IGT Deploys Cloud-Based Lottery Systems for Totalizator Sportowy in Poland

7/20/2023

Poland's national lottery operator becomes first European lottery to launch end-to-end iLottery program on the cloud

LONDON, July 20, 2023 /PRNewswire/ -- International Game Technology PLC ("IGT") (NYSE:IGT) today announced that it has upgraded Poland's national lottery operator Totalizator Sportowy's iLottery platform and deployed all of its components to the cloud. This go-live marks the first time that IGT has launched a customer's comprehensive iLottery platform to the cloud and Totalizator Sportowy is the first European lottery to have its end-to-end iLottery system on the cloud.

IGT upgraded Totalizator Sportowy's iLottery system to its latest high-performing player account management system, IGT Command, and deployed it on the cloud. IGT's player account management system is the powerhouse engine for all iLottery player-centric functions and game enablement. The complete lineup of products enables the Lottery to oversee all areas of player engagement, anticipate new customer and technological trends, strategically adapt the operation to new opportunities, leverage convenient cashless options, and provide advanced responsible gaming features. IGT had previously launched its remote gaming server to the cloud as well, which enables Totalizator Sportowy to deliver a steady stream of premium content to its players.

"Totalizator Sportowy has partnered with IGT to improve our lottery technology and systems and provide our players with responsible and engaging lottery solutions," said **Olgierd Cieřlik, Totalizator Sportowy CEO.** "Deploying our iLottery platform in the cloud offers us scalability and helps us reduce time to market for system enhancements. Totalizator Sportowy is always eager to introduce innovation, and in this case, we are the first lottery in Europe to have an end-to-end cloud-based iLottery technology."

"Moving Totalizator Sportowy's iLottery central system to the cloud marks an exciting first-time, end-to-end cloud deployment for IGT," said **Srini Nedunuri, IGT Senior Vice President, iLottery.** "We recognize the many benefits of cloud technology and know that it facilitates easier integration of data and insights, faster upgradeability and scalability, and improves overall efficiency. These benefits will ultimately deliver a more dynamic experience for Poland's iLottery players."

As the global lottery market leader, IGT is the primary technology provider to 25 lotteries in the U.S., eight of the world's largest 10 lotteries and 16 of the world's top 25 lotteries. For more information, visit **IGT.com** and follow us on **Facebook** and **LinkedIn**.

Cautionary Statement Regarding Forward-Looking Statements

This news release may contain forward-looking statements (including within the meaning of the Private Securities Litigation Reform Act of 1995) concerning International Game Technology PLC and its consolidated subsidiaries (the "Company") and other matters. These statements may discuss goals, intentions, and expectations as to future plans, trends, events, dividends, results of operations, or financial condition, or otherwise, based on current beliefs of the management of the Company as well as assumptions made by, and information currently available to, such management. Forward-looking statements may be accompanied by words such as "aim," "anticipate," "believe," "plan," "could," "would," "should," "shall," "continue," "estimate," "expect," "forecast," "future," "guidance," "intend," "may," "will," "possible," "potential," "predict," "project" or the negative or other variations of them. These forward-looking statements speak only as of the date on which such statements are made and are subject to various risks and uncertainties, many of which are outside the Company's control. Should one or more of these risks or uncertainties materialize, or should any of the underlying assumptions prove incorrect, actual results may differ materially from those predicted in the forward-looking statements and from past results, performance, or achievements. Therefore, you should not place undue reliance on such statements. Factors that could cause actual results to differ materially from those in the forward-looking statements include (but are not limited to) the factors

and risks described in the Company's annual report on Form 20-F for the financial year ended December 31, 2022 and other documents filed from time to time with the SEC, which are available on the SEC's website at www.sec.gov and on the investor relations section of the Company's website at www.IGT.com. Except as required under applicable law, the Company does not assume any obligation to update these forward-looking statements. You should carefully consider these factors and other risks and uncertainties that affect the Company's business. All forward-looking statements contained in this news release are qualified in their entirety by this cautionary statement. All subsequent written or oral forward-looking statements attributable to International Game Technology PLC, or persons acting on its behalf, are expressly qualified in their entirety by this cautionary statement.
