## XENIA HOTELS & RESORTS REPORTS THIRD QUARTER 2019 RESULTS

**Orlando, FL** – October 31, 2019 – Xenia Hotels & Resorts, Inc. (NYSE: XHR) (“Xenia” or the “Company”) today announced results for the quarter ended September 30, 2019.

### Third Quarter 2019 Highlights

- **Net Income:** Net income attributable to common stockholders was \$10.3 million and net income per diluted share was \$0.09.
- **Same-Property RevPAR:** Same-Property RevPAR was \$164.25, an increase of 2.5% compared to the third quarter of 2018, as a result of a 140 basis point increase in occupancy and a 0.6% increase in ADR.
- **Same-Property Hotel EBITDA Margin:** Same-Property Hotel EBITDA Margin was 25.2%, which was a decline of 16 basis points compared to the third quarter of 2018.
- **Total Portfolio RevPAR:** Total Portfolio RevPAR was \$164.25, a 5.4% increase compared to the third quarter of 2018.
- **Adjusted EBITDAre:** Adjusted EBITDAre grew \$2.0 million to \$62.6 million, an increase of 3.4% compared to the third quarter of 2018.
- **Adjusted FFO per Diluted Share:** Adjusted FFO per diluted share was \$0.47, a \$0.01 increase compared to the third quarter of 2018.
- **Financing Activity:** The Company amended its existing \$125 million unsecured term loan maturing in September 2024 to lower its borrowing cost.
- **Dividends:** The Company declared its third quarter dividend of \$0.275 per share to common stockholders of record on September 30, 2019.

“Strong RevPAR growth in our portfolio in July and August contributed to a solid quarter from a top-line and bottom-line perspective, resulting in a 2.5% Same-Property RevPAR increase and a 3.4% increase in Adjusted EBITDAre for the quarter,” commented Marcel Verbaas, Chairman and Chief Executive Officer of Xenia. “Strength in transient room demand throughout our portfolio helped offset weaker group contributions, particularly in food and beverage revenues, where we faced difficult comparisons to significant growth in the third quarter last year. We remain pleased with the results of our focus on expense controls, as our Same-Property Hotel EBITDA Margin contracted by only 16 basis points on a Total Same-Property Revenue increase of 1.6%. Our operators continue to find efficiencies in the rooms and food and beverage departments, helping offset increases in fixed expenses that continue to put pressure on operating margins. These efforts resulted in an increase of only 1.8% in Same-Property hotel operating expenses, despite taxes and insurance increasing by 8.4% for the quarter, an outstanding result in this challenging operating environment.”

### Year to Date 2019 Highlights

- **Net Income:** Net income attributable to common stockholders for the nine months ended September 30, 2019 was \$39.8 million and net income per diluted share was \$0.35.
- **Same-Property RevPAR:** Same-Property RevPAR was \$171.85, an increase of 2.6% compared to the nine months ended September 30, 2018, as ADR increased 1.3% and occupancy increased 100 basis points.
- **Same-Property Hotel EBITDA Margin:** Same-Property Hotel EBITDA Margin was 28.4%, an increase of 39 basis points compared to the nine months ended September 30, 2018.
- **Total Portfolio RevPAR:** Total Portfolio RevPAR was \$171.85, a 4.7% increase year over year, reflecting portfolio performance and upgrades to overall portfolio quality as a result of transactions that were completed in 2018.
- **Adjusted EBITDAre:** Adjusted EBITDAre was \$230.1 million, an increase of 2.7% from 2018.
- **Adjusted FFO per Diluted Share:** The Company generated Adjusted FFO per diluted share of \$1.62, a \$0.02 decrease compared to 2018, reflecting a 3.0% increase in Adjusted FFO offset by a higher weighted average share and unit count.

