

NEWS RELEASE

IGT CEO Global Lottery Renato Ascoli Inducted into Lottery Industry Hall of Fame

7/17/2024

Longtime industry visionary to be honored during World Lottery Summit 2024

LONDON, July 17, 2024 /PRNewswire/ -- International Game Technology PLC ("IGT") (NYSE: IGT) announced today that Renato Ascoli, IGT CEO Global Lottery, will be inducted into the Lottery Industry Hall of Fame as a member of the Class of 2024. Ascoli will be honored later this year at an event hosted by the Public Gaming Research Institute (PGRI) in conjunction with the World Lottery Summit in Paris.

"With nearly 20 years of experience serving in high-level positions in the lottery and gaming industries, Renato Ascoli is an accomplished senior executive whose leadership has been paramount in driving new business and innovation," said **Vince Sadusky, IGT CEO**. "Renato has a keen ability to identify and realize business growth opportunities, and his contributions will benefit the lottery industry for years to come. IGT congratulates Renato on his well-deserved induction into this year's Lottery Industry Hall of Fame."

"I am incredibly honored to be inducted into the Lottery Industry Hall of Fame's Class of 2024," said **Ascoli**. "Working in the lottery industry with many great leaders and innovators has been an absolute privilege. The future of the lottery industry is bright, and I look forward to helping our customers propel the modernization of lottery worldwide while continuing to generate funds for philanthropic causes."

In his current role, Ascoli is responsible for global lottery and iLottery sales and operations, product and sales development, and technology and support for IGT's 90-plus lottery customers worldwide. Since the merger of GTECH and IGT in 2015, Ascoli has successfully led both the Global Lottery and Global Gaming business units for the Company. Some of the key achievements within his tenure have been launching sports betting with the Rhode Island Lottery, partnering with the Mississippi Lottery to initiate operations, deploying lottery terminals in Walmart

retail stores, and rolling out IGT's proprietary Cash Pop™ draw game, which is now live in over 15 jurisdictions.

Ascoli previously served as General Manager of GTECH S.p.A. (formerly known as Lottomatica Group S.p.A. and Lottomatica S.p.A.) and President of GTECH Products and Services, where he was responsible for overseeing the design, development, and delivery of state-of-the-art platforms, products, and services. Renato had also served as Head of Italian Operations in which he was responsible for the strategic direction and operations of the Company's Italian businesses.

During his tenure leading Lottomatica, one of the largest lotteries in the world, Ascoli sustained the launch of the Gratta e Vinci (Scratch & Win) instant ticket brand in Italy. Additionally, he was instrumental in gaining the exclusive Lotto concession in Italy with a consortium led by IGT, Lottoitalia S.r.l. The Italian Lotto, and its associated games 10eLotto and MillionDAY, which are among the most popular and successful games in Italy.

The Lottery Industry Hall of Fame was founded by PGRI in 2005 as a means of honoring those who have done the most to make the lottery industry the great success that it is today. Membership is reserved for lottery professionals who have promoted excellence and integrity throughout their careers. Each year, former inductees nominate and vote on the final recipients.

Cautionary Statement Regarding Forward-Looking Statements

This news release may contain forward-looking statements (including within the meaning of the Private Securities Litigation Reform Act of 1995) concerning International Game Technology PLC and its consolidated subsidiaries (the "Company") and other matters. These statements may discuss goals, intentions, and expectations as to future plans, trends, events, products and services, customer relationships, results of operations, or financial condition, or otherwise, based on current beliefs of the management of the Company as well as assumptions made by, and information currently available to, such management. Forward-looking statements may be accompanied by words

such as "aim," "anticipate," "believe," "plan," "could," "would," "should," "shall," "continue," "estimate," "expect," "forecast," "future," "guidance," "intend," "may," "will," "possible," "potential," "predict," "project" or the negative or other variations of them. These forward-looking statements speak only as of the date on which such statements are made and are subject to various risks and uncertainties, many of which are outside the Company's control. Should one or more of these risks or uncertainties materialize, or should any of the underlying assumptions prove incorrect, actual results may differ materially from those predicted in the forward-looking statements and from past results, performance, or achievements. Therefore, you should not place undue reliance on such statements. Factors that could cause actual results to differ materially from those in the forward-looking statements include (but are not limited to) the factors and risks described in the Company's annual report on Form 20-F for the financial year ended December 31, 2023 and other documents led from time to time with the SEC, which are available on the SEC's website at www.sec.gov and on the investor relations section of the Company's website at www.IGT.com. Except as required under applicable law, the Company does not assume any obligation to update these forward-looking statements. You should carefully consider these factors and other risks and uncertainties that affect the Company's business. All forward-looking statements contained in this news release are qualified in their entirety by this cautionary statement. All subsequent written or oral forward-looking statements attributable to International Game Technology PLC, or persons acting on its behalf, are expressly qualified in their entirety by this cautionary statement.
