To Our Shareholders:

In 2023, the Hancock Whitney team continued to achieve remarkable results despite the challenging operating environment. Our strength, stability, and commitment to service once again earned accolades affirming us among America's top-rated institutions. In 2024, we will celebrate our 125th anniversary of helping people and communities achieve their financial dreams under the charter our founders established in 1899. With strong capital, ample liquidity, a seasoned and diversified deposit base, and a solid allowance for credit losses, we believe our efforts in 2023 have helped position us for continued success as a regional financial services leader. We look forward to another 125 years of opportunity to build a brighter future for our clients, shareholders, associates, and the communities we serve.

Financial Highlights

We finished 2023 with a reported earnings per diluted share (EPS) of \$4.50, compared to \$5.98 in 2022. The results for 2023 include a net charge of \$75.4 million (pre-tax), or \$0.68 per share after tax, of the following supplemental items: a \$65.4 million loss on the securities portfolio restructure and a \$26.1 million FDIC special assessment charge, which were partially offset by a \$16.1 million gain on the sale of a parking facility. There were no supplemental items in 2022. Adjusted pre-provision net revenue (PPNR)* totaled \$635.7 million in 2023, compared to \$641.1 million in 2022.

In 2023, fee income, adjusted for supplemental items, was higher in each of the four quarters. We benefited from the efforts of our associates to grow fee income across multiple categories, despite the headwinds of the current interest rate environment; and we remain focused on finding opportunities to continue to grow fee income. Expenses were up in 2023, largely due to the impacts of post-retirement expenses and regulatory costs, but we worked hard to control costs while still reinvesting in the company.

Loan growth was \$808 million, or 3%, from 2022, reflecting somewhat softer loan demand and our focus on growing more granular credit relationships. Our loan growth was largely funded by deposit growth, which increased \$620 million, or 2%, from 2022, with the remainder funded by cash flows from our securities portfolio. In the fourth quarter of 2023, we completed a securities portfolio restructure, which allowed us to deleverage our balance sheet and reinvest in higher-yielding securities. Net interest margin in 2023 was 3.34%, up 8 bps from 2022, largely a result of the rising interest rate environment in 2023 and a more favorable earning asset mix. Our credit metrics remained strong throughout 2023, with criticized commercial loans and nonaccrual loans at or near historically low levels. Our allowance for credit losses reserve coverage was 1.41% at the end of the year, which we believe positions us well for today's economic environment.

We finished 2023 in a strong capital position, and we achieved growth in all of our capital metrics, ending 2023 with a tangible common equity (TCE) ratio of 8.37% and common equity tier 1 (CET1) ratio of 12.33%, compared to TCE of 7.09% and CET1 ratio of 11.41% at year-end 2022. In January 2023, the Hancock Whitney Corporation Board of Directors approved an increase of \$0.03 per share, or 11%, on the quarterly dividend payment, which brought the payment to \$0.30 per common share held by shareholders. We are very proud to have paid an uninterrupted quarterly dividend since 1967 and are delighted we could increase this payment to our shareholders. We will continue to manage capital in the best interests of our company and our shareholders.

Diversity, Equity, and Inclusion

Diversity, Equity, and Inclusion (DEI) are fundamental to our purpose and essential to executing our mission. We pledge exceptional service to our clients and communities and believe our commitment to DEI further strengthens our ability to meet the needs of our associates, communities, clients, and shareholders. Different perspectives, backgrounds, and experiences produce stronger teams and innovation, resulting in improved overall organizational performance.

Our commitment to DEI starts at the top of our organization. Our Board of Directors oversees our overall corporate strategy and sets the tone for our culture, values, and high ethical standards; and through its committees, the Board holds management accountable for results. We continue to foster open conversations and an inclusive workplace culture through our DEI Council and enhanced diverse recruiting efforts. This year, we saw the development of multiple Associate Resource Groups (ARGs): voluntary, associate-led groups that promote connection, community, and inclusion in the workplace. The company formed ARGs based on associate feedback to offer a chance to network, develop professionally, and raise awareness of relevant issues. Further supporting, developing, and celebrating the existing workforce, associates are provided diversity education, experiences, and resources to help inspire behaviors that contribute to an inclusive, high-performing culture in which all associates may thrive.

Our Board of Directors, executive teams, and associates thank you for your continued confidence in Hancock Whitney.

NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

To our Shareholders:

Hancock Whitney Corporation (the Company) will hold its Annual Meeting of Shareholders on Wednesday, April 24, 2024, at 11:00 a.m. Central Time in virtual-only format via audio webcast. To attend the annual meeting, go to www.virtualshareholdermeeting.com/HWC2024 and log in using the control number on your proxy card, voting instruction form or notice. The annual meeting will be held for the following purposes:

1. To elect four directors to serve until the 2027 annual meeting;
2. To approve, on an advisory basis, the compensation of our named executive officers; and
3. To ratify the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2024.

Only holders of record of shares of our common stock at the close of business on February 29, 2024 are entitled to notice of, and to vote at, the meeting or any adjournment thereof. We direct your attention to the attached proxy statement for more complete information regarding the matters to be acted upon at the annual meeting.

Your vote is important, whether or not you expect to attend the meeting. If voting by mail, please mark, date, sign and promptly return the enclosed proxy in the accompanying envelope. No postage is required if mailed in the United States. You may later revoke your proxy and vote during the meeting.

By order of the Board of Directors,

Fiscal 2023 Company Performance Highlights (see pages 33-34)

Our performance in 2023 was strong despite the challenging operating environment, and we believe our results reflect the successful navigation of these headwinds while demonstrating our continued strength and stability. Net income for the year ended December 31, 2023 was \$392.6 million, or \$4.50 per diluted common share, compared to \$524.1 million, or \$5.98 per diluted common share in 2022. The results for 2023 include a net charge of \$75.4 million (pre-tax), or \$0.68 per share after tax, comprised of the following supplemental disclosure items: a \$65.4 million loss on restructuring of the securities portfolio, a \$26.1 million FDIC special assessment charge and a \$16.1 million gain on the sale of a parking facility. There were no supplemental disclosure items in 2022. We ended 2023 with strong capital, ample liquidity, a seasoned and diversified deposit base, and a solid allowance for credit losses. The following is an overview of financial results for the year ended December 31, 2023:

- Net income of \$392.6 million, or \$4.50 per diluted common share, in 2023
- Adjusted pre-provision net revenue* totaled \$635.7 million in 2023, down \$5.4 million from 2022
- Loan growth of \$807.9 million, or 3%, to \$23.9 billion, compared to \$23.1 billion at December 31, 2022; primarily attributable to growth in the residential mortgage and commercial real estate – income producing portfolios
- Completed securities portfolio restructure in 2023, in which we sold \$1.04 billion of available for sale securities, with the strategic goal of enhancing net interest margin through the deployment of proceeds of \$977.1 million into higher-yielding earning assets and repayment of short-term borrowings
- Total assets at December 31, 2023 were \$35.6 billion, up \$394.7 million, or 1%, compared to December 31, 2022
- Deposits of \$29.7 billion at December 31, 2023 increased \$619.7 million, or 2%, from December 31, 2022, reflecting a change in deposit mix from noninterest-bearing deposits to retail time deposits as well as an increase in brokered time deposits; noninterest bearing deposits comprised 37% of total deposits at December 31, 2023, compared to 47% at December 31, 2022

- Total available on and off-balance sheet liquidity exceeded total noncollateralized, uninsured deposits throughout 2023
- Criticized commercial loans and nonaccrual loans remained near historically low levels throughout 2023; robust allowance for credit loss to total loans of 1.41% at December 31, 2023
- Capital ratios remain strong and well above regulatory minimums with common equity tier 1 ratio (CET1) of 12.33% at December 31, 2023, up 92 bps from December 31, 2022; tangible common equity ratio was 8.37% at December 31, 2023, up 128 bps from December 31, 2022. Remain well-capitalized including all unrealized losses
- Net interest margin increased 8 basis points (bps) to 3.34% in 2023, driven by rising interest rates and a favorable change in the mix of earning assets
- Provision for credit losses of \$59.1 million in 2023 reflecting a reserve release of \$4.3 million and net charge-offs of \$63.4 million, which includes a \$29.7 million charge-off attributed to a single participation in a shared national credit, which stemmed from borrower-specific circumstances that we do not believe to be indicative of an industry or portfolio trend
- Efficiency ratio* of 55.25% in 2023, up from 52.93% in 2022
- In January 2023, the Company's Board of Directors (our Board) declared an 11% increase in the regular quarterly cash dividend to \$0.30 per share, reflecting our strong regulatory ratios allowing for improved shareholder returns

* For more information and for a reconciliation of this and other non-GAAP financial measures, refer to Appendix A to this proxy statement.

Corporate Governance Highlights

Independent Oversight

- Independent director, Jerry L. Levens, serves as the chairman of our Board. His responsibilities and duties help ensure our Board's independent functioning.
- With the exception of Mr. Hairston, who is our only employee director, all of our directors are independent under the listing standards of The NASDAQ Stock Market, LLC.
- Our independent directors meet regularly in executive session without members of management.
- With the exception of our Executive Committee, which includes Mr. Hairston, our Board committees and committee leadership are comprised entirely of independent directors.

Shareholder Engagement

- We strive to maintain open and transparent communications with our shareholders and aim to optimize opportunities for engagement.
- We utilize various channels to engage with shareholders and analysts including face-to-face and virtual meetings, conferences, road shows, investor calls, quarterly earnings calls, and annual shareholder meetings, as well as distributing regular communications through our quarterly shareholder letter, annual proxy statement and annual Environmental, Social Responsibility and Governance (ESG) Report.
- In 2023, we communicated with approximately 283 current and potential analysts and investors at 38 different investor conferences or industry sponsored calls, and in individual management calls. Additionally, we held annual review meetings with the rating agencies S&P Global and Moody's Investor Services.
- We maintain ongoing responsiveness to institutional and retail shareholders who directly contact us, and we remain committed to timely follow-up.

Diversifying and Refreshing the Board's Perspective

- Our Board has adopted a "Rooney Rule" to ensure diverse candidates are included in the pool from which it selects director nominees.
- Our Board values fresh perspectives and 20% of our directors have been added since 2018.
- Two-thirds of the directors added to our Board since 2018 are women and one-third of our current directors are women.
- Three of the five women on our Board have leadership roles.
- Our ongoing director training program provides continuing education on various issues of importance to the Company.
- We have a mandatory retirement policy for directors that prohibits re-election after their 72nd birthday.

- Our Board has established an ongoing Board succession planning process to ensure our Board continues to have the depth and breadth of experience and perspective needed for a strong financial institution.

Good Governance Practices

- Our Corporate Governance and Nominating Committee is responsible for overseeing the Company's environmental, social, and governance strategies and initiatives.
- Our Compensation Committee is responsible for overseeing the Company's human capital strategies.
- We have established a Sustainability Committee chaired by our Chief Risk Officer and comprised of senior executives. This management committee is responsible for assisting with the development and implementation of strategies and initiatives relating to the environment, social responsibility and sustainable growth generally.
- In 2019, we began publishing an annual ESG Report, which is available on our Investor Relations website at investors.hancockwhitney.com under the Corporate Overview tab. In our ESG Report, we have included disclosures relating to our commercial banking activities that align with the Sustainability Accounting Standards Board standards as well as climate-related disclosures aligned with the recommendations of the Task Force on Climate-related Financial Disclosure.
- Each member of our Audit Committee has banking or related financial management expertise and all four members are "financial experts" as defined by the Securities and Exchange Commission (the SEC).
- Our Insider Trading Policy prohibits directors, officers and other associates from hedging Hancock Whitney stock.
- During 2023, none of our directors held shares of Company stock that were pledged.
- We have stock ownership and retention guidelines for directors and executive officers.
- During 2023, each of the incumbent directors attended at least 75% of the aggregate number of meetings of the Board and the committees of the Board on which he or she served.
- Our directors perform an annual evaluation of the Board to satisfy its obligation to represent the long-term interests of our shareholders, clients, communities and associates.
- Our Corporate Governance Guidelines prohibit our directors from serving on more than three other public company boards in addition to our Board.

Executive Compensation Best Practices (see pages 35-36)

- Significant percentage of executive target compensation is performance-based.
- Majority of long-term incentives awarded to executives are performance-based.
- Mandated post-vest holding periods for stock awards.
- No excise tax gross-up provisions in change in control agreements.
- Compensation recoupment policy compliant with applicable listing standards of Nasdaq and Rule 10D-1 under the Exchange Act including mandatory and discretionary recoupment.
- Limited perquisites.
- Stock ownership requirements.

INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Why am I receiving these proxy materials?

You are receiving these materials because you owned shares of our common stock at the close of business on February 29, 2024, the record date for the meeting, and are entitled to vote those shares at the meeting. All materials for the 2024 annual meeting are available to you online at <https://materials.proxyvote.com/410120> beginning on March 12, 2024 and, in some cases, we have delivered printed proxy materials to you. This proxy statement summarizes information you should consider in connection with the matters that will be voted on at the annual meeting. You do not need to attend the annual meeting to vote your shares.

When and where is the annual meeting?

We will hold the annual meeting on Wednesday April 24, 2024, at 11:00 a.m. Central Time in a virtual-only format via audio webcast. Shareholders will be able to attend the annual meeting by visiting www.virtualshareholdermeeting.com/HWC2024. There will be no physical, in-person meeting. See “How can I attend the annual meeting?” below regarding how to attend the meeting.

How can I attend the annual meeting?

If you are a shareholder of record or beneficial owner of common stock holding shares on February 29, 2024, the record date, you may attend the meeting by visiting www.virtualshareholdermeeting.com/HWC2024 and logging in by entering the control number found on your proxy card, voting instruction form or notice, as applicable.

Shareholders who cannot locate their control number and whose shares are (i) held of record (directly with our transfer agent) or (ii) credited to their associate account in the Hancock Whitney Corporation 401(k) Savings Plan, may contact our Investor Relations team at InvestorRelations@hancockwhitney.com to receive a duplicate control number. Shareholders who cannot locate their control number and whose shares are held in street name (through a broker, bank or other nominee) should contact their broker or nominee to receive a duplicate control number.

Why did I receive a notice of internet availability of proxy materials instead of a full set of proxy materials?

In accordance with the rules of the SEC, we are permitted to furnish proxy materials, including this proxy statement and our 2023 annual report, to shareholders by providing access to these documents online instead of mailing printed copies. Most shareholders will not receive printed copies of the proxy materials unless requested. Instead, most shareholders will only receive a notice that provides instructions on how to access and review our proxy materials online. We have elected electronic access to our proxy materials to save the Company the cost of producing and mailing these documents. We believe this expedites shareholder receipt of proxy materials, lowers the costs incurred by us and conserves natural resources. The notice also provides instructions on how to submit your proxy and vote online or by phone. If you would like to receive a printed copy or emailed copy of our proxy materials free of charge, please follow the instructions set forth in the notice to request the materials.

Who is soliciting my proxy?

Our Board is soliciting a proxy to vote the shares that you are entitled to vote at our 2024 annual meeting, whether or not you attend the meeting. By completing, signing, dating and returning the proxy card or voting instruction card, or submitting your proxy online or by phone with your voting instructions, you are authorizing the proxy holders to vote your shares at our annual meeting in accordance with your instructions.

Who may vote at the annual meeting?

You may vote at the annual meeting if you owned Company common stock at the close of business on February 29, 2024, the record date for the meeting. You are entitled to one vote for each share of our common stock held by you on the record date, including shares:

- held directly in your name with our transfer agent (with respect to such shares you are referred to as the “shareholder of record”);
- held for you in an account with a broker, bank or other nominee (such shares are considered to be held in “street name”); and
- credited to your associate account in the Hancock Whitney Corporation 401(k) Savings Plan (the Hancock Whitney 401(k) Plan).

How many shares must be present to hold the annual meeting?

A majority of the outstanding shares of our common stock as of the record date must be present at the annual meeting to convene the meeting and conduct business. This is called a quorum. On the record date, there were 86,918,354 shares of our common stock outstanding and entitled to vote. Accordingly, 43,459,178 shares of our common stock constitute a quorum. If you are a street name holder and you do not instruct your broker or nominee how to vote your shares on any of the proposals, and your broker or nominee submits a proxy with respect to your shares on a matter with respect to which discretionary voting is permitted, your shares will be counted as present at the annual meeting for purposes of determining whether a quorum exists. In addition, shareholders of record who are present at the annual meeting virtually (see “How can I attend the annual meeting” above for information on how to attend virtually) or by proxy will be counted as present at the annual meeting for purposes of determining whether a quorum exists, whether or not such holder abstains from voting on any or all of the proposals.

What proposals are scheduled for a vote at the annual meeting?

There are three proposals scheduled for a shareholder vote at the annual meeting:

1. To elect four directors to serve until the 2027 annual meeting;
2. To approve, on an advisory basis, the compensation of our named executive officers; and
3. To ratify the selection of PricewaterhouseCoopers LLP as the Company’s independent registered public accounting firm for 2024.

How do I vote my shares and ask questions during the annual meeting?

Shareholders may vote and submit questions during the annual meeting by following the instructions available on the virtual meeting website. Technical assistance will be available for those attending the meeting. See “How can I attend the annual meeting?” above regarding how to attend the meeting.