“As we near the end of 2019, we are pleased with the results of our strategic portfolio improvements, as reflected in our year to date performance,” said Mr. Verbaas. “A 2.6% Same-Property RevPAR increase during the first nine months of the year and a 39 basis point improvement in Same-Property Hotel EBITDA Margin are noteworthy achievements. Additionally, our efforts to continually enhance the competitive positioning and quality of our portfolio have resulted in an increase of our Total Portfolio RevPAR by 4.7% compared to the first three quarters of last year, and an improvement in our portfolio’s STR RevPAR Index of over 300 basis points during the same time frame. While we remain cautious in our near-term outlook, we continue to believe strongly in the long-term growth prospects for our well-located, diversified, and high quality portfolio.”

- (1) Net income for the nine months ended September 30, 2019 reflects the impact of a \$15 million impairment on one property. Net income for the nine months ended September 30, 2018 includes a gain on sale of investment properties of \$42 million.
- (2) "Same-Property" includes all hotels owned as of September 30, 2019. "Same-Property" includes periods prior to the Company's ownership of The Ritz-Carlton, Denver, Fairmont Pittsburgh, Park Hyatt Aviara Resort, Golf Club & Spa, and Waldorf Astoria Atlanta Buckhead. "Same-Property" also includes renovation disruption for multiple capital projects during the periods presented and natural disaster disruption at multiple properties. The pre-acquisition operating results were obtained from the seller and/or the manager of the hotels during the acquisition due diligence process. We have made no adjustments to the historical operating amounts provided to us by the seller and/or the manager, other than to reflect the removal of historical intercompany lease revenue/expense or any other items that are not applicable to us under our ownership. The pre-acquisition operating results are not audited or reviewed by our independent auditors. Pre-acquisition operating results for periods prior to the Company's ownership have not been included in the Company's actual condensed consolidated financial statements and are included only in "Same-Property" for comparison purposes.
- (3) See tables later in this press release for reconciliations from net income to Earnings Before Interest, Taxes, Depreciation and Amortization ("EBITDA"), Earnings Before Interest, Taxes, Depreciation and Amortization for Real Estate ("EBITDAre"), Adjusted EBITDAre, Funds From Operations ("FFO"), Adjusted FFO, and Same-Property Hotel EBITDA. EBITDA, EBITDAre, Adjusted EBITDAre, FFO, Adjusted FFO, Same-Property Hotel EBITDA, and Same-Property Hotel EBITDA Margin are non-GAAP financial measures.
- (4) As of end of periods presented.
- (5) Results of all hotels as owned during the periods presented, including the results of hotels sold or acquired for the actual period of ownership by the Company.

## Hurricane Dorian Impact

Third quarter and year to date 2019 operating results were negatively impacted by Hurricane Dorian, which disrupted operations at several of the Company's properties in early September. The Company's hotels in Savannah, Georgia and Charleston, South Carolina were impacted by mandatory evacuations in these areas. Additionally, the Company's properties

in Key West and Orlando, Florida experienced cancellations as a result of the storm. The Company estimates the impact was approximately \$1 million to total revenues and approximately \$0.5 million to Hotel EBITDA for the three and nine months ended September 30, 2019. None of the impacted properties experienced property damage exceeding their deductibles. The Company does not expect to recover proceeds for business lost as a result of the storm.

### **Financings and Balance Sheet**

During the quarter the Company repriced its \$125 million unsecured term loan maturing in September 2024 to reduce the leverage-based pricing grid. The term loan now bears an interest rate based on a pricing grid with a range of 135 to 200 basis points over LIBOR as determined by the Company's leverage ratio, a reduction of 35 to 55 basis points from the previous leverage-based grid. The Company previously fixed LIBOR on the loan through September 2022 at 1.92%, resulting in a current annual interest rate of 3.27%.

As of September 30, 2019, the Company had total outstanding debt of \$1.2 billion with a weighted average interest rate of 3.74%. Over 80% of the Company's debt has interest rates which are fixed or have been hedged to fixed. In addition, the Company had \$116 million of cash and cash equivalents, and full availability on its \$500 million unsecured credit facility. Total net debt to trailing twelve month Corporate EBITDA (as defined in Section 1.01 of the Company's unsecured credit facility) was 3.4x as of September 30, 2019.

