

# Venture Global Announces \$37,300 for Louisiana Coastal Restoration

2025-05-19

Donation is part of “Catch for the Coast” program with the New Orleans Saints

METAIRIE, La.--(BUSINESS WIRE)-- Today, Venture Global announced a donation of \$37,300 to the **Coalition to Restore Coastal Louisiana** (CRCL) to support critical coastal restoration projects in Plaquemines Parish, Louisiana. This contribution is part of the company’s multi-year partnership with the New Orleans Saints through the Catch for the Coast initiative, sponsored by Venture Global. The Venture Global team was pleased to be joined by members of the CRCL and the Saints for a check presentation of this donation at the New Orleans Saints Ochsner Sports Performance Center.

Venture Global presents a check donation to the Coalition to Restore Coastal Louisiana at the New Orleans Saints Ochsner Sports Performance Center.

Catch for the Coast was launched during the 2024 NFL season, where Venture Global

committed to donating \$10 for every receiving yard gained by the Saints towards coastal restoration efforts in Louisiana. The Saints accumulated a total of 3,730 receiving yards this season, resulting in the \$37,300 donation from Venture Global.

“As a committed community partner in Plaquemines Parish, along the coast, and throughout the state, Venture Global is proud to support efforts that help protect and restore such vital parts of Louisiana. Initiatives like Catch for the Coast reflect our belief that supporting local programs to better our communities, such as coastal restoration, is key to ensuring a future of strength and growth in Louisiana. Venture Global is committed to being a good neighbor and a long-term partner in the restoration of Louisiana’s coast, while providing the world with needed low-cost, reliable American LNG,” said Venture Global CEO Mike Sabel.

“Protecting and restoring our coast is one of the most important challenges facing Louisiana today. I applaud Venture Global and the Saints for investing in real solutions that strengthen our communities and preserve our way of life,” said Louisiana Governor **Jeff Landry**.

“Our coast is deeply connected to the identity, culture, and future of our region,” said **Gayle Benson**, Owner of the New Orleans Saints. “We are proud to partner with Venture Global on Catch for the Coast to support the important work being done by CRCL to protect and restore Louisiana’s coastline for generations to come.”

“Louisiana is losing a football field of coastal wetlands every 100 minutes, jeopardizing the future of our communities, our industries and our culture, but we have science-based methods of fighting back,” said **Kim Reyher**, the executive director of CRCL. “This is our goal-line stand, and we’re so grateful to partner with the Saints and Venture Global to protect our future.”

## About Venture Global

Venture Global is a long-term, low-cost provider of U.S. LNG sourced from resource rich North American natural gas basins. Venture Global’s business includes assets across the LNG supply chain including LNG production, natural gas transport, shipping and regasification. Venture Global’s first facility, Calcasieu Pass, commenced producing LNG in January 2022 and achieved commercial operations in April 2025. The company’s second facility, Plaquemines LNG, achieved first production of LNG in December 2024. The company is currently constructing and developing over 100 MTPA of nameplate production capacity to provide clean, affordable energy to the world. Venture Global is developing Carbon Capture and Sequestration projects at each of its LNG facilities.

## About CRCL

CRCL was the first statewide nonprofit dedicated to restoring Louisiana’s coast, where more than 2,000 square miles of wetlands have vanished in less than a century. The organization is known for its Oyster Shell Recycling Program and Native Plants Program, as well as its education and professional development programs. CRCL’s mission is to unite people in action to achieve a thriving, sustainable Louisiana coast for all.
