2026-11-04

In 2026, Ameriprise granted $5 million to help support individuals, families and communities

MINNEAPOLIS--(BUSINESS WIRE)-- Ameriprise Financial will mark its 17th annual Ameriprise Day of Service on Nov. 5, bringing together thousands of employees, advisors and clients to support hunger-relief efforts ahead of the holiday season. Working with Feeding America®, The Global FoodBanking Network, Meals on Wheels America and numerous local nonprofit organizations, volunteers will serve meals, sort bulk food donations, and host food drives, making a meaningful impact in communities where they live and work.

“Ameriprise Day of Service is a powerful example of what can happen when our employees, advisors and clients come together to help others,” said Jennifer Jones, Head of Community Relations at Ameriprise. “For 17 years, we have worked alongside nonprofit organizations dedicated to addressing hunger and strengthening communities. As food insecurity continues to affect many individuals and families, our volunteers are stepping up to help local partners expand access to meals during the holiday season.”

Since the inception of the Ameriprise Day of Service in 2009, the firm has helped provide more than 153 million meals and volunteers have contributed over 418,000 hours to hunger-relief efforts.

Ameriprise combines grantmaking, volunteer engagement and long-term relationships with nonprofits to help drive meaningful community outcomes. This year's support spans hunger relief, housing and homelessness, the arts and other critical community needs. Examples include:

The Meals on Wheels network reaches 2.6 million older adults annually through more than 5,000 local providers.
- Pine Street Inn: Pine Street Inn is the largest homeless services provider in New England, offering a comprehensive range of services to more than 3,100 individuals daily. Pine Street's programs include housing with support services, emergency shelter, street outreach and workforce development.
