to the DRIP Plan.

Distribution of deferred fees from the Directors Plan occurs when the participant retires from the Board or upon the occurrence of certain other events. The participant is eligible to receive distributions in the form of shares of our common stock of all of the stock units that are then in his or her account, and any unconverted cash will be converted to and rounded up to a whole share of stock and distributed, as well. Any common stock issued from deferred fees under the Directors Plan will be considered restricted stock under the Securities Act of 1933, as amended. Common stock purchased through the DRIP Plan are not considered restricted stock under the Securities Act of 1933, as amended.

*SERP.* Under the supplemental executive retirement plan (“SERP”), we may promise deferred compensation benefits to employees who are members of a select group of management or highly compensated employees, which may include the named executive officers. The SERP authorizes us to make annual and discretionary credits to a participant’s SERP account pursuant to a participation agreement with the participant that sets forth the amount and timing of any annual credits and the vesting, payment, and other terms to which the credits are subject.

The SERP provides default terms that may be modified by a participant’s participation agreement, including default vesting, interest and payment terms. Under the SERP’s default vesting terms, a participant is initially unvested in the participant’s SERP account and becomes 100% vested upon attaining normal retirement age, retirement, involuntary separation from service without cause, death, disability or a change in control. Special vesting rules apply to amounts that are credited after a change in control. Under the SERP’s interest rule, a participant’s account balance is credited with interest annually, the rate of which may be changed and is based on a stated fund yield as defined in the SERP for the current plan year, updated annually. A participant’s vested and nonforfeited account balance will be paid in a single cash lump sum within 90 days after the first to occur of the participant’s separation from service (subject to a six-month delay for a “specified employee”), death, disability, or any date specified in the participant’s participation agreement under the SERP’s default payment terms, unless otherwise specified in a participant’s participation agreement. The SERP also includes restrictive covenants that restrict a participant’s ability to compete with us and certain other activities.

*Executive Cash Incentive Plan.* The Executive Cash Incentive Plan provides potential payouts for the President and CEO, Bank President, and CFO based on achievement of personal and corporate goals. The maximum potential payouts under the plan range from 22% to 35% of the employee’s annual salary. The Compensation and Human Resource Committee is responsible for establishing personal goals and measuring the achievement of personal goals for the President and CEO. This Committee also reviews the performance of the President and CEO. The President and CEO recommends to the Compensation and Human Resource Committee the measurement and achievement of personal and corporate goals for the Bank President and CFO.

*Restricted Stock Plan.* The Isabella Bank Corporation Restricted Stock Plan (“RSP”) is an equity-based bonus plan. The primary purpose of the plan is to promote our growth and profitability by attracting and retaining executive officers and key employees of outstanding competence through ownership of equity that provides them with incentives to achieve corporate objectives. The RSP authorizes the issuance of unvested restricted stock to an eligible employee with a maximum award ranging from 25% to 40% of the employee’s annual salary, on a calendar year basis. Under the RSP, the Board of Directors may grant restricted stock awards to eligible employees on an annual basis based on satisfactory achievement of performance targets and measures established by the Board of Directors. If these grant conditions are not satisfied, then the award of restricted shares will lapse or be adjusted appropriately, at the discretion of the Board of Directors. Restricted stock awards granted are not fully transferable or vested until certain conditions are met, as stated in the plan.

*Clawback Policy.* The Corporation has adopted a clawback policy which provides for recoupment of certain executive compensation in the event of an accounting restatement resulting from material noncompliance with financial reporting requirements under the federal securities laws. This policy applies to any cash or equity compensation which is granted, earned or vested based wholly or in part on the attainment of a financial reporting measure. Consequently, the policy applies to the SERP, the Executive Cash Incentive Plan, and the RSP.

### Potential Payments Upon Termination or Change in Control

The estimated amounts payable to each named executive officer upon severance from employment, retirement, termination upon death or disability or termination following a change in control are described below. For all termination scenarios, the amounts assume such termination took place as of December 31, 2024.

#### Any Severance of Employment

Regardless of the manner in which a named executive officer's employment terminates, he or she is entitled to receive amounts earned during his or her term of employment. Such amounts include:

- Amounts accrued and vested through the Defined Benefit Pension Plan.
- Amounts accrued and vested through the Retirement Bonus Plan.
- Amounts credited and vested through the SERP.
- Amounts deferred in the Directors Plan.
- Amounts granted and vested through the Restricted Stock Plan.
- Eligible unused vacation and short-term disability pay.

