"IGT is thrilled to bring the new star-studded Whitney Houston Slots game to casino floors across the U.S.," said **Nick Khin, IGT Chief Operating Officer, Gaming**. "Whitney Houston slots exemplifies IGT's winning formula for licensed game themes: a world-class entertainment experience combined with a precise alignment of the licensed theme fan base and the slot player demographic."

IGT's Whitney Houston Slots was created in collaboration with The Estate of Whitney E. Houston and Primary Wave Music, resulting in a high-energy casino experience that authentically captures the talents and energy of the global superstar. Here's what Whitney Houston fans and slot players should know about the game:

- Delivers a Concert-Like Experience. Casino guests will feel the beat of a legacy of chart-topping music while playing Whitney Houston Slots. The game features hit songs such as "I Wanna Dance with Somebody," "So Emotional," and "How Will I Know," which are brought to life through a synchronized audio and video experience on the towering SkyRise cabinet.
- Incorporates a Variety of Music-Inspired Elements. From game symbols to bonus content, the game is infused with iconic Whitney Houston concert footage and famous photos. One of many game highlights is its interactive platinum record collection-pot feature, where players collect platinum record symbols that land on the reels, which may then spill back into the game to trigger the Respin Bonus.
- Features Jackpots that Will Make Players Want to Dance. Pairing mega star power with big win potential, Whitney Houston Slots features four highly entertaining jackpots, including the top-level \$500,000 wide area progressive jackpot. The game also incorporates gameplay mechanics that seasoned slots players know and love, including a dedicated lock and respin bonus, Cash on Reels™, Stacked Wilds™ and free games.
- Creates a Must-See Spectacle on the Gaming Floor. Certain to capture attention across the gaming floor, Whitney Houston Slots is housed on IGT's newest hardware technology, the SkyRise cabinet. The SkyRise cabinet stands over 11 feet tall and features two 55-inch, 4K resolution curved-edge LCD screens to deliver vivid graphics, state-of-the-art sound, and optimized lighting design. When four of these cabinets are placed in a side-by-side bank configuration, the top screens of all four units seamlessly integrate and synchronize images to create a concert-like video wall.
