DISCLAIMERS

Forward Looking Statements

This presentation contains “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995, as amended. All statements other than statements of historical facts are forward-looking statements. Words such as “will,” “may,” “could,” “would,” “should,” “anticipates,” “believes,” “estimates,” “expects,” “plans,” “intends,” “guidance,” “outlook,” and similar expressions are intended to identify these forward-looking statements but are not the exclusive means of identifying them. These statements are not guarantees that our expectations will prove to be correct and involve a number of risks, uncertainties, and assumptions. Many factors, including those discussed more fully elsewhere in this release and in documents filed with the Securities and Exchange Commission by NPK International Inc. (“NPK”), particularly its Annual Report on Form 10-K, and its Quarterly Reports on Form 10-Q, as well as others, could cause actual plans or results to differ materially from those expressed in, or implied by, these statements. These risk factors include, but are not limited to, risks related to our ability to generate organic growth; economic and market conditions that may impact our customers’ future spending; customer concentration; the effective management of our fleet, including our ability to properly manufacture, safeguard, and maintain our fleet; international operations; manufacturing capacity expansion projects; operating hazards present in our and our customers’ industries and substantial liability claims; our contracts that can be terminated or downsized by our customers without penalty; our product offering and market expansion; our ability to attract, retain, and develop qualified leaders, key employees, and skilled personnel; expanding our services in the utilities sector, which may require unionized labor; the price and availability of raw materials; inflation; capital investments and business acquisitions; market competition; technological developments and intellectual property; severe weather, natural disasters, and seasonality; public health crises, epidemics, and pandemics; our cost and continued availability of borrowed funds, including noncompliance with debt covenants; environmental laws and regulations; legal compliance; the inherent limitations of insurance coverage; income taxes; cybersecurity incidents or business system disruptions; complications with the design or implementation of our updated enterprise resource planning system; activist stockholders that may attempt to effect changes at our Company or acquire control over our Company; share repurchases; and our amended and restated bylaws, which could limit our stockholders’ ability to obtain what such stockholders believe to be a favorable judicial forum for disputes with us or our directors, officers or other employees. We assume no obligation to update any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by securities laws. NPK’s filings with the Securities and Exchange Commission can be obtained at no charge at sec.gov, as well as through our website at npki.com.

Non-GAAP Financial Measures

This presentation includes references to financial measurements that are supplemental to the Company’s financial performance as calculated in accordance with generally accepted accounting principles (“GAAP”). These non-GAAP financial measures include Adjusted Income (Loss) from Continuing Operations, Adjusted Income (Loss) from Continuing Operations Per Common Share, earnings before interest, taxes, depreciation and amortization (“EBITDA”) from Continuing Operations, Adjusted EBITDA from Continuing Operations, Adjusted EBITDA Margin from Continuing Operations, Free Cash Flow, and Net Debt (Cash). We believe these non-GAAP financial measures are frequently used by investors, securities analysts and other parties in the evaluation of our performance and liquidity with that of other companies in our industry. Management uses these measures to evaluate our operating performance, liquidity and capital structure. In addition, our incentive compensation plan measures performance based on our consolidated EBITDA, along with other factors. The methods we use to produce these non-GAAP financial measures may differ from methods used by other companies. These measures should be considered in addition to, not as a substitute for, financial measures prepared in accordance with GAAP.

Business Overview

NPK: A Specialty Rental & Services Company

Providing Worksite Access Solutions To Power & Infrastructure Markets

ABOUT NPK

We are a worksite access solutions company that manufactures, sells, and rents recyclable composite matting products, along with a full suite of services, including planning, logistics, and site restoration.

Profitable Platform of Scale

TTM 3Q26 results from continuing operations

* Represents a non-GAAP financial measure. See reconciliation to the most comparable GAAP measure in “Non-GAAP Financial Measures” slides within this presentation.

The Original Composite Mat

DURA-BASE® ADVANCED-COMPOSITE MAT SYSTEM™

Our flagship product, DURA-BASE®, solution made from 100% recyclable high-density polyethylene, was introduced in 1998 as the market’s first engineered thermoplastic worksite access matting.

Today, with the largest composite fleet in the U.S.*, DURA-BASE® continues to set the standard for safe, cost-effective, and environmentally friendly performance and remains the preferred heavy-duty working platform for temporary work sites and access roads.