#### Retirement

In the event of the retirement of an executive officer, the officer would receive the benefits identified above.

#### Death or Disability

In the event of death or disability of an executive officer, in addition to the benefits listed above, the executive officer will also receive payments under our life insurance plan or under our disability plan as appropriate.

#### Change in Control

We currently do not have a change in control agreement with any of the executive officers. Under the SERP, each participant would become 100% vested in their SERP account upon a change in control. Under certain conditions, following a change in control, if a participant is involuntarily terminated without cause or voluntarily terminates for good reason all uncredited annual credits would be credited to his or her SERP account. If termination took place on December 31, 2024, that would have resulted in an additional credit to Jerome E. Schwind's SERP account of \$543,500, William M. Schaefer's SERP account of \$240,000, and Neil M. McDonnell's SERP account of \$382,500 and a total credit for each individual of \$827,520, \$245,275, and \$618,265, respectively.

Under the RSP, each participant would become 100% vested in their RSP account upon a change in control. Under certain conditions, following a change in control, if a participant is involuntarily terminated without cause or voluntarily terminates for good reason all nonvested shares would be fully vested. If termination took place on December 31, 2024, that would have resulted in vested shares to Jerome E. Schwind's RSP account of 8,257 (\$214,599), William M. Schaefer's RSP account of 558 (\$14,502), and Neil M. McDonnell's RSP account of 5,918 (\$153,809).

#### Pay Versus Performance

<sup>(1)</sup> Director appointment effective March 3, 2025.

Under the Directors Plan, upon a participant's retirement from the Board, or the occurrence of certain other events, the participant is eligible to receive a distribution in the form of shares of our common stock of all of the stock units that are then credited to the participant's account. The plan does not allow for cash settlement. Stock issued under the Directors Plan is restricted stock under the Securities Act of 1933, as amended.

We established a Rabbi Trust to supplement the Directors Plan. The Rabbi Trust is an irrevocable grantor trust to which we may contribute assets for the limited purpose of funding a nonqualified deferred compensation plan. Although we may not reach the assets of the Rabbi Trust for any purpose other than meeting our obligations under the Directors Plan, the assets of the Rabbi Trust remain subject to the claims of our creditors. We may contribute cash or common stock to the Rabbi Trust from time to time for the sole purpose of funding the Directors Plan. The Rabbi Trust will use any cash that we may contribute to purchase shares of our common stock on the open market.

We transferred \$1,113,229 to the Rabbi Trust in 2024, which held 142,535 shares of our common stock for settlement as of December 31, 2024. As of December 31, 2024, stock units credited to participants' accounts totaled 101,493. All amounts are unsecured claims against our general assets. The net cost of this benefit was \$168,465 in 2024.

### **Certain Relationships and Related Person Transactions**

#### **Certain Relationships**

There are no family relationships between any of our directors or executive officers, as defined in Item 401 of Regulation S-K.

#### **Policies and Procedures Regarding Related Person Transactions**

Transactions by us or the Bank with related persons are subject to regulatory requirements and restrictions. These requirements and restrictions include Section 23A and Section 23B of the Federal Reserve Act and the Board of Governors of the Federal Reserve System's (the "Federal Reserve") Regulation W (which governs certain transactions by the Bank with its affiliates) and the Federal Reserve's Regulation O (which governs certain loans by the Bank to its executive officers, directors, and principal shareholders). We have adopted policies to comply with these regulatory requirements and restrictions.

Related person transactions are transactions in which we are a participant, the amount involved exceeds \$120,000 and a related person has or will have a direct or indirect material interest. Related persons of the Company include directors (including nominees for election as directors), executive officers, beneficial holders of more than 5% of our capital stock and the immediate family members of these persons. Our Audit Committee also reviews procedures designed to identify related person transactions that are material to our financial statements or otherwise require disclosure. In determining whether to approve a related person transaction, the Board will consider, among other factors, the fairness of the proposed transaction, the direct or indirect nature of the related person's interest in the transaction, the appearance of an improper conflict of interests for any director or executive officer taking into account the size of the transaction and the financial position of the related person, whether the transaction would impair an outside director's independence, the acceptability of the transaction to our regulators and the potential violations of other corporate policies.