Shareholders may also submit questions in advance of the meeting at www.proxyvote.com by entering the control number found on their proxy card, voting instruction form or notice, as applicable, and following the instructions on that site. We encourage shareholders who wish to submit a question to read our rules and procedures for the conduct of the annual meeting appearing on the proxy vote and virtual shareholder meeting websites.

Even if you plan to attend the annual meeting, we encourage you to submit your voting instructions and proxy online, by phone or by mail (as described below) so your shares will be counted as present and voted if you later decide not to attend.

How do I vote my shares without attending the annual meeting?

Whether you hold shares in your own name, in street name or through the Hancock Whitney 401(k) Plan, you may vote your shares without attending the annual meeting.

Shareholders of Record and Shareholders through the Hancock Whitney 401(k) Plan: You may submit a proxy to vote your shares in any of the following ways:

- *Online* – You may submit your proxy and voting instructions online by following the instructions on the notice or proxy card prior to the deadline for online submissions. If you submit your proxy and voting instructions online, you do not need to return a proxy card. The online submission procedures will authenticate your identity as a shareholder, allow you to give your voting instructions and submit your proxy and confirm that your instructions have been properly received. The deadline for online submissions is 11:59 p.m. Eastern Time (10:59 p.m. Central Time) on April 23, 2024.
- *By Phone* – You may submit your proxy and voting instructions by using any touch-tone telephone and following the instructions on the notice or proxy card prior to the deadline for telephone submissions. If you submit your proxy and voting instructions by telephone, you do not need to return a proxy card. The telephone submission procedures will authenticate your identity as a shareholder, allow you to give your voting instructions and submit your proxy and confirm that your instructions have been properly received. The deadline for phone submissions is 11:59 p.m. Eastern Time (10:59 p.m. Central Time) on April 23, 2024.

- *By Mail* – If you received or requested printed materials, you may submit your proxy and voting instructions by mail by completing, signing, dating, and returning your proxy card in the postage prepaid envelope provided. You should sign your name exactly as it appears on the proxy card. If you are signing in a representative capacity (for example as guardian, executor, trustee, custodian, attorney, or officer of a corporation), you should indicate your name and your title or capacity. The Corporate Secretary must receive your proxy card by 9:00 a.m. Central Time on April 24, 2024 in order for your shares to be voted.

Street Name Shareholders: For shares held in street name, you should follow the voting directions provided by your broker or nominee. You may complete and mail a voting instruction card to your broker or nominee or, if permitted by your broker or nominee, submit voting instructions online. If you provide specific voting instructions, your broker or nominee will vote your shares as you direct.

What happens if I submit a proxy without complete instructions or if I do not vote at all? On which proposals may my shares be voted without receiving voting instructions from me?

If you properly complete, sign, date, and return a proxy or voting instruction card, or submit your proxy online, your stock will be voted as you specify.

If you do not submit a proxy or voting instruction card, or if you submit a properly executed proxy with incomplete voting instructions, whether your shares may be voted depends upon two factors – whether you are a shareholder of record or a street name shareholder and, if you are a street name shareholder, whether the proposal is considered routine or non-routine under New York Stock Exchange rules that apply to securities intermediaries (such as brokers, banks, and other nominees).

Shareholders of Record and Shareholders through the Hancock Whitney 401(k) Plan: If you do not provide voting instructions on any matter (either by not returning a proxy card or not voting online or due to incomplete voting instructions) and you do not vote during the meeting, your shares will not be voted on the matter for which instructions are not received. If you do not submit a proxy at all and do not vote during the annual meeting, your shares will not be voted on any matter. However, if you submit a properly executed proxy card but do not provide voting instructions, your proxy will vote as recommended by the Board of Directors, which will be as follows at the 2024 Annual Meeting: **FOR** all four nominees under Proposal 1, **FOR** Proposal 2, **FOR** Proposal 3, and as the proxies decide on any matter properly brought before the meeting.

Street Name Shareholders: If you hold shares in street name and you do not provide voting instructions to your broker, bank, or other nominee, your broker, bank, or other nominee only has discretionary authority to vote your shares on routine matters. The proposal to ratify the Board’s selection of the independent registered public accounting firm is considered a routine matter. However, the proposal to elect directors and the say-on-pay proposal are each considered non-routine matters and if you do not provide voting instructions on those non-routine proposals your shares will not be voted on those proposals.

A broker non-vote occurs when a broker holding shares for you in street name submits a proxy that votes your shares on one or more matters, but does not vote (the broker non-vote) on non-routine matters with respect to which you have not given voting instructions.

What are my voting options for each proposal? How does the Board of Directors recommend that I vote? How many votes are required to approve each proposal? How are the votes counted?

The following chart explains what your voting options are with regard to each matter proposed in this proxy statement, how the Board of Directors recommends that you vote on each proposal, what vote is required for each proposal to be approved, and how abstentions, withheld votes, and broker non-votes will affect the outcome of each proposal.

Proposal	Election of Directors	Say-on-Pay (advisory)	Ratification of Selection of Auditors for 2024
Your Voting Options	You may vote "FOR" each nominee or choose to "WITHHOLD" your vote for one or more of the four nominees.	You may vote "FOR" or "AGAINST" this proposal or you may "ABSTAIN" from voting.	You may vote "FOR" or "AGAINST" this proposal or you may "ABSTAIN" from voting.
Recommendation of the Board of Directors	The Board recommends you vote "FOR" each of the four nominees.	The Board recommends that you vote "FOR" the approval, on an advisory basis, of the compensation of our named executive officers as disclosed in this proxy statement.	The Board recommends that you vote "FOR" ratification of our selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2024.
Vote Required for Approval	Plurality of the votes cast*	Majority of the votes cast	Majority of the votes cast
Effect of Withheld Vote or Abstention	No effect	No effect	No effect
Effect of Broker Non-vote	No effect	No effect	Not applicable

* A plurality vote means that the four nominees who receive the four highest numbers of votes cast in the election of directors will be elected as directors, even if less than a majority.

What does it mean if I receive more than one set of proxy materials?

If you receive more than one notice, proxy card or voting instruction card, it means you hold shares registered in more than one name, or through multiple street name accounts. To ensure that all of your shares are represented at the meeting and voted, complete, sign, date and return each proxy card or voting instruction card, or if you submit your proxy and voting instructions online or by phone, do so for each notice, proxy card and voting instruction card you receive. If you plan to vote during the annual meeting, please refer to "How do I vote my shares and ask questions during the annual meeting?" above for additional information.

May I change my vote?

Yes. Your proxy may be revoked or changed at any time before it is voted by providing notice of revocation in writing to our Corporate Secretary, by our timely receipt of another proxy with a later date, by a later-dated online vote, or by voting during the annual meeting. Written notice should be provided to Joy Lambert Phillips, our Corporate Secretary, at or before the annual meeting. Ms. Phillips' office is located in Hancock Whitney Plaza, 2510 14th Street, Suite 610, Gulfport, Mississippi 39501. The notice must be received prior to the exercise of the proxy. Your attendance alone at the annual meeting will not be enough to revoke your proxy.

If you hold shares in street name, you must follow your broker's instructions to change your vote.

Who pays for soliciting proxies?

The Company pays all costs of soliciting proxies. In addition, directors, officers and regular associates of the Company and its banking subsidiary, Hancock Whitney Bank (the Bank), may solicit proxies by mail, telephone, email or personal interview, but will not receive additional compensation for such solicitations.

Could other matters be considered and voted upon at the annual meeting?

Our Board does not expect to bring any other matter before the annual meeting, and it is not aware of any other matter that may be considered at the annual meeting. In addition, pursuant to our Bylaws, the deadline has expired for any shareholder to properly bring a matter before the annual meeting. However, if any other matter does properly come before the annual meeting, each of the proxy holders will vote in his discretion on such matter.

What happens if the annual meeting is postponed or adjourned?

Unless a new record date is fixed, your proxy will still be valid and may be voted at the postponed or adjourned annual meeting. You will still be able to change or revoke your proxy until it is used to vote your shares of our common stock.

How do I obtain additional copies of SEC filings?

Copies of all of our filings with the SEC may be obtained free of charge by clicking on "SEC Filings" on our Investor Relations website at investors.hancockwhitney.com.

If you would like to receive a printed copy of our reports on Forms 10-K and 10-Q as filed with the SEC, you may request these by contacting Kathryn ShROUT Mistich, Manager, Investor Relations, Hancock Whitney Corporation, by mail at P.O. Box 4019, Gulfport, Mississippi 39502; or by phone at (504) 539-7836 or toll free (800) 522-6542; or by sending an e-mail to the following address: InvestorRelations@hancockwhitney.com. We will provide printed copies of our Forms 10-K and 10-Q to you free of charge (including any financial statements and financial statement schedules), but delivery of any other exhibits to those filings will require advance payment of a fee.

**PROPOSAL NO. 1
ELECTION OF DIRECTORS**

Our Articles of Incorporation authorize the Board to determine how many directors the Company will have, provided that the Company must at all times have at least nine directors, divided into three classes. As of the record date, we had 15 directors, 14 of whom are independent and four of whom have terms expiring at the annual meeting.

Director Election Requirements

Directors are elected by a plurality of the votes cast, which means that the four director nominees who receive the highest number of shares voted “for” their election are elected to the Board. Our Board has adopted a director resignation policy, which provides that if a director standing for election receives a greater number of “withheld” votes than “for” votes, the director will promptly tender his or her resignation. The Corporate Governance and Nominating Committee (the Corporate Governance Committee) will recommend to the Board whether to accept or reject the resignation and otherwise address any noted shareholder concerns. The Board will act on the Corporate Governance Committee’s recommendation within 90 days of the annual meeting, and the Company will disclose the Board’s decision and any other material information on a current report on Form 8-K filed with the SEC.

In the unexpected event that, prior to the date of the annual meeting, any nominee becomes unwilling or unable to serve, it is intended that the proxy holders will vote for the election of any replacement nominee recommended by the Board.

Nominations for election to the Board may be made as set forth under the heading “Board of Directors and Corporate Governance – Corporate Governance and Nominating Committee” on page 29 of this proxy statement.

Nominees for Election as Directors

The four directors described below have terms expiring at the annual meeting and have been nominated for re-election.

Director Nominees				
Name	2024 Nominee	Director Since	Position	Current Committee Memberships
John M. Hairston	✓	2006	President of the Company and Chief Executive Officer of the Company and the Bank	Executive

Jerry L. Levens (Chairman) Independent	✓	2009	Retired Partner of CPA firm of Alexander, Van Loon, Sloan, Levens & Favre, PLLC	Audit Compensation Executive (Chair)
Christine L. Pickering Independent	✓	2000	Owner of Christy Pickering, CPA	Audit (Chair) Board Risk Corporate Governance & Nominating Executive

The Corporate Governance Committee met in February 2024 to evaluate each of the nominees standing for re-election to the Board. Based on the Corporate Governance Committee’s evaluation and unanimous recommendation, the Board has nominated each of these directors for election as directors for a three-year term expiring at the Company’s 2027 annual meeting.

Composition Highlights

As a whole, our Board has a wide range of skills and expertise including those listed in the director biographies below, and is comprised of five women and ten men, one individual who self identifies as African American and one individual who self identifies as Latina. This year’s nominees demonstrate the following areas of skill and expertise, among others¹.

- Federal and state government regulation
- Knowledge of Gulf Coast markets
- Mergers and acquisitions
- Risk management
- Strategic planning
- Corporate governance
- Regulated utility industry experience
- Bank regulation
- Business operations management
- Public company leadership
- Diversity, equity and inclusion leadership
- Technology and digital product delivery
- Management of national and international business operations
- Executive leadership
- Cybersecurity and financial crimes experience
- Accounting and audit expertise

These areas of skill and expertise are in addition to the qualifications, qualities and skills we look for in all of our directors, as described under the heading “Board of Directors and Corporate Governance – Corporate Governance and Nominating Committee” on page 29 of this proxy statement, all of which are more fully described in the nominees’ respective biographies below.

The Corporate Governance Committee regularly assesses the composition of the Board and the qualifications and skills of each director. In recommending candidates for nomination, the Corporate Governance Committee takes into consideration a number of factors, including the expertise, qualifications, qualities and skills described above. The Corporate Governance Committee and the Board believe that each nominee is well qualified to be a Hancock Whitney director.

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE “FOR” ALL FOUR DIRECTOR NOMINEES.

Background

Mr. Olinde has served as President of Olinde Hardware and Supply Co., LLC since 1997 and is also a managing member and director of B. Olinde & Sons Co., LLC. Although Mr. Olinde sold, through an asset sale, a majority of the business operated through Olinde Hardware and Supply Co., LLC in January 2019, he continues to manage the enterprise as its President as the company winds down its operations. Through these companies, he has operated and managed a network of retail furniture stores operating in most of the central and south Louisiana markets where the Bank has a presence. In addition to general operations, Mr. Olinde has been largely responsible for strategic planning for the retail store operations and has been regularly involved in business risk management. Previously Mr. Olinde worked as a credit manager gaining valuable experience in retail credit extension and collections. Prior to joining our Board, he served as a director of Hancock Bank of Louisiana from 2006 to 2014. In addition to his current committee service, Mr. Olinde has previously served on our Audit Committee and Board Risk Committee.

Mr. Olinde has served as a director and in leadership positions of numerous professional organizations.

Expertise Highlights

- Commercial experience
- Executive leadership
- Knowledge of Louisiana markets
- Management of business operations
- Strategic planning

Mr. Olinde's substantial experience in leading and managing a large regional business, as well as his extensive community ties in markets our Company serves, make him an effective director of our Company.

Community Service Highlights

Mr. Olinde has served on the boards of various nonprofit and civic organizations, including in leadership positions, and previously served on the boards of the Baton Rouge Symphony Orchestra and the Volunteer Services Council of the Louisiana School for the Visually Impaired, Inc., both nonprofit organizations. He has received the Volunteer Activist Award in the greater Baton Rouge area, one of our markets.

DELINQUENT SECTION 16(a) REPORTS

Section 16(a) of the Exchange Act requires our executive officers and directors to file initial reports of ownership of the Company's common stock, as well as reports of changes in ownership with the SEC. Based solely on a review of Forms 3, 4 and 5, any amendments to those Forms, and written representations from executive officers and directors to the Company, all required filings by such persons were timely made during 2023, except that, due to an administrative error, one late Form 4 reporting one transaction was filed on behalf of H. Merritt Lane.

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Board of Directors

The Board currently consists of 15 directors. The Board has the power to expand or reduce its size at any time, subject to the requirement in our Articles of Incorporation and Bylaws that the Company have a minimum of nine directors. In February 2024, the Board voted to reduce its size to 14 directors effective as of the annual meeting as Mr. Horne, whose term expires at the annual meeting, is not eligible to stand for re-election per our Corporate Governance Guidelines.

The Board currently has one employee director, John M. Hairston. The Board has determined that all non-employee directors – Frank E. Bertucci, Hardy B. Fowler, Randall W. Hanna, James H. Horne, Suzette K. Kent, H. Merritt Lane, III, Jerry L. Levens, Constantine S. Liollo, Sonya C. Little, Thomas H. Olinde, Sonia A. Pérez, Christine L. Pickering, Joan C. Teofilo, and C. Richard Wilkins – are independent under the applicable rules of The NASDAQ Stock Market, LLC (NASDAQ), on which our common stock trades.

Under our Corporate Governance Guidelines, our independent directors are required to meet in executive session at least two times each year. During 2023, the Company's independent directors continued their longstanding practice of convening executive sessions after regular board meetings as they deemed necessary, convening seven such sessions

during 2023. Neither the Chief Executive Officer nor any other Company associates were present during these executive sessions.

The Board held nine meetings in 2023. During 2023, each of the incumbent directors attended at least 75% of the aggregate number of meetings of the Board and the committees of the Board on which he or she served. The Board has adopted Corporate Governance Guidelines that encourage its directors to attend each annual meeting. All of our directors attended the Company's 2023 annual meeting, which was held virtually.

Board and Management Leadership Structure

In connection with its election of the Chairman of the Board, the Board solicits input and nominations from its members and elects one of its members as Chairman. The Chairman or the President of the Company presides over each Board meeting and performs such other duties as may be incidental to the office. Although our Bylaws and Corporate Governance Guidelines provide the Board with the flexibility to appoint one individual to serve as both Chief Executive Officer and Chairman of the Board, it is the current policy of the Board to separate these offices. We believe that this separation allows the Chairman to maintain an independent role in management oversight.

Board Committees

The committees established by the Board include an Executive Committee, an Audit Committee, a Compensation Committee, a Corporate Governance and Nominating Committee, and a Board Risk Committee. The Board and each committee have the authority to consult with and retain independent legal, financial or other outside advisors, as each deems necessary and appropriate, without seeking the approval of management.

The current members of each Board committee are identified in the following table, which also indicates the number of meetings each committee held in fiscal 2023.

