# ADTRAN Holdings, Inc. announces certain preliminary fourth quarter and full year 2025 results

2026-01-21

HUNTSVILLE, Ala.--(BUSINESS WIRE)-- ADTRAN Holdings, Inc. (NASDAQ: ADTN and FSE: QH9) ("ADTRAN Holdings" or the "Company") today announced preliminary unaudited revenue, as well as GAAP and non-GAAP operating margin, for the fiscal quarter and year ended December 31, 2025.

This press release announcement is being provided due to German ad hoc disclosure requirements following, among others, the Company's expected outperformance relative to its previously issued revenue guidance. All figures in this release are preliminary and subject to completion of the Company's quarter- and year-end financial close procedures.

For the fourth quarter of 2025, preliminary revenue is expected to be in the range of \$290.0 million to \$293.0 million, exceeding the Company's previously announced guidance range of \$275.0 million to \$285.0 million. Full year preliminary U.S. GAAP revenue is expected to be between \$1,082.2 million to \$1,085.2 million.

Preliminary GAAP operating margin for the fourth quarter is expected to be between 1.4% to 1.7%. Preliminary non-GAAP operating margin for the fourth quarter is expected to be between 6.0% to 6.9%, which is within our previously announced guidance range of 3.5% to 7.5%.

Full year preliminary GAAP operating margin is expected to be between (1.5)% to (1.4)%, while full year preliminary non-GAAP operating margin is expected to be between 4.6% to 4.9%.

The Company currently expects fourth quarter non-GAAP earnings per share to exceed current analyst consensus estimates, however, the Company is unable to confirm the amount of the variance at this time. The Company's non-GAAP earnings per share, will be provided when the Company reports its complete results.

ADTRAN Holdings' Chairman and Chief Executive Officer, Tom Stanton, stated, "Our preliminary fourth quarter results reflect higher demand and strong execution, outperforming our expectations amid typical year-end seasonality. We look forward to providing additional detail on our fourth quarter results when we report audited results in late February."

The information contained in this press release is preliminary. The Company will release its final financial results for the fourth quarter and full year 2025 after the market close on Wednesday, February 25, 2026, at

The information contained in this press release is solely based on preliminary unaudited results. Non-GAAP operating margin (which is calculated as non-GAAP operating income divided by revenue) is a non-GAAP financial measure. Reconciliations between GAAP operating loss and GAAP operating margin for the fourth quarter and full year 2025 and non-GAAP operating income and non-GAAP operating margin, respectively, are set forth in the table provided below.

Any variation between the Company’s actual financial results and the preliminary ranges set forth herein may be material.

### Explanation of Use of Non-GAAP Financial Measures

Set forth in the table below is a reconciliation of operating income (loss) and operating margin as reported

based on generally accepted accounting principles in the United States ("GAAP") to non-GAAP operating income and non-GAAP operating margin, respectively. Non-GAAP operating income excludes acquisition-related expenses, amortization and adjustments (consisting of intangible amortization of backlog, inventory fair value adjustments, developed technology, customer relationships, and trade names acquired in connection with business combinations), stock-based compensation expense, restructuring expenses, deferred compensation adjustments, and certain one-time professional fees and other expenses. These measures are used by management in our ongoing planning and annual budgeting processes. Additionally, we believe the presentation of these non-GAAP measures, when combined with the presentation of the most directly comparable GAAP financial measures, are beneficial to the overall understanding of ongoing operating performance of the Company.

These non-GAAP financial measures are not prepared in accordance with, or an alternative for, GAAP and therefore should not be considered in isolation or as a substitution for analysis of our results as reported under GAAP. Additionally, our calculation of these non-GAAP measures may not be comparable to similar measures calculated by other companies.

(1) Includes intangible amortization of backlog, inventory fair value adjustments, developed technology, customer relationships, and trade names acquired in connection with business combinations. We incur charges relating to the amortization of intangible assets and exclude these charges for purposes of calculating our non-GAAP measures. Such charges are significantly impacted by the timing and magnitude of our acquisitions. We exclude these charges for the purpose of calculating our non-GAAP measures, primarily because they are noncash expenses and our internal benchmarking analyses evidence that many industry participants and peers present non-GAAP financial measures excluding intangible asset amortization. Although this does not directly affect our cash position, the loss in value of intangible assets over time can have a material impact on the equivalent GAAP earnings measure.

(2) Includes non-cash change in fair value of equity investments held in the ADTRAN Holdings, Inc. Deferred Compensation Program for certain employees, all of which is included in selling, general and administrative expenses on the condensed consolidated statement of loss.

(3) Includes professional fees related to an internal investigation, a benefit plan adjustment, and fees relating to other one-time professional fees and business expenses.
