IGT Showcases New Locally Attuned Link Games and Systems Innovations at G2E Asia 2024

5/15/2024

Company debuts multi-level progressive link version of player-favorite game, Cash Cove™ and highlights new IGT ADVANTAGE™ CMS features at Asia's premier gaming trade show

LONDON – May 15, 2024 – International Game Technology PLC (“IGT”) (NYSE: IGT) announced today that it will showcase an exciting portfolio of locally attuned gaming innovations for the Asia-Pacific market at G2E Asia 2024 at The Venetian Macao, June 4-6. The products within IGT’s G2E Asia 2024 portfolio are designed to enhance player entertainment, drive performance, and enable operators to diversify their gaming floors with research-backed solutions.

“It’s great to see G2E Asia return to The Venetian Macao in 2024,” said Dallas Orchard, IGT Senior Vice President and Chief Operating Officer, Gaming APAC. “With Asia being a growth market for IGT, we are excited to connect with our customers and present a localized games and systems portfolio that can create new opportunities for IGT and our customers throughout the region.”

“IGT’s G2E Asia 2024 portfolio is anchored in exciting new link and standalone games that build on the momentum of many of our highest performing titles in the region of the last year,” said Charles Seo, IGT Senior Director of Commercial Strategy, Asia. “G2E Asia 2024 will be the debut of Cash Cove Frenzy, an action-packed multi-level progressive based on one of IGT’s most popular titles in the region, and Jetsetter Gold Link, a new-to-Asia game that can help our customers diversify their gaming floors. We will also spotlight the many operator and player benefits of IGT ADVANTAGE, our highly scalable casino management system that has strong market penetration in Asia and beyond.”

G2E Asia 2024 attendees will have the opportunity to experience an array of IGT solutions in the Company

stand A801. Key products will include:

- Cash Cove Frenzy Link: This title takes IGT's proven player-favorite standalone game, Cash Cove, to the next level as a multi-level progressive (MLP) link. Cash Cove Frenzy Link features many of the characteristics and gameplay experiences of the original Cash Cove game but is elevated by a symbol-driven mystery linked progressive jackpot feature that provides added entertainment.
- Jetsetter Gold Link: This game is an Asian market-attuned version of IGT's Australian player-favorite game, JetSetter. Jetsetter Gold Link delivers a unique player experience driven by new compelling animations and frequently hitting features. Each in-game "destination" offers a bespoke free games feature, giving players variety, choice, and exciting prize opportunities during base game play.
- Prosperity Link™: IGT's award-winning global hit, Prosperity Link, combines popular mechanics with the opportunity to unlock exciting MLP win opportunities. Two additional Prosperity Link series titles will be demonstrated at G2E Asia, each with individual free game features offering vibrant gameplay experiences and jackpot potential.
- Jie Cai Shen™ Link: This title is an evolution of IGT's successful Ying Cai Shen game series and offers player-selectable multi-denomination options with 243 ways to win. With well-known favorite characters and symbols, the progressive feature is enhanced with random credit prizes and multipliers for added entertainment.

These compelling new games will be demonstrated on the PeakDual™²⁷ and PeakCurve™⁴⁹ cabinets from the Company's Peak hardware family. The Peak cabinets have enjoyed global success and deliver a range of enhanced design attributes, such as ergonomic screens optimized for player satisfaction and dynamic player panels equipped with dual bash buttons.

IGT's systems team will be on hand demonstrating the IGT ADVANTAGE® Casino Management System (CMS). With a modular design that supports convenience-driving apps such as the award-winning Cardless Connect® and Resort Wallet solutions, IGT's ADVANTAGE CMS enhances the player experience and provides benefits for players and operators. Through IGT's HTML-based M5 technology, operators can deliver personalized, real-time promotions, bonuses, and more to the player via the IGT's Service Window.