† Chairman of the Board

Executive Committee

The Executive Committee is currently comprised of Messrs. Levens (Chair), Bertucci, Fowler, Hairston, Hanna, Horne, Liollo and Ms. Pickering. The Executive Committee's purpose is to provide a means of considering matters that may require Board attention in the intervals between scheduled meetings of the full Board. The Executive Committee is empowered to exercise all of the powers and authority of the Board except as limited by the Company's Articles of Incorporation or Bylaws or by applicable law. All actions of the Executive Committee are deemed to be done under the authority of the Board, with the same force and effect as if the full Board had acted. The Executive Committee is governed by a written charter, a copy of which is on the Company's Investor Relations website at investors.hancockwhitney.com under Corporate Overview - Committee Charting.

Audit Committee

The Audit Committee is currently comprised of Ms. Pickering (Chair) and Ms. Little (Vice Chair) and Messrs. Fowler and Levens. The Board has determined that the Audit Committee members each meet the additional independence criteria of the SEC and NASDAQ for service on the Audit Committee and the Board has further determined that each qualifies as a financially sophisticated audit committee member under NASDAQ rules. Additionally, the Board has classified Ms.

Pickering, Ms. Little and Messrs. Fowler and Levens as “audit committee financial experts” as defined in applicable SEC regulations.

The Audit Committee is governed by a written charter, a copy of which is on the Company’s Investor Relations website at investors.hancockwhitney.com under Corporate Overview – Committee Charting. Information regarding the functions of the Audit Committee is set forth in the “Audit Committee Report,” included on page 62 of this proxy statement.

Compensation Committee

The Compensation Committee is currently comprised of Messrs. Fowler (Chair), Horne, Levens, Liollo (Vice Chair), and Olinde. The Board has determined that the Compensation Committee members each meet the NASDAQ and SEC’s additional independence criteria for service on the Compensation Committee.

The primary purpose of the Compensation Committee is to aid the Board in discharging its responsibilities relating to the compensation of the Company’s directors, the Chief Executive Officer, and any executive officer within the meaning of Section 16 of the Exchange Act. The Compensation Committee has overall responsibility for developing, evaluating and approving the Company’s compensation plans, policies, and programs and overseeing the Company’s strategies relating to its human capital management. The Compensation Committee also oversees the preparation of and approves the annual report on executive compensation, the narrative disclosure of the Company’s risk assessment of compensation policies and practices for inclusion in the Company’s proxy statement as well as the narrative disclosure of the Company’s human capital resources included in its Annual Report on Form 10-K.

Our long-term incentive plans permit the Compensation Committee to delegate all or any of its responsibilities and powers under the plans to individual officers or associates of the Company or a subsidiary, except its authority or responsibility with regard to awards to persons subject to Section 16 of the Exchange Act. The Compensation Committee has delegated limited authority to the Company’s Chief Executive Officer to make grants outside of the annual long term incentive program, such as grants to new hires and special retention related grants, individually valued in excess of \$100,000, and to the Company’s Chief Human Resources Officer to make such grants individually valued up to \$100,000. Neither officer is permitted to grant awards to persons subject to Section 16 of the Exchange Act.

The Compensation Committee is governed by a written charter, which further sets forth the Compensation Committee’s responsibilities and duties, a copy of which appears on the Company’s Investor Relations website at investors.hancockwhitney.com under Corporate Overview – Committee Charting. The Compensation Committee reviews and reassesses the adequacy of the Compensation Committee Charter on an annual basis. Additional information regarding the functions and role of the Compensation Committee, including its processes and procedures for the consideration and determination of executive compensation, is set forth under “Compensation Discussion and Analysis – Role of the Compensation Committee” on page 37.

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee (the Corporate Governance Committee) is currently comprised of Messrs. Horne (Chair), Bertucci, Olinde (Vice Chair), Wilkins, Ms. Little, and Ms. Pickering. The Board has determined that Messrs. Bertucci, Horne, Olinde, Wilkins, Ms. Little, and Ms. Pickering are each independent under applicable NASDAQ rules. The Corporate Governance Committee oversees a broad range of issues surrounding the composition and operation of the Board and its committees, including overseeing the Company’s strategy and initiatives regarding environment, social and governance matters. The Corporate Governance Committee’s charter is available on the Company’s Investor Relations website at investors.hancockwhitney.com under Corporate Overview – Committee Charting.

Director Qualifications, Qualities, and Skills. The Corporate Governance Committee has adopted criteria that it uses when it recommends individuals to be nominated for election to the Board. First, a prospective candidate must meet any eligibility and qualification requirements set forth in any Company, Board or Committee governing documents, as applicable. In addition, the Corporate Governance Committee believes that directors must demonstrate a variety of personal traits, leadership qualities, and individual competencies. The Corporate Governance Committee considers the following criteria in evaluating nominees: integrity, honesty and reputation; financial, regulatory and business experience; familiarity with and participation in one or more communities served by the Bank; dedication to the Company and its shareholders; and independence. For individuals considered for Board leadership roles, the following skill sets are also required: communication skills, facilitation skills, crisis management skills, and relationship building and networking skills. In considering candidates for director, the Corporate Governance Committee reviews these criteria and skills in light of the composition and needs of the current Board and its various committees.

Diversity Considerations. The Company is committed to creating a board with diversity of background, perspective, business skills, experience, race and ethnicity, gender and geography and as such the Corporate Governance Committee includes, and has any search firm that it engages include, women and minority candidates in the pool from which it selects director candidates. The Corporate Governance Guidelines do not specifically define diversity. In practice, the Corporate Governance Committee has viewed diversity as the collective range of experiences, skills, talents, perspectives, and cultures that all nominees would bring to the Board. Moreover, the Corporate Governance Committee considers whether the Board, as a whole, reflects the diverse regions and lines of business of our markets and the clients we serve.

Identification of New Directors. The Corporate Governance Committee may identify potential directors in a number of ways. The Corporate Governance Committee may consider recommendations made by current or former directors and members of executive management and, where appropriate, the Company may retain a search firm to identify candidates. In addition, the Corporate Governance Committee will consider director candidates recommended by our shareholders. The Committee will evaluate candidates recommended by a shareholder in the same manner as candidates identified by the Committee or recommended by others. The Corporate Governance Committee may choose not to consider an unsolicited recommendation if no vacancy exists on the Board and the Corporate Governance Committee does not perceive a need to increase the size of the Board.

For the Corporate Governance Committee to consider a director candidate for nomination submitted by a shareholder, the shareholder must submit the recommendation in writing to the Corporate Secretary at our principal executive offices. Each submission must include the same information that would be required for a director directly nominated by a shareholder as specified in our Bylaws. See "Shareholder Proposals for the 2025 Annual Meeting" on page 64. For purposes of the 2025 Annual Meeting, any director recommendation by a shareholder must be received by the Corporate Secretary not later than November 12, 2024.

Board Risk Committee

The Board Risk Committee is currently comprised of Messrs. Bertucci (Chair), Hanna, Lane, Wilkins, Ms. Kent, Ms. Little, Ms. Pérez, Ms. Pickering and Ms. Teofilo (Vice Chair). The Board Risk Committee reviews the Company's processes for identifying, assessing, monitoring, and managing credit risk, liquidity risk, market risk, legal risk, operational risk (including cybersecurity risk), reputational risk, and strategic risk. The Board Risk Committee assesses the operational processes associated with the Company's potential risk, including among others, those related to business recovery, compliance, corporate insurance, and legal. The Board Risk Committee may solicit and receive information from other committees as appropriate to fulfill its enterprise-wide risk management oversight function. The Board Risk Committee acts pursuant to a written charter, a copy of which is available on the Company's Investor Relations website at investors.hancockwhitney.com under Corporate Overview – Committee Charting.

Board's Role in Risk Oversight

Our Board is responsible for overseeing the Company's business and affairs, including risk management. The Board recognizes that risk management is an enterprise-wide responsibility. The Board oversees the Company's corporate risk governance processes primarily through its committees. The Board (or the appropriate committee in the case of risks that are under the purview of a particular committee) receives reports from the appropriate risk executive within the Company to enable it to understand the Company's risk identification, risk management and risk mitigation procedures. The Board Risk Committee, and its subcommittee, the Credit Risk Management Subcommittee, assist the Board in the assessment and management of the Company's policies, procedures and practices relating to credit risk, liquidity risk, market risk, legal risk, operational risk (including cybersecurity risk), reputational risk, and strategic risk. For more information about our Board's oversight of cybersecurity risk, please see "Cybersecurity – Cybersecurity Governance" in our Annual Report on Form 10-K for the fiscal year ended December 31, 2023. The Audit Committee reviews the Company's control systems to manage and monitor financial risk with management and the internal audit group. The Compensation Committee evaluates and manages any risks posed by compensation programs. In addition, the Board and executive management have appointed a Chief Credit Officer, who is a member of management, to focus on credit risk, as well as a Chief Risk Officer, who is a member of management, to support the risk oversight responsibilities of the Board and its committees and to involve the appropriate personnel in risk management by establishing committees responsible for oversight of the many risks faced by the Company. The Chief Risk Officer reports to the Board Risk Committee each quarter on the Company's enterprise-wide risk management systems and the Chief Credit Officer reports to the Credit Risk Management Subcommittee on credit risks.

COMPENSATION OF DIRECTORS

Director Compensation Program

The Compensation Committee is responsible for the oversight and administration of the director compensation program. The Compensation Committee annually reviews the director compensation program to ensure pay for directors is appropriate for their role as an advisor to the Company and competitive among peers to allow us to attract and retain qualified directors. The Compensation Committee annually engages Aon's Human Capital Solutions practice, a division of Aon plc ("Aon") (otherwise known as McLagan), as its independent compensation consultant, to perform a review of our director compensation program, including a comparison of our program against the programs of the bank and bank holding companies in our Compensation Peer Group (see description of this group in the Compensation Discussion and Analysis) as well as other market practices.

Cash Compensation

Under its 2023 director compensation program, the Company paid its non-employee directors an annual Board cash retainer of \$50,000. In addition:

- Audit Committee members (including the Chair) receive an additional annual cash retainer of \$15,000, and the Chair receives a further additional annual cash retainer of \$16,000;
- Board Risk Committee and Credit Risk Subcommittee of the Board Risk Committee members (including the Chairs) receive an additional annual cash retainer of \$10,000, and the Chairs receive a further additional annual cash retainer of \$15,000;
- Compensation Committee members (including the Chair) receive an additional annual cash retainer of \$10,000, and the Chair receives a further additional annual cash retainer of \$10,500;
- Corporate Governance & Nominating Committee members (including the Chair) receive an additional annual cash retainer of \$7,500, and the Chair receives a further additional annual cash retainer of \$10,250;
- Executive Committee members (including the Chair) receive an additional annual cash retainer of \$7,500, and the Chair receives a further additional annual cash retainer of \$10,500;
- Merger & Acquisition Committee and Hancock Whitney Bank's Director Trust Committee members (including the Chairs) receive an additional annual cash retainer of \$5,000; and
- Chairman of the Board receives an additional annual cash retainer of \$65,000.

The Bank's board of directors is composed of the same individuals who serve as members of the Company's Board. Company directors do not receive any additional fees for service on the Bank board.

The annual cash retainer service period is the calendar year, with members of the Board compensated each quarter for their service on the Board. All of the annual cash retainers are prorated for partial year of service on the Board or committees, as applicable.

Each non-employee director may elect to receive payment of their annual cash retainer in the form of cash or shares of Company common stock granted under the 2020 Long Term Incentive Plan (not to exceed \$100,000 in Company common stock per year with the remainder paid in cash); or they may elect to defer all or any portion of their fees under the Company's Nonqualified Deferred Compensation Plan.

Equity Compensation

Non-employee directors receive an annual equity grant with a value approximately equal to \$75,000, which is intended to create stock ownership in the Company and focus directors on the long-term performance of the Company. This grant is issued in the form of restricted stock with a one-year service-based vesting condition. The annual equity grant is awarded on or about the date of the annual meeting of shareholders. The number of shares granted under each award is based on the closing price of the Company's common stock on the last trading day prior to the grant date, rounded to the nearest whole share. Upon appointment to the Board, a one-time award of 100 fully-vested shares of the Company's common stock is provided to each new director to ensure compliance with a Mississippi state statute requiring bank holding company directors to have stock ownership.

Each non-employee director may elect to defer all or any portion of their equity awards under the Company's Nonqualified Deferred Compensation Plan.

Director Stock Ownership Guidelines

Pursuant to our stock ownership guidelines as most recently amended, effective January 1, 2022, directors are expected to accumulate and maintain Company stock worth five times their annual Board cash retainer. The value of the director's stock holdings and satisfaction of the ownership guidelines are measured as of January 1 each year by reference to the closing price of a share of common stock of the Company on the last trading day of the immediately preceding calendar year. The directors are expected to make continuous progress toward their respective ownership requirements and satisfy the applicable ownership guidelines within five years following the effective date of the amended guidelines or such later date that the director becomes subject to the guidelines based on the date initially appointed to the Board as a director. Until the director has satisfied the stock ownership guidelines, the director must retain one-half of any shares acquired from the Company. Once the guidelines have been satisfied, any future sales of stock are only permitted to the extent that the director continues to meet the guidelines immediately following such sale.

The following table sets forth the cash and other compensation that we paid to our non-employee directors for their services during 2023.

- (3) Ms. Kent received an additional \$15,000 as a Supplemental Advisory Fee for additional services provided to the Board related to potential outsourcing arrangements.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee is currently comprised of Messrs. Fowler (Chair), Horne, Levens, Liollo (Vice Chair), and Olinde. None of the members of our Compensation Committee (i) has been an officer or associate of our Company or any of our subsidiaries or (ii) had, during the last completed fiscal year, any relationship requiring disclosure by the Company under any paragraph of Item 404 of SEC Regulation S-K. In addition, in the last fiscal year, no executive officer of our Company served as a director or member of the compensation committee (or its equivalent) of the board of directors of another entity whose executive officer(s) served on our Board or our Compensation Committee.

COMPENSATION DISCUSSION AND ANALYSIS

The following Compensation Discussion and Analysis ("CD&A") describes and analyzes our executive compensation philosophy and program in the context of the compensation paid during our 2023 fiscal year to our Chief Executive Officer, Chief Financial Officer and our three other most highly-compensated executive officers who were serving as executive officers at the end of the fiscal year (who are referred to herein as our named executive officers, or NEOs). Our fiscal year 2023 NEOs are:

Name	Title
John M. Hairston	President and CEO
Michael M. Achary	Chief Financial Officer
D. Shane Loper	Chief Operating Officer
Joseph S. Exnicios	Former President, Hancock Whitney Bank ⁽¹⁾
Cecil W. "Chip" Knight, Jr.	Chief Banking Officer

(1) Mr. Exnicios retired from the Company effective March 1, 2024. Mr. Loper was appointed President, Hancock Whitney Bank effective March 2, 2024.

Later in this proxy statement under the heading "Executive Compensation," we have included tables containing specific information about the compensation earned by or paid to our NEOs in 2023. The discussion below is intended to summarize and explain the detailed information provided in those tables and to put that information into the context of our overall compensation program.

We refer to the non-GAAP financial measures Adjusted Revenue, Adjusted Pre-Provision Net Revenue and Adjusted Earnings per Share (Adjusted EPS) throughout this proxy statement because payouts under our annual cash incentives and long-term incentives are based on achievement of performance goals related to these key financial metrics. In prior year proxy statements, we referred to these non-GAAP financial measures as Operating Revenue, Operating Pre-Provision Net Revenue and Operating Earnings per Share (Operating EPS). This change in terminology is intended to reflect that adjustments to GAAP results are made to exclude the impact of certain significant items that are outside of our principal business and/or are not indicative of forward-looking trends, and to better align with the presentation of financial statements and related disclosures. The change in terminology has no impact on pre-approved performance goals, the level of achievement of performance goals, or payouts under our short- or long-term incentives. For a reconciliation of these non-GAAP measures to GAAP measures, refer to Appendix A to this proxy statement. For more information about our business, please see "Business" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our Annual Report on Form 10-K for the fiscal year ended December 31, 2023.

Executive Summary

Overview of Company Performance in Fiscal 2023

Reported earnings per diluted common share were \$4.50 in 2023, compared to \$5.98 per diluted common share in 2022. The results for 2023 include a net charge of \$75.4 million (pre-tax), or \$0.68 per share after tax, comprised of the following supplemental disclosure items: a \$65.4 million loss on restructuring of the securities portfolio, a \$26.1 million FDIC special assessment charge and a \$16.1 million gain on the sale of a parking facility. There were no supplemental disclosure items in 2022. Adjusted pre-provision net revenue (PPNR)* was \$635.7 million in 2023, down \$5.4 million from 2022.

Loan growth was \$807.9 million, or 3%, compared to 2022. We maintained a solid allowance for credit losses of 1.41% and commercial criticized and total nonaccrual loans near historical lows throughout 2023. We completed a securities portfolio restructuring in 2023, in which we sold \$1.04 billion of available for sale securities with proceeds of \$977.1 million. We utilized the proceeds to reinvest in higher-yielding securities and to deleverage our balance sheet by repaying short-term borrowings.

