

NEWS RELEASE

Niagen Bioscience to Present at Canaccord Genuity's 46th Annual Growth Conference

2026-07-27

LOS ANGELES--(BUSINESS WIRE)-- **Niagen Bioscience, Inc.** (NASDAQ: NAGE), the global authority on NAD+ (nicotinamide adenine dinucleotide) with a focus on the science of healthy aging, today announced that its Chief Executive Officer, Rob Fried, and Chief Financial Officer, Ozan Pamir, will participate in Canaccord Genuity's 46th Annual Growth Conference, taking place from August 11 to 13, 2026, in Boston.

Mr. Fried is scheduled to participate in a fireside chat on Tuesday, August 11, at 2:00 p.m. Eastern Time (11:00 a.m. Pacific Time). To register for the Niagen Bioscience fireside chat webcast, please visit www.event.summitcast.com.

Mr. Fried and Mr. Pamir will also hold one-on-one meetings with institutional investors throughout the conference. To arrange a meeting, please contact your CG representative or email Niagen@KCSA.com.

A replay of the fireside chat webcast will be available on the Niagen Bioscience Investor Relations website, www.investors.niagenbioscience.com, following the event.

About Niagen Bioscience

Niagen Bioscience, Inc. (NASDAQ: NAGE) is the global authority in healthy aging and NAD+ (nicotinamide adenine dinucleotide) science. As a trusted pioneer of NAD+ discoveries, Niagen Bioscience™ is dedicated to advancing healthspan through precision science and innovative NAD+-boosting solutions.

The Niagen Bioscience team, composed of world-renowned scientists, works with independent investigators from

esteemed universities and research institutions around the globe to uncover the full potential of NAD+. A vital coenzyme found in every cell of the human body, NAD+ declines with age and exposure to everyday lifestyle stressors. NAD+ depletion is a key contributor to age-related changes in health and vitality.

Distinguished by state-of-the-art laboratories, rigorous scientific and quality protocols, and collaborations with leading research institutions worldwide, Niagen Bioscience sets the gold standard for research, quality, and innovation. There's a better way to age.

At the heart of its clinically proven product portfolio is Niagen® (patented nicotinamide riboside, or NR), the most efficient, well-researched, and high-quality NAD+ booster available. Niagen powers the Company's consumer supplement, Tru Niagen®, the number one NAD+ boosting oral supplement in the United States† (available at www.truniagen.com), and Niagen™ Plus, featuring pharmaceutical-grade intravenous (IV) and injectable Niagen products (www.niagenplus.com). Pharmaceutical-grade Niagen IV and injections are compounded and distributed by U.S. FDA-registered 503B outsourcing facilities and are available exclusively at clinics with a prescription. Under NAD Pharmaceuticals Corp., the Company's wholly owned subsidiary focused on developing therapies for accelerated aging and rare genetic diseases, is conducting research on NB4168, a differentiated molecule.

Niagen Bioscience's robust patent portfolio protects NR and other NAD+ precursors. Niagen Bioscience maintains a website at www.niagenbioscience.com, where copies of press releases, news, and financial information are regularly published.