### **Capital Markets**

During the three and nine months ended September 30, 2019, the Company did not issue any shares of its common stock through its At-The-Market ("ATM") program. As of September 30, 2019, the Company had approximately \$62.6 million remaining available for sale under the ATM program.

Additionally, the Company did not repurchase any shares under its existing share repurchase authorization during the three and nine months ended September 30, 2019. As of September 30, 2019, the Company had approximately \$96.9 million remaining under its share repurchase authorization.

### **Capital Expenditures**

During the three and nine months ended September 30, 2019, the Company invested \$26 million and \$63 million in its portfolio, respectively. The Company completed several projects during the quarter including renovations of the casitas and suites at Hyatt Regency Scottsdale Resort & Spa at Gainey Ranch, the renovation of the Alvarada Spa at Royal Palms Resort & Spa, the renovation of the Daily Grill restaurant at Westin Galleria Houston, the final phase of the meeting space renovation at Marriott Woodlands Waterway Hotel, as well as the renovation of the TusCA restaurant and creation of a new Regency Club as part of a complete renovation of the lobby level at Hyatt Regency Santa Clara.

At Hyatt Regency Grand Cypress, the Company completed the renovation of Hemingway's, the signature restaurant at the property, and continued construction on the new 25,000 square foot ballroom at the resort during the quarter. The new facility, which is expected to cost approximately \$32 million, is scheduled to be completed by late November.

During the quarter, the Company continued with the design and planning of the \$50 million to \$60 million comprehensive renovation of Park Hyatt Aviara Resort, Golf Club & Spa. Purchase orders for the guestrooms and meeting space renovations have been issued, with each scheduled to begin by late November and expected to be completed during the first half of 2020. The remaining components include a major renovation of the exterior, including the pool amenities and exterior function spaces, lobby, restaurant, and bar renovations, as well as the redevelopment of the golf course and clubhouse improvements.

## 2019 Outlook and Guidance

The Company has updated its outlook for 2019 based on third quarter performance and the current economic environment. This outlook incorporates current anticipated disruption to revenues from renovations and does not assume any acquisitions, dispositions, equity or debt offerings, or share repurchases. Same-Property RevPAR change includes all 40 hotels owned as of October 31, 2019.

	<u>2019 Guidance</u>		<u>Variance to Prior Guidance</u>	
	<u>Low End</u>	<u>High End</u>	<u>Low End</u>	<u>High End</u>
	<i>(\$ amounts in millions, except per share data)</i>			
Net Income	\$58	\$64	\$5	\$1
Same-Property RevPAR Change	1.5%	2.0%	0.5%	(0.5)%
Adjusted EBITDAre	\$295	\$301	\$2	\$(2)
Adjusted FFO	\$243	\$249	\$2	\$(2)
Adjusted FFO per Diluted Share	\$2.12	\$2.18	\$0.02	\$(0.02)
Capital Expenditures	\$89	\$99	\$1	\$(3)

Additional guidance assumptions:

- Disruption due to renovations is expected to negatively impact Same-Property RevPAR Change by approximately 20 basis points.
- General and administrative expense of approximately \$21 million, excluding non-cash share-based compensation, which is a \$1 million reduction to prior guidance.
- Interest expense of approximately \$47 million, excluding non-cash loan related costs.
- Income tax expense of approximately \$5 million.
- 114.4 million weighted average diluted shares/units.

## Non-GAAP Financial Measures

The Company considers the following non-GAAP financial measures to be useful to investors as key supplemental measures of operating performance: EBITDA, EBITDAre, Adjusted EBITDAre, Same-Property Hotel EBITDA, Same-Property Hotel EBITDA Margin, FFO, Adjusted FFO, and Adjusted FFO per diluted share. These non-GAAP financial measures should be considered along with, but not as alternatives to, net income or loss, operating profit, cash from operations, or any other operating performance measure as prescribed per GAAP.