Net interest margin increased 8 bps to 3.34%, driven by higher interest rates and a more favorable earning assets mix. Fee income, excluding the loss on securities portfolio restructure and gain on the sale of the parking facility, was up \$6.2 million, or 2%. Noninterest expenses, excluding the FDIC special assessment charge, were up \$60.0 million, or 8%, from 2022, reflecting higher retirement expenses, regulatory fees, data processing expense, and other miscellaneous expense. Our efficiency ratio* was 55.25% in 2023, compared to 52.93% in 2022.

Highlights of 2023 Financial Results

Net income for the year ended December 31, 2023 was \$392.6 million, or \$4.50 per diluted share, compared to \$524.1 million, or \$5.98 per diluted share in 2022.

- Adjusted pre-provision net revenue (PPNR)* was \$635.7 million in 2023, down \$5.4 million from 2022, with an increase in total adjusted revenue (te) of \$54.6 million coupled with an increase in adjusted noninterest expense of \$62.5 million. There were total supplemental disclosure items of a net charge of \$75.4 million (pre-tax) in 2023, compared to no supplemental disclosure items in 2022
- Net interest margin (NIM) increased 8 bps to 3.34% in 2023, driven mainly by increasing rates and a change in the mix of earnings assets, compared to 2022.
- Loans totaled \$23.9 billion at December 31, 2023, up \$807.9 million compared to December 31, 2022.
- Criticized commercial loans and nonperforming loans remained near historically low levels throughout 2023.
- Capital ratios remained above regulatory minimums with common equity tier 1 ratio (CET1) of 12.33% at December 31, 2023, compared to 11.41% at December 31, 2022; remain well-capitalized including all unrealized losses in capital ratios.
- Dividends were increased 11%, or \$0.03 per share, in January of 2023, to a regular quarterly dividend of \$0.30 per share.

We are exceptionally proud of the Hancock Whitney team and the Company's overall performance in this challenging operating environment. With strong capital, ample liquidity, a seasoned and diversified deposit base, and a solid allowance for credit losses, we believe our efforts in 2023 have helped position us for continued success and to exhibit strength, stability and commitment to service for our clients and communities in any economy.

Overview of our Compensation Programs

Our compensation programs are designed to provide executives with a balance of competitive fixed base salaries as well as variable incentive compensation opportunities that align with short- and long-term Company performance and incorporate compensation best practices that promote sound corporate governance. The Compensation Committee believes executive base salaries and compensation targets should generally align with the median (50th percentile) of the Compensation Peer Group (as discussed below) with payouts of variable compensation dependent on actual performance. As described further below, with the exception of base salary and time-based restricted stock awards (which represent a minority of our annual equity awards), all direct compensation is performance-based. Executives are also subject to stock ownership guidelines as well as post-vest holding periods on equity awards further aligning their interests with those of our shareholders.

Our annual cash incentive plan rewards our executives for achievement of short-term Company performance goals, which are further discussed below under "Annual Cash Incentive." Our long-term incentive plan rewards our executives for achievement of long-term goals measured over a multi-year period through "performance stock awards" consisting of performance-based restricted stock units (PSUs) and provides retention value through "restricted stock awards" consisting of time-based restricted stock units (RSUs) and time-based restricted stock (RSAs). To the extent earned, performance stock awards vest based on performance during the performance period after actual performance results for the performance period are certified and the service period is satisfied, and are then subject to a two-year post-vest holding period. RSUs and RSAs vest in annual installments on the first day of the month of each of the first three anniversaries of the grant date and are also subject to a two-year post-vest holding period. The value of the long-term incentive awards increases or decreases as our share price increases or decreases, thereby aligning the interests of our executives with those of our shareholders. Awards under our long-term incentive plan for fiscal 2023 are further discussed below under "Long-Term Incentives."

Together, these plans support our operating strategy to provide clients with the financial sophistication and range of products of a regional bank, while successfully retaining the commercial appeal and level of service of a community bank. The Company's size and scale and associated compensation program enable us to attract, motivate, and retain high quality executives who are focused on executing this strategy.

Impact of Performance on 2023 Compensation

The following results and key decisions by our Compensation Committee support our pay for performance philosophy and also highlight the Compensation Committee's focus on protecting our shareholders' interests.

- **Base Salaries Aligned with Market.** The Compensation Committee believes that executives' base salaries should generally align with the 50th percentile of the Compensation Peer Group. After reviewing the Compensation Peer Group compensation study (discussed below) and acknowledging that base salaries were slightly below the market median, the Compensation Committee approved base salary increases for NEOs effective April 1, 2023, based on individual and Company performance, aligning each of the NEOs within approximately 5% of market median.
- **Annual Cash Incentives Earned.** Consistent with prior years, the Compensation Committee set the 2023 performance goals for annual cash incentives based on Board-approved budget and other goals related to our strategic priorities (see "Annual Cash Incentive" below). After reviewing our overall financial performance compared to performance goals as well as regional and top performing peers and our internal corporate strategic objectives, the Compensation Committee determined that the 2023 annual cash incentive awards to our executive officers had been earned and approved payout at 92.31% of target levels based on actual achievement of performance goals with no Compensation Committee discretion or adjustment applied to the calculated results.
- **Long-Term Incentives Awarded.** In 2023, the Compensation Committee continued its practice of using grants of both performance-based stock awards and time-based restricted stock unit awards to align executive and shareholder interests. 70% of the annual long-term incentive award for Mr. Hairston and 60% for non-CEO NEOs was comprised of PSUs, which were bifurcated into two equally weighted parts, one using a three-year relative TSR performance metric and the other a two-year EPS metric, with a three-year service requirement. Based on actual performance, the PSUs could payout between 0% and 200% of target shares. The remainder of the award was comprised of RSUs which vest based on continued service in annual increments over a three-year period. All awards granted to NEOs in 2023 include a two-year post-vest holding period applicable to the net shares issued upon vesting of the award and payment of withholding taxes. See "Long-Term Incentives" below for further details regarding the 2023 equity grants.
- **Vesting of 2021 Performance Stock Awards.** Performance stock awards granted in 2021 with a service-vesting period ending on February 1, 2024 vested collectively at 200% of target shares based on our achievement of Total Shareholder Return compared to our peers over a 3-year performance period ending December 31, 2023 and adjusted EPS compared to target over a 2-year performance period ending December 31, 2022. Collectively, our NEOs vested performance awards were valued at \$8,897,857, calculated using the closing stock price of our common stock on January 31, 2024, the trading day prior to the distribution of the shares. Net shares issued upon vesting of the award and payment of withholding taxes are subject to an additional two-year post-vest holding period. See "Long-Term Incentives" below for further details regarding the vesting of the 2021 awards.

We believe that the compensation provided to each NEO in 2023 was fair, reasonable and aligned with our performance and strategic objectives.

Objectives of the Company's Compensation Program

Our compensation program is designed to achieve the following objectives:

- drive performance in support of the Company's financial goals, balancing short-term and intermediate operational objectives and performance with long-term strategic goals;
- align executives' long-term rewards with the interests of our shareholders;
- provide increased compensation opportunities for exceptional individual performance, which can result in differentiated compensation among executives who are otherwise of comparable rank; and
- place at risk a significant portion of total compensation, making it contingent on Company performance, but in a manner consistent with our risk management policies.

Sound Compensation and Governance Practices

Our executive compensation program is designed to create an appropriate linkage between executive pay, Company performance, and the return on shareholder investment. The Compensation Committee works with its independent

compensation consultant to evaluate the program and maintain alignment with shareholders' interests and to incorporate strong governance standards within our compensation program, as outlined below and further discussed in this CD&A.

- A Significant Percentage of Executive Target Compensation is Performance-Based. Approximately 75% of Mr. Hairston's total target direct compensation (base salary, target annual incentive, and target long-term incentive awards) and approximately 65% of the total target direct compensation of our other NEOs is either at risk and must be earned on the basis of attainment of corporate performance goals (in the case of annual cash incentive awards and performance stock awards) or its future value is contingent upon the future performance of the Company's common stock (in the case of our performance stock awards and time-based restricted stock unit awards).
- Majority of Long-Term Incentives Based on Stock Performance. As CEO, Mr. Hairston receives 70% of his target long-term incentive in performance-based awards, and the other NEOs receive 60% of their target long-term incentive in performance-based awards. The Compensation Committee believes that the higher weighting of performance-based awards provides better alignment of the executives' compensation with our shareholders' interests.
- Mandated Post-Vest Holding Periods. Long-term incentive awards granted to our executive officers include a mandatory two-year post-vest holding requirement. This holding requirement supports alignment between our executives and our shareholders, focuses the executives on long-term sustained performance, and reduces the grant date fair value of the award for accounting purposes, thus reducing the expense of the equity program to the Company. These post-vest holding periods are in addition to meaningful executive stock ownership requirements.
- No Excise Tax Gross-Up Provisions. None of the change in control agreements in place for our NEOs or other executives provide for excise tax gross-ups. Instead, these agreements provide for a "best of net" approach to address any potential excise tax payments that might be triggered by a change in control. (See "Elements of Our Compensation Program – Employment Contracts and Change in Control Agreements" herein.)
- Compensation Recoupment Policy. The Compensation Committee has adopted a compensation recoupment policy compliant with applicable listing standards of Nasdaq and Rule 10D-1 under the Exchange Act, including a mandatory recoupment which requires the Company to recover the amount of all Erroneously Awarded Performance-Based Incentive Compensation Received by a person in the event that the Company is required to prepare an accounting restatement. The policy also provides the Compensation Committee with discretion to apply the mandatory recoupment to additional employees and/or seek to recover service-based equity awards in addition to performance awards when mandatory recoupment is triggered. Additionally, the policy provides the Compensation Committee with discretion to recover from any employee where an accounting restatement has not occurred, but the misconduct of a person causes material harm to the Company.
- Limited Perquisites. We generally provide only limited perquisites to our executives, consistent with our goal of aligning our executives' interests with the interests of our shareholders.
- Executive Stock Ownership Requirements. Under our stock ownership guidelines as amended, effective January 1, 2022, our CEO must own Company common stock worth five times his base salary, and our other executive officers must own Company common stock worth three times their base salary. Until an executive officer has satisfied the stock ownership guidelines, he or she must retain one-half of any shares acquired from the Company (net of any tax withholdings). Once the guidelines have been satisfied, any future sales of stock are only permitted to the extent that the guidelines continue to be met immediately following such sale.
- Prohibition on Hedging Transactions. The Company's Insider Trading Policy prohibits all of our directors, officers and associates (and their respective immediate family members) from engaging in hedging or monetization strategies involving exchange funds, prepaid variable forward contracts, equity swaps, puts, calls, collars, forwards and other derivative instruments, including short sale transactions, or otherwise engaging in transactions that hedge or offset or are designed to hedge or offset any decrease in the market value of the Company's securities.

Results of 2023 Advisory Shareholder Vote on Executive Compensation

- At our 2023 annual meeting of shareholders, 96% of the votes cast approved the compensation of our named executive officers, as discussed in the 2023 proxy statement. The Board and the Compensation Committee appreciate and value the views of our shareholders. In considering the results of this advisory

vote on executive compensation, the Compensation Committee concluded that the compensation paid to our NEOs and the Company's overall pay practices have strong shareholder support.

- In light of the strong shareholder support of the compensation paid to our NEOs as evidenced by the results of this advisory vote, the Compensation Committee decided to retain our general approach to executive compensation for 2023 and 2024. Future advisory votes on executive compensation will serve as an additional tool to guide the Compensation Committee in evaluating the alignment of the Company's executive compensation programs with the interests of the Company and its shareholders.
- In Proposal No. 2, shareholders are being asked to approve, on an advisory basis, the compensation of our NEOs for 2023 as disclosed in the proxy statement.

Compensation Review Process

Role of the Compensation Committee

The Compensation Committee is responsible for annually assessing the performance of our NEOs and for determining both their annual salary and incentive (short- and long-term) compensation opportunities. Each of the members of our Compensation Committee is independent as defined under SEC and NASDAQ listing standards. The Committee may form and delegate responsibility to subcommittees of the Compensation Committee as necessary or appropriate. The Compensation Committee from time to time retains independent compensation consultants to assist in evaluating the compensation practices of the Company and to provide advice and ongoing recommendations regarding executive compensation practices consistent with our business goals and pay philosophy.

Role of the Compensation Consultant

In 2022, the Compensation Committee engaged Aon to provide advisory service to the Compensation Committee, which the Committee considered in connection with setting executive compensation for 2023. The scope of Aon's executive compensation consulting assignments included a comparison of our current levels of base salary, annual cash incentive opportunity and equity-based compensation to those paid by bank and bank holding companies in the Compensation Peer Group (listed below). The Compensation Committee considered data developed by Aon in its assessment of whether each element of the executives' compensation package was competitive with the market and to determine whether any adjustments were appropriate. This information was also used to establish the parameters of long-term incentives granted to the NEOs.

The Compensation Committee assessed the independence of Aon under the applicable SEC and NASDAQ rules and concluded that Aon's engagement presented no conflicts of interest.

Role of Executives in Compensation Committee Deliberations

The Compensation Committee works closely with the Chief Human Resources Officer, Director of Total Rewards, and other members of the Company's human resources team, who provide administrative support to the Compensation Committee, as requested. Executives may attend a Compensation Committee meeting to discuss Company and individual performance or to provide pertinent financial, tax, accounting, or operational information. Executives in attendance may provide their insights and suggestions, but only the independent Compensation Committee members have the right to vote on decisions regarding executive compensation.

For each executive officer other than himself, the Chief Executive Officer makes recommendations to the Compensation Committee regarding compensation. The Compensation Committee reviews recommendations made by our Chief Executive Officer and information from the Aon executive compensation review in determining compensation levels and program designs. The Compensation Committee's decisions for all executives including the CEO are based on a variety of factors, including short- and long-term Company performance, the officer's level of responsibility, an assessment of individual performance and competitive market data. The Chief Executive Officer is excused from the meeting before decisions are made on his compensation.

Review of Competitive Market Data

The Compensation Committee periodically reviews and analyzes market data provided by Aon in an effort to ensure that our executive officer compensation is competitive. Such a review was conducted in 2022, which served as a guide to the Committee in setting our 2023 executive compensation levels. As part of this review, the Compensation Committee compared compensation paid to our executive officers with compensation paid to the named executive officers in similar positions at banks of comparable size (which we refer to as the Compensation Peer Group). The Compensation Committee used the market information compiled as well as additional information regarding the ongoing movement of executive compensation in the banking industry to test the reasonableness of the compensation decisions we made for 2023. Aon conducted another review of executive compensation in October 2023, which was used to make compensation decisions for 2024.

The 2022 Compensation Peer Group used in connection with 2023 compensation decisions consisted of a peer group of 25 banks and bank holding companies aligned with the Company's business profile and external environment, and positioned the Company close to the peer group median in terms of asset size. The 2022 Compensation Peer Group was comprised of peers with total assets ranging from \$25 billion to \$100 billion respectively at the time of selection. The median total assets for the 2022 Compensation Peer Group was \$38 billion, which positioned the Company at the 41st percentile of the peer group at the time of selection. We referred to the 2022 Compensation Peer Group in establishing compensation levels and program design features for 2023.

The Company's 2022 Peer Bank Group consists of the following 25 banks and bank holding companies.

Assessment and Determination of Executive Compensation

We believe that the total compensation package available to our executives should provide the opportunity for enhanced levels of financial reward for achievement of higher levels of performance, recognize and reward both short- and long-term performance, and be competitive with our peers to attract, motivate, and retain talented and skilled executives. After careful consideration and analysis of market survey data provided by the Compensation Committee's independent compensation consultant, executive officer compensation is set at levels we believe to be competitive with the Company's Compensation Peer Group and compatible with our internal business plans. While the Compensation Committee considers many factors in setting executive compensation, generally the Compensation Committee strives to achieve a market position for an executive's total compensation at approximately the median of the Compensation Peer Group assuming the Company's performance is consistent with the group.

Elements of Our Compensation Program

In 2023, our executive officer compensation program consisted of the following elements: base salary, annual cash incentives, long-term equity incentives, retirement benefits, change in control protections, and other benefits including limited perquisites.

Base Salary

We pay base salaries to our executive officers as compensation for performing their day-to-day responsibilities. Base salaries are set based on a variety of factors, including scope of the job, experience, market comparable positions, internal pay equity and alignment, and an overall assessment of Company and individual performance. We rely substantially on industry and Compensation Peer Group compensation data provided by the Compensation Committee's independent compensation consultant to evaluate whether the base salaries of our executives are

competitive in the marketplace and also evaluate the actual performance of each executive to determine if base salary increases are warranted.

The Compensation Committee believes that executives' base salaries should generally align with the market 50th percentile of the Compensation Peer Group. The Compensation Committee may, however, set an executive's salary above the Compensation Peer Group median if it determines that specific performance, needs, or other circumstances justify a base salary at a higher level.

After reviewing the 2022 Compensation Peer Group compensation study, provided by its independent compensation consultant, the Compensation Committee determined that the base salaries of our NEOs were below the competitive range for peer executives. In early 2023, the Compensation Committee, in consultation with its independent compensation consultant, approved the following base salary increases for each of our NEOs, effective April 1, 2023, in recognition of individual and Company performance, which positioned the base salary of the NEOs within approximately 5% of the median of the Compensation Peer Group.

