Ameriprise Financial Donates More Than \$3.5 Million to Nonprofits and Key Philanthropic Partners, Supporting Its Local Communities

2025-06-23

MINNEAPOLIS--(BUSINESS WIRE)-- Ameriprise Financial, Inc. (NYSE: AMP) today announced it has donated nearly \$2 million to more than 85 nonprofits across the U.S. as part of its first-round of 2025 grants. The firm also provided an additional \$1.58 million in matching donations made by its employees and advisors since the start of the year. Ameriprise is committed to supporting the communities where its people live and work by making grants primarily in its largest employee centers. The grants focus on the firm's three key giving priorities: meeting basic needs, supporting vibrant communities, and amplifying the impact of the firm's volunteers. The firm also supports its people through global gift matching to eligible 501(c)(3) nonprofits to double the impact of their donations to causes that matter most to them.

"For nearly two decades as a public company, our focus on meeting basic needs – guided by our values and rooted in respect for individuals and our communities – has never wavered," said **Jennifer Jones, head of Community Relations at Ameriprise**. "Nonprofits across the U.S. are navigating a complex and rapidly evolving landscape and rising demand. Ameriprise remains committed to consistently supporting our communities and long-standing philanthropic partnerships through grants and ongoing opportunities for giving and volunteering."

National Philanthropic Partners

Along with support of local nonprofits, Ameriprise remains committed to its longstanding national philanthropic partners **Feeding America**® in support of hunger relief and **American Red Cross** for disaster relief and

recovery. Along with monetary donations, Ameriprise organizes several volunteer events each year to support their national philanthropic partners. For example, in response to critically low blood donation levels, Ameriprise coordinated in-person and virtual blood drives across the nation in partnership with the American Red Cross with a set goal of donating 500 units of blood this year.
