Notes to the Financial Statements

1. Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The accompanying financial statements of ProAssurance American Mutual, A Risk Retention Group (the Company) have been completed in compliance with National Association of Insurance Commissioners Statutory Accounting Principles (NAIC SAP) as adopted by the Department of Insurance, Securities and Banking (DISB) of the District of Columbia.

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the District of Columbia is shown below:

	SSAP #	F/S Page	F/S Line #	2025	2024

(8) NAIC SAP (5-6-7=8)	XXX	XXX	XXX	<u>\$ 11,781,073</u>	<u>\$ 11,603,435</u>

The term "none" or "no significant change" is used in the following notes to indicate that the Company does not have any items requiring disclosure under the respective note.

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with NAIC SAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

Premiums are earned over the terms of the related insurance policies and reinsurance contracts. Unearned premium reserves are established to cover the unexpired portion of premiums written. Such reserves are computed by pro rata methods for direct business and are based on internal reports. Unearned premiums for Death, Disability, and Retirement premiums are determined actuarially.

Expenses in connection with acquiring new business, including acquisition costs, are recorded as incurred. Expenses incurred are reduced for ceding allowances received or receivable. Any excess ceding commission income over acquisition costs is deferred and recognized over the policy term.

In addition, the Company also uses the following accounting policies:

- (1) Short-term investments are securities with an original maturity greater than three months but less than one year. Short-term investments are reported at amortized cost. Cash and cash equivalents includes all short-term, highly liquid investments that are readily convertible to cash and were acquired with an original maturity of three months or less.
- (2) Bonds not backed by loans are reported at amortized cost or at the lower of amortized cost or fair value, if rated NAIC 3 or below, in accordance with SSAP No. 26 - Bonds, Excluding Loan-Backed and Structured Securities. Premiums and discounts on bonds are amortized or accreted, respectively, over the life of the related debt security as an adjustment to yield using the scientific method. Interest income is recognized when it is earned. Additionally, per SSAP No. 26R, SVO-Identified investments are reported at fair value.
- (3) Common stocks - None
- (4) Preferred stocks - None
- (5) Mortgage loans - None
- (6) Asset-backed securities are reported at amortized cost provided that the SVO's designation is 1 or 2. If the SVO's designation is 3 or greater, the security is reported at the lower of amortized cost or fair value. The Company uses the prospective method to make valuation adjustments when necessary.
- (7) Investments in subsidiaries, controlled and affiliated entities - None
- (8) Investments in joint ventures, partnerships and limited liability companies - None
- (9) Derivatives - None

Notes to the Financial Statements

1. Summary of Significant Accounting Policies and Going Concern (Continued)

(11) Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an actuarially determined amount, based on past experience, for losses incurred but not reported and development on reported claims. Such liabilities are based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability are continually reviewed and any adjustments are reflected in the period determined.

(12) The Company has not modified its capitalization policy from the prior period.

(3) Securities held that were other-than-temporarily impaired due to the present value of cash flows expected to be collected was less than the amortized cost of securities - None

(4) All impaired securities for which an OTTI has not been recognized in earnings as a realized loss - None

(5) The Company used pricing services in determining the fair value of its loan-backed securities. In determining that a security is not other-than-temporarily impaired, securities are analyzed for future cash flows by using current and expected losses, historical and expected prepayment speeds (based on Bloomberg and broker dealer survey values), and assumptions about recoveries relative to the seniority or subordination in the capital structure. If the results indicate that the Company will be able to maintain the current book yield, no other-than-temporary impairment is warranted.

A surplus note in the amount of \$10,000,000 was issued on January 8, 2015 under a Subordinated Surplus Note Agreement between the Company by and through PRA Indemnity to lend the Company the amount of Ten Million Dollars (\$10,000,000) as initial capital to facilitate the formation and operation of the Company. In the event of a liquidation proceeding or dissolution, repayment shall be paid to PRA Indemnity out of any assets remaining after the payment of all policy obligations and all other liabilities, but before distribution of assets to members.

Due to the surplus requirements, the first two annual interest payments were approved for payment and remitted during 2021 and the 2018 interest payment was approved and paid in 2024. The 2019 payment was approved by the DISB Commissioner and paid on September 23, 2025 in the amount of \$633,681. The Company's financial position is evaluated annually to determine if additional interest payments should be submitted to the DISB Commissioner for approval.

Level 2 Valuation Methodologies

Below is a summary description of the valuation methodologies primarily used by the pricing services for Issuer Credit Obligations included in the Level 2 category, by security type:

U.S. Government Obligations, including treasury bills classified as cash equivalents and/or short term investments, are valued based on quoted prices for identical assets, or, in markets that are not active, quotes for similar assets, taking into consideration adjustments for variations in contractual cash flows and yields to maturity.

Below is a summary description of the valuation methodologies primarily used by the pricing services for Asset-Backed Securities included in the Level 2 category, by security type:

Residential and Commercial Mortgage Backed Securities. Agency pass-through securities are valued using a matrix, considering the issuer type, coupon rate and longest cash flows outstanding. The matrix is developed daily based on available market information. Agency and non-agency collateralized mortgage obligations are both valued using models that consider the structure of the security, current and historical information regarding prepayment speeds, ratings and ratings updates, and current and historical interest rate and interest rate spread data. Evaluations of Alt-A mortgages include a review of collateral performance data, which is generally updated monthly.

- 2. The definition of allocated loss adjustment expenses (ALAE) and, therefore, unallocated loss adjustment expenses (ULAE) was changed effective January 1, 1998. This change in definition applies to both paid and unpaid expenses. Are these expenses (now reported as "Defense and Cost Containment" and "Adjusting and Other") reported in compliance with these definitions in this statement?..... YES
- 3. The Adjusting and Other expense payments and reserves should be allocated to the years in which the losses were incurred based on the number of claims reported, closed and outstanding in those years. When allocating Adjusting and Other expense between companies in a group or a pool, the Adjusting and Other expense should be allocated in the same percentage used for the loss amounts and the claim counts. For reinsurers, Adjusting and Other expense assumed should be reported according to the reinsurance contract. For Adjusting and Other expense incurred by reinsurers, or in those situations where suitable claim count information is not available, Adjusting and Other expense should be allocated by a reasonable method determined by the company and described in Interrogatory 7, below. Are they so reported in this Statement?..... YES
- 4. Do any lines in Schedule P include reserves that are reported gross of any discount to present value of future payments, and that are reported net of such discounts on Page 10?..... NO

If yes, proper disclosure must be made in the Notes to Financial Statements, as specified in the Instructions. Also, the discounts must be reported in Schedule P - Part 1, Columns 32 and 33.

Schedule P must be completed gross of non-tabular discounting. Work papers relating to discount calculations must be available for examination upon request.

Discounting is allowed only if expressly permitted by the state insurance department to which this Annual Statement is being filed.

- 5. What were the net premiums (in thousands of dollars) in force at the end of the year for:
 - 5.1. Fidelity..... \$ -
 - 5.2. Surety..... \$ -
- 6. Claim count information is reported per claim or per claimant (indicate which)..... CLAIM
If not the same in all years, explain in Interrogatory 7.
- 7.1. The information provided in Schedule P will be used by many persons to estimate the adequacy of the current loss and expense reserves, among other things. Are there any especially significant events, coverage, retention or accounting changes that have occurred that must be considered when making such analyses?..... YES
- 7.2. An extended statement may be attached
35 legal defense claims were excluded because they do not represent professional liability. The payments and reserves attributable to these are in Schedule P but we are excluding these claims from the overall Sch P claim counts. The DDR amount is direct only and ceded 100%.