NEO	2022 Salary	Increase Effective 2023	2023 Salary	Percentage Increase
John M. Hairston	\$1,125,000	\$54,000	\$1,179,000	4.80%
Michael M. Achary	\$545,000	\$30,000	\$575,000	5.50%
D. Shane Loper	\$675,000	\$30,000	\$705,000	4.44%
Joseph S. Exnicios	\$535,000	\$25,000	\$560,000	4.67%
Cecil W. Knight Jr.	\$545,000	\$25,000	\$570,000	4.59%

Annual Cash Incentive

The Company uses annual cash incentives to focus attention on current strategic priorities and drive achievement of short-term corporate strategic objectives. Each NEO has a target annual incentive opportunity that may be earned between 0% and 200% based on corporate performance.

For purposes of the annual cash incentive, the Compensation Committee measures corporate performance based on actual performance compared to pre-established performance goals as a base completion percentage. The Compensation Committee may also review the Company's performance compared to the performance of certain regional and top quartile peers, together with the Company's progress with respect to certain corporate strategic objectives to further assess overall corporate performance. The Compensation Committee has the discretion to increase or decrease the amount of annual cash incentive earned based on these factors.

For 2023, the annual cash incentive plan used four key performance measurement metrics: adjusted EPS, adjusted pre-provision net revenue, and two credit quality metrics. The credit quality metrics compare the percentage of total commercial loans classified as criticized as of September 30, 2023 and the percentage of total loans classified as non-performing as of September 30, 2023. The Compensation Committee may also approve adjustments as it deems appropriate as discussed below based on its overall assessment of Company performance against the performance of regional and top quartile peers and consideration of other corporate strategic objectives.

The financial performance goals for the annual cash incentive and actual results for 2023 are set forth below:

Corporate Performance Goal	% of Plan Component	2023 Threshold	2023 Target	2023 Maximum	2023 Actual Results
Adjusted EPS	50%	\$4.86	\$6.08	\$7.30	\$5.18
Adjusted Pre-Provision Net Revenue (\$ in millions)	30%	\$579.7	\$724.6	\$869.5	\$635.7
9/30 Commercial Criticized Loans / Total Commercial Loans ⁽¹⁾	10%	3.99%	3.16%	2.18%	1.46%
9/30 Non-Performing Loans / Total Loans ⁽¹⁾	10%	0.51%	0.37%	0.26%	0.25%

(1) End of Period

For 2023, comparing actual corporate performance to the 2023 corporate performance goal targets, the resulting completion percentage was driven by above maximum performance for two of the four corporate performance goal metrics slightly offset by the remaining two metrics between threshold and target performance. After considering these results and reviewing our overall financial performance compared to regional and top quartile peers and relative impact to annual plan in comparison to peers, the Compensation Committee determined that annual cash incentive awards to our executive officers were earned based on the actual aggregate completion percentage of 92.31%. No modifications or discretion were utilized by the Compensation Committee.

In addition to awards made under our annual cash incentive plan for corporate performance, the plan also allows for the Compensation Committee (for all officers) and the CEO (for officers other than himself) to recommend adjustments

based on results of near-term performance related to one-time initiatives, specific development efforts, or short-term projects. For 2023, no such adjustments were recommended. For the year ended December 31, 2023, the following cash bonuses were awarded:

Named Executive Officer	Target Value as a % of Base Salary	Corporate Performance Completion	Corporate Performance Award	Total Cash Incentive
John M. Hairston	120%	92.31%	\$1,291,253	\$1,291,253
Michael M. Achary	90%	92.31%	\$471,559	\$471,559
D. Shane Loper	90%	92.31%	\$579,561	\$579,561
Joseph S. Exnicios	75%	92.31%	\$383,434	\$383,434
Cecil W. Knight Jr.	75%	92.31%	\$390,357	\$390,357

Long-Term Incentives

The purpose of our long-term incentive program is to ensure that our executives focus not only on short-term returns but also on achieving long-term Company goals, growth and creation of shareholder value. We further believe that equity ownership by our executive officers aligns executives' interests with those of our shareholders. In 2023, the Compensation Committee used both performance-based stock unit awards (PSUs) and time-based restricted stock unit awards (RSUs) for long-term incentive compensation, with a higher percentage of the total award value being delivered to our NEOs in the form of PSUs. The relative weighting of the award values strengthens the alignment of the executive and shareholder interests. The PSUs only provide value to the executive if threshold achievement is met, as described below. We used RSUs as a portion of our long-term awards because we believe they provide an effective retention incentive for the executives and align the interests of our executives with those of our shareholders.

The Compensation Committee sets the target value of the equity awards granted as a percentage of each executive's base salary, with the target percentage based upon the executive's position. We believe using a percentage of base salary as the target provides us greater control and consistency relative to the value of equity awards we grant each year. For 2023, the long-term incentive allocations for the NEOs were set as follows:

Named Executive Officer	Target Value of LTI as a % of Base Salary	LTI Target Value	% Delivered in Performance Awards	% Delivered in Restricted Stock Units
John M. Hairston	220%	\$2,593,800	70%	30%
Michael M. Achary	120%	\$690,000	60%	40%
D. Shane Loper	120%	\$846,000	60%	40%
Joseph S. Exnicios	120%	\$672,000	60%	40%
Cecil W. Knight Jr.	100%	\$570,000	60%	40%

The RSUs approved and granted in 2023 vest based on continued service, with the awards vesting in annual increments over a three-year period. Cash dividend equivalents based on the amount of any dividends paid by the Company on its common stock during the vesting period are accrued and accumulated interest-free on each of the RSUs and paid only if and when the underlying unit(s) become vested.

For the PSUs approved and granted in 2023, the Company bifurcated the grant into two equally weighted performance measures, one using a three-year relative TSR performance metric and the other a two-year EPS metric, both of which vest after a three-year service period based upon actual certified results. We believe these performance metrics provide a direct alignment of executive and shareholder interests.

- **TSR Performance Metric** – The payout level of the TSR performance metric is determined based on the relative rank of the Company's TSR among a published company peer group index (the KBW Regional Bank Index). The portion of the PSUs based on relative TSR over the three-year performance period will pay 0% of target for performance below the peer group's 25th percentile, 50% of target for performance at the peer group's 25th percentile (threshold), 100% of target for performance at the peer group's 50th percentile (target), and 200% of target for performance at the peer group's 75th percentile (maximum).
- **Adjusted EPS Performance Metric** – The adjusted EPS performance metric has a two-year performance measurement period and three-year service period. The target award will be earned between 0% and 200% based upon the level of collective adjusted EPS achieved over the performance period as compared to the target level, with 80% of target adjusted EPS (threshold) earning 50% payout and 120% of target adjusted EPS (maximum) earning 200% payout. The two-year EPS goals have been approved by the Compensation Committee and reflect our strategic plan as well as projected growth targets. The Compensation Committee

believes that the growth targets represent appropriately challenging performance that will lead to increased shareholder value if achieved.

For all PSUs granted, results that fall in-between the “maximum,” “target” and “threshold” levels of the applicable performance criteria will be paid out on a sliding scale.

All awards granted to NEOs in 2023 include a two-year post-vest holding period applicable to the net shares issued upon vesting of the award and payment of withholding taxes.

NEOs received the following long-term incentive awards for fiscal year 2023:

Named Executive Officer	RSUs	Value of RSU Awards ⁽¹⁾	PSUs	Value of PSU Awards ⁽¹⁾	Total Award Value
John M. Hairston	15,091	\$769,339	35,212	\$1,795,108	\$2,564,447
Michael M. Achary	5,344	\$272,437	8,016	\$408,656	\$681,093
D. Shane Loper	6,568	\$334,837	9,852	\$502,255	\$837,092
Joseph S. Exnicios	5,215	\$265,861	7,822	\$398,766	\$664,627
Cecil W. Knight Jr.	4,424	\$225,536	6,636	\$338,303	\$563,839

- (1) For purposes of determining the number of RSUs and PSUs to be granted, the Compensation Committee values each award based on the closing price of our common stock on the day prior to the grant date, which values are reflected in the table above. For purposes of determining the grant date fair value of the awards to be reported in the “Summary Compensation Table,” the awards are valued in accordance with FASB ASC Topic 718 as required by SEC rules. The PSUs subject to the EPS metric are valued as of the grant date based on the expected probability of achieving the goals, and the PSUs subject to the TSR metric are valued as of the date of grant based on the grant date fair value of the PSUs determined using a Monte Carlo simulation method, as set forth in Note 18 to the Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2023.

PSUs granted in 2021 with a three-year service-vesting period ending February 1, 2024 vested on February 1, 2024, after certification of performance results by the Compensation Committee on January 24 2024. One-half of these PSUs could be earned based on the Company’s TSR relative to a peer group for the three-year performance period. The Company’s relative TSR compared to the applicable peer group was above the 75th percentile, which resulted in our executive officers vesting at 200% of the target awards. The other half of these PSUs could be earned based upon achievement of collective EPS relative to a two-year performance goal. The Company’s collective EPS was above maximum performance, which resulted in our executive officers vesting at 200% of the target awards. In the aggregate, our NEOs vested in 200% of the targeted shares equaling 197,248 shares valued at \$8,897,857 calculated using the closing price of our common stock on January 31, 2024, the day prior to the vesting. Net shares issued upon vesting of the award and payment of withholding taxes are subject to an additional two-year post-vest holding period.

Retirement Benefits

Retirement benefits also play an important role within our overall executive compensation strategy because providing our executives with financial security at retirement means they are incentivized to remain long-term associates of our Company. Based on information provided by the Compensation Committee’s consultant, we believe that our retirement program, including the benefits that are earned based on service, is comparable to programs offered by the companies in our Compensation Peer Group. Our retirement program continues to be an essential component to ensure that our executive compensation program remains competitive.

During 2023, the Company maintained the following two retirement plans available to all eligible associates:

- Hancock Whitney Corporation Pension Plan
- Hancock Whitney Corporation 401(k) Savings Plan

The Hancock Whitney Corporation Nonqualified Deferred Compensation Plan was also available to our NEOs, and Mr. Exnicios remains eligible for previously-accrued benefits under the Whitney Holding Corporation Retirement Restoration Plan. These plans are described in more detail under “Executive Compensation – Pension Benefits” and “Executive Compensation – Nonqualified Deferred Compensation” herein.

Perquisites and Other Benefits

We seek to maintain a cost conscious culture in connection with the benefits we provide to our executive officers, consistent with our objective to tie a significant portion of executive compensation to Company performance. Our NEOs receive limited perquisites, such as club dues, professional organization dues, Company paid parking, Company provided auto allowances, executive physicals, and housing allowances for certain executives who do not reside permanently in the New Orleans, LA area, but have extensive business-related job responsibilities in the market. We also provide our executive officers long-term disability insurance coverage that provides tax-free benefits. Based on information provided by the Compensation Committee's consultant, we believe the perquisites provided to our NEOs are reasonable in light of industry practices and perquisites available to executive officers of the companies in our Compensation Peer Group. We review the perquisites provided to our executive officers periodically to ensure that our benefits are consistent with our overall compensation objective of providing competitive compensation to our executive officers.

Employment Contracts and Change in Control Agreements

We do not have employment contracts with the NEOs. However, each NEO has a change in control agreement that protects the executive's employment for two years following a change in control of the Company. The occurrence or potential occurrence of a change in control would create uncertainty regarding whether the employment of our executive officers whom we consider to be key employees would be continued. In the Compensation Committee's view, providing these change in control protections better enables the executive officers to focus on the Company's business and serve the shareholders' interests, particularly during periods of consolidation or merger and acquisition activity within the banking industry.

Under the agreements, if the executive's employment is terminated by the Company without cause during the two-year period following a change in control, then the executive is entitled to a severance payment equal to a multiple of two or three times the executive's base salary plus the average bonus paid to the executive for the three fiscal years preceding the termination, and continued medical coverage of 24 or 36 months, depending on the executive's position. The executive is also entitled to this severance payment if the executive resigns due to disability during the protected period or because of a material reduction in the executive's base salary or duties, or the executive's relocation during the protected period after notice and an opportunity to cure is provided to the Company. Under these agreements, the NEOs are responsible for any excise tax payments due. The agreements also bind the executives to certain non-solicitation, non-disparagement and confidentiality covenants. These agreements are described in more detail under "Executive Compensation – Potential Payments Upon Termination or Change in Control" herein.

Tax and Accounting Considerations

The Compensation Committee considers the tax and accounting implications in the design of its compensation programs. For example, in the selection of long-term incentive instruments, the Compensation Committee reviews the projected expense amounts and expense timing associated with alternative types of awards. The grant-date fair value of share-based awards that are settled in stock, such as RSAs, RSUs and PSUs, is expensed over the service period or vesting period of the grant. For those grants with a two-year post-vest holding requirement, the grant-date fair value is reduced by a liquidity discount to reflect the holding period requirement.

Stock Ownership Guidelines

We believe that the executive officers of our Company should maintain equity interests in the Company to ensure that they have a meaningful economic stake in the Company and that the interests of our executives and our shareholders are aligned. Effective January 1, 2009 and most recently amended, effective January 1, 2022, we adopted stock ownership guidelines that require our executive officers to own directly or indirectly a minimum level of Company common stock, depending upon the executive's position. The executive may satisfy their ownership guidelines with common stock owned directly; beneficially owned in a trust, by a spouse and/or minor child; held in an IRA or 401(k); held in the Automatic Dividend Reinvestment and Direct Stock Purchase Plan; or held in the Nonqualified Deferred Compensation Plan; as well as time-vesting restricted stock and restricted stock units.

Under the guidelines, our Chief Executive Officer is required to maintain ownership of Company common stock worth five times his base salary. Each of our other executive officers is required to maintain ownership of Company common stock worth three times his or her base salary. The value of the executive's stock holdings and satisfaction of the ownership guidelines are measured as of January 1 each year by reference to the closing price of a share of common stock of the Company on the last trading day of the immediately preceding calendar year. The executives are expected to make continuous progress toward their respective ownership requirements and satisfy the applicable ownership guidelines within five years following the effective date of the amended guidelines or such later date that the executive becomes subject to the guidelines based on the date initially designated by the Board as an executive officer. Until the

executive officer has satisfied the stock ownership guidelines, the executive officer must retain one-half of any shares acquired from the Company (net of any tax withholdings). Once the guidelines have been satisfied, any future sales of stock are only permitted to the extent that the guidelines continue to be met immediately following such sale.

Risk Assessment of Compensation Policies and Practices

In connection with the Compensation Committee's evaluation and review of the Company's policies and practices of compensating its associates, including executives and non-executive associates, as such policies and practices relate to risk management practices and risk-taking, the Compensation Committee has determined that its compensation plans and practices are not likely to have a material adverse effect on the Company.

COMPENSATION COMMITTEE REPORT

The Compensation Committee is currently comprised of Messrs. Fowler (Chair), Horne, Levens, Liollo (Vice Chair), and Olinde. The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis (CD&A) required by Item 402(b) of Regulation S-K with executive management. Based on such review and discussion the Compensation Committee recommended to the Board of Directors that the 2023 CD&A be included in this proxy statement and in its Annual Report on Form 10-K for such fiscal year.

Respectfully submitted by the members of the Compensation Committee of the Board of Directors:

Hardy B. Fowler (Chair)
James H. Horne
Jerry L. Levens
Constantine S. Liollo (Vice Chair)
Thomas H. Olinde

EXECUTIVE COMPENSATION

The following table sets forth the cash and other compensation that we paid to our NEOs or that was otherwise earned by our NEOs for their services in all capacities during 2023, 2022, and 2021.

- (1) Amounts reflect the annual base salaries earned for the applicable year.
- (2) Amounts reflect the grant date fair value of restricted stock (RSAs), restricted stock units (RSUs) and performance stock units (PSUs) granted during the year, calculated in accordance with FASB Topic 718. The grant date fair value of the RSAs and RSUs is based on the closing price of our common stock on the grant date, as adjusted for an illiquidity discount related to the post-vest holding requirement. The grant date fair value of PSUs earned based on achievement of EPS goals is determined based on the expected probability of achieving the goals, and the grant date fair value of PSUs earned based on relative TSR is determined using a Monte Carlo simulation method, as set forth in Note 18 to the Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2023.

With respect to PSUs, amounts included in the table are based on the probable outcome of the performance conditions for the year, assuming achievement of the performance conditions at “target” levels. The grant date value of the PSUs, assuming achievement of performance conditions at the highest level, would be as follows:

NEO	2023	2022	2021
John M. Hairston	\$3,290,914	\$2,951,096	\$3,427,999
Michael M. Achary	\$749,175	\$678,006	\$908,122
D. Shane Loper	\$920,768	\$818,570	\$1,006,198
Joseph S. Exnicios	\$731,044	\$668,534	\$908,122
Cecil W. Knight Jr.	\$620,201	\$558,090	\$718,330

- (3) Amounts reflect the annual cash incentives earned by each NEO for the applicable year, as described in the Compensation Discussion and Analysis above.
- (4) The Change in Pension Value and Nonqualified Deferred Compensation Earnings column reflects the aggregate increase in actuarial present value of each of the NEO’s accumulated benefits under the Hancock Whitney Corporation Pension Plan.

(5) All Other Compensation includes the value of certain perquisites and benefits the Company makes available to its executive officers as shown below.

