

CDW Declares Quarterly Cash Dividend of \$0.630 Per Share

Reinforces Ongoing Commitment to Delivering Value to Stockholders

VERNON HILLS, Ill., May 6, 2026 -- CDW Corporation (Nasdaq: CDW) announced today that its Board of Directors declared a quarterly cash dividend of \$0.630 per common share to be paid on June 10, 2026 to all stockholders of record as of the close of business on May 25, 2026.

"Dividends represent an important component of our capital allocation priorities, along with share repurchases, strategic M&A, and managing our capital structure." said Albert J. Miralles, chief financial officer, CDW. "Since our IPO in June 2013, our dividend has increased nearly fifteen-fold, with twelve consecutive years of increases, and we have returned approximately \$8.4 billion to stockholders through share repurchases and dividends. Our capital allocation strategy has enabled us to deliver value to our stockholders, just as we have delivered value to our customers and partners for over 40 years."

Future dividends and share repurchase authorizations will be at the discretion of and subject to approval by CDW's Board of Directors. The payment of any future dividends will be at the discretion of our Board of Directors and will depend upon our results of operations, financial condition, business prospects, capital requirements, contractual restrictions (including in current or future agreements governing our indebtedness), restrictions imposed by applicable law, tax considerations, and other factors that our Board of Directors deems relevant. Share repurchases under the program will be made from time to time in private transactions, open market purchases, or other transactions as permitted by securities laws and other legal requirements. The timing and amounts of any purchases will be based on market conditions and other factors including but not limited to price, regulatory requirements, and capital availability. The program does not require the purchase of any minimum dollar amount or number of shares and the program may be modified, suspended, or discontinued at any time. As of March 31, 2026, the Company has approximately \$484 million remaining under the program.
