Company now recognized for excellence in people practices in the US, Canada and Italy

LONDON – Dec. 4, 2023 – International Game Technology PLC (“IGT”) (NYSE: IGT) announced today that it was recently recognized as a Top Employer in the U.S. and Canada by the Top Employers Institute, a global authority in recognizing excellence in people practices. This announcement follows the news that IGT Italy earned the Top Employer distinction earlier this year. The Top Employers Institute also independently certified that IGT is an employer of choice, joining more than 2,100 organizations in more than 120 countries.

“Earning the Top Employer distinction in the U.S., Canada and Italy is a significant achievement for IGT, as more than 70% of the Company’s workforce resides in those three countries,” said Dorothy Costa, IGT Senior Vice President, People & Transformation. “The Top Employers Institute provides meaningful benchmarking data that will help IGT drive continuous improvement and provide a working environment where professional growth, inclusion and communication are paramount.”

To earn this achievement, IGT went through a rigorous application process and provided detailed responses to more than 225 questions pertaining to the Company’s people strategy, which includes its commitment to sustainability, diversity and inclusion, and ethical operations. The application process also encompassed IGT’s achievements in digitization, talent acquisition, professional and leadership development, well-being and performance management.