Name	Total Perquisites ⁽ⁱ⁾	Company Plan Contributions ⁽ⁱⁱ⁾	Dividends ⁽ⁱⁱⁱ⁾	Total
John M. Hairston	\$106,457	\$409,987	\$13,124	\$529,568
Michael M. Achary	26,510	11,550	5,145	43,205
D. Shane Loper	82,709	390,734	5,871	479,314
Joseph S. Exnicios	50,407	11,550	5,121	67,078
Cecil W. Knight Jr.	22,587	11,550	—	34,137

- (i) Total perquisites include Company provided auto allowances, professional organization dues, executive physicals, parking, and supplemental long-term disability insurance as well as a housing allowance of \$84,000 for Mr. Hairston and \$60,000 for Mr. Loper, and \$28,882 in civic club membership dues for Mr. Exnicios.
- (ii) Company plan contributions include amounts contributed to the Company's Nonqualified Deferred Compensation Plan and the Hancock Whitney 401(k) Plan.
- (iii) Dividends reflect dividends paid on RSAs and dividend equivalents paid on RSUs.

(6) The Company permits its executives to elect to defer awards received under our long-term incentive program into our Nonqualified Deferred Compensation Plan. The value of stock awards includes the value of units so deferred and credited under the Nonqualified Deferred Compensation Plan. The grant date fair value of the long-term incentive awards deferred by Mr. Exnicios for 2023 was \$382,770 in PSUs and \$243,697 in RSUs and for 2022 was \$384,061 in PSUs; and by Mr. Knight for 2023 was \$324,733 in PSUs and \$206,734 in RSUs, for 2022 was \$320,613 in PSUs and \$186,077 in RSUs, and for 2021 was \$359,165 in PSUs and \$218,048 in RSAs.

The following table below sets forth the individual grants of plan-based awards made to each of our NEOs during 2023.

(1) PSUs were approved by the Compensation Committee on January 25, 2023, with a grant date of February 17, 2023. PSUs will vest after a three-year service period based upon actual certified results of Adjusted EPS over a two-year performance period beginning January 1, 2023, ending December 31, 2024 and relative TSR over a

three-year performance period beginning January 1, 2023, ending December 31, 2025. The net shares issued upon vesting of the award and payment of withholding taxes will be subject to an additional two-year post-vest holding period.

- (2) RSUs were approved by the Compensation Committee on January 25, 2023, with a grant date of February 17, 2023. The RSUs vest incrementally over three years with an additional two-year post-vest holding period applicable to the net shares issued upon vesting of the award and payment of withholding taxes.
- (3) Reflects threshold, target and maximum payout levels under our annual cash incentive program for 2023. The actual amount of incentive bonus earned by each named executive officer is reported under the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table. Additional information regarding the design of the annual cash incentive program is included in the Compensation Discussion and Analysis section above.
- (4) Represents threshold, target and maximum payout levels under performance share awards granted in 2023. The number of actual shares earned under the PSUs will be based on the achievement of performance goals relating to adjusted EPS over a two-year performance period and relative TSR over a three-year performance period, as described in the Compensation Discussion and Analysis section above.
- (5) Amounts reflect the grant date fair value of stock awards granted during the year, calculated in accordance with FASB ASC Topic 718.

The following table provides information regarding equity awards that are outstanding as of December 31, 2023 for each of our NEOs.

- (1) The RSAs and RSUs have a three-year service requirement and vest 33.3% per year. The awards are subject to a two-year post-vest holding period.

- (2) Market value is calculated based on the closing price of our common stock on December 29, 2023, the last market day of the fiscal year, of \$48.59.
- (3) The PSUs have either a two-year performance period (for PSUs earned based on the EPS metric) or a three-year performance period (for PSUs earned based on the relative TSR metric) and three-year service requirement (all shares earned for the award to vest after three years of service if applicable threshold levels of performance are met). After vesting, these awards are subject to a two-year post-vest holding period. The executives earn between 0% and 200% of the target PSU award based on the Company's achievement of performance criteria over the performance period.

The amounts reported for the February 17, 2023 grants of PSUs are reflected as 100% of target performance shares assuming target performance is achieved based on performance as of December 31, 2023 (the last completed fiscal year over which performance is measured; full performance has not yet been achieved as performance period ends December 31, 2025). The amounts reported for the February 18, 2022 grants of PSUs are reflected as 200% of target performance shares assuming maximum performance is achieved based on performance as of December 31, 2023 (the last completed fiscal year over which performance is measured; full performance has not yet been achieved as performance period ends December 31, 2024). The amounts reported for the February 15, 2021 grants of PSUs reflect 200% of target performance shares based on actual performance criteria achieved as of the close of the performance period on December 31, 2023, which was certified by the Compensation Committee on January 24, 2024 and vested on February 1, 2024.

- (1) Based on Accounting Standards Codification 715-20 assumptions used for disclosure as of December 31, 2023. The present value of the accumulated benefit obligation is determined using the following assumptions: Interest rate 4.83% per annum and the Pre-Commencement: RP-2014 Employee Life Mortality Table (Bottom Quartile) (adjusted for MP-2021) Fully Generational Projection using Scale MP-2021 and Post-Commencement: RP-2014 Annuitant Life Mortality Table (Bottom Quartile) (adjusted for MP-2021) Fully Generational Projection using Scale MP-2021. Assumes the benefit will be paid in the normal form on the later of age 65 and the valuation date.

The Hancock Whitney Corporation Pension Plan covers certain eligible associates of the Company upon the completion of one year of service and the attainment of age 21. In 2017, the plan was amended to exclude any individual hired or rehired by the Company after June 30, 2017 from eligibility to participate. Additionally, the amendment provides that the accrual of benefits of each participant whose combined age plus years of service as of January 1, 2018 totals less than 55 will be frozen. Benefits under the plan are determined as the sum of 1% of compensation multiplied by years of service and 0.5% of compensation in excess of a 35-year average of the social security wage base multiplied by years of service. The benefits are determined using base pay, but excluding bonuses and other items of extraordinary compensation. The Internal Revenue Service limits compensation that may be considered for purposes of calculating plan benefits. In 2023, this limit was \$330,000. Benefits are payable in the form of actuarially-equivalent annuities, following separation from service and attainment of the normal (age 65) or early (age 55 and 10 years of service) retirement age. Early retirement benefits are subject to actuarial reduction.

Mr. Exnicios also retains a previously accrued benefit under the Whitney Holding Corporation Retirement Restoration Plan, which is a nonqualified retirement plan that supplements benefits payable from the tax-qualified plan. This plan was acquired by the Company in connection with the merger with Whitney Holding Corporation and only former employees of Whitney Holding Corporation and its subsidiaries were eligible for participation. Benefits are determined as the difference between retirement benefits determined under the Whitney National Bank Retirement Plan (now merged into the Hancock Whitney Corporation Pension Plan) without regard to the applicable compensation limits and benefits actually payable from that plan taking into account all applicable limitations. Effective January 1, 2013, all benefit accruals under this plan were frozen.

The following table provides information regarding our Nonqualified Deferred Compensation Plan, which provides for the deferral of compensation on a basis that is not tax-qualified.

- (3) The following amounts included in the Aggregate Balance at December 31, 2023 were previously reported as compensation to the NEOs in the Summary Compensation Table for years prior to 2022: Mr. Hairston, \$9,264,007; Mr. Achary, \$3,036,711; Mr. Loper, \$3,669,608; Mr. Exnicios, \$2,277,840; and Mr. Knight, \$2,337,351.

Under our Nonqualified Deferred Compensation Plan, participants may elect a maximum deferral of 80% of base salary, 80% of annual incentive bonus, and 100% of annual long-term incentive awards (in the form of performance stock units and restricted stock units). The minimum deferral for base salary and annual incentive bonus amounts is \$3,000 in the aggregate and 25% for long-term incentive awards.

Company contributions are made to the Nonqualified Deferred Compensation Plan at the discretion of the Compensation Committee. Each year, a 401(k) restoration matching contribution may be made to participant accounts. Unless otherwise provided by the Compensation Committee, a participant shall be vested in his Company restoration matching account at the time or times and in the amounts determined in accordance with the provisions of the Hancock Whitney 401(k) Plan. The Nonqualified Deferred Compensation Plan also allows for supplemental contributions to be made to participants at the discretion of the Compensation Committee (referred to as SERP contributions). The factors taken into consideration for these contributions are current total cash compensation and a reasonable estimate of final pay at retirement, years of service while eligible for supplemental contributions, remaining with the Company until age 65, a reasonable estimate of growth in the value of the supplemental contribution account investments over the years prior to retirement, and the growth of the supplemental contribution account based on actual investment opportunities deemed to be credited to the supplemental contribution account. The participant will vest in the supplemental contribution account on a 10-year graded vesting schedule beginning at age 51 and ending at age 60. Each participant will be 100% vested at age 60.

Participants elect the investment options in which their deferrals are deemed to be invested from a group of measurement funds made available under the plan by the Compensation Committee. The participants may allocate and reallocate the investments of their deferral accounts among such investment options on a daily basis subject to certain limitations. Earnings or losses are allocated to the participant's accounts under the plan on a daily basis based on the performance, positive or negative, of each specific measurement fund in which the participant's accounts are deemed to be invested. In the event no investment election is made by a participant, the participant's accounts under the plan are deemed to be invested in the lowest-risk measurement fund available under the plan and credited or debited with the earnings of such fund, until the participant elects otherwise. Only deferrals of a participant's bonus may be deemed invested in the common stock measurement fund available under the plan. Any amounts deemed invested in the common stock measurement fund and any deferrals of restricted units or performance units may not be reallocated to any other investment measurement fund under the plan. Incentive units (excluding unvested performance units) and

amounts deemed invested in the common stock measurement fund are credited with dividend equivalent units as of each dividend payment date and deemed reinvested in additional common stock units based on the fair market value of the Company's stock on the dividend payment date. If service and performance conditions related to restricted or performance units are not met, the unit credits will be reversed.

Payments from the plan are payable upon the earlier of retirement, termination of employment, disability, death, or scheduled distribution (payment during a specified year elected by the participant). Distributions due to retirement may begin immediately or up to five years after retirement and may be made in a lump sum or in annual installments from two to 15 years. The time and method of retirement distributions are elected by each participant and, effective for 2015 and thereafter, may be separately elected on an annual basis with respect to amounts deferred and/or contributed on behalf of the participant for such year. Distributions due to termination of employment of all amounts deferred or contributed to the plan on behalf of the participant prior to 2015 shall be distributed in a lump sum. Effective 2015 and thereafter, each participant may separately elect on an annual basis the method in which amounts deferred or contributed on such participant's behalf for such year will be distributed in the event of a termination of employment. Such distributions may be made in a lump sum or in annual installments over a period not to exceed three years.

Distributions due to death or disability and scheduled distributions may only be made in a lump sum. Scheduled distributions may not be made with respect to any long-term awards deferred under the plan. Distributions of incentive units and of funds held in the common stock measurement fund may only be made in common stock of the Company.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The following table sets forth the amounts that would have been payable to each of our NEOs under the various scenarios for termination of employment or a change in control (CIC) in the Company had such scenarios occurred on December 31, 2023. The price per share of Company stock that is used for purposes of the table is \$48.59, the closing market price as of December 29, 2023. The actual amounts to be paid can only be determined at the time of such executive's separation from the Company or the change in control. In addition to the amounts reflected in the table, upon termination of employment each of the NEOs would also receive benefits under the Hancock Whitney Corporation Pension Plan, as described above, as well as benefits under the Hancock Whitney 401(k) Plan, and for Mr. Exnicios only, benefits under the Whitney Holding Corporation Retirement Restoration Plan. Finally, the receipt of many of the payments and benefits listed in the table below are contingent upon the executive complying with certain covenants, which are described below.

- (1) Messrs. Hairston, Achary, Loper, and Exnicios meet all of the conditions of retirement as of December 31, 2023 for the RSUs and PSUs granted in 2022 and 2023. Amounts presented include a pro rata payout assuming target performance is achieved for PSUs granted in 2023 resulting in 100% of target shares awarded, maximum performance is achieved for PSUs granted in 2022 resulting in 200% of target shares awarded, and a pro rata vesting of the RSUs granted in 2023 and 2022 and related cash dividend equivalents accrued on those RSUs

that otherwise would vest on February 1, 2024 assuming continued service through the vesting date. Additionally, Mr. Exnicios meets all of the conditions of retirement as of December 31, 2023 for the PSUs granted in 2021. Amounts reported for Mr. Exnicios also reflect a pro rata payout assuming maximum performance is achieved for PSUs granted in 2021 resulting in 200% of target shares awarded.

- (2) Reflects a lump-sum payment equal to three (in the case of Mr. Hairston) or two (in the case of Messrs. Achary, Loper, Exnicios, and Knight) times base salary and average annual bonus for the three most recent fiscal years.
- (3) Amounts reported reflect a pro rata payout assuming the maximum performance is achieved for PSUs granted in 2022 and 2021 resulting in 200% of target shares awarded and immediate vesting of all outstanding RSAs and RSUs including cash dividend equivalents accrued on those RSUs.
- (4) Amounts reported reflect a pro rata payout assuming the target number of PSUs granted in 2023 and 2022 will be earned during the performance period or paid out upon disability within the performance period and maximum performance is achieved for PSUs granted in 2021 resulting in 200% of target shares awarded and immediate vesting of all outstanding RSAs and RSUs including related cash dividend equivalents accrued on those RSUs, with the exception of Mr. Knight who does not meet all of the conditions for immediate vesting of the RSAs granted in 2021.
- (5) The total balance under the Nonqualified Deferred Compensation Plan as of December 31, 2023 is shown in the Nonqualified Deferred Compensation Table. This table includes only the unvested amount that would become vested upon the occurrence of the specified event under the terms of the plan.

The following summarizes the payment and benefits the NEOs would be entitled to under the various termination and change in control scenarios, which are reflected in the table above.

Voluntary Termination (Including Retirement) & Involuntary Termination without Cause

In the event of a voluntary termination (including retirement) and involuntary termination without cause of an NEO, such executive would be entitled to receive any unpaid amounts previously earned during his term of employment.

In the event an NEO meets all conditions for retirement as set forth within the terms of the respective award agreement at the time of termination, he would also be entitled to the following:

- Vesting of a percentage of the PSUs granted in 2022 and 2023 that are actually earned based on Company performance pro-rated for the portion of the vesting period worked by the executive prior to termination. Eleven-thirty sixths of the 2023 PSUs will vest as the executive has worked 11 months of the 36-month vesting period as of December 31, 2023. Twenty three-thirty sixths of the 2022 PSUs will vest as the executive has worked 23 months of the 36-month vesting period as of December 31, 2023. All of the 2021 PSUs will vest as the executive has completed the performance period as of December 31, 2023; and
- Vesting of a percentage of outstanding RSUs granted in 2022 and 2023 based on the number of months elapsed since the most recent vesting date or grant date if granted within the last 12 months. Any cash dividend equivalents accrued on the outstanding RSUs will be paid in cash upon vesting of the related shares.

For Cause Termination

In the event of a for cause termination of a NEO, such executive would only be entitled to receive any unpaid amounts previously earned during his term of employment.

Change in Control Only

In the event of a change in control (defined below) only, NEOs would be entitled to the following:

- RSAs and RSUs vest only if the Board of Directors exercises its discretion to vest such awards as a result of the post-transaction surviving entity choosing not to assume any obligations relating to such awards and choosing not to convert such awards into equivalent rights with respect to equity in the post-transaction surviving entity. If these awards were to be vested, the amounts reported would be as follows: Hairston (\$1,502,549), Achary (\$553,003), Loper (\$659,512); Exnicios (\$544,597); and Knight (\$451,984); and
- Immediate vesting of any unvested amounts under the Nonqualified Deferred Compensation Plan, but only to the extent such vesting does not cause the excise tax provisions of Code Section 4999 to be effective with respect to the executive.

One or more of the benefits listed above will be reduced to the extent necessary to avoid excise taxes under Code Section 4999 if such reduction results in higher after-tax benefits to the executives than if such benefits are not reduced.

Involuntary Termination or Termination for Good Reason following Change in Control

In the event of an involuntary termination (including disability), or a termination for good reason (defined below) of a NEO within two years following a change in control (defined below), in addition to any unpaid amounts previously earned during his term of employment, he would be entitled to the following:

- Immediate vesting (at the time of the change in control) of amounts indicated above under Change in Control Only, with subsequent vesting (at the time of the executive's disability or termination of employment) of any RSAs and RSUs that did not vest at the time of the change in control;
- Vesting of a percentage of the PSUs granted in 2022 and 2021 that are actually earned based on Company performance. The 2022 PSUs have a three-year vesting period with half of the award based on achievement of adjusted EPS over a two-year performance period and half of the awards based on relative TSR over a three-year performance period. If the CIC occurs during the performance period (at least one year after the start of the performance period), the vested percentage is based on the actual performance results for the portion of the performance period ending on the date of the CIC pro-rated based on the number of whole months elapsed between the grant date and the CIC and the denominator of which is 36. 200% of the 2021 PSUs will vest as the performance period is complete with maximum performance achieved as of December 31, 2023;
- Mr. Hairston would be entitled to a lump-sum payment equal to three times his base salary and average annual bonus (for the three most recent fiscal years); and Messrs. Achary, Loper, Exnicios, and Knight would be entitled to a lump-sum payment equal to two times their base salary and average annual bonus (for the three most recent fiscal years); and
- Mr. Hairston would be entitled to up to 36 months of medical insurance continuation. Messrs. Achary, Loper, Exnicios and Knight would be entitled to up to 24 months of medical insurance continuation. Coverage would be provided at the same level of benefits as in effect at the time of the executive's disability or termination of employment, and on the same cost sharing basis as in effect for active executives in comparable positions. Coverage would cease upon the executive becoming eligible for similar coverage provided by another employer.