## Ordinary Banking Relationships

Certain directors and officers and members of their families were loan customers of the Bank, or have been directors or officers of corporations, members or managers of limited liability companies, or partners of partnerships which have had transactions with the Bank. In our opinion, all such transactions were made in the ordinary course of business and were substantially on the same terms, including collateral and interest rates, as those prevailing at the same time for comparable transactions with customers not related to the Bank. These transactions do not involve more than normal risk of collectability or present other unfavorable features. Total loans to these customers were approximately \$2,951,000 and \$19,527,000 as of December 31, 2024 and 2023.

As of the date of this proxy statement, no related party loans were categorized as nonaccrual, past due, restructured or potential problem loans. We expect to continue to enter into transactions in the ordinary course of business on similar terms with our officers, directors and principal shareholders, as well as their immediate family members and affiliates.

### **Independent Registered Public Accounting Firm**

The Audit Committee has appointed Plante as our independent auditors for the year ending December 31, 2025.

#### **Independent Auditor Fee Information**

The following table shows the aggregate fees billed by Rehmann, our former auditor, for the audit and other services provided for the years ended:

	<u>2024</u>	<u>2023</u>
Audit fees	\$ 390,200	\$ 387,700
Audit related fees	13,000	17,500
Tax fees	20,225	21,085
Total	<u>\$ 423,425</u>	<u>\$ 426,285</u>

The audit fees were for performing the integrated audit of our consolidated annual financial statements and the internal control report related to the Federal Deposit Insurance Corporation Improvement Act, reviews of interim financial statements included in our Quarterly Reports on Form 10-Q, and customary services that are normally provided by Rehmann in connection with statutory and regulatory filings or engagements. The audit related fees are typically for various discussions related to the adoption and interpretation of new accounting pronouncements. Also included are fees for auditing of our employee benefit plans. The tax fees were for the preparation of our state and federal income tax returns and for consultation on various tax matters.

#### **Pre-Approval Policies and Procedures**

All non-audit services to be performed by Plante must be approved in advance by the Audit Committee if those fees are reasonably expected to exceed 5.0% of the current year agreed upon fee for independent audit and interim review services, so long as such services were recognized by the Corporation at the time of engagement to be non-audit services, and such services are promptly brought to the attention of the Audit Committee subsequent to completion of the audit. As permitted by SEC rules, the Audit Committee has authorized its chairperson to pre-approve audit, audit-related, tax and non-audit services, provided that such approved service is reported to the full Audit Committee at its next meeting.

As early as practicable in each calendar year, the independent auditor provides to the Audit Committee a schedule of the audit and other services that the independent auditor expects to provide or may provide during the next twelve months. The schedule will be specific as to the nature of the proposed services, the proposed fees, timing, and other details that the Audit Committee may request. The Audit Committee will by resolution authorize or decline the proposed services. Upon approval, this schedule will serve as the budget for fees by specific activity or service for the next twelve months.

A schedule of additional services proposed to be provided by the independent auditor, or proposed revisions to services already approved, along with associated proposed fees, may be presented to the Audit Committee for their consideration and approval at any time. The schedule will be specific as to the nature of the proposed service, the proposed fee, and other details that the Audit Committee may request. The Audit Committee will by resolution authorize or decline authorization for each proposed new service.

Applicable SEC rules and regulations permit waiver of the pre-approval requirements for services other than audit, review or attest services if certain conditions are met. Out of the services characterized above as audit-related, tax and other professional services, none were billed pursuant to these provisions in 2024 and 2023 without pre-approval.

All proposals must be submitted by sending written communications to the attention of the Corporation's Secretary, Isabella Bank Corporation, 401 N. Main St., Mt. Pleasant, Michigan 48858.

### **Delinquent Section 16(a) Reports**

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and certain officers and persons who own more than 10% of our common stock, to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock. These officers, directors, and greater than 10% shareholders are required by SEC regulation to furnish us with copies of these reports. During the year ended December 31, 2024, to our knowledge, there was one (1) delinquent transaction reported for Director Bourland for one reportable transaction in June of 2024.

### **Other Matters**

We will bear the cost of soliciting proxies. In addition to solicitation by mail, officers and other employees may solicit proxies by telephone or in person, without compensation other than their regular compensation.

### **As to Other Business Which May Come Before the Meeting**

We do not intend to bring any other business before the meeting for action. However, if any other business should be presented for action, it is the intention of the persons named in the enclosed form of proxy to vote in accordance with their judgment on such business.
