

NEWS RELEASE

IGT Adds Engaging iLottery Games to Kentucky Lottery Corporation's Portfolio via Four-Year Contract Extension

2/1/2021

IGT PlayDigital PlayLottery Content Will Include the Company's Patented Cash Pop Draw Game

LONDON, Feb. 1, 2021 /PRNewswire/ -- International Game Technology PLC (NYSE: IGT) announced that its subsidiary, IGT Global Solutions Corporation (hereinafter "IGT"), has signed a four-year contract extension with the Kentucky Lottery Corporation to continue providing its iLottery platform and mobile app, and add engaging new IGT PlayLottery content to the Lottery's existing digital games portfolio.

IGT PlayDigital will install its PlayRGS (remote game server) digital game delivery technology allowing the Lottery to expand its portfolio of Instant Play games with new game features and promotional capabilities. IGT will also add the Lottery's daily Pick 3 and Pick 4 draw games to Kentucky's iLottery lineup, as well as IGT's patented Cash Pop™ game. Cash Pop is IGT's exclusive draw-based game that gives players the ability to strategize their wager and create their own personalized experience every time they play.

"For more than 30 years, IGT has continuously helped modernize the Kentucky Lottery's offerings to ensure they suit the ever-changing player needs and market opportunities," said **Mary Harville, Kentucky Lottery President and CEO**. "When we first introduced iLottery games with IGT in 2016, we offered three draw games and five instant play games. Extending our contract with IGT allows us to grow our portfolio to offer a total of eight draw games, including three new ones to the digital space, and more than a hundred compelling instant play games that will entertain players and contribute to the Lottery's record-breaking annual sales growth."

"Now more than ever, lotteries are looking to evolve the traditional lottery player experience through the introduction of iLottery play, and IGT is excited to help the Kentucky Lottery benefit from the evolution of its digital games portfolio," said **Enrico Drago, IGT PlayDigital Senior Vice President**. "The Kentucky Lottery was at the forefront of this initiative, and we look forward to bringing additional innovative draw games, like Cash Pop, and engaging PlayLottery instant play themes to the Lottery's players."

In addition to new games and the digital platform, IGT will provide performance analytics to recommend and identify specific opportunities for iLottery growth. IGT will also provide continued system, software and marketing support for the iLottery program.

The Kentucky Lottery has been a customer of IGT's since the Lottery's inception in 1989. In 2016, IGT began providing its PlayLottery products and solutions for the Lottery, and in early 2020, the Lottery executed a two-year iLottery extension with IGT. The latest amendment extends IGT's contract for another four years through July 2026. In addition to iLottery, IGT provides the traditional draw-based lottery system and retail lottery products, as well as operations, hotline, field services and marketing support.

Cautionary Statement Regarding Forward-Looking Statements

This news release may contain forward-looking statements (including within the meaning of the Private Securities Litigation Reform Act of 1995) concerning International Game Technology PLC and its consolidated subsidiaries (the "Company") and other matters. These statements may discuss goals, intentions, and expectations as to future plans, trends, events, dividends, results of operations, or financial condition, or otherwise, based on current beliefs of the management of the Company as well as assumptions made by, and information currently available to, such management. Forward-looking statements may be accompanied by words such as "aim," "anticipate," "believe," "plan," "could," "would," "should," "shall", "continue," "estimate," "expect," "forecast," "future," "guidance," "intend,"

"may," "will," "possible," "potential," "predict," "project" or the negative or other variations of them. These forward-looking statements speak only as of the date on which such statements are made and are subject to various risks and uncertainties, many of which are outside the Company's control. Should one or more of these risks or uncertainties materialize, or should any of the underlying assumptions prove incorrect, actual results may differ materially from those predicted in the forward-looking statements and from past results, performance, or achievements. Therefore, you should not place undue reliance on such statements. Factors that could cause actual results to differ materially from those in the forward-looking statements include (but are not limited to) the factors and risks described in the Company's annual report on Form 20-F for the financial year ended December 31, 2019 and other documents filed from time to time with the SEC, which are available on the SEC's website at www.sec.gov and on the investor relations section of the Company's website at www.IGT.com. Except as required under applicable law, the Company does not assume any obligation to update these forward-looking statements. You should carefully consider these factors and other risks and uncertainties that affect the Company's business. All forward-looking statements contained in this news release are qualified in their entirety by this cautionary statement. All subsequent written or oral forward-looking statements attributable to International Game Technology PLC, or persons acting on its behalf, are expressly qualified in their entirety by this cautionary statement.