One or more of the benefits listed above will be reduced to the extent necessary to avoid excise taxes under Code Section 4999 if such reduction results in higher after-tax benefits to the executives than if such benefits are not reduced.

Death or Disability

In the event of the death or disability of a NEO, in addition to any unpaid amounts previously earned during his term of employment, he would be entitled to the following:

- Vesting of the PSUs granted in 2021 that are actually earned based on Company performance and a percentage of the target number of PSUs granted in 2023 and 2022. For the 2021 PSUs tied to 3-year TSR, the vested percentage is based on the portion of the performance period worked by the executive prior to becoming disabled. For the 2023 and 2022 PSUs, the vested percentage is based on the portion of the vesting period worked by the executive prior to death or becoming disabled. Eleven-thirty sixths of the 2023 PSUs will vest as the executive has worked 11 months of the 36-month vesting period as of December 31, 2023. Twenty three-thirty sixths of the 2022 PSUs will vest as the executive has worked 23 months of the 36-month vesting period as of December 31, 2023;
- Immediate vesting of all RSAs and RSUs including accrued cash dividends, with the exception of Mr. Knight, who does not meet all of the conditions for immediate vesting of RSAs; and
- Immediate vesting of any unvested amounts under the Nonqualified Deferred Compensation Plan;
- Upon disability, a monthly disability benefit of \$7,500 for Messrs. Hairston, Achary and Loper to be paid by the contracted insurance carrier rather than by the Company;
- Upon death, beneficiaries of the deceased executive would be entitled to a \$25,000 death benefit to be paid by the contracted insurance carrier rather than by the Company.

Definition of Change in Control

Generally, a change in control shall be deemed to have occurred upon the happening of any of the following events as to the Company:

- The acquisition by any one person, or by more than one person acting as a group, of ownership of stock that, together with stock held by such person or group, constitutes more than 50% of the total fair market value or total voting power of the stock of the Company;
- The acquisition by any one person, or by more than one person acting as a group, during the 12-month period ending on the date of the most recent acquisition, of ownership of stock possessing 50% or more of the total voting power of the stock of the Company;
- The replacement during any 12-month period of a majority of the members of the Board of the Company by directors whose appointment or election is not endorsed by a majority of the members of such Board before the date of such appointment or election; or
- The acquisition by any one person, or by more than one person acting as a group, during the 12-month period ending on the date of the most recent acquisition, of assets of the Company having a total gross fair market value of more than 50% of the total gross fair market value of all of the assets of the Company immediately prior to such acquisition or acquisitions.

For purposes of the above, “persons acting as a group” shall have the meaning as in Treasury Regulations Section 1.409A-3(i)(5)(v)(B).

Definition of Good Reason

“Good Reason” shall generally mean any of the following occurring without the executive’s consent:

- a material diminution in the executive’s position, authority, duties or responsibilities from those which the executive held immediately prior to the effective date of the change in control;
- requiring the executive to be based at any office which is a material change from the geographic location of the office at which the executive was employed immediately prior to the change in control;
- a material diminution in the budget over which the executive retains authority;
- a material diminution in the executive’s annual base salary; or
- any other action or inaction that constitutes a material breach by the Company of any agreement pursuant to which the executive performs services for the Company.

Notwithstanding the preceding, however, none of such actions shall constitute “Good Reason” unless (1) the executive provides the Company with notice of the existence of such condition within 90 days of the initial existence thereof and a period of at least 30 days following such notice within which to remedy such condition, and (2) the executive terminates employment within two years of the initial existence of such condition.

Conditions Applicable to Receipt of Payments and Benefits

All payments and benefits to or on behalf of the NEOs (other than accelerated vesting of Long-Term Incentives and Nonqualified Deferred Compensation) in the event of disability, involuntary termination or termination for good reason upon a change in control are contingent upon such executives complying with confidentiality, non-solicitation and non-disparagement covenants during their terms of employment and for two years thereafter.

CEO Pay Ratio

We believe executive pay must be internally consistent and equitable to motivate our associates to create shareholder value. Our CEO to median associate pay ratio is calculated in accordance with SEC requirements pursuant to Item 402(u) of Regulation S-K. We identified the median associate by examining the 2023 W-2 Box 5 Wages (Medicare Wages and Tips) for all individuals, excluding our CEO, who were employed by us on December 31, 2023, the last day of our payroll year. We included all associates, whether employed on a full-time, part-time, or on call basis. We did not make any assumptions, adjustments, or estimates with respect to W-2 Box 5 Wages, and we did not annualize the compensation for any associates that were not employed by us for all of 2023. We believe the use of W-2 Box 5 Wages for all associates is a consistently applied compensation measure.

After identifying the median associate, we calculated annual total compensation for such associate using the same methodology we use for our named executive officers as set forth in the 2023 Summary Compensation Table above. The total annual compensation of our median associate was \$61,432.76. The total annual compensation of our CEO was \$5,565,268. Accordingly, the ratio of CEO pay to median associate pay was approximately 91:1.

Pay Versus Performance

Background

Item 402(v) of the SEC's Regulation S-K, which was mandated by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, requires disclosure of information that demonstrates the relationship between executive compensation actually paid (referred to herein as "CAP") and the financial performance of the issuer.

- (i) No amounts were added to reflect dividends or other earnings paid on stock awards because accrued dividends are included in the stock award fair value calculations and therefore are included in total compensation for such year.

For purposes of the foregoing, the fair value of the stock awards at all applicable dates was calculated using the same methodology (including applicable assumptions) as used to account for share-based payments in the Company's financial statements. The assumptions used in calculating the fair value of awards at the applicable dates did not differ in any material respect from the assumptions used to calculate the grant date fair value of the awards as reported in the Summary Compensation Table for the applicable year, except that (i) the fair value calculations of the PSUs subject to the EPS metric which were granted February 17, 2023, assumed a payout at 58% as of December 31, 2023, and the PSUs subject to the EPS metric which were granted February 18, 2022, assumed a payout at 122% as of December 31, 2023 and 165% as of December 31, 2022, respectively, and the PSUs subject to the EPS metric which were granted February 15, 2021, assumed a payout at 200% as of December 31, 2023, 2022 and 2021, respectively, the PSUs subject to the EPS metric which were granted January 2, 2020 assumed a payout at 0% as of December 31, 2022, 2021, and 2020, respectively, the PSUs subject to the EPS metric which were granted January 2, 2018 assumed a payout of 0% as of December 31, 2021 and 2020, respectively, and the PSUs subject to the EPS metric which were granted January 2, 2017 assumed a payout at 131% as of December 31, 2020, which was the probable outcome of the applicable performance conditions as of December 31, 2023, 2022, 2021 and 2020, respectively, compared to the grant date fair value calculations of such PSUs, which assumed a payout at target; (ii) the share price used to determine fair value as of December 31, 2023, 2022, 2021 and 2020 differed, in some cases materially, from the share price used to determine the grant date fair values; and (iii) for awards subject to the TSR metric, the assumptions used in the Monte Carlo calculation to determine the fair value as of December 31, 2023, 2022,

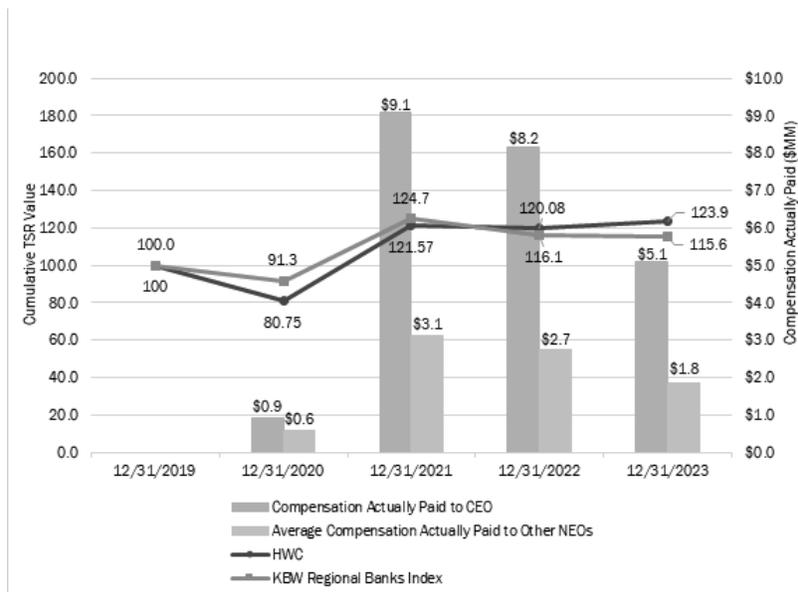

2021 and 2020 differed, in some cases materially, from the assumptions used in the Monte Carlo calculation used to determine the grant date fair values. For a discussion of the assumptions used to estimate the fair value of stock awards, please refer to the following sections of the Company's Annual Report on Form 10-K for the year ended December 31, 2023: "Management's Discussion and Analysis of Financial Condition and Results of Operations—Critical Accounting Policies and Estimates—Stock-Based Compensation," and "Stock-Based Compensation" in Note 18 to the Consolidated Financial Statements.

- (4) We selected the KBW Regional Banking Index (referred to herein as the "Regional Banking Index") as our peer group for purposes of this disclosure, which index is comprised of approximately 50 companies categorized as primarily engaged in U.S. regional banking activities. The Regional Banking Index also is the same performance peer group selected by the Compensation Committee for determining the achievement of TSR targets for PSUs. See "Compensation Discussion and Analysis—Elements of Our Compensation" for additional information.
- (5) Adjusted EPS is a non-GAAP financial measure. See "Appendix A—Reconciliation of Non-GAAP Financial Measures" for additional information.

Relationship between Compensation Paid and Company Performance

Total Shareholder Return

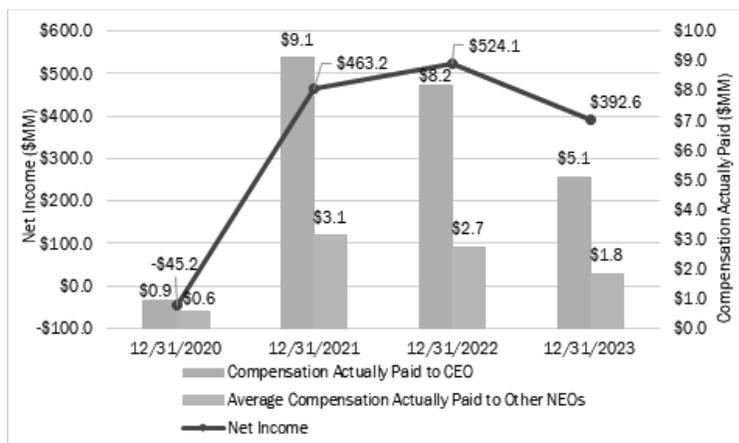

The graph below presents, for the cumulative period from January 1, 2020 – December 31, 2023, the relationship between the CAP to our CEO and the average CAP to our other NEOs and each of Company's TSR and the TSR of the Regional Banking Index.

As demonstrated by the graph above, CAP to our CEO and the average CAP to our other NEOs is aligned with Company's TSR as well as the TSR of the Regional Banking Index. Company's TSR increased by 23.90% over the reporting period (50.54% in 2021, -1.23% in 2022, and 3.18% in 2023), outperforming the Regional Banking Index by 8.26% over the reporting period (13.90% in 2021, 5.70% in 2022, and 3.58% in 2023). During the reporting period, CAP to the CEO increased 447% in the aggregate, and average CAP to the other NEOs increased 209% in the aggregate. CAP to the CEO and to the other NEOs was highest among the reporting periods when Company achieved its highest year-end closing stock price in 2021, reflecting the high proportion of variable pay at risk for the CEO and the other NEOs. Conversely, CAP to the CEO and to the other NEOs was lowest in 2020 due to the challenging market conditions and financial performance reflected in Company's lower closing stock price in 2020. 50% of the PSUs awarded in 2020, 2021, and 2022 vest based on the Company's relative TSR performance. See "Compensation Discussion & Analysis—Elements of Our Compensation" for additional information.

Net Income

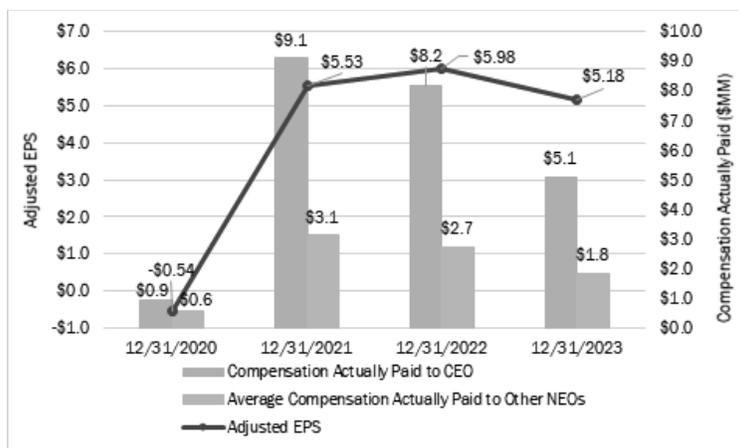

The graph below presents, for each of the years ended December 31, 2023, 2022, 2021 and 2020, the relationship between the CAP to our CEO and the average CAP to our other NEOs and the Company's net income.

As demonstrated by the graph above, CAP to our CEO and to the other NEOs is aligned with Company's Net Income. Net Income increased by 969% over the reporting period (1,125% in 2021, 13% in 2022, and -25% in 2023). During the reporting period, CAP to the CEO increased 447% in the aggregate, and average CAP to the other NEOs increased 209% in the aggregate. The Compensation Committee did not use net income as a distinct metric for purposes of determining or paying compensation during 2023, 2022, 2021 or 2020.

Adjusted EPS

The graph below presents, for each of the years ended December 31, 2023, 2022, 2021 and 2020, the relationship between the CAP to our CEO and the average CAP to our other NEOs and the Company's Adjusted EPS.

As demonstrated by the graph above, CAP to our CEO and to the other NEOs is aligned with Company's Adjusted EPS. Adjusted EPS increased by 1,059% over the reporting period (1,124% in 2021 and 8% in 2022). During the reporting period, CAP to the CEO increased 447% in the aggregate, and average CAP to the other NEOs increased 209% in the aggregate. For 2023, 2022, 2021 and 2020, 50% of the annual cash incentive and 50% of the PSUs awarded were dependent on achievement of Adjusted EPS goals. See "Compensation Discussion & Analysis—Elements of Our Compensation" for additional information.

List of Most Important Financial Measures

The following table lists the most important financial performance measures used in 2023 to link CAP to our CEO and our other NEOs to Company's performance. The financial performance measures and the non-financial performance measure are not ranked in order of importance. See "Compensation Discussion & Analysis—2023 Compensation

Structure and Design” for applicable definitions of each metric and a discussion of the application of these measures in determining the compensation of our CEO and our other NEOs.

Performance Metric	Financial or Non-Financial
Adjusted EPS	Financial
Relative TSR ⁽¹⁾	Financial
Adjusted Pre Provision Net Revenue	Financial
Commercial Criticized Loans to Total Commercial Loans	Financial
Non-Performing Loans to Total Loans	Financial

- (1) Relative TSR for compensation purposes is calculated using the same peer group described above under “Pay Versus Performance Table.” See “Compensation Discussion and Analysis—Elements of Our Compensation” for additional information.

PROPOSAL NO. 2
ADVISORY VOTE ON COMPENSATION OF NAMED EXECUTIVE OFFICERS

Pursuant to Section 14A of the Securities Exchange Act, as amended, we are seeking shareholder approval, on an advisory basis, of the compensation of our NEOs as disclosed in this proxy statement pursuant to SEC rules (the say-on-pay proposal). In your consideration of how to vote on this proposal, we encourage you to review all of the relevant information in this proxy statement – our Compensation Discussion and Analysis (including its executive summary), the compensation tables, and the accompanying narrative disclosures and footnotes regarding our executive compensation program. Shareholders are asked to vote, on an advisory basis, to approve the following resolution:

RESOLVED, that the compensation paid to the named executive officers as disclosed in the proxy statement for the Company’s 2024 annual meeting of shareholders pursuant to Item 402 of Regulation S-K of the rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

We understand that executive compensation is an important matter for our shareholders. Our core executive compensation philosophy and practice continue to be based on pay for performance, and we believe that our compensation program is strongly aligned with the long-term interests of our shareholders.

While this say-on-pay proposal is advisory only and the voting results are not binding, our Compensation Committee and Board will consider the outcome of the vote when making future compensation decisions for our named executive officers.