### *EBITDA, EBITDAre and Adjusted EBITDAre*

EBITDA is a commonly used measure of performance in many industries and is defined as net income or loss (calculated in accordance with GAAP) excluding interest expense, provision for income taxes (including income taxes applicable to sale of assets) and depreciation and amortization. The Company considers EBITDA useful to an investor regarding results of operations, in evaluating and facilitating comparisons of operating performance between periods and between REITs by removing the impact of capital structure (primarily interest expense) and asset base (primarily depreciation and amortization) from operating results, even though EBITDA does not represent an amount that accrues directly to common stockholders. In addition, EBITDA is used as one measure in determining the value of hotel acquisitions and dispositions and along with FFO and Adjusted FFO, it is used by management in the annual budget process for compensation programs.

We then calculate EBITDAre in accordance with standards established by the National Association of Real Estate Investment Trusts ("Nareit"). Nareit defines EBITDAre as EBITDA plus or minus losses and gains on the disposition of depreciated property, including gains/losses on change of control, plus impairment write-downs of depreciated property and of investments in unconsolidated affiliates caused by a decrease in value of the depreciated property in the affiliate, and adjustments to reflect the entity's share of EBITDAre of unconsolidated affiliates.

We further adjust EBITDAre to exclude the impact of non-controlling interests in consolidated entities other than our Operating Partnership units because our Operating Partnership units may be redeemed for common stock. We believe it is meaningful for the investor to understand Adjusted EBITDAre attributable to common stock and unit holders. We also adjust EBITDAre for certain additional items such as hotel acquisition and terminated transaction costs, amortization of share-based compensation, the cumulative effect of changes in accounting principles, and other costs we believe do not represent recurring operations and are not indicative of the performance of our underlying hotel property entities. We believe Adjusted EBITDAre attributable to common stock and unit holders provides investors with another financial measure in evaluating and facilitating comparison of operating performance between periods and between REITs that report similar measures.

### *Same-Property Hotel EBITDA and Same-Property Hotel EBITDA Margin*

Same-Property hotel data includes the actual operating results for all hotels owned as of the end of the reporting period. We then adjust the Same-Property hotel data for comparability purposes by including pre-acquisition operating results of asset(s) acquired during the period, which provides the investor a basis for understanding the acquisition(s) historical operating trends and seasonality. The pre-acquisition operating results for the comparable period are obtained from the seller and/or manager of the hotels during the acquisition due diligence process and have not been audited or reviewed by our independent auditors. We further adjust the Same-Property hotel data to remove dispositions during the respective reporting periods, and, in certain cases, hotels that are not fully open due to renovation, re-positioning, or disruption or whose room counts have materially changed during either the current or prior year as these historical operating results are not indicative of or expected to be comparable to the operating performance of our hotel portfolio on a prospective basis.

Same-Property Hotel EBITDA represents net income excluding: (1) interest expense, (2) income taxes, (3) depreciation and amortization, (4) corporate-level costs and expenses, (5) hotel acquisition and terminated transaction costs, and (6) certain state and local excise taxes resulting from our ownership structure. We believe that Same-Property Hotel EBITDA provides our investors a useful financial measure to evaluate our hotel operating performance, excluding the impact of our capital structure (primarily interest), our asset base (primarily depreciation and amortization), income taxes, and our corporate-level expenses (corporate expenses and hotel acquisition and terminated transaction costs). We believe property-level results provide investors with supplemental information on the ongoing operational performance of our hotels and the effectiveness of our third-party management companies that operate our business on a property-level basis. Same-Property Hotel EBITDA Margin is calculated by dividing Same-Property Hotel EBITDA by Same-Property Total Revenues.

As a result of these adjustments the Same-Property hotel data we present does not represent our total revenues, expenses, operating profit or net income and should not be used to evaluate our performance as a whole. Management compensates for

these limitations by separately considering the impact of these excluded items to the extent they are material to operating decisions or assessments of our operating performance. Our condensed consolidated statements of operations and comprehensive income include such amounts, all of which should be considered by investors when evaluating our performance.

