Brightstar Lottery Selected by Lotterywest to Deliver Industry-Leading Products Throughout Western Australia

2025-12-17

Company wins long-term contract following competitive procurement

LONDON, Dec. 18, 2025 /PRNewswire/ -- Brightstar Lottery PLC (NYSE: BRSL) ("Brightstar") announced today that its subsidiaries, Brightstar Global Solutions Corporation and Brightstar Lottery Australia Corporation acting through its Australia Branch, have signed a long-term contract with the Lotteries Commission, trading as Lotterywest, ("Lotterywest") to deploy industry-leading lottery and digital products, including a new central gaming system, in Western Australia. Following a competitive procurement, Brightstar was awarded the 19-year contract, which consists of a nine-year base term, followed by one four-year and two three-year extension options.

"The replacement of Lotterywest's gaming system is part of our ongoing commitment to modernizing our operations to support players and retailers, ensuring ongoing returns to the Western Australia community," said Colin Smith, Lotterywest CEO. "The new gaming system was critical to protecting and sustaining Lotterywest's rich history and the community impact it has delivered for the past 92 years. This investment will provide us with a fit-for-purpose lottery gaming system allowing us to continue to evolve and innovate."

"Throughout its 90-plus years, Lotterywest has established itself as forward-thinking lottery, committed to responsibly growing sales and making a positive impact on its communities," said Marco Tasso, Brightstar Chief Operating Officer International and Italy Operations. "Brightstar is excited to support Lotterywest in its next chapter by introducing our premier technology and comprehensive product solutions, to help shape the future of lottery in Western Australia and support responsible growth."

Under the terms of the agreement, Brightstar will convert a competitor's technology to its high-performing central lottery system for draw-based and instant ticket games. Brightstar will also deliver 775 new retailer terminals, including its sophisticated Retailer Pro S2, and various software solutions to streamline the Lottery's back-office operations. Additionally, the Company will provide website and mobile applications as part of the digital solution being delivered to Lotterywest.

As part of the Western Australia Industry Participation Strategy, Brightstar has also made a long-term commitment to presenting opportunities for Western Australia businesses and communities and strengthening Western Australia's digital capabilities through creating local jobs and offering university scholarships.

Brightstar serves nearly 90 lottery customers and their players on six continents. It is the primary technology provider to 26 of the 46 lottery jurisdictions in the U.S. and eight of the world's 10 largest lotteries.
