### Forward-looking statements

The forward-looking statements in this presentation reflect management's expectations about future events, plans and performance. These forward-looking statements and the many assumptions upon which they are based involve risks and uncertainties. A list of factors that could cause actual results to be materially different from those expressed or implied by any of these forward-looking statements is detailed under the headings "Forward-Looking Statements" and "Risk Factors", and elsewhere, in our Annual Report on Form 10-K for the year ended December 31, 2024, and elsewhere in our Quarterly Report on Form 10-Q for the quarter ended June 30, 2025. These forward-looking statements speak only as of today's date and we undertake no obligation to update publicly or revise them for any reason. For information about Ameriprise Financial, please refer to ir.ameriprise.com.

#### Non-GAAP Financial Measures

This presentation contains certain non-GAAP financial measures that our management feels best reflect the underlying performance of our operations. Reconciliations of such non-GAAP financial measures to the most directly comparable GAAP financial measure have been provided along with the presentation.

<sup>(1)</sup> Adjustments reflect the sum of after-tax net realized investment gains/losses, net of the reinsurance accrual; the market impact on non-traditional long-duration products (including variable and fixed deferred annuity contracts and UL insurance contracts), net of hedges and related reinsurance accrual; mean reversion related impacts; block transfer reinsurance transaction impacts; the market impact of hedges to offset interest rate and currency changes on unrealized gains or losses for certain investments; gain or loss on disposal of a business that is not considered discontinued operations; integration and restructuring charges; income (loss) from discontinued operations; and net income (loss) from consolidated investment entities. After-tax is calculated using the statutory tax rate of 21%.

<sup>(2)</sup> After-tax is calculated using the statutory tax rate of 21%.

<sup>(3)</sup> Adjusted operating return on equity, excluding AOCI is calculated using adjusted operating earnings in the numerator, and Ameriprise Financial shareholders' equity, excluding AOCI and the impact of consolidating investment entities using a five-point average of quarter-end equity in the denominator. After-tax is calculated using the statutory tax rate of 21%.