Composite Matting Value Proposition

Design & Manufacturing	Engineered, compression molded, single-piece construction – proprietary formula and lightest weight heavy duty mat on the market*
Handling and Logistics	Ease of deployment; true, 8’ x 14’ x 4” two-sided mat design; transport up to 3x the capacity of traditional wood-based alternative*
Safety	Continuous work surface eliminates gapping and differential movement – aides in reducing equipment damage & improving safety
Environmental	Non-permeable, sealed design prevents contamination of the carry of invasive species – 100% recyclable
Durability	Long-term performance life with minimal maintenance expense; capable of lasting 15+ years

Flexible Model Accommodates Varying Customer Needs

We provide both rental and purchase options for our customers.

Reasons Customers

66% of Revenues**

- ✓ Capital preservation/optionality
- ✓ Project-by-project mindset
- ✓ Shorter-term single project use
- ✓ Nationwide logistics efficiency
- ✓ Value safety, service quality, responsiveness

Reasons Customers

34% of Revenues**

- ✓ Ownership mindset
- ✓ Economic incentives to own
- ✓ Long-term multi-project requirements
- ✓ Value brand promise, matting system compatibility and long-life assets
- ✓ Access to Lifecycle Management program

Why Customers Choose NPK

Safety

Service Quality

Responsiveness

Experience

Value

* Based on internal assessment of currently available competitive heavy-duty mats in U.S. market

** Based on TTM3Q26 revenues

Vertically Integrated Model Supports Specialty End-Markets

Products & Services

We combine industry-leading IP and deep manufacturing expertise with on-demand logistics support and installation.

Engineering & Design

- Introduced DURA-BASE® to the world nearly 30 years ago as the first 100% recyclable composite matting solution
- Committed R&D, Project Technical Support team with industry-leading experience
- Focus on reducing lifecycle waste and carbon emissions

Precision Manufacturing

- Manufacturing facility in Carencro, LA; strategically located near cost advantaged “Gulf Coast” suppliers
- Nearly 30 years of experience manufacturing DURA-BASE composite mats
- Increased production volume 15% in 2025, with additional 10%+ increase anticipated in 2026; additional capacity coming on-line in mid-2027

Logistics Planning & Installation

- Pre-planning assessment and access mat plan design
- Temporary work sites and access roads
- Ancillary services include SWPPP management and ground restoration at completion of operations

Specialty Rental, Product Sale

- Largest heavy duty composite mat manufacturing capacity and rental service fleet in the U.S.
- ~235k composite mats in rental fleet (U.S. and U.K.)
- Scale, flexibility and responsiveness to meet rapidly evolving customer needs and large-scale projects
- Experienced composite matting industry sales and national service operations team

We Serve a Diverse Mix of Growing End-Markets

Power Transmission

Oil & Gas

Pipeline

Infrastructure Construction

Rail & Other

We Own & Operate the Largest U.S. Composite Matting Fleet

Scale to Capitalize on Multi-year Investment Cycles Across Multiple End-markets

End-market	Revenue Concentration	Macro Outlook	Segment Demand Drivers
Power Transmission 			<ul style="list-style-type: none"> Need for significant sustained investment driven by aging infrastructure, transmission congestion, grid hardening efforts, and renewable interconnect Substantial electricity demand growth (U.S. manufacturing growth, datacenter requirements, AI) Regulated nature of industry enhances stability of long-term infrastructure investments
Oil & Gas 			<ul style="list-style-type: none"> Resilient global demand, restrained supply for oil and gas Geopolitical instability and focus on energy security U.S. LNG expansion continues to support gas infrastructure investment
Other 			<ul style="list-style-type: none"> Buildout of domestic manufacturing capabilities (onshoring and national security emphasis) Non-residential construction growth of 8.7% projected for 2026, driven by data centers, with construction growth is expected to accelerate in 2027 and 2028*
			<ul style="list-style-type: none"> Major access markets in UK and EU, with enhanced ability to service these segments following Grassform acquisition U.S. renewable energy capital investment is projected to growth 7-11% CAGR between 2025-2030** Rail continues to be significant market, driven by High Speed 2 Railway
			<ul style="list-style-type: none"> Significant repair and maintenance requirement for aging infrastructure New infrastructure required to facilitate energy transition Varied usage for composite matting on new construction

Material Conversion Opportunity

Compelling Benefits vs Wood Products and Large Wood Market Share Provide Long-term Tailwind

	Composite	Wood
Weight (lbs)	~1,000	2,200 – 2,800
Designed to alleviate contaminant transport from job to job	Yes	No
Recyclable	Yes	No
Designed to minimize safety hazards	Yes	No - broken boards, loose nails, flat tires
Designed to eliminate shifting during use	Yes	No
Integrated connection system to spread load	Yes	No
Absorbs water/warps when wet	No	Yes

SAFER

Interlocking design creates a continuous, stable work surface that eliminates gaps and movement, helping prevent slips, trips, and falls while enhancing productivity and safety in any condition.

