CAYCE, S.C. (Feb. 9, 2026) – Dominion Energy is offering a limited-time incentive to help eligible South Carolina commercial customers make energy efficiency upgrades to their businesses.

The EnergyWise for Your Business Fast Track Bonus is designed to reward businesses who complete qualifying energy efficiency projects earlier in the program year.

The Fast Track Bonus provides incentives of up to 40% more than the standard program incentive for eligible non-residential electric customers. The offer helps businesses maximize energy savings while supporting faster project timelines.

While Dominion Energy's EnergyWise for Your Business program offers year-round incentives, the Fast Track Bonus offer provides a limited time increase to businesses completing projects by the following dates:

- June 15: Customers can earn up to 40% more in incentives.
- Aug. 15: Customers can earn up to 25% more in incentives.
- Oct. 15: Customers can earn up to 15% more in incentives.

"The Fast Track Bonus helps our business customers get ahead – both on their energy savings goals and their project schedules," said Annika Goodson, program manager. "By completing projects earlier in the year, customers can unlock additional incentives while reducing energy use and operating costs."

The limited-time offer is part of Dominion Energy's ongoing commitment to helping commercial customers improve energy performance through cost-effective efficiency upgrades. Incentives are available to eligible nonresidential customers participating in the EnergyWise for Your Business program.

For more information or to apply for incentives, visit DominionEnergySC.com/ForYourBusiness, email EnergyExperts@SC.DominionEnergyAccount.com or call 877-784-7234.
