

# Venture Global Announces LNG Purchase Agreements with TotalEnergies and Vitol

2026-05-12

ARLINGTON, Va.--(BUSINESS WIRE)-- Today, Venture Global, Inc. (NYSE: VG) announced the execution of two binding agreements with TotalEnergies and Vitol for the purchase of additional U.S. liquefied natural gas (LNG) from Venture Global.

Venture Global announced a new, binding agreement with TotalEnergies for the purchase of approximately 0.85 MTPA of LNG from Venture Global for approximately five years commencing in 2026. Separately, Venture Global and Vitol agreed to increase their existing five-year binding LNG agreement to 1.7 MTPA, up from 1.5 MTPA previously agreed and announced in March 2026. Both agreements will be supplied from Venture Global's portfolio.

"Venture Global is proud to deepen our partnerships with premier global energy companies like Vitol and TotalEnergies," said **Venture Global CEO Mike Sabel**. "These agreements reflect the continued confidence and trust in our ability to deliver reliable, low-cost U.S. LNG to global markets quickly and at scale as demand for energy security continues to grow. By offering customers short-, medium-, and long-term supply options, we are providing the flexibility and certainty they need to deliver LNG where it is needed most."

## About Venture Global

Venture Global is an American producer and exporter of low-cost U.S. liquefied natural gas (LNG) with over 100 MTPA of capacity in production, construction, or development. Venture Global began producing LNG from its first facility in 2022 and is now one of the largest LNG exporters in the United States. The company's vertically integrated business includes assets across the LNG supply chain including LNG production, natural gas transport, shipping and regasification. The company's first three projects, Calcasieu Pass, Plaquemines LNG, and CP2 LNG, are located in Louisiana along the Gulf of America. Venture Global is developing Carbon Capture and Sequestration projects at

each of its LNG facilities.

## About TotalEnergies

TotalEnergies is a global integrated energy company that produces and markets energies: oil and biofuels, natural gas, biogas and low-carbon hydrogen, renewables and electricity. Our more than 100,000 employees are committed to provide as many people as possible with energy that is more reliable, more affordable and more sustainable. Active in about 120 countries, TotalEnergies places sustainability at the heart of its strategy, its projects and its operations.

## About Vitol

Vitol is a leader in energy and commodities. Vitol produces, manages and delivers energy and commodities, including metals, to consumers and industry worldwide. In addition to its primary business, trading, Vitol is invested in infrastructure globally, with \$13+ billion invested in long-term assets. Founded in Rotterdam in 1966, today Vitol serves its customers from some 40 offices worldwide. In 2025 Vitol delivered over 600mTOE of energy and had revenues of \$340bn.

Vitol is a long-established participant in LNG markets, having commenced LNG trading in the mid-2000s. It has a diversified global LNG portfolio of contracts and equity positions, enabling it to provide customers with tailor-made supply solutions on a short and long-term basis. In 2025 Vitol delivered 23mMT of LNG and delivered 1,800TWh of natural gas.

## Forward-looking Statements

This press release contains forward-looking statements. We intend such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). All statements, other than statements of historical facts, included herein are "forward-looking statements." In some cases, forward-looking statements can be identified by terminology such as "may," "might," "will," "could," "should," "expect," "plan," "project," "intend," "anticipate," "believe," "estimate," "predict," "potential," "pursue," "target," "continue," the negative of such terms or other comparable terminology.

These forward-looking statements, which are subject to risks, uncertainties and assumptions about us, may include statements about our future performance, our contracts, our anticipated growth strategies and anticipated trends impacting our business. These statements are only predictions based on our current expectations and projections about future events. There are important factors that could cause our actual results, level of activity, performance

or achievements to differ materially from the results, level of activity, performance or achievements expressed or implied by the forward-looking statements. Those factors include our need for significant additional capital to construct and complete future projects and related assets, and our potential inability to secure such financing on acceptable terms, or at all; our potential inability to accurately estimate costs for our projects, and the risk that the construction and operations of natural gas pipelines and pipeline connections for our projects suffer cost overruns and delays related to obtaining regulatory approvals, development risks, labor costs, unavailability of skilled workers, operational hazards and other risks; the uncertainty regarding the future of global trade dynamics, international trade agreements and the United States' position on international trade, including the effects of tariffs; our dependence on our EPC and other contractors for the successful completion of our projects, including the potential inability of our contractors to perform their obligations under their contracts; various economic and political factors, including opposition by environmental or other public interest groups, or the lack of local government and community support required for our projects, which could negatively affect the permitting status, timing or overall development, construction and operation of our projects; and risks related to other factors discussed under "Item 1A.—Risk Factors" of our annual report on Form 10-K for the year ended December 31, 2025 as filed with the Securities and Exchange Commission ("SEC") and any subsequent reports filed with the SEC. Any forward-looking statements contained herein speak only as of the date of this press release and are based on assumptions that we believe to be reasonable as of this date. We undertake no obligation to update these statements to reflect subsequent events or circumstances, except as may be required by law.