SAFER by DESIGN

GREENER

Made from **100% Recyclable** high-density polyethylene

- Reduced soil disturbance
- Minimal impact on local ecosystems
- Reduced remediation (and associated cost)

Our Specialty Rental Asset Generates ~35% IRR

Recyclable Composite Matting Provides For Long Useful Raw Material Life & Superior IRR

NPK Rental Mat Economic Case

Original mat manufactured

Virgin &/or recycled materials engineered to meet design performance requirements

Up to 15-year useful life*

No deterioration in performance or rental pricing over lifetime
Minimal maintenance cost required

Mat returned for reprocessing

>95% recapture of original input materials
Expertly reformulated to achieve original design performance requirements
Eliminates mat being sent to landfill

Gen2 mat manufactured

Original materials returned to a further 15-year useful life*
Significant reduction in carbon emissions through reuse of original & or recycled materials
Multiple cycles possible creating long useful life.

* Based on average actual performance of NPK's fleet when installed & utilized to manufacturers recommendations

Recent Performance

3Q26 Performance Summary, 2026 Outlook

3Q Reflects Disciplined Execution; Delivered 11% Revenue and 30% Adjusted EBITDA* Growth YoY

Third Quarter 2026

Performance Summary

Continued growth in rental and related services

3Q26 revenues from specialty rental and related services of \$50 million reflects 12% year-over-year growth, driven primarily by U.K. acquisition. U.S. rental and services relatively in line with prior year as growth in targeted geographic expansion areas offset impact of exceptionally dry weather pattern in Texas. TTM rental and service revenue growth was 17%. Utility sector represents ~60% of TTM 3Q26 rental and service revenues.

Utility sector driving strong demand in product sales

Product sales demand remained elevated in 3Q26 driven primarily by utility sector. Year-over-year product sale revenues growth was 9% for 3Q26 and 24% for TTM 3Q26.

Top-line growth and cost optimization driving margin expansion

Adjusted EBITDA margin* of 26.2% in 3Q26 and 29.3% for YTD 3Q26, reflecting year-over-year improvements of 390 basis points and 260 basis points, respectively. Improvements reflect the benefit of operating leverage, somewhat offset by elevated cross-rental cost.

Capital allocation aligned to strategy

3Q26 investments include \$3 million net investment into rental fleet expansion and \$6 million toward manufacturing expansion project. In addition, \$13 million used to purchase 1.0 million shares under existing buyback authorization.

Business Outlook

(As of October 30, 2026)

FY2026 guidance adjusted on elevated weather impact and product sales

Midpoint of 2026 financial guidance reflects 9% expected growth in revenues and 21% expected growth in Adjusted EBITDA*, as compared to 2025. Estimated net capital expenditures for 2026 between \$70 million and \$75 million for the full year 2026, primarily reflecting \$40-\$45 million investments to expand rental fleet in response to sustained strength in rental demand outlook and ~\$20 million to expand manufacturing capacity by ~50%.

Market outlook and commercial pipeline remains robust

Commercial quoting volumes meaningfully higher year-over-year, with volume growth primarily focused on targeted growth territories and customers. Strong multi-year market outlook in utilities underpinned by planned investment in power transmission infrastructure.

Strong balance sheet provides optionality

As of 3Q26, \$22 million of net debt*, with \$4 million of cash on-hand and \$132 million of available liquidity under credit facility, which provides flexibility to continue executing disciplined growth strategy, balancing organic investment in rental fleet expansion, the pursuit of strategically-aligned inorganic actions, and disciplined return of capital.

Tax carryforwards and capital investments limit foreseeable cash taxes

We entered 2026 with \$40 million of U.S. federal NOL and other tax credit carryforwards. 2025 federal tax legislation provides additional tax deferrals on capital investments, further limiting expected cash tax burden in the next few years.