We invite shareholders who wish to communicate with our Board on executive compensation or any other matters to contact us as provided under “Shareholder Communications” below.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS AS DESCRIBED IN THIS PROXY STATEMENT.

TRANSACTIONS WITH RELATED PERSONS

The Company, through the Bank, has made, and expects to make in the future, loans in the ordinary course of business to insiders of the Company and the Bank, and their related interests. The Bank has made such loans on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with persons not related to the Company. At the time made, no such loans involved more than the normal risk of repayment or presented other unfavorable features that require disclosure in the proxy statement.

Our Corporate Governance Guidelines require that we review all transactions that may be required to be disclosed pursuant to Item 404 of SEC Regulation S-K (Related Party Transactions) for potential conflicts of interest. Generally, the Audit Committee will be responsible for reviewing and approving all Related Party Transactions.

The Company provides limited brokerage services and investment advisory services and provides access to annuities and insurance products through its subsidiary Hancock Whitney Investment Services, Inc. (HWIS). It conducts virtually all of its other business activities through the Bank, or through the Bank's subsidiaries, and those business activities primarily consist of offering deposit accounts, making loans, and engaging in trust business. While Section 402 of the Sarbanes-Oxley Act of 2002 generally prohibits a public company from extending or renewing credit or arranging the extension or renewal of credit to an officer or director, this prohibition does not apply to loans that are subject to the insider lending restrictions of the Federal Reserve Board's Regulation O. Accordingly, we permit our directors and executive officers, their family members and their related interests, to establish and maintain banking and business relationships in the ordinary course of business with the Bank and HWIS, subject to the restrictions of Regulation O. With respect to lending activities, the Bank has a special written policy governing affiliate and insider lending transactions.

In order to promote compliance with applicable laws, regulations and rules pertaining to insider lending transactions discussed above, the Company has appointed an officer (the Regulation O Monitoring Officer) to assist Bank associates in identifying and reviewing pertinent transactions with identified insiders. The Regulation O Monitoring Officer annually receives lists of all directors and executive officers of the Company and the Bank from our Corporate Secretary, as well as a list of our principal shareholders, if any. The information collected from directors and designated executive officers includes the names of these individuals and their family members, as well as the names of their related interests. This information is compiled based on questionnaires our directors and designated executive officers submit to the Corporate Secretary. Information available from public databases and the Bank's records supplement the data. The Bank's Regulation O Monitoring Officer directly compiles information regarding other insiders designated by the Board of Directors as subject to Regulation O, their family members and related interests. The Bank's officers managing proposed extensions of credit to insiders are responsible for confirming that the proposed extensions of credit comply with the Bank's policies on insider transactions. The Regulation O Monitoring Officer will promptly notify our Corporate Secretary in the event the Regulation O Monitoring Officer detects an extension of credit to an insider that appears to violate the policy.

The Corporate Secretary follows procedures to help us determine at the end of each year whether any insider relationship or transaction has occurred that must be disclosed pursuant to the SEC's rules regarding Related Party Transactions or that might impair a non-employee director's independence under SEC rules or NASDAQ listing rules. These procedures include annual director and executive officer questionnaires, a survey of client databases of the Company and its subsidiaries, as well as a review of other records, including accounts payable, payroll and real estate transaction records. The Corporate Secretary reports any insider transactions so discovered to the Audit Committee for review, approval or ratification and reports other matters that would disqualify a non-employee director from meeting NASDAQ or SEC independence requirements to the Board.

To further raise awareness regarding, and to ensure the proper handling of, insider transactions, we have adopted various codes of conduct, including the Code of Business Ethics for Officers and Associates, the Code of Ethics for Financial Officers, and the Code of Ethics for Directors. These codes, which are available on the Governance Documents page of the Investor Relations website at investors.hancockwhitney.com, promote the ethical handling of actual or apparent conflicts of interest between personal and professional relationships, and encourage covered persons to seek advice to avoid conflicts of interest. Associates are also prohibited from handling any client relationship involving themselves, their relatives or affiliated businesses. Our Audit Committee is responsible for applying and interpreting the codes pertaining to senior financial officers, executive officers and directors, and shall report any violations to the Board for further action.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Pre-Approval Policies and Procedures

The Company's Audit Committee selected PricewaterhouseCoopers LLP (PwC) as the Company's independent registered public accounting firm to audit the consolidated financial statements of the Company and its subsidiaries for 2023. As part of its role in overseeing the independent registered public accounting firm, the Audit Committee has adopted policies and procedures to pre-approve all audit and permissible non-audit services performed by the independent registered public accounting firm. The policy requires that on an annual basis the Audit Committee pre-approve the general engagement of the independent registered public accounting firm to provide defined audit, audit-related and possible tax services within pre-approved fee levels. Unless otherwise provided, such pre-approvals shall remain in effect for 12 months. The Audit Committee may revise the list of generally pre-approved services from time to time. The Audit Committee may also grant general pre-approval for other permissible non-audit services classified as all other services, provided that such services would not impair the independent registered public accounting firm's independence. Pre-approval may be granted by action of the full Audit Committee or, in the absence of such action, the Audit Committee Chair or the Audit Committee Chair's designee may pre-approve individual engagements up to a limit of \$100,000. Any pre-approval granted by less than the full Audit Committee must be reported to the full Audit Committee at its next scheduled meeting. The Audit Committee will consult the SEC's rules and relevant guidance in applying this policy. During 2023, the Audit Committee pre-approved all services provided by PwC.

Fees and Related Disclosures for Accounting Services

The Audit Committee pre-approved all professional services provided by PwC and the related fees in 2023 and 2022. The following table discloses the fees for professional services provided by PwC in each of the last two fiscal years to the Company and its subsidiaries:

	<u>2023</u>	<u>2022</u>
Audit Fees ⁽¹⁾	\$2,195,800	\$1,994,112
Audit-Related Fees ⁽²⁾	58,000	58,000
Tax Fees ⁽³⁾	-	-
All Other Fees ⁽⁴⁾	1,000	963
Total	<u>\$2,254,800</u>	<u>\$2,053,075</u>

- (1) Relates to services rendered in connection with the audits of the consolidated financial statements of the Company, reviews of the quarterly consolidated financial statements of the Company, the audit of the design and operating effectiveness of internal control over financial reporting in compliance with Section 404 of the Sarbanes-Oxley Act of 2002 and the Federal Deposit Insurance Corporation Improvement Act, and audits of the Company subsidiaries.
- (2) Relates to services rendered in connection with assurance services for compliance reporting, registration statements and comfort letters.
- (3) No tax fees were incurred during 2023 or 2022.
- (4) Relates to permissible advisory services.

AUDIT COMMITTEE REPORT

The Audit Committee assists the Board in monitoring the Company's accounting and financial reporting processes and has a key role in the oversight and supervision of PricewaterhouseCoopers LLP (PwC), the Company's independent registered public accounting firm. The Audit Committee's role includes sole authority to: (1) appoint or replace the Company's independent registered public accounting firm; (2) pre-approve all audit or permissible non-audit services that the Company's independent registered public accounting firm performs on behalf of the Company; and (3) approve compensation related to all auditing services and any permissible non-audit services. The Audit Committee monitors management's evaluation of the effectiveness of internal control over financial reporting and retains and monitors the activities of PwC. The Audit Committee also oversees the Company's procedures for the receipt, retention and treatment of complaints the Company receives regarding accounting, internal accounting controls or auditing matters. For greater detail regarding the functions and responsibilities of the Audit Committee, please refer to the Audit Committee Charter, which is available on the Company's Investor Relations website at investors.hancockwhitney.com under Corporate Overview – Committee Charting. The Audit Committee reviews and reassesses the adequacy of the Audit Committee charter on an annual basis. The Audit Committee is in compliance with the Audit Committee Charter.

Management has the primary responsibility for the financial statements and reporting processes, including the system of internal control over financial reporting. In fulfilling its oversight responsibilities for 2023, the Audit Committee reviewed and discussed with management the audited financial statements as of and for the year ended December 31, 2023. Management has represented to the Audit Committee that the financial statements were prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

The Audit Committee reviewed the audited financial statements with the independent registered public accounting firm who is responsible for expressing an opinion on the conformity of those statements with GAAP and discussed with the independent registered public accounting firm the matters required to be communicated by the Public Company Accounting Oversight Board (PCAOB) and the SEC. The Audit Committee has also received the written disclosures and letter required by the applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm their independence and considered the compatibility of non-audit services with the independent registered public accounting firm's independence.

The Audit Committee discussed with the Company's internal auditors and the independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee met with the internal auditors and the independent registered public accounting firm to discuss the results of audits, evaluations of the Company's system of internal control over financial reporting, and the overall quality of the Company's financial reporting. Both the internal auditors and the independent registered public accounting firm have unrestricted access to the Audit Committee. The Audit Committee held three executive sessions with its independent accountants in 2023 and held two executive sessions with the Chief Internal Auditor in 2023.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited consolidated financial statements for the year ended December 31, 2023 be included in the Annual Report on Form 10-K for filing with the SEC. The Audit Committee has selected PwC as the Company's independent registered public accounting firm for 2024, subject to ratification by a majority of the shares represented at the annual meeting.

Audit Committee of the Board of Directors,

Christine L. Pickering, Chair
Sonya C. Little, Vice Chair
Hardy B. Fowler

PROPOSAL NO. 3 RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm retained to audit the Company's consolidated financial statements and to attest to the effectiveness of the Company's internal control over financial reporting. The Audit Committee has selected PricewaterhouseCoopers LLP (PwC) as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2024, and until their successors are selected. PwC has served continuously as the Company's auditor since 2009. PwC is a registered public accounting firm with the PCAOB, as required by the Sarbanes-Oxley Act of 2002 and the rules of the PCAOB.

The Audit Committee recognizes the importance of maintaining the independence of the Company's independent auditor, both in fact and appearance. In order to ensure continuing auditor independence, the Audit Committee periodically considers whether there should be a regular rotation of the independent auditor. In addition, the Audit Committee recognizes that restrictions exist as to the hiring of any current or former partner, principal, shareholder or professional employee of its independent auditor and has reasonable measures in place to ensure any such potential candidates are reviewed prior to hiring for compliance with such restrictions. The Audit Committee also requires the lead PwC partner assigned to the Company's audit to be rotated at least every five years. The Audit Committee and its chairperson are directly involved in the selection of the new lead partner.

Each year, the Audit Committee evaluates the qualifications, performance and independence of the Company's independent auditor and determines whether to re-engage the current independent auditor for the following year. In doing so, the Audit Committee considers, among other things: (i) external data relating to audit quality and performance, including recent PCAOB reports on PwC and its peer firms; (ii) PwC's tenure as our independent auditor and its familiarity with our operations and business, accounting policies and practices and internal control over financial reporting; (iii) the quality and efficiency of the services provided by the auditors, the auditors' capabilities and expertise; (iv) whether the firm or any of its partners has any direct or any material indirect financial interest in the securities of the Company or any of its subsidiaries, except as auditors and consultants on accounting procedures and tax matters; and (v) PwC's independence. Based on this evaluation, the members of the Audit Committee and the Company's Board believe that the continued retention of PwC in 2024 is in the best interests of the Company and its shareholders.

The Board anticipates that representatives of PwC will be in attendance at the annual meeting and will be available to respond to questions.

Although not required to do so, the Company's Board has chosen to submit its selection of PwC for ratification by the Company's shareholders. It is the intention of the persons named in the proxy to vote such proxy FOR the ratification of this selection. If this proposal does not pass, the Audit Committee will reconsider the selection. The proposal will be ratified if the votes cast favoring the appointment exceed the votes cast opposing it. Even if the selection is ratified, the Audit Committee, in its discretion, may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our shareholders.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE SELECTION OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2024.

SHAREHOLDER COMMUNICATIONS

The Board provides a process for shareholders to send communications to the Board or to individual directors. Information regarding this process is set out in the Corporate Governance Guidelines, which are available to shareholders on the Governance Documents page of the Investor Relations section of our website at investors.hancockwhitney.com.

OTHER MATTERS

We do not know of any matters to be presented at our 2024 annual meeting other than those set forth in the accompanying notice. However, if any other matters properly come before the annual meeting or any adjournments or postponements thereof, the proxy holders will vote or abstain from voting thereon in accordance with their best judgment.

SHAREHOLDER PROPOSALS FOR THE 2025 ANNUAL MEETING

SEC Rule 14a-8 If you are a shareholder who would like us to include your proposal in our notice of the 2025 annual meeting and related proxy materials, you must follow SEC Rule 14a-8. In submitting your proposal, our Corporate Secretary must receive your proposal, in writing, at our principal executive offices, no later than November 12, 2024. If you do not follow Rule 14a-8, we will not consider your proposal for inclusion in next year's proxy statement.

Advance notice procedures Under our Bylaws, a shareholder who wishes to nominate an individual for election to the Board of Directors directly at an annual meeting, or to propose any business to be considered at an annual meeting, must deliver advance notice of such nomination or business to the Company. The shareholder must be a shareholder as of the date the notice is delivered and at the time of the annual meeting and must be entitled to vote at the meeting. The notice must be in writing and contain the information specified in our Bylaws for a director nomination or other business as well as the information required by Rule 14a-19 under the Exchange Act if applicable. Director nominations must also include the related questionnaire and agreement specified in our Bylaws. If you would like to receive a printed copy of our Bylaws at no cost you may request these by contacting Ms. Joy Lambert Phillips, Corporate Secretary, Hancock Whitney Corporation, Hancock Whitney Plaza, 2510 14th Street, Suite 610, Gulfport, MS 39501 or at P.O. Box 4019, Gulfport, MS 39502.

Based on this year's annual meeting date, to be timely, the written notice must be delivered not earlier than December 25, 2024 (the 120th day prior to the first anniversary of this year's annual meeting) and not later than January 24, 2025 (the 90th day prior to the first anniversary of this year's annual meeting) to the Corporate Secretary at our principal executive offices by mail or overnight delivery service.

These advance notice procedures are separate from the procedures you must follow to submit a director nominee for consideration by the Corporate Governance Committee for recommendation to the Board for election as described under *Board of Directors and Corporate Governance — Board Committees — Corporate Governance and Nominating Committee – Identification of New Directors* and from the SEC's requirements that a shareholder must meet in order to have a shareholder proposal included in our proxy statement pursuant to SEC Rule 14a-8 referred to above.

The proxies we appoint for the 2024 annual meeting may exercise their discretionary authority to vote on any shareholder proposal timely received and presented at the meeting. Our proxy statement must advise shareholders of the proposal and how our proxies intend to vote. A shareholder may mail a separate proxy statement to our shareholders, and satisfy certain other requirements, to remove discretionary voting authority from our proxies.

At the annual meeting, the Chairperson or other officer presiding will determine whether any nomination or other business proposed to be brought before the annual meeting was made or proposed in accordance with our Bylaws and shall have the authority to declare that a defective proposal or nomination be disregarded.

Please direct any questions about the requirements or notices in this section by writing to Ms. Joy Lambert Phillips, Corporate Secretary, Hancock Whitney Corporation, Hancock Whitney Plaza, 2510 14th Street, Suite 610, Gulfport, MS 39501 or at P.O. Box 4019, Gulfport, MS 39502.

By Order of the Board of Directors.

Jerry L. Levens
Chairman of the Board

APPENDIX A: RECONCILIATION OF NON-GAAP FINANCIAL MEASURES

Adjusted Pre-Provision Net Revenue, Adjusted Earnings and Earnings per diluted share (Adjusted EPS), Adjusted Revenue, Adjusted Noninterest Expense, and Efficiency Ratio are non-GAAP financial measures that exclude certain income or expense items highlighted as supplemental disclosures. Supplemental disclosure items are certain significant items that are outside of our principal business and/or those that are not indicative of forward-looking trends. Adjusted Pre-Provision Net Revenue and Adjusted Revenue are also presented on a taxable equivalent (te) basis to adjust for the tax-favored status of net interest income from certain loans and investments using the statutory federal tax rate; a preferred industry method that enhances comparability of income arising from taxable and tax-free sources. Adjusted Pre-Provision Net Revenue is defined as net income, plus provision for credit loss, plus income tax expense, plus taxable equivalent adjustment, net of supplemental disclosure items, if applicable. Adjusted Earnings are defined as net income excluding impact of the supplemental disclosure items net of income tax using the statutory federal tax rate, if applicable. Adjusted Earnings per Share is defined as adjusted earnings expressed as an amount available to each common shareholder on a diluted basis. We define Adjusted Revenue as net interest income (te) and noninterest income less supplemental disclosure items. We define Adjusted Noninterest Expense as noninterest expense less supplemental disclosure items. We define our Efficiency Ratio as noninterest expense to total net interest income (te) and noninterest income, excluding amortization of purchased intangibles and supplemental disclosure items, if applicable. Management believes these are useful financial measures because they enable investors and others to gain a better understanding of the Company's performance period over period, as well as measure management's success in executing its strategic initiatives. Adjusted pre-provision net revenue is also a useful financial measure to assess the Company's ability to generate capital to cover credit losses through a credit cycle.

A reconciliation of these measures to GAAP measures is presented in the tables below:
