“Our partners have achieved tremendous growth in the last year as they’ve evangelized the opportunity of API-led connectivity by developing expertise in MuleSoft technology and integration best practices. By leveraging the common framework to drive organizational change, speed and agility found in MuleSoft Catalyst, partners orient themselves towards driving business outcomes for our customers,” said Brent Hayward, senior vice president of global channels and alliances, MuleSoft. “Our 2019 award winners have demonstrated excellence in building application networks and serve as trusted and strategic advisors for customers. We are eager to celebrate the value these partners have delivered to our joint customers and look forward to their continued growth in the coming year.”

Organizations in the MuleSoft Partner Program provide consulting and services for MuleSoft’s Anypoint Platform, a solution for API-led connectivity that creates an application network of apps, data, and devices, both on-premises and in the cloud. With Anypoint Platform, organizations can unlock new revenue channels, improve customer experiences and drive innovation. Combined with the power of MuleSoft Catalyst, partners can leverage common processes, best practices and resources to enable API-led connectivity for customers, making it easier to deliver agile infrastructure that accelerates follow-on project opportunities. By leading with this approach, partners can deliver far more value, speed and agility to customers and expand their role from implementation provider to trusted advisor and change agent.

MuleSoft’s global partner ecosystem serves organizations across industries including financial services, healthcare, retail and public sector. To learn more about the company’s partner ecosystem, visit: <https://www.mulesoft.com/partner-integration>.