Performance Bridges

3Q25 vs. 3Q26 Adjusted EBITDA from Continuing Operations*

\$ in millions

YTD 3Q25 vs. YTD 3Q26 Adjusted EBITDA from Continuing Operations*

\$ in millions

* Represents a non-GAAP financial measure. See reconciliation to the most comparable GAAP measure in “Non-GAAP Financial Measures” slides within this presentation.

Strategic Focus: Fleet Optimization, Price Discipline, & Cost Controls

Year-Over-Year Performance

* Represents a non-GAAP financial measure. See reconciliation to the most comparable GAAP measure in “Non-GAAP Financial Measures” slides within this presentation.

Growth Rate Accelerated in 2025

Utilities sector primarily driving elevated growth in both Rental and Product Sales

Rental Revenue

\$ in millions

Rental revenue accelerated in 2025, driven primarily by utilities sector

Services Revenue

\$ in millions

Strategic shift toward longer-term rental projects driving recent decline in service revenue mix

Product Sale Revenue

\$ in millions

Product sales fluctuate quarter-to-quarter, depending on customer capital spending activity

Financial Guidance

Current as of October 30, 2026

For the Full Year 2026,
NPK Currently Anticipates the Following:

Consolidated Revenues
in a range of

**\$300-\$305
million**

Consolidated Adjusted
EBITDA
in a range of

**\$90-\$93
million**

Net Capital Expenditures*
in a range of

**\$70-\$75
million**

* Includes \$40-\$45 million investment into rental fleet expansion and approximately \$20 million for manufacturing expansion project.

Value Creation Roadmap

Organic & Inorganic Growth

Commercial Growth Priorities

Our Organic Growth Priorities

Pursuing the highest-return, value-enhancing projects

- ✓ Geographic network expansion to service new growth territories
- ✓ Rental fleet growth to match growing customer demand
- ✓ Increasing revenue density and customer relevance in served markets

Our Acquisition Criteria

Complementary, accretive opportunities

- ✓ Expanding scale in site access at accretive economics
- ✓ Increased customer value and industry coverage through broader specialty rental asset offering or manufacturing
- ✓ Completed Grassform acquisition in November 2025, strengthening U.K. operations scale and capabilities

* Represents a non-GAAP financial measure. See reconciliation to the most comparable GAAP measure in “Non-GAAP Financial Measures” slides within this presentation.

** Represents capital expenditures for rental fleet assets less proceeds from sales of rental fleet assets.

Net Debt (Cash)*

~\$136 million of cash and bank facility availability at September 2026 provides meaningful flexibility to support growth plans

Net Rental Fleet Capital Expenditures **

~80% of capital expenditures in 2023-3Q26 directed to rental fleet expansion

Driving Asset & Cost Optimization

Operational Excellence Initiatives

Recent Operational Improvements

Building a leaner, more efficient industrial critical infrastructure platform

- ✓ Divestitures of under-performing business units began in 2022 and culminated with sale of remaining Fluids Systems segment in 3Q24
- ✓ Significant actions in 2023-2025 to streamline operational support, remove layers of management and simplify business support activities following Fluids Systems divestiture.

Ongoing Operational Improvements

Supports further margin expansion

- ✓ Continue investments to expand raw material sources, including post-industrial recycling
- ✓ Rental fleet and asset logistics optimization, improving asset utilization and reducing transportation costs
- ✓ Balancing targeted SG&A reductions with expanding capabilities to drive growth

* Represents a non-GAAP financial measure. See reconciliation to the most comparable GAAP measure in “Non-GAAP Financial Measures” slides within this presentation.

** Maintenance capex, net represents investments made to maintain the Company’s operations substantially at current levels, net of proceeds from sale of PP&E.

Strong Cash Flow Conversion

~65% of YTD 3Q26 Adjusted EBITDA* available to support organic growth investments and return of capital

Reducing Fixed Overhead, Improving Efficiency

SG&A as % of total revenue

~650 bps of SG&A margin improvement since FY23; YTD 3Q26 includes \$3m related to retirement plan modification, severance, strategic planning and acquisition-related

Enhancing Return on Capital Employed

Capital Allocation Priorities

- Capital Allocation Priorities
- ✓ Maintain modest leverage
 - ✓ Organic investment to expand rental fleet, along with associated equipment
 - ✓ Continually evaluate accretive inorganic growth opportunities to accelerate growth
 - ✓ Return of capital via programmatic share repurchases; remaining authorization of \$76 million at September 30, 2026

Balanced Capital Allocation
TTM 3Q26 (\$MM)

* Capital expenditures, net includes \$5m of finance purchases of vehicles and equipment

** Return on Net Assets represents Adjusted Income from Continuing Operations divided by average quarterly total net assets, excluding cash and debt.

Leveraging Asset Base to Drive Solid Return on Net Assets **

Committed to return of capital under share repurchase authorization

\$ in Millions

Amounts above also include shares surrendered in lieu of taxes under vesting of restricted stock awards that are not acquired pursuant to our securities repurchase program.

Investment Summary

Why invest in NPKI?

Driving value creation through organic growth and margin expansion

Delivered consistent growth in revenue and EBITDA from 2022-3Q26. Midpoint of forecasted FY2026 projection reflects 9% revenue and 21% Adjusted EBITDA* growth vs 2025.

Serving large-scale and growing end-markets

Matting demand within utility transmission forecasted to grow at ~14% CAGR** through 2030, addressing growing demand and aging infrastructure.

Material conversion underpinned by superior unit economics

Composite mats provide tangible economic, safety and environmental benefits vs alternative wood mat products. At ~25% market penetration, meaningful wood-to-composites adoption curve opportunity ahead.

NPK's long history provides identifiable competitive moats in composite matting

With ~235,000 composite mats in rental fleet, we operate the largest fleet of composite mats, serving the U.S. and U.K. markets. Vertical integration and nearly 30 years experience manufacturing composite matting strengthens our market leadership position through R&D advancements and advantaged cost position.

Minimal leverage position and highly cash generative business

Ended 3Q26 with \$22m of net debt and ~\$136m of available liquidity. In YTD 3Q26, ~65% of our Adjusted EBITDA* was converted to cash, available to support our growth investments and return of capital program.

Disciplined capital allocation strategy

We redeploy cash from operations toward a combination of organic investment and share repurchases, while exploring opportunistic investments in core worksite access assets.

* Represents a non-GAAP financial measure. See reconciliation to the most comparable GAAP measure in "Non-GAAP Financial Measures" slides within this presentation

Appendix

Experienced Executive Leadership Team

APPENDIX

Matthew S. Lanigan
President & Chief Executive Officer

Matthew joined NPK in April 2016 as President, Newpark Industrial Solutions, and was appointed as our Chief Executive Officer in March 2022.

- From April 2014 to June 2015, Mr. Lanigan served as a Managing Director of Custom Fleet Services in Australia for GE Capital Corporation, a financial services unit of General Electric.
- From September 2010 to March 2014, he served as Commercial Excellence Leader in Asia Pacific for GE Capital.
- Previous to September 2010, Mr. Lanigan held various executive positions in marketing and sales for GE Capital Corporation and spent his early career with ExxonMobil as a Drilling & Completions Engineer and an Offshore Production Engineer and Marketer for Crude & LPG.
- Mr. Lanigan received his Bachelor's degree in Chemical Engineering from Royal Melbourne Institute of Technology and his MBA from the Melbourne Business School at the University of Melbourne and is certified as a Six Sigma Master Black Belt.

Gregg S. Piontek
Chief Financial Officer

Gregg joined NPK in April 2007 as Vice President, Controller and Chief Accounting Officer and promoted to Chief Financial Officer in October 2011.

- Prior to joining NPK, Mr. Piontek was Vice President and Chief Accounting Officer of Stewart & Stevenson LLC, where, as a member of the executive team, he directed all start-up and purchase accounting functions related to the purchase of assets from Stewart & Stevenson Services, Inc. and served as lead executive financial officer for their \$150 million public debt offering.
- Previously, from 2001 to 2006, he held the positions of Assistant Corporate Controller and Controller, Power Products Division at Stewart & Stevenson Services, Inc.
- Prior to that, Mr. Piontek served in various financial roles at General Electric, CNH Global N.V. and Deloitte & Touche LLP.
- Mr. Piontek received a Master of Business Administration from Marquette University and a Bachelor of Science degree in Accounting from Arizona State University.
- On September 2, 2026, Mr. Piontek announced his intention to retire on or before August 31, 2027.

JJ Barton
Executive Vice President,
Commercial Growth & Operations

JJ joined NPK in September 2026 as Executive Vice President, Commercial Growth & Operations. He brings more than two decades of leadership experience spanning commercial growth, strategic sales, manufacturing, and operations, with a proven track record of driving business growth and operational performance.

- Prior to joining NPK, Mr. Barton served as President of Clear Water Services, the water treatment and environmental solutions business of Tidal Vision, where he led growth initiatives, operational improvements, and integration efforts.
- Previously, he served as Vice President, Manufacturing Operations for Vincit Group and Vice President, Strategy and Operations at Mayco Wellchem, Inc. Earlier in his career, Mr. Barton held leadership roles of increasing responsibility across commercial, operational, and global expansion functions at Baker Hughes, including an international assignment as Asia-Pacific Business Development Manager in Kuala Lumpur, Malaysia.
- Mr. Barton holds a bachelor's degree from Louisiana State University and an MBA in Corporate Entrepreneurship from Syracuse University's Whitman School of Management. He is also a certified Lean Six Sigma Black Belt.

Celeste Frugé
Vice President, General Counsel,
Chief Compliance Officer & Corporate Secretary

Celeste joined NPK in April 2008 as Senior Corporate Counsel and was promoted to the position of Vice President, General Counsel, Chief Compliance Officer & Corporate Secretary in May 2023.

- Since joining NPK in 2008, Ms. Frugé has served in various legal roles of increasing responsibility, including the role of Associate General Counsel from January 2011 to February 2020 and as the Company's Deputy General Counsel and Assistant Corporate Secretary since February 2020.
- In her capacity as Deputy General Counsel, she was responsible for managing and overseeing various global legal matters including complex commercial matters, acquisitions and divestitures, litigation and pre-litigation disputes, joint ventures and other legal issues including but not limited to data privacy, information governance, regulatory matters, and tax matters.
- Prior to joining NPK, Ms. Frugé practiced law at Winstead, PC where she was a member of the Corporate, Securities/M&A practice group and at Stibbs & Burbach, PC in The Woodlands, Texas.
- Ms. Frugé received her undergraduate degree from Loyola University and earned her J.D. from Loyola University New Orleans College of Law.

Depreciation and amortization	25,404	18,235
Stock-based compensation expense	6,154	4,137
Provision for deferred income taxes	7,697	9,362
Credit loss expense	95	19
Gain on sale of assets	(1,261)	(2,203)
Amortization of original issue discount and debt issuance costs	237	394
Change in assets and liabilities:		
Increase in receivables	(7,558)	(2,462)
(Increase) decrease in inventories	(4,790)	5,007
Increase in other assets	(3,119)	(3,711)
Increase in accounts payable	2,425	1,466
Increase (decrease) in accrued liabilities and other	(3,172)	405
Net cash provided by operating activities	50,146	54,984
Cash flows from investing activities:		
Capital expenditures	(45,519)	(34,419)
Proceeds from divestitures	5,490	14,485
Proceeds from sale of property, plant and equipment	1,811	3,819
Other investing activities	(627)	3,089
Net cash used in investing activities	(38,845)	(13,026)
Cash flows from financing activities:		
Borrowings on lines of credit	49,100	—
Payments on lines of credit	(38,500)	—
Debt issuance costs	—	(811)
Purchases of treasury stock	(19,330)	(22,695)
Proceeds from employee stock plans	528	1,497
Other financing activities	(3,979)	(2,639)
Net cash used in financing activities	(12,181)	(24,648)
Effect of exchange rate changes on cash	(30)	91
Net increase (decrease) in cash, cash equivalents, and restricted cash	(910)	17,401
Cash, cash equivalents, and restricted cash at beginning of period	5,140	18,237
Cash, cash equivalents, and restricted cash at end of period	\$ 4,230	\$ 35,638

Non-GAAP Financial Measures (unaudited)

APPENDIX

Adjusted Income from Continuing Operations and Adjusted Income from Continuing Operations Per Common Share

The following tables reconcile the Company's income from continuing operations and income from continuing operations per common share calculated in accordance with GAAP to the non-GAAP financial measures of Adjusted Income from Continuing Operations and Adjusted Income from Continuing Operations Per Common Share:

Consolidated (In thousands)	Three Months Ended			Nine Months Ended	
	September 30, 2026	June 30, 2026	September 30, 2025	September 30, 2026	September 30, 2025
Income from continuing operations (GAAP)	\$ 6,330	\$ 11,989	\$ 6,063	\$ 28,677	\$ 25,222
Strategic planning, diligence, and acquisition-related costs	719	—	—	751	—
Modification of retirement terms	—	858	—	858	—
Plant expansion expenses	107	226	—	333	—
Severance and related costs	1,210	—	69	1,210	455
Tax on adjustments	(428)	(228)	(14)	(662)	(96)