We include Same-Property hotel data as supplemental information for investors. Management believes that providing Same-Property hotel data is useful to investors because it represents comparable operations for our portfolio as it exists at the end of the respective reporting periods presented, which allows investors and management to evaluate the period-to-period performance of our hotels and facilitates comparisons with other hotel REITs and hotel owners. In particular, these measures assist management and investors in distinguishing whether increases or decreases in revenues and/or expenses are due to growth or decline of operations at Same-Property hotels or from other factors, such as the effect of acquisitions or dispositions.

#### *FFO and Adjusted FFO*

The Company calculates FFO in accordance with standards established by Nareit, as amended in the December 2018 restatement whitepaper, which defines FFO as net income or loss (calculated in accordance with GAAP), excluding real estate-related depreciation, amortization and impairments, gains (losses) from sales of real estate, the cumulative effect of changes in accounting principles, similar adjustments for unconsolidated partnerships and joint ventures, and items classified by GAAP as extraordinary. Historical cost accounting for real estate assets implicitly assumes that the value of real estate assets diminishes predictably over time. Since real estate values instead have historically risen or fallen with market conditions, most industry investors consider presentations of operating results for real estate companies that use historical cost accounting to be insufficient by themselves. The Company believes that the presentation of FFO provides useful supplemental information to investors regarding operating performance by excluding the effect of real estate depreciation and amortization, gains (losses) from sales for real estate, impairments of real estate assets, extraordinary items and the portion of these items related to unconsolidated entities, all of which are based on historical cost accounting and which may be of lesser significance in evaluating current performance. The Company believes that the presentation of FFO can facilitate comparisons of operating performance between periods and between REITs, even though FFO does not represent an amount that accrues directly to common stockholders. The calculation of FFO may not be comparable to measures calculated by other companies who do not use the Nareit definition of FFO or do not calculate FFO per diluted share in accordance with Nareit guidance. Additionally, FFO may not be helpful when comparing Xenia to non-REITs. The Company presents FFO attributable to common stock and unit holders, which includes its Operating Partnership units because its Operating Partnership units may be redeemed for common stock. The Company believes it is meaningful for the investor to understand FFO attributable to common stock and units holders.

The Company further adjusts FFO for certain additional items that are not in Nareit's definition of FFO such as hotel acquisition and terminated transaction costs, amortization of debt origination costs and share-based compensation, and other expenses it believes do not represent recurring operations. The Company believes that Adjusted FFO provides investors with useful supplemental information that may facilitate comparisons of ongoing operating performance between periods and between REITs that make similar adjustments to FFO and is beneficial to investors' complete understanding of operating performance.

#### *Adjusted FFO per diluted share*

The diluted weighted average common share count used for the calculation of Adjusted FFO per diluted share differs from diluted weighted average common share count used to derive net income per share available to common stockholders. The Company calculates Adjusted FFO per diluted share by dividing the Adjusted FFO by the diluted weighted average number of shares of common stock outstanding plus the weighted average vested Operating Partnership units for the three and nine months ended September 30, 2019. For the three and nine months ended September 30, 2018, Adjusted FFO per diluted share is calculated by dividing the Adjusted FFO by the diluted weighted average number of shares of common stock. Any anti-dilutive securities are excluded from the diluted earnings per-share calculation.

(1) "Same-Property" includes all hotels owned as of September 30, 2019. "Same-Property" includes periods prior to the Company's ownership of The Ritz-Carlton, Denver, Fairmont Pittsburgh, Park Hyatt Aviara Resort, Golf Club & Spa, and Waldorf Astoria Atlanta Buckhead. "Same-Property" also includes renovation disruption for multiple capital projects during the periods presented and natural disaster disruption at multiple properties. The pre-acquisition operating results were obtained from the seller and/or the manager of the hotels during the acquisition due diligence process. We have made no adjustments to the historical operating amounts provided to us by the seller and/or the manager, other than to reflect the removal of historical intercompany lease revenue/expense or any other items that are not applicable to us under our ownership. The pre-acquisition operating results are not audited or reviewed by our independent auditors. Pre-acquisition operating results for periods prior to the Company's ownership have not been included in the Company's actual condensed consolidated financial statements and are included only in "Same-Property" for comparison purposes.
