One of Dubuque, Iowa’s Top-Producing Real Estate Brokerages Brings 30 Agents to Real

2026-11-03

Team led by Cody Burger and Dennis Buchheit is on track to complete 500 transactions in 2026 as they look to expand across the tri-state region

MIAMI--(BUSINESS WIRE)-- The Real Brokerage Inc., a leading technology-enabled real estate platform redefining the industry through innovation and agent culture, today announced that Cody Burger and Dennis Buchheit are bringing their 30-agent real estate brokerage, previously operating as Unlimited, to the company under the name The Team.

Based in Dubuque, Iowa, The Team serves clients across the tri-state region, including Dubuque, Galena, Ill., and southern Wisconsin. Since 2020, the business has completed approximately 5,000 transactions valued at $1.2 billion and is on track to complete 500 transactions in 2026, ranking it among the top brokerage firms in Dubuque.

Buchheit brings a strong business and real estate background to Real. In addition to his 30-plus-year real estate career, he is the co-owner of numerous businesses which complement real estate, including property management, insurance, HVAC, cleaning and construction companies.

Buchheit brought Burger into Unlimited in 2020 to lead the company, launching a partnership that led to the merger of their operation with the region’s largest brokerage. Together, they helped build Unlimited, which became a market leader by agent count and production.

As a brokerage owner and active real estate professional, Burger has overseen business operations while continuing to

serve clients. He is on track to generate approximately $15 million in personal transaction volume in 2026, including the sale of a $3.1 million home in Dubuque that set a local record.

At Real, Burger and Buchheit plan to build on their regional success by recruiting agents in additional markets and using Real's technology platform to streamline operations and better support their agents.

"Cody and Dennis have built a business with a strong regional presence and a clear vision for growth," said Joel Kirsch, Senior Vice President of Growth at Real. "They bring valuable operational experience, production success and an entrepreneurial mindset. We're excited to welcome The Team to Real and provide the technology, platform and community to support their next phase of growth."

Bucheit said, "Real is light-years ahead when it comes to technology and where the industry is going. The platform and the community around it give us access to the tools, resources and relationships to build a business that's positioned for the future. We're excited to be part of a company that's thinking about where real estate is headed and how to help agents succeed in that environment."

For Burger, the move offers an opportunity to spend less time managing day-to-day operations and more time leading the business and developing its agents.

"Growth is heavy on my mind," Burger said. "I've spent years running every aspect of the business while still producing, and Real gives me an opportunity to take a lot off my plate. I can focus on serving clients, developing agents and expanding into new markets."
