IGT Improves Score in S&P Global Corporate Sustainability Assessment for Fifth Consecutive Year

2025-01-30

LONDON, Jan. 30, 2025 /PRNewswire/ -- International Game Technology PLC ("IGT" or the "Company") (NYSE: IGT) announced today that it achieved an improved score for the fifth consecutive year in the 2024 S&P Corporate Sustainability Assessment ("CSA"), demonstrating strong year-over-year environmental, social and governance ("ESG") performance.

As one of 70 companies assessed in the casinos and gaming category, IGT received an overall CSA score of 62 on Dec. 6, 2024, reflecting an improvement of eight points over the previous year, and a perfect score in the area of transparency and reporting. This score places IGT in the top decile in the casinos and gaming industry.

"Achieving an improved S&P Global CSA score for the fifth consecutive year showcases IGT's continuous commitment to leading the lottery and gaming industries in global sustainability," said **Wendy Montgomery, IGT SVP, Marketing, Communications and Sustainability**. "IGT's Sustainable Play program illustrates our commitment to valuing and protecting our people, advancing responsibility, supporting our communities, and fostering sustainable operations. By focusing our efforts on these four pillars, we will continue our aim of building a more sustainable future for our people and planet."

Since 1999, the CSA and the collaboration with Dow Jones Indices (now S&P Dow Jones Indices) have been used to create the foremost global sustainability benchmark. The CSA applies a best-in-class approach, meaning no industries are excluded from the assessment, and the CSA compares companies across 61 industries. Companies then receive scores ranging from 0-100 for approximately 20 financially relevant sustainability criteria across economic, environmental and social dimensions.
