NEWS RELEASE

# IGT Executes Licensing Agreement with Maine State Lottery for Patented Cash Pop Game

4/20/2023

Award-winning draw game will now be available with 10 U.S. lotteries

LONDON – April 20, 2023 – International Game Technology PLC ("IGT") (NYSE:IGT) today announced that it has signed a licensing agreement with the Maine State Lottery ("Maine Lottery") for IGT's patented Cash Pop™ draw-based game. While Cash Pop is currently live with nine of the Company's U.S. lottery customers, this agreement marks the first time that IGT will license the game to a lottery outside of its primary technology customer network. Maine Lottery expects to launch Cash Pop in October 2023 with five daily drawings.

"IGT's Cash Pop game will enhance the Maine Lottery's draw-game portfolio and engage a new demographic of players with its easy-to-play game mechanics," said Michael Boardman, Maine State Bureau of Alcoholic Beverages & Lottery Operations Deputy Director. "Over the last few years, we have witnessed other lotteries' significant sales success by launching Cash Pop, and we believe the game's personalized gameplay experiences will resonate with players, enabling us to achieve similar results."

"This licensing agreement with the Maine Lottery is an important blueprint for IGT offering our proprietary Cash Pop game to more lotteries around the world," said Jay Gendron, IGT Chief Operating Officer, Global Lottery. "Cash Pop will be an exciting addition to the Maine Lottery's draw game portfolio with its simplistic gameplay and flexible features that players readily embrace."

Cash Pop gives players the ability to strategize their wager and create their own personalized experience every time they play, which has proven to be highly engaging among players where Cash Pop is offered. Players wager one or more numbers from 1 to 15 and then select a wager amount of $1, $2, $5, or $10 per number. The player can also choose how many consecutive games to play. When the wager is placed, the terminal randomly assigns the value of

the prize to be won if the number is matched, which produces a “two games in one” aspect to the game. Lotteries can also choose the frequency of the draws according to their needs, but each draw will be a single number from 1 to 15. Cash Pop has proven to be a solid sales producer with average weekly per capita sales of $0.11 across the U.S. in the first quarter of 2023.

As the global lottery market leader, IGT is the primary technology provider to 25 lotteries in the U.S., eight of the world's largest 10 lotteries and 16 of the world's top 25 lotteries. For more information, visit **IGT.com** and follow us on **Facebook** and **LinkedIn**.

Cautionary Statement Regarding Forward-Looking Statements

This news release may contain forward-looking statements (including within the meaning of the Private Securities Litigation Reform Act of 1995) concerning International Game Technology PLC and its consolidated subsidiaries (the "Company") and other matters. These statements may discuss goals, intentions, and expectations as to future plans, trends, events, dividends, results of operations, or financial condition, or otherwise, based on current beliefs of the management of the Company as well as assumptions made by, and information currently available to, such management. Forward-looking statements may be accompanied by words such as "aim," "anticipate," "believe," "plan," "could," "would," "should," "shall," "continue," "estimate," "expect," "forecast," "future," "guidance," "intend," "may," "will," "possible," "potential," "predict," "project" or the negative or other variations of them. These forward-looking statements speak only as of the date on which such statements are made and are subject to various risks and uncertainties, many of which are outside the Company's control. Should one or more of these risks or uncertainties materialize, or should any of the underlying assumptions prove incorrect, actual results may differ materially from those predicted in the forward-looking statements and from past results, performance, or achievements. Therefore, you should not place undue reliance on such statements. Factors that could cause actual results to differ materially from those in the forward-looking statements include (but are not limited to) the factors and risks described in the Company's annual report on Form 20-F for the financial year ended December 31, 2022 and other documents filed from time to time with the SEC, which are available on the SEC's website at www.sec.gov

and on the investor relations section of the Company's website at www.IGT.com. Except as required under applicable law, the Company does not assume any obligation to update these forward-looking statements. You should carefully consider these factors and other risks and uncertainties that affect the Company's business. All forward-looking statements contained in this news release are qualified in their entirety by this cautionary statement. All subsequent written or oral forward-looking statements attributable to International Game Technology PLC, or persons acting on its behalf, are expressly qualified in their entirety by this cautionary statement.
